

BOROUGH OF CARLISLE, PENNSYLVANIA

Committed to Excellence in Community Service

Distinguished Budget Award

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the Borough of Carlisle, Pennsylvania, for its Annual Budget for the year beginning January 1, 2021. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Reader's Guide

This budget document is designed to help users gain a better understanding of the Borough of Carlisle's overall financial management programs and processes. In preparing the budget, staff is guided by the Government Finance Officers Association's criteria for its Distinguished Budget Presentation Award. Those criteria require a municipal budget to not only be a financial document, but also a policy and communications document that simply and adequately describes the depth and breadth of municipal operations.

PDF VERSION: Readers who are using the electronic copy of this document may navigate the document by clicking on the section name or page number in the table of contents. Readers may also navigate to the desired section through use of the PDF bookmarks within the document.

A description of each section of the budget document is included below:

INTRODUCTION

- The "Principal Officials" and "Organization Chart" sections present the organizational structure of the Borough including a listing of the elected Mayor and Council and the supporting administrative officials
- The "Community Profile" section offers details of the Borough of Carlisle including the mission, economy, and services offered
- The "Manager's Budget Message" section summarizes key issues in the budget and long-term strategies and goals to help the reader understand the issues facing the Borough in upcoming years
- The "Budget In Summary" section offers a summarized version of the budget giving the Reader a quick overview of what will be discussed in more detail throughout the remainder of the budget
- The "Multi-Year Projections" section offers a summary of the key issues that are being monitored and will impact the decision making for future year budgets

GOALS & POLICIES

- The "Community Goals" section details the goals of Borough Council as well as discusses the Borough's comprehensive plan and global climate crisis response
- The "Fiscal Policies" section details the Borough's adopted financial policies that guide the creation of the budget and the financial management decisions throughout the year

o The "Budget Process" and the "Budget Calendar" sections offer a look into the process followed to create the current budget and provides insight into the efforts that the budget managers take to ensure they are being responsible financial stewards

FINANCIAL SUMMARIES

- The "Fund Description & Structure" section offers the Reader insight into the overall financial structure of the Borough including descriptions of each major and non-major fund
- The remainder of the "Financial Summaries" section presents the highest level of the budget from a fund perspective reflecting each functions total budget by fund and includes both the current budget and historical revenue and expenditures

OPERATING BUDGETS

o The "Operating Budgets" section presents the budget by department including organization charts, graphical and chart analysis, the services performed by department and function, 2021 accomplishments, and 2022 goals for each of the Borough's seven departments and major functions

• CAPITAL EXPENDITURES & DEBT

- The "Capital Expenditures" section offers a summary of the Borough's capital improvement plan (CIP) including a summary of the Borough's 2022 capital projects budget along with the five-year 2022-2026 capital improvements program
- o The "Debt" section offers a summary of the Borough's debt obligations including debt service schedules by fund and year

APPENDICES

 The appendices include a detailed line-item presentation of comparative revenues and expenditures by fund and department, a summary of Borough employees by department, various demographics and statistics, proposed budget-related ordinances and resolutions, and a glossary of budget and financial terms

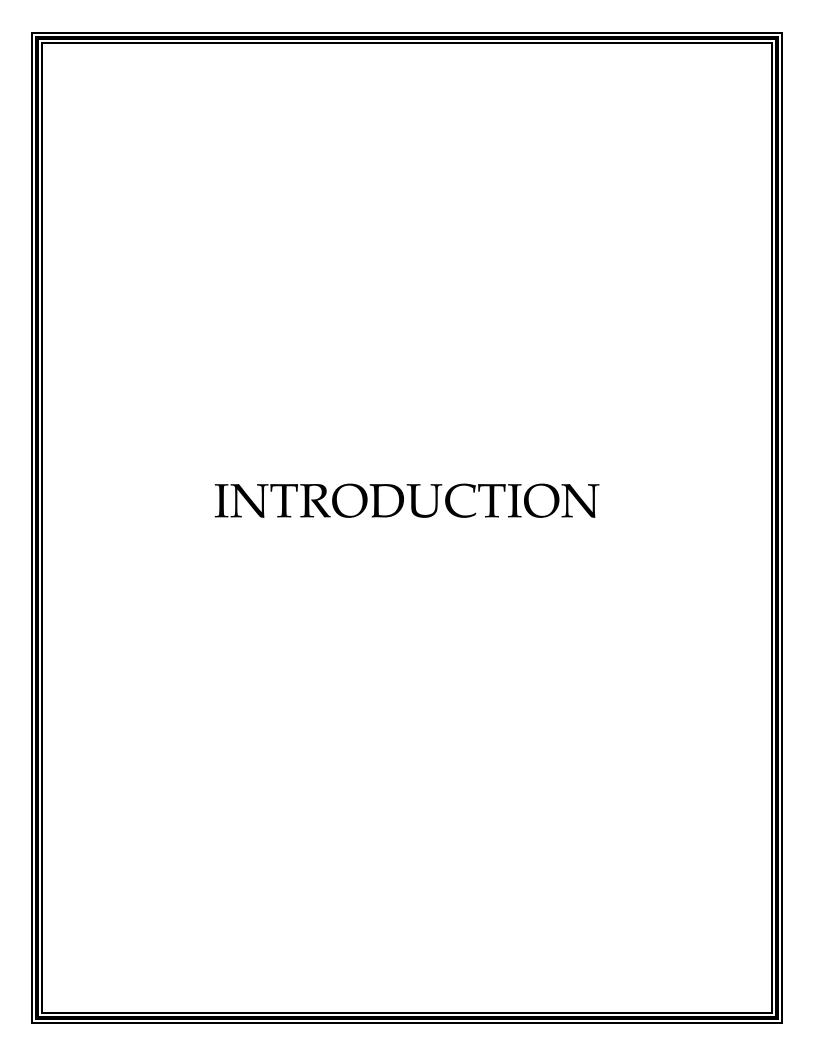

Old County Courthouse

This Cumberland County Courthouse, often called the "old courthouse" was built in 1846 right on the main square of the Borough of Carlisle and boasts a beautiful bell and clock tower.

The new courthouse opened its doors just across the street and was dedicated to the county in 1962.

Organization Chart

GENERAL INFORMATION

The Borough of Carlisle is located in picturesque south-central Pennsylvania approximately 18 miles southwest of Harrisburg, the state capital. It has an area of approximately 5.5 square miles

and a population of 20,118. Centrally located in Cumberland County, the Borough, established in 1751, also serves as the County seat. Carlisle Borough is one of Pennsylvania's most treasured historic communities. Carlisle's history is rich, ideals are plentiful, and diversity abundant.

Strolling through historic downtown, one is greeted by unique architecture, quaint shops,

and overall serenity. Carlisle's tree-lined streets invite residents and visitors alike to walk the same paths as those walked by the Commander of the Continental Army and President of the United States, George Washington; Declaration of Independence signer, James Wilson; Olympic medalist, Jim Thorpe; Battle of Monmouth heroine, Molly Pitcher; and the list goes on!

With a reputation as a growing and viable community, historic Carlisle continues to meet the ever-evolving economic needs of its residents. Success is evident on every street corner; from small businesses to large corporations, Carlisle is embracing the world of tomorrow. The community is currently undergoing two significant overlapping redevelopment projects, the Carlisle Urban Redevelopment Plan and the Tax Increment Financing Plan for Carlisle Auto Industries, Inc. Completion of these projects will help ensure the community's economic vibrancy in the coming years.

Civic pride appears throughout Carlisle's well-maintained community. Restored homes,

manicured lawns, and flower boxes reflect the pride of homeownership where people of all economic backgrounds have achieved the American Dream through affordable housing and high employment standards. Residents eagerly volunteer and support local programs involving the elderly, youth, and disenfranchised revealing the moral fiber of this great town.

Within easy walking distance of downtown Carlisle, a nurturing town/gown relationship has formed with Dickinson College, Penn State's Dickinson School of

Our decorated lampposts brighten the winter season.

Law, and the U.S. Army War College known throughout the United States and abroad for their respective curriculum.

Carlisle's cultural environment is a diverse mix typified by its award-winning restaurants, downtown theater, growing arts community, historic sites, and multi-cultural events. One does not need to venture outside the town's limits to dine on world-class cuisine, discover artisans, experience unending entertainment, or enjoy recreational activities.

Children and adults will find the Borough's 17 public parks provide a place to relax and unwind. With biking, hiking, tennis, basketball, and a local community center readily available recreation abounds!

The Cumberland Area Economic Development Corporation/Visitors Bureau provided many of the stunning pictures of Carlisle located throughout the budget.

The community enjoys the offerings of LeTort Park where our popular Fort LeTort, splash pad, and pickle ball courts offer hours of enjoyment. For those seeking a more relaxing visit the LeTort stream is teaming with life including the popular geese and duck population.

VISION STATEMENT

Carlisle: a premier town with a strong sense of community identity and an excellent quality of life, which makes it a superb place to live, learn, work, visit, shop, and play.

- A Balanced Community: A small town in spirit and a small city in amenities. The historic and quaint charm of the past centuries, evolving to meet the challenges and opportunities of the 21st century. Preserving our natural resources while promoting smart growth.
- Forward looking and responsible in community and economic development
- A caring and engaged community, with unity in diversity

MISSION STATEMENT

The residents of Carlisle will continually strive to make Carlisle an even greater place in which to live, work, learn and play. These efforts will emphasize an active downtown, strong neighborhoods, an attractive living environment, preservation of historic buildings, economic

growth, high-quality life-long education, a strong sense of community, citizen involvement, regional cooperation, abundant recreation, preserved natural areas, and the celebration of arts and culture.

FORM OF GOVERNMENT

The Borough of Carlisle, a home rule municipality, operates under the council/manager form of government. Borough Council, the policy-making body, is comprised of a mayor and six councilors elected at large for four-year overlapping terms. Primary duties of Borough Council include appointment of the Borough Manager (the chief administrative officer), adoption of the annual budget, the establishment of policies for the conduct of Borough affairs, enactment of ordinances and resolutions for the protection of the public's safety and welfare, and appointment of members of various municipal authorities, boards, and commissions.

ECONOMY

The economy of south-central Pennsylvania is well diversified. Located on the western edge of the Harrisburg-Carlisle Metropolitan Statistical Area (MSA), the local economy has provided a more stable economic environment compared to the national and statewide economies.

Although a few commercial and industrial facilities in Carlisle have either reduced their labor force or closed in recent years, the local economy has fared better than both state and national unemployment rates. The rationale for this economic stability lies, in part, with the type of employment available in and around the region since a significant number of local jobs are in the fields of service or government. Distribution services have been steadily increasing over the past few years. According to the U.S. Bureau of Labor Statistics the unemployment rate for Cumberland County in August 2021 was 5.2% compared to 6.4% for Pennsylvania, and 5.3% nationally which is elevated primarily due to the COVID-19 pandemic.

One reason Carlisle is a more stable economic environment is the number of educational institutions in and surrounding the Borough. A highlight of these institutions follows:

- Dickinson College, a four-year college, was chartered in 1783 and is one of the oldest private liberal arts colleges in the nation.
- Penn State's Dickinson School of Law, founded in 1834, is the oldest law school in Pennsylvania and the fifth oldest in the nation. In 2000, the law school became part of The Pennsylvania State University, one of the country's most prestigious research universities.

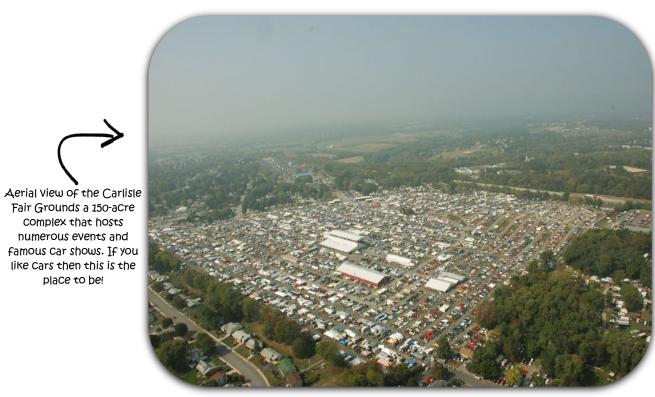

Old West building, Dickinson College

• The U.S. Army War College is also located in and adjacent to the Borough and is a premier advanced training facility for the U.S. Army. It contains some of the most sophisticated computer technology simulation equipment in the armed forces.

• Just outside the Borough limits, the U.S. Army Heritage and Education Center (USAHEC) is the United States Army's preeminent museum and research complex.

Carlisle's economy is well diversified. Principal industrial products manufactured or distributed in Carlisle include premium building products, steel castings, apparel, food products, and wooden windows and doors. Non-manufacturing sources of Carlisle's largest employers include higher education, local government, warehousing, transportation, and employment services. Other local employment opportunities include Commonwealth of Pennsylvania (Harrisburg), Naval Inventory Control Point NAVICP (Mechanicsburg), and a world-renowned collector car and truck special events venue.

CARLISLE URBAN REDEVELOPMENT PLAN

Changes in commercial and industrial facilities have provided the Borough with a rare opportunity for the community to transform and revitalize approximately 59 acres of land on three sites just outside the downtown. Reuse of these sites would include the creation of walkable, mixed-use in-fill residential, commercial, and possible light industrial redevelopment.

In 2013 the community led by the Borough, initiated an urban redevelopment plan (www.carlislepa.org/carlisle-plan/) to achieve a visionary future for three former industrial areas and surrounding neighborhoods. The planning effort included multi-day public visioning and public meetings to discuss items such as transportation, parks and recreation, stormwater, and economic development potential.

The Carlisle Urban Redevelopment Plan (CURP) focuses on policies and procedures for the Borough to follow in furtherance of the plan, economic development activities, and major capital projects.

The plan addresses what is likely the most significant change to the Borough's core development pattern and economy in the last 100 years. It is estimated to take between 10 and 20 years to fully implement (it should be noted that the COVID-19 pandemic has slowed progress when compared to initial estimates). Once completed,

the vision for the community will include an expanded, vibrant downtown with increased retail opportunity, increased green space, and housing for all income groups and ages. Because the new owners of the two largest sites have been a part of the process and have collaborated on the potential redevelopment uses for the sites, there is strong potential for implementation of the plan's recommendations.

Two specific projects are an immediate outgrowth of the CURP: Carlisle Town Homes (CTH) and the Tax Increment Financing Plan for the Carlisle Auto Industries, Inc. Project (TIF Plan).

CTH is a partnership between PIRHL, a nationally recognized full-service developer, general contractor, and owner of high-quality single family and multi-family housing and the Cumberland County Housing and Redevelopment Authorities. The project as constructed includes a 52-unit townhome, affordable residential development in the northern portion of the parcel and 3 veteran's housing garden apartment buildings containing 42 dwelling units on the southern portion of the 10-acre former Carlisle Tire and Wheel property. Still to be constructed is 10,000 square feet of commercial space in the southwest corner of the parcel.

