DETAILED INFORMATION

Complete the sketch on the back of this application. Use a separate sketch for each block within the limits of work. Permittee is responsible for completion of restoration by permit expiration date.

INDEMNIFICATION CLAUSE/ TERMS AND CONDITIONS

By signing this permit application, I/We agree to protect, defend, indemnity, and save harmless the Borough, its officers, or agents thereof from all, Claims, suits, actions, and proceedings of every nature and description whatsoever which may be brought against the Borough, its officers, or agents, thereof, for or on account of any damages to persons and/ or public or private property, due to any materials or applications used in the work, or by or on account of improper materials or workmanship, or for applicant or his agents, servants, or employees, and the Borough shall not be liable therefore. In the event that the Borough or any of its Authorities shall be required to apply to the Commonwealth of Pennsylvania, Department of Transportation, for a permit to authorize this work, contractor and property owner further agree that all requirements, rules and regulations imposed by the Commonwealth on this work shall be fully complied with contractor and property owner further agree to furnish and keep in force all required Insurance to complete said work, such insurance to be satisfactory to the Commonwealth of Pennsylvania and the Borough of Carlisle.

All work shall be done in accordance with Borough of Carlisle specifications and requirements including PA. Act 38

The financial security shall be required in an amount equal to 110% of the estimated cost to backfill and repave or otherwise restore the street as determined by the Borough.

Financial security shall be in the form of cash escrow deposit, irrevocable letter of credit backed by a federally chartered financial institution, or a bond issued by a corporate surety authorized by the Pennsylvania Insurance Commission. Financial security shall be released to the applicant after the permitted work has been inspected to the satisfaction of the Borough.

NOT TO SCALE

10. Proposed traffic control plans, per Penn-DOT Pub 203 (attached separate sheet if necessary). Sket # ____ of ____

Street Excavation & Occupancy Permit Fees (1/31/22)

Permit issuance fees and general permit inspection fees respecting streets are as follows (see Chapter 223, Streets and Sidewalks, § 223-22):

A. Permit issuance fees. Issuance fees are used to defray costs incurred by the Borough in reviewing and processing the application and plan(s), including the preliminary review of the site location identified in the application, and issuing and processing the permit.

(1) Application fee: \$50.

(2) Supplement fee (each six-month time extension), each submitted change: \$25.

(3) Emergency permit card, each card: \$500.

B. General permit inspection fees. General inspection fees are used to defray costs incurred by the Borough in spot inspection(s) of permitted work and/or subsequent inspection(s) after the permitted work has been completed, to ensure compliance with the permit and these regulations.

(1) Underground facilities (e.g., pipelines, buried cable with pedestals, conduit, manholes, headwall, inlet and grate). This fee is calculated on the total linear feet of the facility or facilities being permitted within the right-of-way.

(a) Underground facilities (first 50 feet or fraction thereof), each section: \$100.

(b) Additional underground facilities (each 100 feet or fraction thereof): \$25.

(2) Surface openings (e.g., service connections performed independently of underground facility installation, pipeline repairs), each opening: \$100.