The TIF Plan is a partnership between and among the Borough, Cumberland County, the Carlisle Area School District, the Cumberland County Industrial Development Authority and Carlisle Auto Industries, Inc. As currently planned, the redevelopment will include 11,200 square feet of retail space, a 92-unit hotel, 50 two-story townhouse ("auto condo") units, 48 two-story townhouse units, 242 stacked-flat apartment units, 90,000 square feet of office space, 19,880 square feet of restaurant space, and a 50 space parking lot. Necessary public improvements including transportation infrastructure, sewer and water infrastructure will be financed by a variety of state and federal grants and bond proceeds from the tax increment financing district.

These potential developments will provide significant improvements to Carlisle's quality of life, services provided to Borough residents, and will increase the overall tax base. These are extremely exciting opportunities for Carlisle.

TRANSPORTATION

US Route 11 crosses Carlisle in an east-west direction. State Routes 34, 74, 641 and 465 provide access to and from the Borough. An interchange of the Pennsylvania Turnpike (Interstate 76) which runs in an east-west direction is located two miles from the Borough. Interstate 81 runs

in a north-south direction and has four interchanges either within or in close proximity to the Borough. A very good network of highways, a large number of trucking firms, and a growing warehouse industry make Carlisle an important hub in the nation's transportation system. Other noteworthy transportation elements include:

- Norfolk Southern, which transports freight via rail service.
- Capital Area Transit Authority Company which operates local area bus service within the Borough, to other locations in Cumberland County, and to Harrisburg as well.
- RabbitTransit, a multi-county municipal transportation authority, currently oversees shared ride operations in neighboring counties.
- Numerous charter and tour bus companies such as Elite Coach, Executive Coach, and Wolf's Bus Lines service the greater Carlisle area.
- The Carlisle Airport, for public and private use, is located southeast of the Borough in South Middleton Township.
- Harrisburg International Airport, the nearest international airport, is approximately 25
 miles to the east and is serviced Air Canada, Allegiant, American, Delta, and United
 airlines.
- The Thurgood Marshall/BWI Airport is located 90 miles southeast of Carlisle.

PARKS & RECREATION

There are 163 acres of land on which various recreational facilities operated by Carlisle Borough. Recreational facilities include 17 parks, an outdoor swimming pool, an outdoor Amphitheater, a multi-purpose cabin, a multi-purpose Community Center, a private dog Park, and a 15-mile network of trails for walking, running, and biking.

Amenities within the park system include a lighted ball field, lighted tennis court/pickle ball courts, 5 outdoor basketball pads, 2 lighted basketball courts, 9 parks with playground equipment, 5 rentable pavilions, and 3 spray pools.

PUBLIC SAFETY

The police department includes 33 sworn officers. The fire department consists of two volunteer fire companies with 30 active volunteers and 7 paid drivers. Funds to support the individual companies come from a Borough appropriation and a variety of fund raising activities undertaken by the volunteers.

PARKING

Whether on High, Hanover, Pomfret or any other street in between, the public has a choice to park in one of the Borough-owned lots, in the Parking Garage, or along the street at a meter.

- Off-street Parking Lots 236 off-street parking spaces are located in six Borough-owned parking lots. These lots serve monthly lessees as well as the general public. Lease agreements allow individuals (resident or non-resident) to reserve a parking space for a monthly fee. Many lessees work in or around the downtown area. Although not lease designated, another lot available for the general public is a spacious metered lot conveniently situated near the middle of downtown. This lot offers short-term meters and they were specifically designed to allow frequent downtown visitors.
- <u>Pomfret Street Parking Garage</u> is a facility that opened in the fall of 1999 that features 224 spaces available for both general public and private leased use. Currently, the Borough offers 111 leases on a month-to-month renewal basis. The garage has five floors, with four under roof. An elevator makes the garage handicap accessible. The garage is open 24 hours a day, 7 days a week. The Borough has agreements with the Comfort Suites Hotel and Cumberland County which allow shoppers, hotel guests, people selected for jury duty, and other patrons to park in the garage at an hourly or daily rate.
- On-Street Metered Parking meter zones have been established in the downtown area based on business and residential locations. The Borough has 669 on-street metered parking. The meter zones are divided into short-term (30 minute increments), long-term

Insider Tip!

Making a quick stop?

Turn the parking meter handle first (or press the green "OK" button) and get free parking for your first 15 minutes!

(1-hour increments) and limited-term (30 minutes maximum). Residents living on a street with parking meters have the option to purchase a six-month parking lease. In 2014, the Borough introduced a pay-by-phone service for patrons to pay for metered parking. In 2020, the Borough began its first phase of installing smart meters downtown introducing the payment of in person credit card payments.

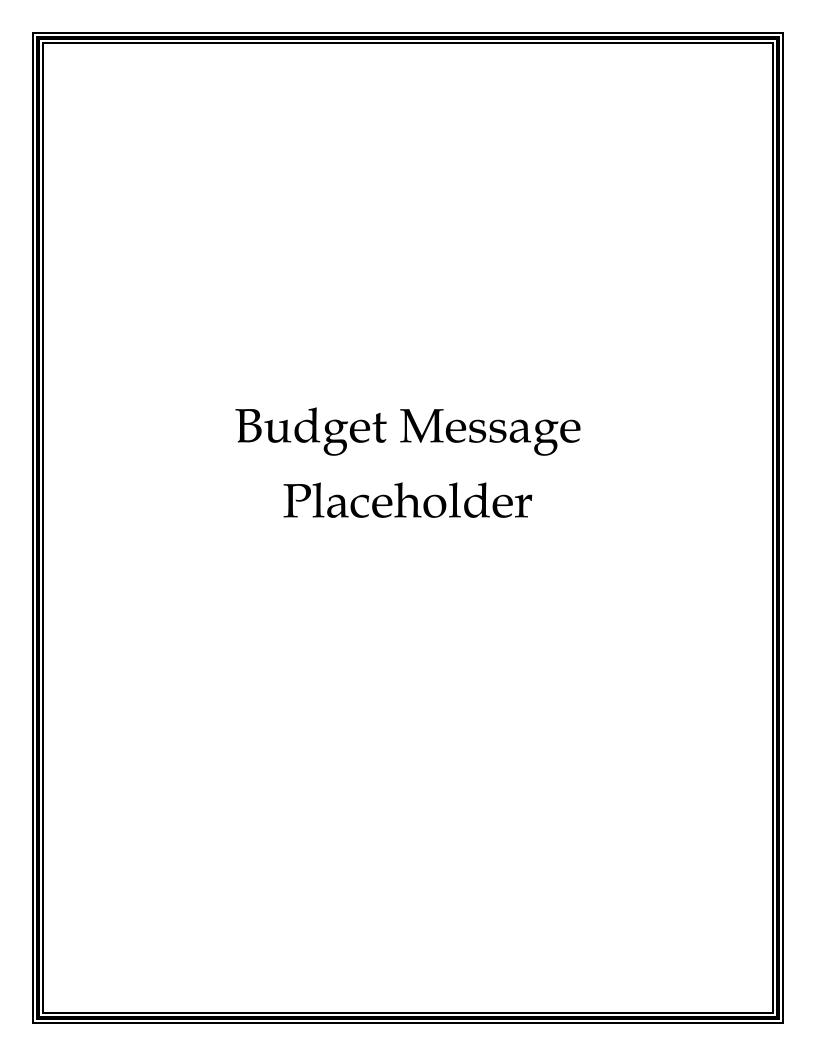

FACILITIES

Borough facilities and locations include Borough Hall (53 W. South St.), Police Department (240 Lincoln St.), Community Center (415 Franklin St.), and Community Pool (1236 Franklin St.), Public Works Garage (7 E. Garland Dr.), Parks Maintenance Garage (228 N. West St.), Water Plant (165 Longs Gap Rd.), and Wastewater Treatment Plant (54 N. Middlesex Rd.).

PUBLIC WORKS INFRASTRUCTURE

The Borough maintains 56.7 miles of streets, 18 miles of avenues, 564 fire hydrants, 42 traffic signals, 317 street lights, 990 storm water inlets, 1,314 water valves, 7,057 water meters, 77.2 miles of water mains, 4 water tanks, 28.5 miles of storm sewers, 69.5 miles of sanitary sewers, and 5 pumping stations.

Budget In Summary

SUMMARY OVERVIEW

The Borough budget is a robust document that serves to provide as much information as the Reader may find beneficial, getting progressively more detailed as the Reader moves throughout the budget. In an effort to give the Reader an overall understanding of the budget and highlight key points, the budget is provided in the condensed format below.

This section of the budget starts with a snapshot of current year revenue sources as compared to the previous year. This snapshot also identifies any major changes to rates that may have an impact on 2022 budget revenue. Following the revenue summary is a snapshot of current year expenditure uses as compared to the previous year. Finally, the Budget In Summary is broken out by each fund and highlights fund specific information.

Summary Sources

The following information provides a highlight of 2022 revenues sources as compared to 2021 budget revenue sources in addition to any planned rate changes.

| | | | Budget | Sui | nmary Source | s | | |
|------|-----------------------|----|------------|-----|--------------|----|-------------|----------------------|
| | 2022 2021 | | | | | | | 2022 |
| Fund | Name | | Sources | | Sources | Ι | Differences | Rate Information |
| 01 | General Fund | \$ | 13,937,977 | \$ | 13,345,493 | \$ | 592,484 | No Tax Rate Increase |
| 06 | Water Fund | | 9,208,074 | | 9,702,241 | | (494,167) | 3.48% Rate Increase |
| 07 | Stormwater Fund | | 2,825,876 | | 2,552,560 | | 273,316 | No Rate Change |
| 08 | Sewer Fund | | 9,533,444 | | 9,016,115 | | 517,329 | 3.37% Rate Increase |
| 09 | Solid Waste Fund | | 1,437,175 | | 1,380,371 | | 56,804 | No Rate Change |
| 18 | Capital Projects Fund | | 7,462,829 | | 12,948,097 | | (5,485,268) | N/A |
| 32 | Parking Fund | | 888,432 | | 947,778 | | (59,346) | No Rate Change |
| 35 | Highway Aid Fund | | 680,000 | | 660,000 | | 20,000 | N/A |
| | | \$ | 45,973,807 | \$ | 50,552,655 | \$ | (4,578,848) | |

Summary Uses Borough Wide

The following information provides a highlight of 2022 uses / expenditures as compared to 2021 budget uses.

| | Budget Summary Uses | | | | | | | | |
|------|-----------------------|----|------------|----|------------|----|-------------|--|--|
| | | | | | | | | | |
| Fund | Name | | Uses | | Uses | I | Differences | | |
| 01 | General Fund | \$ | 13,937,977 | \$ | 13,345,493 | \$ | 592,484 | | |
| 06 | Water Fund | | 9,153,471 | | 9,702,241 | | (548,770) | | |
| 07 | Stormwater Fund | | 2,478,991 | | 2,403,449 | | 75,542 | | |
| 08 | Sewer Fund | | 9,171,630 | | 8,427,453 | | 744,177 | | |
| 09 | Solid Waste Fund | | 1,437,175 | | 1,380,371 | | 56,804 | | |

| | | \$ | 45,210,505 | \$ | 49,814,882 | \$ | (4,604,377) | | |

GENERAL FUND

| Fund Budget Summary | | | | | | | |
|---------------------|--------------|--------------|--------------|------------|--|--|--|
| Fund | Name | Sources | Uses | Difference | | | |
| 01 | General Fund | \$13,937,977 | \$13,937,977 | \$ - | | | |

Revenues & Rates

- **No 2022 Tax Increase.** A tax rate increase is not proposed in the 2022 Budget. The last time a tax rate increase occurred was in 2017 and related specifically to an adjustment of the fire tax rate. The total real property tax rate is currently 3.495 mills (\$3.495/\$1,000 of assessed value).
- No Planned Debt Issuance. The Borough no longer issues capital debt in the general fund as all general capital related financings are reflected in the Capital Projects Fund. As noted in the Capital Projects Fund section below, no new financings are proposed in that fund either. The General Fund is responsible for transferring sufficient funds to pay for debt service in the Capital Projects Fund. The current combined outstanding principal in both the General Fund and the Capital Projects Fund is \$9,885,972.
- Budget Deficit. The Borough anticipates using available fund balance reserves as a
 revenue source to close the gap in the 2022 budget. Use of fund balance reserves in the
 2022 budget will still allow the budget to end the year with reserves beyond Borough
 Councils established goals (discussed in the fund balance section below).
- **Notable Revenue Trends.** Revenue growth is limited given the large reliance on tax revenues, which do not change significantly unless an adjustment to the tax rate occurs. The Borough saw declines in 2020 due to COVID-19 for its service related revenues including recreation programming, community pool revenues, and building permit related revenues. We are seeing a return to regular service related revenue levels as of September 2021 and have budgeted 2022 with the expectation that another economic

downturn will not occur. The 2022 budget and budgets going forward will continue to reflect that revenues will remain neutral. The Borough has available reserves to cover any shortfalls in revenue in any given budget year but the Borough continues to regularly evaluate whether a tax rate increase is warranted considering the economic climate, available fund balance reserves, and overall performance of the fund in the previous year.

Expenses

- **Budget Expenses Increase.** The 2022 budget expenses show an increase of approximately \$592,484. This is attributable to transfers to the Capital Projects Fund, rising costs of health care (a 6.6% premium increase in 2022), and the costs associated with implementing new governmental services and council programs.
- Service Level Changes. The 2022 budget includes funding in the Department of Administration Council Budget to implement new programs and services that will be identified during the 2022 council goal planning sessions. The Borough continues to work diligently to maintain the current level of service it provides while finding means to cut costs through responsible budget management.
- Notable Expense Trends. The primary expenses of the Borough relate to Salaries, Wages, & Benefits, which have seen major increases in recent years due to rising health care costs. In the last several years, health care has fluctuated with increases between 6-15%. Budget managers have been able to combat these increases by tightening their budgets related to other operating expenses in addition to temporary hiring freezes. In 2021, a committee was developed to evaluate and determine a course of action to review the medical insurance plan. The committee submitted a recommendation that would provide an additional total savings to the General Fund of approximately \$22,000 and borough-wide savings of \$56,000. The Borough is also establishing a High Deductible Health Plan option that incorporates a Health Savings Account. This additional plan option should encourage a more conscientious use of medical services by employees and over time reduce the health costs to the Borough.

Fund Balance

- **Fund Balance Goal Met**. Anticipated ending fund balance reserves are 54.23% or \$6,352,504. Council's goal is 25%.
- **Budget Deficit**. As noted in the revenue section above there is a budgeted deficit in the general fund for 2022. Anticipated operating deficit of \$523,917 (as compared to 2021 operating deficit of \$630,113). The use of fund balance at this time is made possible due to available fund balance reserves in excess of Council's goal.

A breakout of fund balance use follows:

| Fund Balance Use E | reak | cout | |
|-----------------------------------------|------|--------------|-----------|
| | | | |
| General Fund: | | 2022 | 2021 |
| Fund Balance Use | \$ | 914,308 \$ | 630,113 |
| Allocation: | | | |
| One-Time Funding - Capital Projects | \$ | (340,391) \$ | - |
| One-Time Funding - Carlisle Seal Change | | (50,000) | - |
| Operation Funding - Debt Service | | (523,917) | (630,113) |

- **2020 Deficit and COVID-19 Management**. The 2020 Budget was developed with an anticipated \$581,020 deficit, which did not occur. During 2020, the Borough reacted to the outbreak of the COVID-19 pandemic focusing on reducing costs and eliminating certain services in alignment with CDC Guidance and the Pennsylvania Governor's orders. Instead of a \$581,020 deficit, the Borough was able to achieve a General Fund surplus of \$499,545, as shown in the most recent audited financials.
- Notable Fund Balance Trends. The 2022 budget anticipates that operating revenues will be surpassed by operating expenses. The primary methods for correcting this would be increases in Revenue Sources (primarily tax increases) or decreases to ongoing operating expenses. Each budget year the Borough evaluates where costs can be reduced, and whether or not a reduction in services is warranted, a tax increase is appropriate, or whether to rely on available fund balance reserves.

In the short-term, the Borough has sufficient fund balance reserves to both meet the ongoing needs of the General Fund while also remaining above the determined fund balance goals of council. In the long-term, a regular use of fund balance reserves to meet operating needs would end with a depleted reserve balance. Should no changes be made it can be expected that the General Fund will deplete its fund balance reserves by 2026 taking into account nearly \$2.7 Million in projected capital needs.

The current real estate tax rate of 3.495 mills (\$3.495/\$1,000 of assessed property value) would need to be adjusted to 4.105 (\$4.105/\$1,000 of assessed property value) in the 2022 budget in order to maintain councils fund balance goals through 2026. For a property valued at \$150,000 this would translate to a \$91.50 increase year over year (2022: \$615.75, 2021: \$524.25).

Changes to Adopted Budget

 Adopted Budget Changes: No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the General Fund, please see the "General Fund Summary" in the "Financial Summaries" section of this budget.

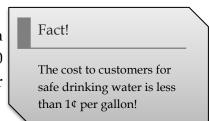

WATER FUND

| Fund Budget Summary | | | | | | | | |
|---------------------|------------|-------------|----------------|----|----------|--|--|--|
| Fund | Name | Sources | Uses | Di | fference | | | |
| 06 | Water Fund | \$ 9,208,07 | 4 \$ 9,153,471 | \$ | 54,603 | | | |

Revenues & Rates

• **2022 Rate Increase Planned.** The 2022 Budget proposes a rate increase of 3.48% translating to a rate of \$5.95 per 100 cubic feet (approximately 748 gallons) of water consumption.

According to the EPA, a typical person uses approximately 7,920 gallons per quarter (1100 cubic feet). Using this information a single user in 2021 would see a typical bill of \$63 and a family of four would see a bill of \$253. In 2022, the single user could expect to see a \$65 quarterly bill (\$2 increase) and the family of four could expect a quarterly bill of \$262 (\$9 increase).

- **No Planned Debt Issuance.** The 2022 Budget does not propose a debt issuance but rather uses existing and available bonds totaling \$4,614,250. The current outstanding principal in the water fund is \$11,453,690.
- **Budget Surplus.** The Borough anticipates a budget surplus of \$54,603 in the water fund.
- Notable Revenue Trends. The primary revenue source in the Water Fund is Charges for Services, which has seen consistent increases due to the recommended rate adjustments garnered from a 2018 Water Rate study performed by Gannet Fleming. However, overall revenue has seen consistent declines in Other Revenue, which is attributable to limited construction activity and the decrease in Water Capacity Tapping Fees over the years. The Borough is built out and the expectation is that Water Capacity Tapping Fees will continue decreasing over time.

Expenses

• **Budget Operating Expenses Increased.** The 2022 budget operating expenses show an anticipated increase of \$49,241. This is primarily attributable to rising costs of health care (anticipating a 6.6% premium increase in 2022).

- **Planned Capital of \$4,936,750 (5 year: \$14,852,250).** Largest of which includes the Water System Rehabilitation (\$3,000,000) and Transmission Line Replacement (\$875,500).
- Service Level Changing.
 - o **Smart Water Meter Implementation.** The Borough began installing the next phase of its water meter program in 2021, which will result in water meters having the ability to be read remotely from a tower. This will allow for almost instantaneous readings available to customers as well as aid in leak detection. Currently, if customers are not vigilant they may not learn of a leak until the quarter has ended and the customer is billed. This will enable the Borough to assist and notify customers when suspected leaks exist. The Borough anticipates that this improvement to services will be fully implemented in 2022.
 - Preventative Maintenance. The 2022 budget incorporates costs associated with preventative maintenance on the infrastructure of the water line and systems. This includes a focus on preventing water leaks and limiting the effects of water line main breaks by instituting a regular valve replacement and exercising program to ensure that water shutoff is achievable.
 - Overall. Overall, the Borough is working to maintain the current levels of service while finding areas that costs can be reduced without affecting service levels. The Borough continues to be proactive in its water line rehabilitation program, which is planned to see between 1-mile and 2-miles of water line rehabilitation each year for the foreseeable future.
- Notable Expense Trends. Primary expenses relate to Salaries, Wages, & Benefits, which have seen major increases in recent years due to rising health care costs. In the last several years, health care has fluctuated with increases between 6-15%. As discussed above in the General Fund, a committee was developed to evaluate and determine a course of action to review the medical insurance plan. The committee submitted a recommendation that would provide an additional savings to the water fund of approximately \$11,002. The Borough is also establishing a High Deductible Health Plan option that incorporates a Health Savings Account. This addition should encourage a more conscientious use of medical services by employees and over time reduce the health costs to the Borough.

Fund Balance

- **Fund Balance Goal Met.** Anticipated ending fund balance reserves are 131.57%. Council's goal is 25%.
- **Budget Surplus.** As noted in the revenue section above there is a budget surplus incorporated in the 2022 budget of \$54,603. It is also worth noting that Operating Revenues exceed Operating Expenses by approximately \$377,103 and that \$322,500 in current operating revenues are paying for current year capital needs.

Notable Fund Balance Trends. As indicated above, the Borough has a large reserve
balance in the water fund. This reserve balance is by design and will be used in the
coming years to pay for the rehabilitation of the aging water system. The 2022 budget
reflects an intentional preventative maintenance of the Borough's infrastructure to ensure
that we remain responsible and consistent in the services we provide to water consumers.

Changes to Adopted Budget

• **Adopted Budget Changes:** No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Water Fund, please see the "Water Fund Summary" in the "Financial Summaries" section of this budget.

STORMWATER FUND

| Fund Budget Summary | | | | | | | | |
|---------------------|-------------------------------|--------------|--------------|------------|--|--|--|--|
| Fund | nd Name Sources Uses Differen | | | | | | | |
| 07 | Stormwater Fund | \$ 2,825,876 | \$ 2,478,991 | \$ 346,885 | | | | |

Revenues & Rates

- **No 2022 Stormwater Fee Increase.** A stormwater fee increase is not proposed in the 2022 budget. Rates were initially established projecting out 5 years with a start date of 2019.
- **No Planned Debt Issuance.** The 2022 Budget does not propose a debt issuance but rather uses existing and available bonds totaling \$553,750. The current outstanding principal in the stormwater fund is \$1,304,259.
- **Budget Surplus.** The Borough anticipates a budget surplus of \$346,885 in the stormwater fund.
- Notable Revenue Trends. The Stormwater fund was established in 2019 and has not fully
 implemented its rehabilitation program. As a result, revenues collected are sufficient to
 cover existing capital and operating needs but the overall trend is neutral with exception
 to new revenue sources specific to capital.

Expenses

- **Budget Operating Expenses Decrease.** Operating expenditures are anticipated to decrease in 2022 by approximately 8.66% or \$134,421. This is primarily attributable to better than anticipated debt service rates achieved in the 2021 debt issuance.
- **Planned Capital of \$1,061,250 (5 year: \$3,195,807).** Largest of which includes the Bedford and E Street Transportation Improvements (\$500,000).

- Service Level Changing.
 - 2022 Use of Leaf Vacuum Truck. The Borough anticipates that it will receive grant funds by the end of 2021 to be used towards the purchase of a Leaf Vacuum Truck. Depending on the global market and the ability to receive the truck timely, it may be used in 2022 to provide a new service to customers in the form of leaf pick-up. If such a purchase is made customers will be able to rake their leaves to the curb for pickup by the truck. Currently, customers need to bag their leaves for collection. This will reduce the financial and physical burden on our customers caused by the purchasing and filling of required bagging materials.
 - Overall. The Stormwater Fund was established in 2019, as such customers can continue to expect increases in the level of service offered as the Borough addresses rehabilitation projects identified through a Stormwater Evaluation Study.
- Notable Expense Trends. The Stormwater fund was established in 2019 and has not fully
 implemented its rehabilitation program. As a result, expenditures are trending relatively
 neutral until we are able to implement the rehabilitation plan and ongoing preventative
 maintenance for the aging stormwater infrastructure.

Fund Balance

- Fund Balance Goal Met. Anticipated ending fund balance reserves are 121.34%. Council's goal is 25%.
- **Budget Surplus.** As noted in the revenue section above there is a budget surplus incorporated in the 2022 budget of \$346,885. It is also worth noting that Operating Revenues exceed Operating Expenses by approximately \$854,385 and that \$507,500 in current operating revenues are paying for current year capital needs.
- Notable Fund Balance Trends. The Stormwater Fund was established in 2019 and has
 not fully implemented the planned rehabilitation program for the aging stormwater
 infrastructure. As a result, we are seeing a growth in fund balance reserves that will be
 used towards the capital needs of future years.

Changes to Adopted Budget

 Adopted Budget Changes: No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Stormwater Fund, please see the "Stormwater Fund Summary" in the "Financial Summaries" section of this budget.

| Fund Budget Summary | | | | | | | | | |
|---------------------|------------|------|-----------|----|-----------|----|----------|--|--|
| Fund | Name | S | ources | | Uses | Di | fference | | |
| 08 | Sewer Fund | \$ 9 | 9,533,444 | \$ | 9,171,630 | \$ | 361,814 | | |

Revenues & Rates

• 2022 Rate Increase Planned. The 2022 Budget proposes a rate increase of 3.37% translating to a rate of \$7.66 per 100 cubic feet (approximately 748 gallons) of water consumption.

According to the EPA a typical person uses approximately 7,920 gallons per quarter (1100 cubic feet). Using this information a single user in 2021 would see a typical bill of \$82 and a family of four would see a bill of \$326. In 2022, the single user could expect to see an \$84 quarterly bill (\$2 increase) and the family of four could expect a quarterly bill of \$337 (\$11 increase).

- **No Planned Debt Issuance.** The 2022 Budget does not propose a debt issuance but rather uses existing and available bonds totaling \$2,580,376. The current outstanding principal in the sewer fund is \$18,067,579.
- **Budget Surplus.** The Borough anticipates a budget surplus of \$361,814 in the sewer fund.
- Notable Revenue Trends. The primary revenue source in the sewer fund is Charges for Services, which has seen consistent increases due to the recommended rate adjustments garnered from a 2018 Water Rate study performed by Gannet Fleming. However, the Borough has seen consistent decreases in Other Revenue due to limited construction activity and the decrease in Sewer Tapping Fees over the years. The Borough is built out and the expectation is that Sewer Tapping Fees will continue decreasing over time.

Expenses

- Budget Operating Expenses Decrease. The 2022 sewer fund operating budget anticipates
 that expenditures will decrease by approximately 1.94% (net of capital expenditures).
 This can primarily be attributed to savings achieved during the 2021 debt issuance that
 reduced overall debt service requirements.
- **Planned Capital of \$3,564,750 (5 year: \$27,842,450).** Largest of which includes the Sewer System Rehabilitation (\$2,532,000).
 - o **ATAD Project Study.** The budget is also proposed to include a study related to the Borough's Bio-solids Program. Depending on the results of the study, future

capital costs may include \$9.3 million for the implementation of an Auto-thermal Thermophilic Aerobic Digestion (ATAD) Project.

• Service Level Changing.

- Preventative Maintenance. The 2022 budget incorporates costs associated with preventative maintenance on the infrastructure of the sewer line and systems. This includes a focus on preventing infiltration of ground water into the system.
- Overall. Overall, the Borough is working to maintain the current levels of service while finding areas that costs can be reduced without impacting service levels. The Borough continues to be proactive in its sewer line rehabilitation program, which is planned to see between 1-mile and 2-miles of sewer line rehabilitation each year for the foreseeable future.
- Notable Expense Trends. The primary expenses relate to Salaries, Wages, & Benefits, which have seen major increases in recent years due to rising health care costs. In the last several years, health care has fluctuated with increases between 6-15%. As discussed above in the General Fund, a committee was developed to evaluate and determine a course of action to review the medical insurance plan. The committee submitted a recommendation that would provide an additional savings to the sewer fund of approximately \$17,190 in employee contributions. The Borough is also establishing a High Deductible Health Plan option that incorporates a Health Savings Account. This addition should encourage a more conscientious use of medical services by employees and over time reduce the health costs to the Borough.

Fund Balance

- **Fund Balance Goal Met.** Anticipated ending fund balance reserves are 209.96%. Council's goal is 50%.
- **Budget Surplus.** As noted in the revenue section above there is a budget surplus incorporated in the 2022 budget of \$361,814. It is also worth noting that Operating Revenues exceed Operating Expenses by approximately \$1,346,188 and that \$984,374 in current operating revenues are paying for current year capital needs.
- Notable Fund Balance Trends. As indicated above, the Borough has a large reserve balance in the sewer fund. This reserve balance is by design and will be used in the coming years to pay for the rehabilitation of the aging sewer system. The 2022 budget reflects an intentional preventative maintenance of the Borough's infrastructure to ensure that we remain responsible and consistent in the services we provide to sewer customers.

Changes to Adopted Budget

 Adopted Budget Changes: No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Sewer Fund, please see the "Sewer Fund Summary" in the "Financial Summaries" section of this budget.

SOLID WASTE FUND

| Fund Budget Summary | | | | |
|---------------------|------------------|--------------|--------------|------------|
| Fund | Name | Sources | Uses | Difference |
| 09 | Solid Waste Fund | \$ 1,437,175 | \$ 1,437,175 | \$ - |

Revenues & Rates

- No 2022 Trash Bag Rate Increase. Customers and residents are charged on a per bag basis for solid waste collection and recycling. In 2022, there will be no changes to the existing rate of \$5.85 per bag due to the economic challenges faced by customers responding to COVID-19 and efforts on the part of the Borough to offer financial relief to customers where able. Should an emergency arise and funding is needed, a loan from the general fund would be necessary or alternative grant funding used.
- **Budget Deficit.** The Borough anticipates using available fund balance reserves as a revenue source totaling \$147,424 to close the gap in the 2022 budget.
- **No Planned Debt Issuance.** The 2022 budget does not propose a debt issuance. The current outstanding principal in the solid waste fund is \$69,204.
- Notable Revenue Trends. Revenues will remain relatively unchanged and will continue
 to remain unchanged unless a price increase is made to the Borough Trash Bags. This
 service alone makes up approximately 85% of the funds revenues.

Expense

- **Budget Operating Expenses Increase.** The 2022 budget operating expenses show an anticipated increase of \$56,804. This is primarily attributable to rising costs of contracted solid waste and recycling collection services.
- **No Planned Capital Expenses.** No funding is allocated to be spent on capital needs in 2022.

- Service Level Changes:
 - Trash Bag Delivery. Due to the COVID-19 pandemic, the Borough implemented a trash bag delivery service for customers. Customers who are unable or unwilling to go into stores to purchase trash bags may call and order trash bags from the Borough and the Borough will deliver these trash bags to the customers door at no additional charge to the customer.
 - Overall. Overall, the Borough is working to maintain the current levels of service while finding areas that costs can be reduced without affecting service levels.
- **Notable Expense Trends.** Primary expenses relate to Solid Waste Collection, Disposal, and Recycling. In 2020, the Borough entered a new contract which saw an 80% increase over previous contracts. In 2021 and 2022, the costs continue to rise 3% each year. A new contract is anticipated in 2023 and the Borough will be working diligently through 2022 to determine ways to reduce costs associated with this fund.

Fund Balance

- **Fund Balance Goal Met.** Anticipated ending fund balance reserves are 4.94%. Council's goal is 25%. To maintain a \$100,000 reserve balance the reserves would need to be at 6.96% or a revenue increase/expense decrease of \$29,054.
- **Budget Deficit.** The 2022 budget anticipates that operating revenues will be surpassed by operating expenses. The primary reason for this change in 2022 is the continued increases in Solid Waste Collection fees not matched by increases in trash bag rates. The anticipated budget deficit is \$147,424 in 2022.

Notable Fund Balance Trends. The last several years have been marked with a decrease in fund balance reserves to assist in meeting cost demands of the current solid waste and recycling market. At the current rate, the fund balance in this fund will be depleted within a year or two should no changes be made to trash bag price. A rate of \$6.00 per bag would be needed to maintain a reserve balance of \$100,000 in 2022 and a rate of \$7.30 would be needed to achieve councils 25% fund balance reserve goal.

Changes to Adopted Budget

 Adopted Budget Changes: No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Solid Waste Fund, please see the "Solid Waste Fund Summary" in the "Financial Summaries" section of this budget.

CAPITAL PROJECTS FUND

Note: The Capital Projects Fund is a non-operating fund and as such does not generate revenues (with exception to a small amount of interest) and expenditures are capital in nature with exception to Debt Service. Additionally, any fund balance available is restricted for capital projects.

| Fund Budget Summary | | | | |
|---------------------|-----------------------|--------------|--------------|------------|
| Fund | Name | Sources | Uses | Difference |
| 18 | Capital Projects Fund | \$ 7,462,829 | \$ 7,462,829 | \$ - |

Revenues

• **No Planned Debt Issuance.** The 2022 Budget does not propose a debt issuance but rather uses existing and available bonds totaling \$1,146,428. The current outstanding principal in the capital projects fund is \$7,313,986.

Expense

- **Debt Service Decrease.** The 2022 budget reflects a significant decrease in debt service due to a refinancing that occurred in 2021.
- Planned Capital of \$7,007,426 (5 year: \$15,983,108). Largest of which includes the Urban Redevelopment Plan (TIF) TIGER (\$3,119,000) and the Urban Redevelopment Plan (TIF) Project 1 (\$2,184,000).

Changes to Adopted Budget

 Adopted Budget Changes: No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Capital Projects Fund, please see the "Capital Projects Fund Summary" in the "Financial Summaries" section of this budget.

PARKING FUND

| Fund Budget Summary | | | | | | |
|---------------------|--------------|----|---------|----|---------|------------|
| Fund | Name | S | ources | | Uses | Difference |
| 32 | Parking Fund | \$ | 888,432 | \$ | 888,432 | \$ - |

Revenues & Rates

No Parking Rate Increases. A parking rate increase is not proposed in the 2022 Budget.
The most recent increase included a rate increase for smart meters; however, we have not
yet been able to determine the overall impact the new rates will have on parking. This is

due to an implementation of a moratorium on parking tickets and fees in recent years due to COVID-19.

- **No Planned Debt Issuance.** The 2022 Budget does not propose a debt issuance but rather uses existing and available bonds totaling \$100,000. The current outstanding principal in the parking fund is \$524,296.
- Notable Revenue Trends. Revenues will remain relatively unchanged and will continue to remain unchanged unless a price increase is made to the parking rates. The Borough will be evaluating parking rates in the coming year to determine if a rate increase is appropriate. The primary obstacle on determining this for the budget is due to the impact of COVID-19 and the inability to determine what, if any, impact the 2020 smart meter parking rate increase has on the overall revenue trends. This is not determinable at this time given COVID-19 and a reduction in revenues due to a moratorium being placed on parking tickets and requirements for paying meters.

Expense

- **Budget Operating Expenses Increase.** The 2022 budget operating expenses show an increase of approximately \$55,217 or 8.75%. The primary costs attributable to this increase include the addition of a newly created position that will be partially funded out of parking.
- **Planned Capital of \$202,100 (5 year: \$787,625).** Largest of which includes improvements to the parking garage (\$125,000).
- Service Level Changes:
 - To Go Curbside Parking. In response to COVID-19, the Borough instituted a program that allowed downtown businesses to occupy one metered space designating it as a pickup space for curbside service at no cost.
 - Overall. Overall, the Borough is working to maintain the current levels of service while finding areas that costs can be reduced without affecting service levels.
- **Notable Expense Trends.** Typically, expenditures are relatively consistent year over year. However, in 2022 the fund is seeing an increase in costs due to the allocation of a new positions salary and benefits being partially funded by the parking fund as well as to the implementation of new services including downtown snow removal.

Fund Balance

• Fund Balance Goal Met. Anticipated ending fund balance reserves are 129.57%. Council's goal is 50%.

- **Budget Deficit.** It is also anticipated that the Borough will utilize additional reserves to help fund capital projects 2022 totaling \$90,143 in fund balance reserves.
- Notable Fund Balance Trends. The Borough has a large reserve balance in the parking fund. This reserve balance is by design and will be used in the coming years to pay for the rehabilitation of the parking garage. The 2022 budget reflects an intentional preventative maintenance of the Boroughs parking garage to ensure that we remain responsible and consistent in the services we provide to parking consumers.

Changes to Adopted Budget

• **Adopted Budget Changes:** No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Parking Fund, please see the "Parking Fund Summary" in the "Financial Summaries" section of this budget.

HIGHWAY AID FUND

Note: The Highway Aid Fund is a non-operating fund and as such does not generate revenues (with exception to a small amount of interest) and expenditures are capital in nature. Additionally, any fund balance available is restricted for eligible Highway Aid projects.

| Fund Budget Summary | | | | | | | |
|---------------------|------------------|----|---------|----|---------|--------|------|
| Fund | Name | S | ources | | Uses | Differ | ence |
| 35 | Highway Aid Fund | \$ | 680,000 | \$ | 680,000 | \$ | - |

Revenues

• **Liquid Fuels Grant.** The 2022 budget reflects an anticipated Liquid Fuels allocation of \$504,286, a slight decrease from the \$511,987 received in 2021.

Expense

• **Planned Capital of \$680,000 (5 year: \$3,646,000).** All planned capital projects in 2022 relate directly to Street & Highway Improvements (\$680,000).

Changes to Adopted Budget

• **Adopted Budget Changes:** No changes between the Proposed and Adopted Budget were made.

Note: For more information and year over year activity on the Highway Aid Fund, please see the "Highway Aid Fund Summary" in the "Financial Summaries" section of this budget.

[This Page Intentionally Left Blank]

2021

Multi-Year Projections

OVERVIEW

Carlisle periodically performs multi-year reviews of Borough revenues and expenditures. This is done to inform the public, elected officials, and staff of potential opportunities and problems the organization will be facing in the coming years. Both positive and negative impacts of the latest long-term reviews are summarized below by fund.

GENERAL FUND

• <u>COVID-19 Economy</u>. As the nation's economy has struggled through 2020 and 2021 due to the COVID-19 pandemic, the Borough realized the same negative impact on program related revenues and adjusted expenses accordingly. The uncertainty of whether or not another economic downturn will occur in 2022 and years thereafter is cause for concern as it pertains to future revenues. Fortunately, the Borough has reserves that it can use in to satisfy short-term downturns in the economy and should revenue sources not return to normal the Borough would need to take a more refined look at services and determine what programs are viable and which need to be modified to ensure the stability of the General Funds reserves.

Timeline:

- <u>2022</u>: The Borough is building its budget with the assumption that an economic downturn will not occur in 2022 and that a normalization of revenues will occur.
- 2023 and beyond: While it is uncertain how long the economy will be impacted by COVID-19 and whether or not a severe downturn will occur, the Borough is remaining vigilant and continues to develop strategies in the long term. This includes efforts being made to our Information Technology (IT) infrastructure. Improvements have been made to ensure we have the capabilities to efficiently offer remote working opportunities, and offer improved digital internal and public meeting forums.

Relevant Borough Council Goals:

- <u>Transparency</u>: Live Stream Council Workshops and Meetings improved IT Infrastructure allows for improved streaming capabilities.
- <u>Transparency</u>: Provide additional documentation on agenda topics in advance of Council Meetings as we adapted for the virtual meeting format we have also naturally made information available electronically. We continue to monitor options that would allow for a more robust electronic platform.
- <u>Urban Redevelopment Plan</u>. One of the most significant opportunities for the general fund in the next few years involves the Carlisle Urban Redevelopment Plan and its potential impact on the local economy. The plan will improve the overall economic condition of the Borough through revitalization of three vacant industrial sites totaling

more than 60 acres. This will increase employment opportunities and expand the Borough's tax base. Estimates for the total cost of public infrastructure improvements for the plan are in excess of \$20 million split over several years. To date the Borough has been awarded more than \$12 million in state and federal grants. In addition, the first phase of tax increment financing provided by the Cumberland County Industrial Development Authority in the amount of \$7.9 million was received at the end of 2017. The Borough continues to monitor the redevelopment with hopes that a second phase of tax increment financing will occur or that the Borough may see reimbursement for outlay with excess tax revenues on the site.

> Timeline:

- 2022: The Borough continues to monitor the project in the short-term with the understanding that the Borough has a limited guarantee that could be called in the first five years of the project. This guarantee requires the Borough to cover an shortfall in debt service for the first five years. The fifth year of this guarantee is 2022. The Borough has not formally been notified that a call on the guarantee is to occur but should such a requirement occur the Borough could be required to pay nearly \$1 million in debt service on the tax increment financing.
- 2023 and beyond: This project is a long-term program. While COVID-19 has played a major role in the delays surrounding development of the site this project is regularly considered when planning for the long-term. Given that a refinancing occurred in 2021 to pay for parts of this project, heavy consideration is given on how the Borough can promote development within this project area to potentially see additional compensation to cover project costs.

Relevant Borough Council Goals:

- <u>Carlisle Urban Redevelopment Plan</u>: Continue public communication strategy for transportation improvements/disruptions. As this program continues to develop, the Borough has coordinated outreach meetings with neighborhoods affected by the development.
- Police. Under the state's Act 111, the Borough and its police force entered into a collective bargaining agreement that establishes wages, hours, and other conditions of employment and benefits for the period January 1, 2020 through December 31, 2023. This collective bargaining agreement provides a sense of certainty as it pertains to future costs and the revenue requirements needed.

> Timeline:

- <u>2022</u>: The Borough is in its third year of the collective bargaining agreement and as such budgeted based on the requirements of the agreement.
- 2023 and beyond: The budget for the Police makes up approximately 34% of the overall General Fund Budget. As a result, as we approach 2023 the discussions surrounding the collective bargaining agreement will be a significant factor in long-term planning to ensure we remain fiscally responsible.

Relevant Borough Council Goals:

- Transparency: Expand public understanding of the price of government linking to the cost of services and citizens' expectations, needs, and ability to pay. As considerations are made for potential rate increases to offset the cost of services provided this will be an area where we may be able to increase the public's understanding around the level of service we provide and the resulting costs of that service. Surrounding municipalities do not have their own police force, which results in lower tax requirements but is a tradeoff for less governmental services.
- <u>Succession Planning</u>. A significant number of the Borough's workforce are eligible for retirement. This process may accelerate in the next few years. Strategies have been developed and are being refined to determine how best to manage this process. The knowledge and experience these departing employees will take with them is a concern; however, transitioning to new employees offers advantages as well. The Borough has taken steps to emphasize cross training to ensure that the impact on services during a period of transition is minimal.

Timeline:

- <u>2022</u>: The Borough has increased the budget for formal training opportunities to improve both staff level and senior staff level expertise. The strategy behind this is to ensure that employees are informed enough to continue operating should employee transitions occur.
- 2023 and beyond: This is an ongoing strategy that extends well beyond the current budget year and as such will continue to be at the forefront of long-term decision making strategies. The Borough is also encouraging cross-training and increasing employee involvement so that they are encouraged to have pride in their work. An example of this is the creation of a health insurance committee that is made up of staff members who are given the flexibility to review and provide recommendations for future changes to the medical insurance plans starting in 2022.

> Relevant Borough Council Goals:

- **Personnel:** All supervisors attend advanced leadership training course; review and continue department supervisory training. Supervisors are regularly encouraged to budget for trainings.
- Personnel: Promote a culture of service, pride, integrity, responsibility, innovation and teamwork. Staff are being encouraged to take on more responsibility as they cross-train positions and are encouraged to participate in committee's that provide suggestions to management for employee related benefits.
- <u>Employee Medical Benefits</u>. The cost of medical benefits has increased significantly over the last several years reflecting anticipated increases from 6-15% each year. In 2022, the Borough was told to expect a 6.6% increase in medical costs. These increases are anticipated to continue over the next several years and is one of the largest impacts on

the Borough's budget. In response to this, the Borough is evaluating its medical benefit offerings to determine the best ratio to ensure the offerings remain competitive but are reasonable in their cost.

Timeline:

- 2022: The Borough has budgeted for increases as they directly relate to the medical benefits. Additionally, a committee has been formed primarily of non-supervisory employees who worked throughout 2021 to review the existing medical plan and offerings to determine where savings may be achieved. The recommendations of that committee are incorporated into the 2022 budget.
- 2023 and beyond: It is anticipated that starting in 2022 changes will be implemented that are developed from recommendations by the health insurance committee that was formed in 2021. With the ongoing increase in medical coverage premiums, one of the highest increasing operating expenses the Borough experiences, year over year we continue to keep this at the forefront of our long-term decision-making.

Relevant Borough Council Goals:

- Personnel: Evaluate Medical Insurance options including options for plan design changes. A health insurance committee has been formed to evaluate the existing medical insurance plan and will consider options for changes that may aid in offsetting the rising costs of providing such a program.
- Pension costs. The Borough provides defined benefit plans as a retirement vehicle for many of its employees. In periods of below average investment returns, the Borough's pension costs can fluctuate dramatically. This can negatively impact the Borough's funding of its pension plans by increasing the required contributions needed to adequately fund the plans. However, the Borough has resisted suggestions to change the provisions of its defined benefit plans and has instituted a defined contribution plan for senior staff and directors.

Timeline:

- 2022: The Borough is currently adequately funded based on anticipated pension requirements. However, this is in large part due to the assistance of state funding that is provided to the Borough to meet these pension funding requirements.
- 2023 and beyond: While uncertain, there is the ongoing concern that the Borough may not continue to receive state aid to fund its existing pension plans. As a result, this will ultimately rely on General Fund revenues should insufficient funding be received and as we continue monitoring our longterm projections; we keep this possibility in mind.

Relevant Borough Council Goals:

• **Revenue:** Diversify revenues. Explore other PA Boroughs and municipalities with goal of keeping taxes as low as possible while still adding community benefits.

• Federal Funding. The Borough receives funding under the Community Development Block Grant program designed to assist communities, such as Carlisle, which have low-to-moderate income areas. If funding should be reduced, the Borough would not be able to fund the significant financial assistance to local residents under its current funding programs. However, the Borough has been awarded other federal grants including a \$5 million TIGER grant to assist with the Carlisle Urban Redevelopment Plan. While these grant funds are useful, they are most likely not recurring.

> Timeline:

- <u>2022</u>: The 2022 budget year reflects anticipate usage and receipt of federal funding. As a result, the services that are offered will not substantially change year over year.
- 2023 and beyond: While uncertain, there is the ongoing concern that the Borough may not continue to receive federal funding and as a result may need to either modify its level of service for those programs relying on federal funding or locate alternative revenue sources. As a result, there is the possibility that the Borough will not receive sufficient funding so we keep this in mind as we monitor our long-term projections.

Relevant Borough Council Goals:

- **Revenue:** Diversify revenues. Explore other PA Boroughs and municipalities with goal of keeping taxes as low as possible while still adding community benefits.
- <u>State Funding</u>. The Borough's road paving program is funded nearly 100% through Pennsylvania's Liquid Fuels Tax program, shown as the Highway Aid Fund. This funding source is projected to stagnate or slightly decrease over the next few years. New federal regulations, which require updates to sidewalk ramps to increase accessibility for the disabled, has decreased the amount of Liquid Fuels Tax revenue leftover for paving each year. As state funding decreases, the burden for funding the road-paving program will be placed on the taxpayers.

Timeline:

- <u>2022</u>: The 2022 budget year reflects anticipate usage and receipt of state funding. However, in 2022 we noted a decline in the amount of Highway Aid Funding we are receiving and will rely on existing fund balance to meet the requirement of our streets programs.
- 2023 and beyond: While uncertain, there is the ongoing concern that the Borough may not continue to receive state funding and as a result may need to either modify its level of service for those programs relying on state funding or locate alternative revenue sources. As a result, there is the possibility that the Borough will not receive sufficient funding so we keep this in mind as we monitor our long-term projections.

Relevant Borough Council Goals:

• **Revenue:** Diversify revenues. Explore other PA Boroughs and municipalities with goal of keeping taxes as low as possible while still adding community benefits.

• Volunteer Fire Companies. The Borough is fortunate to have two solid volunteer fire companies providing services to residents. However, volunteer fire departments across the nation have been in decline for years making it harder for volunteer companies to have qualified members. Programs for the recruitment and retention of volunteer firefighters have been initiated by the Borough to alleviate some of these challenges. Nevertheless, a scenario that would be the most costly would be if the Borough had to establish a fire department fully funded by the taxpayer. Such a program is anticipated to cost over \$1 Million per year. The Borough and its surrounding municipalities are considering the implementation of a regional volunteer firefighter program, which would help defray the costs from any one municipality and avoid competing recruitment efforts.

Timeline:

- <u>2022</u>: The 2022 budget year reflects continued financial support of our volunteer fire companies.
- 2023 and beyond: While the availability of volunteers is uncertain, the Borough may need to consider the possibility for shared services with surrounding municipalities and the impact that may have on future budgets. Should the volunteer program seize to function it could result in increased operating expenditures of over \$1 million per year to finance a paid fire program.

Relevant Borough Council Goals:

- **Shared Services:** Explore opportunities for shared services, especially those services authorized by the Intergovernmental Cooperation Act.
- <u>Volunteerism:</u> Continue working group discussions consisting of area municipal representatives and fire companies to continue evaluating regionalization of fire service.
- **Volunteerism:** Explore ways to create incentives to increase and retain volunteer firefighters.
- <u>Public Education:</u> Youth involvement in emergency services. Potentially develop a youth commission that could promote volunteerism and involvement in the fire department, emergency services, etc.

WATER FUND

Opportunities

The primary opportunity for the water fund in the next few years is increasing the usage of the water plant by marketing available capacity to neighboring municipalities, which have significant development opportunities.

Challenges

The primary challenge for the fund in the next few years is the age of the water distribution system. As the system continues to age, the Borough can expect costs to increase significantly to ensure the system operates as efficiently and effectively as possible. An engineering analysis of

the water distribution system has been completed. Extensive capital improvements to the distribution infrastructure will be required in the coming years to maintain a strong system. Increased spending on capital improvements and increases in user fees is occurring on an annual basis. The Borough has strong reserves that it continues to drawdown on to help smooth rate increases needed to fund the capital program.

> Timeline:

- <u>2022</u>: The 2022 budget year reflects continued improvements and rehabilitation to the water distribution system.
- 2023 and beyond: The rehabilitation plan is an ongoing plan that is anticipated to continue for at least the next 50 years with improvements anticipated of 1 to 2 miles of rehabilitation each year. On average, each mile of rehabilitation results in \$1 million of funding requirements. With substantial costs anticipated this is an ongoing consideration as we plan for the future.

Relevant Borough Council Goals:

- <u>Infrastructure:</u> Continue to advance infrastructure work and dedicate funding to tackle the issues of the Borough's aging systems.
- <u>Public Education:</u> Collaborate with School District to involve schoolchildren so they can be educated about the importance of Borough infrastructure.

Revenue Rate Evaluation

In 2018, the Borough undertook a comprehensive rate study to determine the proper mix of paygo and bond issuances. The final recommendations recommended annual increases over the next several years. In 2022, the Borough continues to follow the recommendations made and are planning to increase rates by approximately 3.48%. Additional information on the proposed increases can be found in Section 3, Financial Summaries, for the Water Fund.

STORMWATER FUND

Opportunities

The primary opportunity for the stormwater fund in the next few years is utilizing stormwater management fees to improve stormwater infrastructure and reduce the number of flooding incidents in the Borough. The stormwater management fee was fully implemented in July 2019.

Challenges

The primary challenge for the fund in the next few years is the age of the stormwater management system. As the system continues to age, the Borough can expect costs to increase significantly to ensure the system operates as efficiently and effectively as possible. The Borough received a MS4 stormwater permit in 2015, which requires a more stringent stormwater program going forward. As more regulations are enacted, the Borough will likely incur increased costs to comply with them. Extensive capital improvements to the distribution infrastructure will be required in the coming years to maintain a strong system. Increased spending on capital improvements and increases in stormwater management fees will need to be monitored on an annual basis. The Borough will undergo a stormwater engineering study to prioritize stormwater projects going forward.

Timeline:

- <u>2022</u>: The 2022 budget year reflects continued improvements and rehabilitation to the stormwater management system. The 2021 Budget also anticipated the purchase of a leaf vacuum that will aid in reducing the amount of debris that goes into the stormwater system.
- 2023 and beyond: The Borough is working to develop a rehabilitation program in 2022 which will identify a program and timeline for rehabilitating the stormwater management system. This is anticipated to being an ongoing rehabilitation project, and should the water and sewer system be any indication could cost the Borough close to \$1 million each year. With substantial costs anticipated this is an ongoing consideration as we plan for the future.

Relevant Borough Council Goals:

- <u>Infrastructure:</u> Continue to advance infrastructure work and dedicate funding to tackle the issues of the Borough's aging systems.
- **Public Education:** Collaborate with School District to involve schoolchildren so they can be educated about the importance of Borough infrastructure.

SEWER FUND

Opportunities

As with the water fund the primary opportunity for the sewer fund in the next few years is increasing the usage of the sewer plant by marketing the available capacity to neighboring municipalities that have significant development opportunities.

Challenges

There are at least three primary challenges for the sewer fund in the next few years: the aging collection infrastructure, inflow and infiltration, and bio-solids removal. As the sewer system continues to age, increasing capital costs can be expected. A study was completed in 2014 to evaluate the sewer collection system to determine if significant capital improvements will be needed to the system to address inflow and infiltration. The results of the study included a capital improvement plan containing estimated costs exceeding \$30 million over the next 25 to 30 years. The Borough needs to continue to monitor its bio-solids removal program to ensure it is meeting local farmer needs and performing in a cost effective manner. As private companies specializing in this service expand in the marketplace, Carlisle will have to remain competitive to ensure its bio-solids removal program remains cost effective.

> Timeline:

- <u>2022</u>: The 2022 budget year reflects continued improvements and rehabilitation to the sewer collection system.
- 2023 and beyond: The rehabilitation plan is an ongoing plan that is anticipated to continue for at least the next 50 years with improvements anticipated of 1 to 2 miles of rehabilitation each year. On average, each mile of rehabilitation results in \$1 million of funding requirements. With substantial costs anticipated this is an ongoing consideration as we plan for the future.

Relevant Borough Council Goals:

- <u>Infrastructure:</u> Continue to advance infrastructure work and dedicate funding to tackle the issues of the Borough's aging systems.
- <u>Public Education:</u> Collaborate with School District to involve schoolchildren so they can be educated about the importance of Borough infrastructure.

Revenue Rate Evaluation

The Borough undertook a comprehensive rate study to determine the proper mix of pay-go and borrowing in 2018. The final recommendations recommended annual increases over the next several years. In 2022, the Borough is proposing a rate increase of 3.37%. Additional information on the proposed increases can be found in Section 3, Financial Summaries, for the Sewer Fund.

PARKING FUND

Opportunities

The primary opportunity in the parking fund is the continued enhancement of downtown Carlisle businesses. In addition to increasing activity downtown through a number of different events, store vacancy rates have continued to decrease. With the potential for significant enhancements outside the area as part of the Urban Redevelopment Plan, the Borough's downtown is strongly positioned to continue its growth.

Challenges

The primary challenges for the parking fund in the next few years are related to the overall economy, parking capacity, and maintenance issues. Although the downtown has performed well during the current upswing in the local economy, the Borough continues to monitor downtown activities to ensure resources are adequately allocated to keeping the area strong. Carlisle must remain diligent in its oversight of downtown activities, parking capacity needs will continue to be monitored to ensure residents and businesses have adequate parking available to meet their needs. With the potential changes as part of the Urban Redevelopment Plan, additional parking strategies will be developed to ensure adequate parking is available.

The Borough's parking garage was placed in service in 1999. Regular preventative maintenance will continue. The majority of the Borough's parking meters are approximately 25 years old. The Borough is currently working to replace the majority of its aging mechanical meters with smart parking meters. The first phase of this replacement program was completed at the start of 2020 and is being considered for expansion into the more distant blocks of downtown. The Borough will be monitoring new technologies to ensure that the parking meter program remains cost effective. The Borough's six parking lots will be constantly monitored to ensure each lot provides users with the most effective parking solutions for their needs. In 2022, the Borough will be investigating the installation of electric vehicle charging stations.

Timeline:

- 2022: The 2022 budget includes consideration to implement electric vehicle parking spaces and also review of the smart parking meters currently in place to determine expanding the smart meters out to surrounding blocks.
- <u>2023 and beyond</u>: Beyond 2022 we keep in mind that as ride sharing services increase there may come a time when we need to evaluate whether

revenues meet operating expenses. Additionally, the Borough must also evaluate the possibility of purchasing or installing a second parking garage within the Borough should the Urban Redevelopment Plan warrant such a cost. The construction of a parking garage will be a considerable cost to the Borough, we keep this and potential partnerships in mind as the projects continue to develop.

Relevant Borough Council Goals:

- <u>Carlisle Urban Redevelopment Plan:</u> Continue public communication strategy for transportation improvements/disruptions.
- Road Diet Check-up: Explore eliminating three to six parking spaces on East Pomfret Street as well as reviewing congestion issues occurring on South Street.

SOLID WASTE FUND

Challenges

The primary challenges for the solid waste fund are state funding and contract changes in its pay-to-throw program. Any decrease in state funding to the Borough for its recycling program will increase costs for residents. The Borough is in the middle of a three-year trash bag contract. This contract has resulted in significant increases in cost that are passed on to the users of the trash program. The cost to the consumer is currently being supplemented by available fund balance to smooth the rate increases over the next several years.

> Timeline:

- <u>2022</u>: The 2022 budget includes a 3% increase to Solid Waste Collection and Recycling costs and does not provide for an increase to the usage of the service.
- 2023 and beyond: Without an improvement to the Solid Waste Collection and, primarily, the recycling market the Borough can anticipate continued increases in future contracts. As we near the end of the existing contract the Borough will need to evaluate the level of service it provides and or the rates in place to keep the Solid Waste program viable.

Relevant Borough Council Goals:

• **Revenue:** Evaluate policies and operations, analyze cost structure, assess revenue options, and explore shared services for solid waste fund to keep trash bag rates flat.

CONCLUSION

Carlisle is taking action and identifying the areas of most concern in order to be fiscally responsible. In addition, cash reserves are at reasonable levels and both defined benefit pension plans are more than 100% funded. Additionally, the Borough has adequate debt capacity available with which to fund needed capital improvements.

However, the Borough has several issues which could significantly impact operations in the future: a sewer system inflow and infiltration problem that could cost taxpayers over \$30 million to correct; an urban redevelopment plan that will add \$20 million in capital expenditures; a water system review that will add millions of dollars to the community's capital improvement

plan; added stormwater regulations which will require a strong financial commitment; and aging infrastructure in non-water and non-sewer assets.

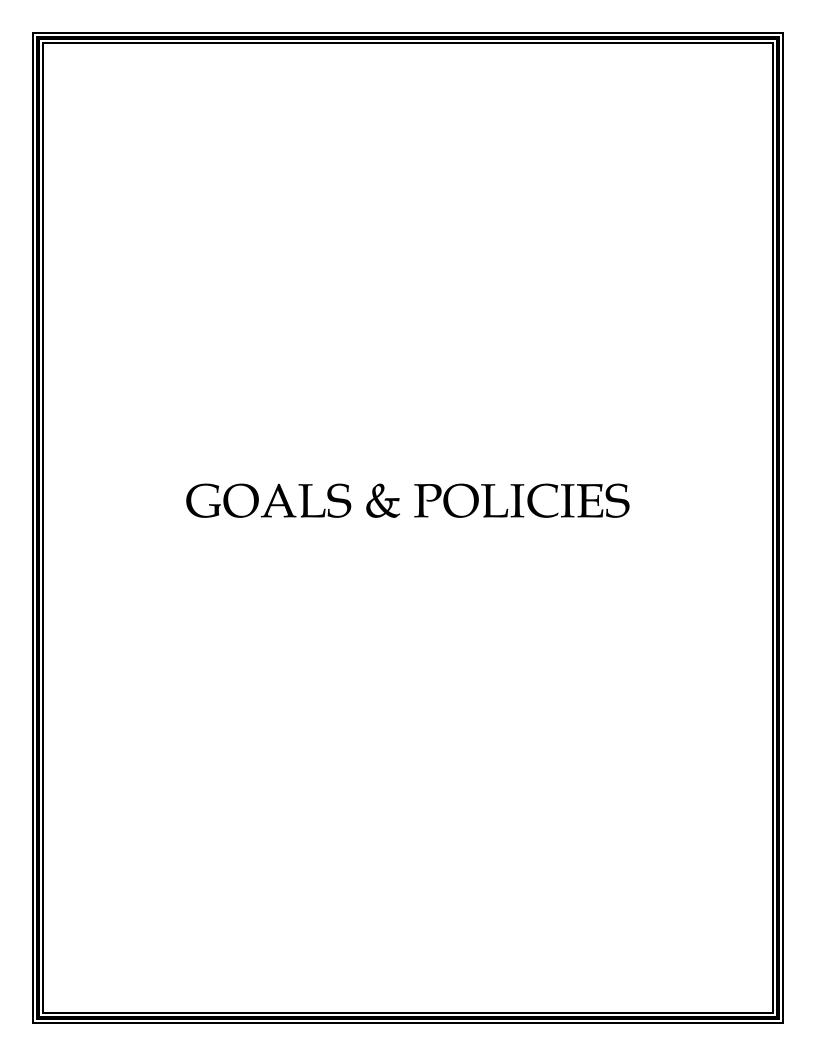

Fortunately, as the reader of this budget document will see, the Borough is actively pursuing a number of creative solutions to ensure adequate funding for these issues. This will ensure Carlisle remains a vibrant and attractive community.

2021

[This Page Intentionally Left Blank]

2021

BOROUGH COUNCIL GOALS

Every two years following a municipal election and reorganization, Borough Council meets to establish goals and objectives for the following two years. Once those goals and objectives are formally adopted, they are used by administrative staff under the direction of the Borough Manager to more efficiently and effectively guide the day-to-day management of Borough activities. The following goals and objectives were adopted and guide the work of Borough Council committees for 2020 and 2021. Borough Council will be meeting in early 2022 to establish goals for 2022 and 2023.

Budget & Finance Committee

Shared Services

 Explore opportunities for shared services, especially those services authorized by the Intergovernmental Cooperation Act.

Revenue

- Diversify revenues. Explore other PA Boroughs and municipalities with the goal of keeping taxes as low as possible while still adding community benefits.
- Evaluate policies and operations, analyze cost structure, assess revenue options, and explore shared services for the solid waste fund to keep trash bag rates flat.

Outside Agency

 Create new process developed by staff that opens the program to all residents / businesses / groups within the Borough with an overall mission to benefit and enhance Carlisle.

Transparency

 Expand public understanding of the price of government linking to the cost of services and citizens' expectations, needs, and ability to pay.

Purchasing

 Add anti-discrimination language to contracting process; research and consider adding "responsible contractor" language to bid specifications.

Budget

- Analyze reforms to mitigate expected budgetary challenges.
- Implement strategies to reduce the Borough's General Fund "Debt Capacity".
- o Implement strategies to reduce operating expenditures over operating revenues.
- Understand weaknesses and strengths of current financial structure to determine how to move forward in a responsible way.

Service Delivery

 Develop a strategy for service delivery in the 21st Century that involves among other things an e-commerce plan, performance measures, and offering added value to our customers.

Economic Development

• Revitalization Initiatives

- Work with local academic institutions to prepare a survey of what students need for them to stay in Borough/Carlisle Region.
- Develop Borough-wide economic strategic plan that looks beyond just the C-1 zone.

• Zoning Reforms

o Analyze zoning reforms that may encourage economic development, sustainability, and building repurposing or renovations.

Downtown Revitalization Initiatives

- Transform the Square from an underutilized public space to a vibrant pedestrian-centered space through low-cost creative place making; rotate a popup, grab-and-go stand that rotates operation by downtown properties; utilize alcohol ordinance for rotating beer gardens.
- o Ensure that the economic vitality of the downtown is sustained through advanced collaborative and advocacy efforts by the DCA within the C-1 area.
- Create working group with downtown stakeholders to chart master plan in 2020 for public art within the Borough. Inventory potential sites for murals and crosswalk paintings for summer / fall of 2020.
- o Promote sustainability in downtown by adding bike racks and recycling containers in select locations.

• Carlisle Urban Redevelopment Plan

 Continue public communication strategy for transportation improvements/disruptions.

Public Works

Infrastructure

 Continue to advance infrastructure work and dedicate funding to tackle the issues of the Borough's aging systems.

Road Diet Check-up

- Determine appropriate time schedule and funding sources for reversing circulation at alleys around Square and extending turning lanes at Square. Meet and collaborate with community stakeholders and PennDOT on appropriate community outreach.
- o Continue to repair pedestrian cross signals and consider the hiring of an engineering firm to perform the road diet checkup.
- Explore eliminating three to six parking spaces on East Pomfret Street as well as reviewing congestion issues occurring on South Street.

• Public Education

 Collaborate with School District to involve schoolchildren so they can be educated about the importance of Borough infrastructure.

Public Safety

Volunteerism

- Continue working group discussions consisting of area municipal representatives and fire companies to continue evaluating regionalization of fire service.
- o Explore ways to create incentives to increase and retain volunteer firefighters.

Policy

o Achieve 2020 PLEAC Reaccreditation.

Personnel

 All supervisors attend advanced leadership training course; review and continue department supervisory training.

Transparency

o Achieve 75% customer satisfaction rating.

• Public Education

- Continue fire safety education to citizens and emergency services.
- Youth involvement in emergency services. Potentially develop a youth commission that could promote volunteerism and involvement in the fire department, emergency services, etc.

Parks and Recreation

• Recreational Opportunities

- o Provide pedestrian-friendly options for residents to access recreational options, food markets, and entertainment, especially in northern residential-zoned areas
- Evaluate possibility of including a skate park in the linear stormwater park plans.

Finance

 Use effective and innovative funding methods to build, maintain, operate and promote parks and recreation programming.

Land Use Planning

 Consider marketing the upper story of the community center as a co-working space.

Transparency

 Engage residents in planning, stewardship, and programming of park and recreation resources and provide effective community outreach and marketing to increase public awareness and support of recreational services.

• Sustainability/Renewable Energy

 Incorporate features and amenities into parks that fit local context and interest, contribute to environmental sustainability, and are accessible, safe and easy to maintain long-term.

Employee Relations and Citizen Participation

Personnel

- o Address and update personnel policies to fit current industry standards. Examples include: social media and cell phone usage policies.
- o Promote a culture of service, pride, integrity, responsibility, innovation and teamwork.
- o Evaluate Medical Insurance options including options for plan design changes.

• Compensation Plan

o Review and update Borough's Compensation Plan.

Transparency

- Provide additional documentation on agenda topics in advance of Council meetings to encourage more community dialogue.
- Live stream Council workshops and meetings.
- Citizen Survey w/focus on obtaining feedback on issues like use of trash bag system, improvements to Borough Services, general feelings about direction of Borough.
- o Hold public meetings in different locations, schedule Public Hearings in advance.
- Improve online portal of information access for residents and Council. Consider an alternative to Dropbox for meeting information that would allow public access to certain documents on the agenda.

• Internal Communication Structure

o Clearly define an internal communication structure.

Sustainability and Community Planning

• Sustainable/Renewable Energy

- o Develop meaningful, implementable and measurable Climate Action Plan that commits to meaningful and measurable GHG emission reductions.
- Incorporate climate action planning as part of the Borough's Comprehensive Plan.
- Prepare for autonomous vehicles by reviewing and updating Borough roads and maps and making data available on the cloud.
- o Decrease municipal trash processed at landfill.
- Incorporate development and implementation of a renewable energy system at Wastewater Treatment Plant to help power the plant and offset carbon-based energy use elsewhere in Borough.
- Explore ways to add sustainable energy options in the Borough. For example, charging stations for electric vehicles and work toward goal of 50% of hybridization of police fleet.
- Complete greenhouse gas inventory and internal action plan.
- Join ICLEI to access inventory resources.

 Develop strategies and establish education program to reduce the amount of disposable waste that is either buried in landfills or is incinerated through recycling and re-use.

• Land Use/Planning

- Evaluate options to adjust or remove mandatory minimum parking requirements that would assist in mitigation of stormwater runoff and lessen development costs.
- o Advance projects that enhance Borough's identity such as enhanced and upgraded amenities like wayfinding signage, showcase art, culture, and history.
- o Review codes and zoning to maintain charm and character of our neighborhoods and preserve historic areas and bldgs.

• Housing Inventory Standards

- o Advance the Borough's rental ordinance.
- Continue to work with the RACC to help identify bubble properties and neighborhoods. Use HOME program to remediate key projects to "preserve, protect, and grow" the community.

Combatting Homelessness

 Consider developing creative solutions for the Borough to provide support to the homeless community and the organizations supporting the homeless community.

• Improving Revenue Sources

 Continue investigating zoning/overlay items such as lot regulations (bldg. height, etc.) that could advance redevelopment of existing buildings while still maintaining the town's historic charm.

COMPREHENSIVE PLAN

On March 14, 2019, Borough Council adopted an update to the 2002, Comprehensive Plan. The 2019 update was not a wholesale revision, but rather focused on six (6) key issues:

- 1. Downtown
- 2. Traffic and Parking
- 3. Public Safety
- 4. Housing and Shelter
- 5. Bicycle & Pedestrian Mobility
- 6. Resiliency

In addition to guiding administrative, operational, and planning policies on these topics, the plan recommended several Action Items, which subject to Borough Council direction and

resources should be pursued over the next 10 to 15 years to fulfill both the long-term development and preservation for Carlisle.

The Comprehensive Plan addresses goals and objectives summarized below.

Goal: Land Uses, Housing, and Community Character

- Objectives
 - Protect and enhance Carlisle's quality of life as a traditional medium-sized town, with a well-balanced mix of uses.
 - Provide for compatible land use patterns that avoid conflicts between different uses and manage truck traffic.
 - Strengthen the downtown as a business, entertainment, cultural, and civic center.
 - Strengthen residential neighborhoods, with an emphasis on home-ownership and rehabilitation of older buildings.
 - Encourage the re-use and redevelopment of existing buildings and properties for modern residential and economic uses.
 - Extend the best features of older development into newer development, including "human scale" development at densities that support walking, biking, and substantial landscaping.
 - Improve the visual attractiveness of Carlisle and the surrounding region, with an emphasis upon major entranceways that create a positive first impression upon visitors.

• Goal: Economic Development

- o Objectives
 - Stress a strong, diversified economy that generates stability, sufficient tax revenues, and wide employment opportunities.
 - Ensure that residents have the practical job skills needed by employers.
 - Embrace and integrate the resources of the Army War College, Dickinson College, PA State Dickinson Law, the Carlisle Area School District, and other strong institutions in the region.
 - Emphasize tourism that is built upon the area's heritage, arts, culture, and recreational assets, such as proximity to Kings Gap, Michaux State Forest, and Pine Grove Furnace.

• Goal: Historic Preservation

- Objectives
 - Encourage appropriate reuse and historic rehabilitation of older buildings, as well as new construction that is consistent with historic surroundings.

• Goal: Community Facilities and Services

- Objectives
 - Provide high-quality community facilities and services in the most costefficient manner.

• Goal: Transportation

- Objectives
- Work with PennDOT and adjacent municipalities to manage congestion and improve safety through costeffective operations and improvements.
- Seek to reduce the amount of truck traffic that passes through the Downtown.
- Promote increased use of public transit, bicycling, walking, and carpooling.

- o Objective
 - Protect important natural features, with a special emphasis upon the Letort Spring Run and mature trees.

In the fall of 2019, the Borough of Carlisle began participating in the Pennsylvania Department of Environmental Protection's Local Climate Action Assistance Program. The ultimate goal of the Borough is to establish its own Climate Action Plan to reduce emissions and manage impacts.

Greenhouse Gas Inventory

After joining the program the Borough teamed up with Dickinson College's Center for Sustainability Education to measure greenhouse gas emissions in the Borough. The group calculated greenhouse gas emissions for the years 2016 and 2017. This inventory will serve as a

baseline to help the Borough identify and prioritize emission sources for action, developing strategies for reducing emissions, and setting goals.

Non-residential energy is the number one source for greenhouse gas emissions in the Borough, with electricity being the biggest contributor. Electric utilities emitted nearly 77,000 MTCO2e of greenhouse gases to generate the electricity used by Carlisle establishments in 2017.

| that passes through the Downtown. cycling, walking, and carpooling. |

| Non-Residential Energy | 113,442 | 47.5% | | |
| Residential Energy | 46,157 | 19.3% | | |
| Transportation | 71,046 | 29.7% | | |
| Solid Waste | 6,757 | 2.8% | | |
| Water & | | | | |
| Wastewater | 1,464 | 0.6% | | |
| TOTAL | 238,866 | 100.0% | | |

Climate Action Resolution and Commission

In July 2020, Borough Council unanimously approved the adoption of a Climate Action Resolution that commits the Borough to reducing greenhouse gas emissions 26% by 2025 and 80% by 2050, compared to 2005. The resolution also required the Borough to form a Climate Action Commission to create a Climate Action Plan for the Borough. The Committee was established in September 2020 and is comprised of an Executive Committee and four working groups, each headed by a Team Lead. The groups are the Community Engagement Team, Pathways & Analytics Team, Projects & Estimates Team, and Zoning Team. Resident participation in the Climate Action Commission exceeded any other standing Borough committee or board, placing over 40 residents into the planning process. The organization of the commission is as follows:

Commission in Action

Detailed below are highlights of some of the accomplishments of the Climate Action Plan through September 2021.

- October 20, 2020 a series of free community forums about Climate Action Planning were started and continued to be hosted through February 2, 2021 by community groups and agencies in the Cumberland Valley.
- **December 2, 2020 -** Borough Council approved sending a letter in support of Pennsylvania joining the Regional Greenhouse Gas Initiative (RGGI).

RGGI is an initiative of 10 New England and Mid-Atlantic States, to reduce greenhouse gas emissions from the power sector while generating economic growth. This is achieved

by setting a regional cap or limit on carbon dioxide (CO2) emissions from electric power plants in the participating states. By joining RGGI, Pennsylvania could potentially reduce climate pollution from carbon emissions by 188 million tons by 2030.

- **February 19, 2021 -** members of the Climate Action Commission took part in a panel discussion offered by the Cumberland County Bosler Memorial Library. The Commission panelists introduced themselves and summarized their thoughts and specific actions to be taken to address climate change on local, national, and international levels with particular emphasis on the Cumberland Valley region.
- March 5, 2021 the Commissions executive committee voted to approve a proposed pathway for meeting their goals of reducing greenhouse gas emissions 26% by 2025 and 80% by 2050, compared to 2005 levels. The committee unanimously voted to approve the Rapid Pathway. The proposed moderate pathway would not have met their target mitigation goals. The Proposed Pathways Summary Report can be viewed on the Carlisle Borough's website.

Additionally, The Community Engagement Team was awarded a \$7,500 grant from the Civic Engagement Fund at Dickinson College. The team plans to use the funds to further its community outreach goals.

- **April 8, 2021 -** At their April Meeting, Borough Council appointed APPI Energy as the Borough's Solar Electric consultant and authorized the distribution of a Request for Proposal related to the planning and design of a potential solar energy project.
- **June 14, 2021 -** The Community Engagement Team hired an intern to assist with community outreach and survey distribution.
- **June 15, 2021 -** The Carlisle Climate Action Commission offered mini-grants to fund projects in the Carlisle community with a positive environmental impact. The Commission had particular interest in funding those areas that addressed the following:
 - Environmentally-friendly ways to cut business costs while also reducing greenhouse gas emissions (for those applying as a small business)
 - Alternative methods of energy and energy use reduction for example: switching from incandescent to LED lightbulbs; bike rack installations
 - Local beautification for example: light installations; planting native plants or trees; installation or maintenance of a community garden

- Projects which engage across Carlisle neighborhoods or with diverse groups.
- September 9, 2021 A problem statement regarding Single Use Plastics was presented to Borough Council and subsequently provided to Dickinson College. Dickinson College will focus their research on determining what strategy would best suit the Borough on managing Single Use Plastics. This could include a plastic bag ban, fee for use of plastic bags, combination of fee and ban, participation only communication and education, incentives to modify behavior, or taking no action. Results of the research are anticipated by May 2022.

Fiscal Policies

OVERVIEW

The Government Finance Officers Association (GFOA) recommends fiscal policies in three areas: financial planning, revenue, and expenditures. The fiscal policies are to be developed by professional staff and formally adopted by the jurisdiction's governing board. A brief description of each policy, as presented by GFOA, is provided below:

| Recommended Financial Pla | nning Policies | | | | |
|-------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|
| Balanced Budget: | Defines balanced operating budget Encourages commitment to balanced budget in normal circumstances Provides for disclosure when deviation from balanced operating budget is planned or when it occurs | | | | |
| Long-Range Planning: | Process that assesses the long-term financial implications of current and proposed operating and capital budgets, budget policies, cash management and investment practices, programs and assumptions | | | | |
| Asset Inventory: | Assess condition of all major capital assets Used to plan for ongoing financial commitments required to maximize the public's benefit | | | | |
| Recommended Revenue Policies | | | | | |
| Revenue Diversification: | Encourages diversity of revenue sources in order to improve the ability to handle fluctuations in individual sources | | | | |
| Fees and Charges: | Identifies manner in which fees and charges are set and to the extent to which they cover the cost of the service provided | | | | |
| One-time Revenues: | Discourages use of one-time revenues for ongoing expenditures | | | | |
| Unpredictable Revenues: | Provides guidelines on collection and use of major revenue considered unpredictable | | | | |
| Recommended Expenditure Policies | | | | | |
| Debt Capacity, Issuance, and Management: | Specifies appropriate uses for debt Identifies maximum amount of debt and debt service that should be outstanding at any time | | | | |
| Reserve Accounts: | Maintain prudent level of financial resources to protect against the need to reduce service levels or raise taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures | | | | |
| Operating / Capital Expenditure Accountability: | Compare actual expenditures to budget periodically Decide on actions to bring budget into balance, if necessary | | | | |

GFOA believes that the adopted financial policies should be used to frame major policy initiatives and be summarized in the budget document.

Additionally, GFOA recommends these policies, along with any others that may be adopted, be reviewed during the budget process. Professional staff should review the policies to ensure continued relevance and to identify any gaps that should be addressed with new policies. The results of the review should be shared with the governing board during the review of the proposed budget.

The Borough follows closely all appropriate GFOA recommendations. Below are the financial policies developed by the Borough. These policies are used as a guide for providing services to the community at a reasonable cost; however, the policies presented are not intended to restrict Borough Council authority when determining service requirements for the activities of the Borough.

FINANCIAL PLANNING POLICY

The financial planning policies of the Borough are as follows:

Balanced Operating Budget: The Borough must adopt a balanced operating budget with
estimated revenue equal to appropriated expenditures for all funds. (§503 of the Home
Rule Charter (the "Charter") and §27-3 of the Carlisle Code of Ordinances (the "Carlisle
Code")). The Borough's 2022 general fund budget is balanced under scenario three below.
Other funds use a mixture of the scenarios identified.

Defining a Balanced Budget: The Borough considers a balanced budget to be one where revenues equal expenditures. However, the budget is also considered balanced in situations where total revenues are greater than total expenditures, in this case the budget would show a surplus. Finally, there are instances where the budget may reflect the use of fund balance from previous years on one-time or non-routine expenditures, which is most prevalent when capital projects are financed using proceeds from previously issued debt.

"The Borough's 2022 General Fund Budget is Balanced Under Scenario Three!" Balanced Budget Scenarios

Scenario One Scenario Two
Revenues = Expenditures Revenues > Expenditures

Scenario Three

Revenues + Appropriated Fund Balances = Expenditures

• **Budget Appropriation Transfers:** The Borough Manager may transfer appropriations within an office or department. Any transfer of appropriations within any budget account in order to employ additional personnel requires Borough Council approval. Only

- Borough Council may transfer appropriations among departments and funds. (§512 of the Charter and §27-8(B)).
- Supplemental Budget Appropriations: Borough Council is required to approve any increase in budget appropriations by amendment of the budget resolution. (§509 of the Charter and §27-8(A) of the Carlisle Code).
- **Long-Range Planning:** Periodically the Borough will conduct long-term projections of its finances.
- **Funding Capital Expenditures:** Funding for capital expenditures is not considered part of a balanced operating budget. Designated revenue, debt proceeds, grants, contributions, or cash reserves may provide funding for capital expenditures. (§505 of the Charter and §27-10 of the Carlisle Code).
- Capital Improvement Plan: Periodically the Borough will update its capital improvement plan to assess current capital assets and plan for future capital requirements.
- **Investments:** The Borough continues to follow §1316 of the Pennsylvania Borough Code (Investment of Funds) specifically identifying classes of approved investments.

REVENUE POLICIES

- **Generating Revenues:** Included as part of Borough Council's biennial goal planning process is an initiative for administrative staff to investigate revenue generating concepts.
- **Evaluating Fees:** The budget process includes an evaluation of all fees assessed by the Borough. If any fees need adjustment, recommendations are provided to Borough Council as part of the budget process and adopted at the December meeting of Borough Council.
- One-time and Unpredictable Revenues: Non-recurring revenue sources will only be used for specific expenditures such as special projects or capital expenditures. Such revenues will not be used to support recurring operating expenditures.
- **Uncollectible/Delinquent Accounts Receivable:** Only the Borough Manager has the authority to write off uncollectible/delinquent accounts receivable.

EXPENDITURE POLICIES

- Funding Capital Projects: The Borough will strive to first pay capital projects with cash
 reserves. If the Borough does not have sufficient cash reserves to fund capital projects, it
 may consider issuing debt to finance the projects. However, capital projects being
 financed will have a useful life of at least the term of the debt issued for the particular
 capital project.
- **Debt Limits:** The maximum amount of debt outstanding at any time must comply with provisions of the Pennsylvania Local Government Unit Debt Act (53 Pa. C.S. § 8001 *et. seq.*). This Act prohibits outstanding debt from exceeding 250% of the Borough's borrowing base which is defined as the arithmetic average of total revenues received for the three preceding fiscal years.
- **Debt Capacity:** The Borough will annually calculate target debt ratios. The Borough's debt capacity shall be maintained within the following guidelines:

- Tax-supported debt, net of any self-supporting debt, shall not exceed 2.0% of the total full value of taxable property within the Borough; and
- Annual tax-supported debt service shall not exceed 10%.
- **Self-supporting Debt:** The Borough will annually review the rates and charges of its enterprise systems to ensure they maintain their self-supporting nature. Enterprise debt will be considered self-supporting only if that enterprise fund generates sufficient revenue to cover operating expenses (net of depreciation) and debt service costs by at least 1.00 times.
- **Fixed Cost Burden:** The Borough will annually calculate a fixed cost burden that will measure the Borough's overall financial flexibility. The Borough's fixed cost burden shall be maintained within the following primary goal: A total of annual tax-supported debt service expenditures, the Borough's annual pension contributions, and the Borough's annual other post-employment benefit (OPEB) contributions shall not exceed 20% of general fund expenditures.
- Fund Balance Reserves: The Borough will strive to achieve fund balance reserves consistent with goals adopted by Borough Council. Below is each fund's adopted goal as a percentage of annual operating expenditures:

| Fund | Reserve Goal |
|-------------|--------------|
| General | 25% |
| Water | 25% |
| Stormwater | 25% |
| Sewer | 50% |
| Parking | 50% |
| Solid Waste | 25% |

- **Financial Analysis:** Actual financial results will be analyzed regularly. Tools used to monitor the results are listed below:
 - notification provided by Borough's accounting system when accounts payable invoices are being processed and a particular account exceeds budget.
 - the director of finance will communicate significant budget variances in the monthly staff report.
 - department budget managers will provide updated projections for their respective departments as part of the annual budget process.
 - At least quarterly, administrative staff will analyze "actual vs. budget" status and report the results to Borough Council.

HOME RULE CHARTER PROVISIONS

Carlisle's Home Rule Charter requires the Borough Manager to submit a proposed budget and accompanying message to Borough Council no later than December 1. The proposed budget must provide a complete financial plan for all Borough funds and activities. The budget message must explain the budget in fiscal terms and in terms of programs, policies, activities and plans; summarize accomplishments and challenges of the past year and point to major issues for the coming year; include a separate section for capital programs and expenditures; and summarize the Borough's debt position. The budget is required to be balanced.

Borough Council must publish, in a manner it deems appropriate, a general summary of the budget and a notice stating the times and places the budget is available for inspection and the time and place for a public hearing on the budget. The budget must be adopted by resolution no later than December 31; however, past practice is for Borough Council to adopt the budget at its regularly scheduled meeting earlier in the month. Once the budget is adopted, it is put on the Borough's website and a hard copy is made available by the borough secretary for public review.

The budget may be supplemented or reduced by amending resolution any time during the fiscal year. Also, at any time during the fiscal year, the Borough Manager may transfer appropriations within departments; transfers among departments and funds require Borough Council action.

ADMINISTRATIVE ACTIONS

The Borough's administrative budget process starts in early July with the distribution of the budget schedule and instructions to department directors, senior staff, budget managers and elected officials. Included in the instructions are key dates of completion to help participants understand the various deadlines of the budget process (shown in Table 1). Each budget manager is able to enter budget information appropriate to the manager's area of responsibility directly into the Borough's accounting system.

The following administrative personnel are key to the budget process:

 Department directors, senior staff, and budget managers are responsible for preparing detailed estimates for each expenditure account under their budgetary control. This group participates in the capital and operations review meetings to help all parties understand the various needs of their department.

- Department directors work with their staff to develop their various budgets. This group participates in the budget review meetings with the Borough Manager and director of finance, and attends necessary public hearings.
- The department of finance compiles information prepared by the departments, performs
 variance analyses on expenditure requests, and develops revenue estimates. The director
 of finance and accounting manager participate in all budget meetings. Additionally, the
 department consolidates all budget information into the Borough Manager's proposed
 budget for presentation to Borough Council and the public.
- The Borough Manager, the Borough's chief administrative officer, oversees and is involved in the entire budget process.
- Borough Council (working as individual Borough Councilors, through committees, and collectively as the governing body) has the ultimate decision-making authority over how all taxpayer and ratepayer funds are appropriated.

Generally, there are at least two meetings with each department director to review both the capital and operating budgets. Participants in these meetings include the Borough Manager, assistant borough manager, director of finance, accounting manager, department director, and other key departmental staff. The primary purpose of these meetings is to have an open discussion regarding all expenditures included in the proposed budget. These meetings usually begin in late August and conclude by the end of September.

A separate capital request form is required for each proposed capital expenditure. Information on this form includes a brief description of the expenditure, the type of expenditure (new, replacement, addition), justification, estimated cost, annual operating cost impact, and recommended source of funding.

In early October, the department of finance begins estimating revenue for the remainder of the current year and for the following year. Historical information, trends analysis, and current activities are the most common tools used to develop revenue estimates.

Once preliminary estimates for revenues and expenditures are available, the department begins comparing information for the proposed budget to prior years' actual information to ensure estimates in the proposed budget are as accurate as possible. After the preliminary analysis is completed, the finance department and the Borough Manager work together to evaluate any changes needed to the original submissions. Follow up meetings may be held with department directors to evaluate any necessary changes to their budgets.

Following any changes to the initial proposed budget, a revised version is provided to department directors for review and discussion. Once department directors have reviewed the latest revision, the Borough Manager prepares the budget message and the finance department finalizes the budget book for Borough Council review.

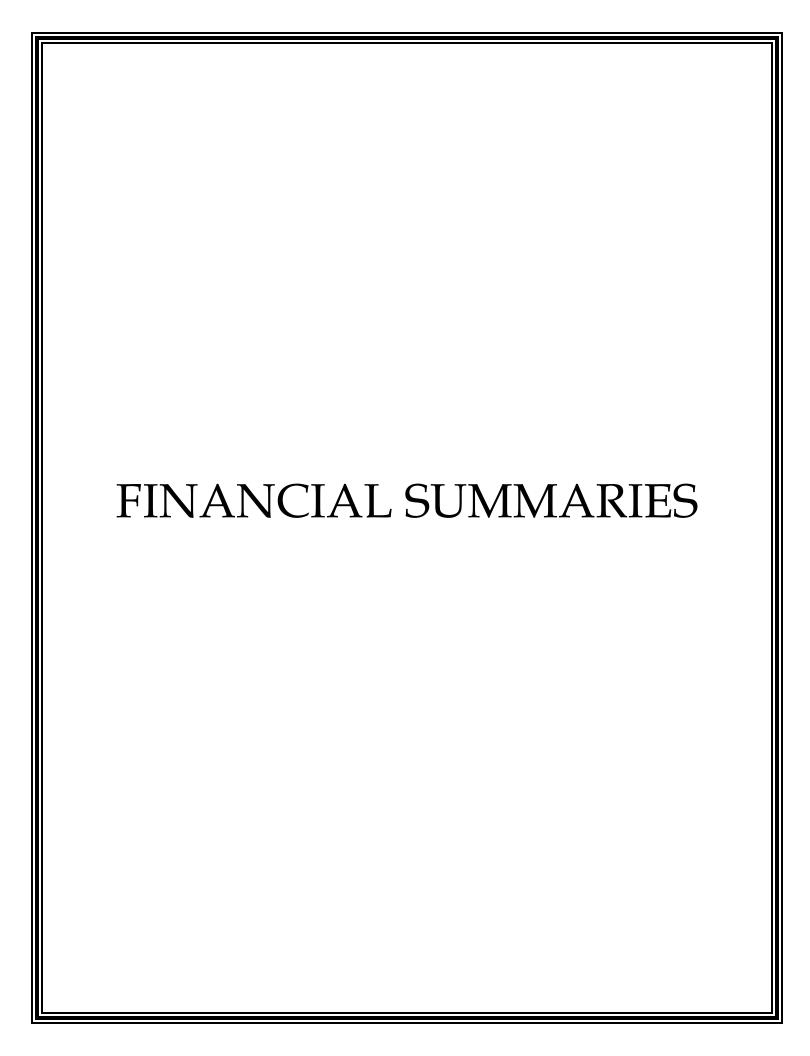

Budget Calendar

| Table 1. | |
|-------------|------------------------------------------------------------------|

Fund Descriptions & Structure

OVERVIEW

The section begins with information about the Borough's fund structure, information describing various characteristics of the major and non-major funds, and a fund balance summary for the six primary budgetary funds: general, water, stormwater, sewer, solid waste, and parking.

Carlisle, similar to other state and local governments, uses fund accounting to ensure compliance with finance-related legal requirements. Each fund is a separate accounting entity. A fund is a group of related accounts used to maintain control over resources segregated for specific activities and objectives. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenue, and expenditures. All funds of the Borough are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds use the modified accrual basis of accounting for budgeting purposes, which is the same basis of accounting used in the Borough's Comprehensive Annual Financial Report (Annual Report).

Proprietary funds use the modified accrual basis of accounting for budgeting purposes. This is different from the basis of accounting used for the Annual Report, which is the full accrual basis of accounting. Reporting of debt payments, debt proceeds, and capital expenditures are the only differences between the two methods. Debt service is recorded as payments are due in the

budget. The full accrual basis of accounting reduces the liability as debt service payments are made. For budget purposes in the proprietary funds, debt proceeds are shown as revenue, instead of increases to a liability as is done on the accrual basis. Capital expenditures are recognized as expenditures in the year acquired for the

"The Borough uses the Modified Accrual Basis of Accounting for budgeting purposes."

budget. Under the full accrual basis of accounting used for the Annual Report, capital asset expenditures are depreciated over the expected useful life of the asset. Therefore, depreciation and amortization costs are not budgeted since these costs represent non-cash transactions.

The modified accrual basis of accounting recognizes revenues as soon as it is both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Borough considers tax revenue to be available if collected within sixty days of the end of the fiscal period. Expenditures are generally recorded when a liability is incurred, as under the full accrual basis of accounting. However, debt service, compensated absences, and claims and judgment expenditures are recorded only when payment is due.

The following table below provides an overview of the Borough's budgetary fund structure. All of the funds listed below are included in the Borough's audited financial statements however not all funds are actively budgeted.

MAJOR FUND DESCRIPTIONS

- General The General Fund is the general operating fund of the Borough. This fund is
 used to account for all financial transactions except those required to be accounted for in
 another fund. This is a budgeted fund, and any unrestricted fund balances are considered
 as resources available for use.
- Capital Projects Fund The Capital Projects Fund is a governmental fund used to
 account for financing capital outlays other than those from special assessment and
 proprietary funds.
- Water The Water Fund is used to account for the financing of water and related services, including laboratory analysis, to the Borough, its residents, business establishments, and various customers within the proximity of the Borough.
- **Stormwater** The Stormwater Fund, established in 2019, is used to account for the financing of stormwater and related services, to the Borough, its residents, business establishments, and various customers within the proximity of the Borough. Expenses related to this fund were recorded in the General Fund in prior years.
- Sewer The Sewer Fund is used to account for the financing of wastewater treatment services, including laboratory analysis, for the Borough, its residents, business establishments, and various customers within the proximity of the Borough.

NON-MAJOR FUND DESCRIPTIONS

- Highway Aid The Highway Aid Fund is used to account for state liquid fuels tax revenue and expenditures that are restricted to be used for building, improving, and maintaining local roads and bridges.
- **Parking** The Parking Fund is used to account for the financing of services to the general public related to regulation and control of vehicle parking in a garage, various parking lots, and parking meters throughout the Borough.
- **Solid Waste** The Solid Waste Fund is used to account for the financing of services related to solid waste collection and recycling for the Borough, its residents, and commercial establishments throughout Carlisle.
- Other Non-Major Funds Those funds not detailed here but shown in Table 2 are unbudgeted and often have activity that is insignificant (e.g. interest) to any given budget year and is not shown in detail in this budget document.

FINANCIAL SUMMARIES

Believing that "a picture is worth a thousand words," we show our financial summaries predominantly through the use of graphics, i.e., tables, pie charts, and line graphs with explanatory captions where necessary for further clarification. These graphic summaries begin with a consolidated overview of all funds followed with a presentation for each of our major funds in the following order: general fund, water fund, stormwater fund, sewer fund, solid waste fund, parking fund, capital projects fund, and highway aid fund.

[This Page Intentionally Left Blank]

2021

Consolidated Budget Summary

OVERVIEW

The consolidated budget summary begins with a look at anticipated fund balances and cash reserves for the Borough's budgeted primary funds. This analysis is then followed by financial summaries showing total sources and uses by fund, tables of revenue and expenditures by fund over years, followed by a table of revenue and expenditures by category over years. The consolidated overview summaries then break down into separate graphic presentations of revenue and expenditures: using tables to show information by either category, department, or fund; using line graphs to compare information over years; and using pie charts to show information by categories or funds.

The remainder of this chapter is then broken out by individual fund summaries generally follow this format:

- a description of the fund
- key points and highlights for the 2022 budget year
- a table showing both revenue and expenditures by category and years;
- a line graph comparing revenue by years;
- a pie chart showing revenue by category;
- a line graph comparing expenditures by years;
- a pie chart showing expenditures by category; and
- a summary description of major revenue and other sources (a detailed description of expenditures and other uses is not included here because the section "Operating Budgets" provides a summary of those activities);

The exceptions to the above format are the capital projects fund and the highway aid fund, which are primarily single category funds (capital projects). Please note that when no year is given in a graphic presentation, the information is for 2022.

FUND BALANCE AND CASH RESERVE ANALYSIS

Fund Balance is the measurement of available financial resources. As discussed in the Fiscal Policies section of this budget it is Borough policy to achieve and maintain fund balance reserves based on a percentage of annual operating expenditures recapped in the table to the right.

| Fund | Reserve Goal |
|-------------|--------------|
| General | 25% |
| Water | 25% |
| Stormwater | 25% |
| Sewer | 50% |
| Parking | 50% |
| Solid Waste | 25% |

The Borough uses two methods (Audited Annual Report Fund Balance and Budgetary Fund Balance) to calculate and measure fund balance. Both methods serve as a tool to understanding available financial resources.

Method 1: Audited Annual Report Fund Balance

The Borough calculates estimated Audited Annual Report Fund Balance using beginning balances that agree with our Annual Report. This method considers all unrestricted fund balance (which includes committed fund balance, assigned fund balance, and unassigned fund balance). To develop this estimate the Borough begins with the audited fund balances of the second year prior to the proposed budget year. For example, with regard to the 2022 budget, the Borough uses December 31, 2020 as a starting point. Staff then adds projections for 2021 to develop estimated December 31, 2021 fund balances. Those balances are then used to estimate fund balances at December 31, 2022. It should be noted that all expenditures and revenue sources that pertain to fund balance other than unrestricted are excluded (e.g. any receipt or use of bond funds are not included in the calculation below as they are treated as restricted fund balance).

Benefit of this Method: This method identifies if the Borough is maintaining adequate levels of fund balance to mitigate current and future risks (e.g. revenue shortfalls and unanticipated expenditures) and ensures stable tax rates.

| Table 3. | | | | | | |

| Projected 12/31/22 unassigned fund balance as % of annual operating expenses (based on | | 4.42.0 | | | | |
| '22 Budget) | 70.34% | 162.92% | 149.96% | 245.29% | 11.98% | 138.02% |

Method 2: Budgetary Fund Balance

The Borough developed and utilizes this measurement to indicate what our available cash reserves would be through the end of the 2022 budget year. This indicates what we have available to repay long-term debt, reduce property taxes, add new programs, expand existing programs, or otherwise enhance the financial position of the Borough in accordance with other established policies. The method of calculation is similar to the Audited Annual Report Fund Balance method above, however the starting balances are cash balances that are not restricted or reserved for other purposes.

Benefit of this Method: This method identifies if the Borough is maintaining adequate cash reserve levels to mitigate short-term risks (e.g. unexpected expenditures) and ensures that the Borough has enough in emergency reserves to cover an extended period of unfunded operating expenses.

Fund Balance Change Analysis

In 2022, the General, Stormwater, and Solid Waste Funds each anticipate a change greater than 10% in projected fund balances. An analysis of those changes follow:

General Fund: The General Fund anticipates a decrease in fund balance of 12.58%. Fund balance is projected to be \$6,352,504 and Councils goal for the end of 2022 is \$2,928,765. This decrease is attributable to a use of cash reserves to pay for one-time expenses totaling \$390,391 and operating expenses totaling \$523,917. It is not a typical practice for the Borough to rely on fund balance reserves to balance the operating budget. However, due

to the available fund balance reserves in excess of councils established goals and to help reduce the financial burden on citizens relating to the economic decline resulting from the COVID-19 pandemic the current budget reflects a use of available reserves to delay the need to raise taxes.

In recent years, budgets were built with an anticipated budget deficit but responsible budget management have enabled the Borough to reduce costs throughout the year and end the year better than expected. An example of this, seen in our 2020 audited financial statements, reflects a budgeted use of fund balance reserves totaling \$581,020 instead ending the year with a surplus of \$499,545. This was achieved by reducing costs including delaying hiring's.

The Borough will continue to monitor actual fund activity and utilize past performance, future requirements, and the economic climate to determine when an appropriate tax increase will be necessary. Without a change, the current anticipated depletion of fund balance reserves is 2026 and the first year to not meet council's goal is 2024. A tax rate increase of .60 mills are required to offset the current year deficit and allow for fund balance reserves above councils goal through 2026.

Stormwater Fund: The Stormwater Fund, established in 2019, has significant capital needs that have not materialized as scheduled due to available Borough resources. This includes staffing limitations as well the impact of the COVID-19 pandemic. The Budget Fund Balance Projections show that we will be at 121.34% reserves as a percent of operating expenses, which will be utilized as a pay-as-you-go financing for the anticipated capital projects planned for the Borough's aging stormwater infrastructure going forward. Councils established goal for fund balance reserves as a percent of operating expenses to be 25% or \$354,435.

Solid Waste Fund: In 2022, the Solid Waste fund will continue to be impacted by the large price increase on the collection of solid waste and recycling that occurred in 2019. In recent years, the recycling market has become more expense resulting in pass through costs to the Borough and its residents. As a result, the price per bag to residents increased from \$3.75 to \$5.85 to reflect the increase in costs.

The current price of \$5.85 is not sufficient to cover the cost of the Solid Waste operations and the Borough made a calculated decision to utilize available fund balances to offset the current cost increase. Part of the decision to utilize fund balance reserve results from the true need for fund balance reserves being minimal given there is little need for emergency funds. The fund balance reserves created the flexibility to adjust for unexpected market changes and to allow for a smoothing in price changes. The Borough anticipates that additional increases or adjustments to services in the coming years will combat the continued need to use fund balance reserves. Councils established goal for fund balance reserves as a percent of operating expenses to be 25% or \$359,294.

2021

General Fund Summary

Fund Description:

The General Fund is the largest governmental fund and is the Borough's chief operating fund. This fund is used to account for all financial transactions except those required to be accounted for in another fund. Departments included in this fund include Administration, Finance, Fire, Police, Public Works, Community Planning & Economic Sustainability, and Parks & Recreation. This is a budgeted fund, and any unrestricted fund balances are considered resources available for use.

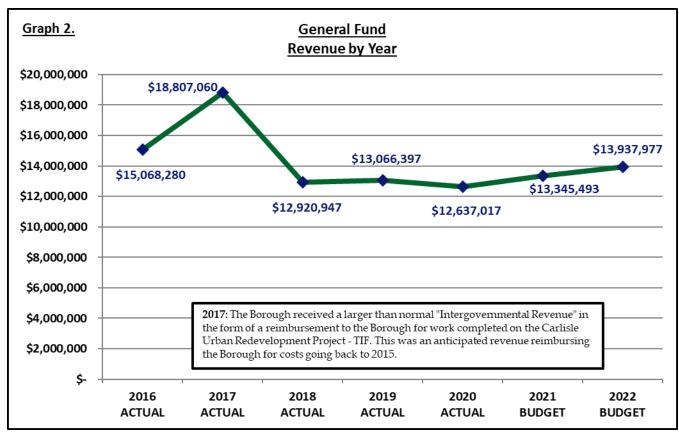

FUND HIGHLIGHTS

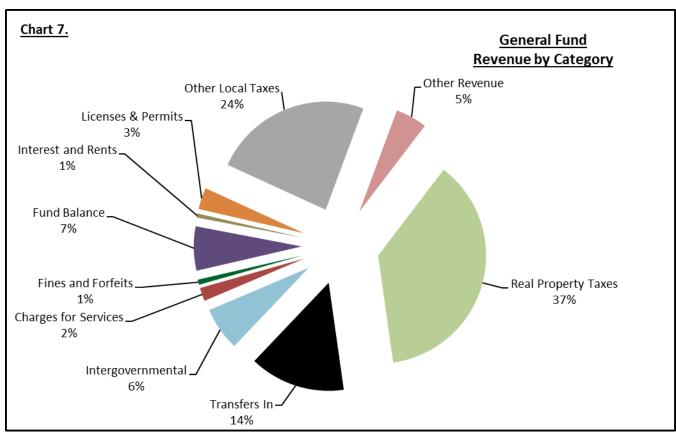

- **Revenues:** The 2022 general fund budget anticipates that revenues will increase by approximately \$162,230 or 1.49% (net of transfers and fund balance) which can be attributed to an increase in "Intergovernmental Revenue" related to the use of grant funding made available by the American Rescue Plan.
- **Tax Rate:** The tax rate is not proposed to change in the 2022 Budget. The last time the tax rate was adjusted occurred in 2017 when the fire tax rate increased.
- **Expenditures:** The 2022 general fund budget anticipates that expenditures will increase by approximately \$592,484 or 4.44% which is primarily attributed to transfers to the Capital Projects Fund, rising costs of health care (a 6.6% premium increase in 2022), and the costs associated with implementing and improving governmental services.
- Budget Deficit: The Borough has had a budget deficit over the last several years given
 the last tax rate increase was in 2017 and revenues are no longer sufficient to cover the
 operating costs of the General Fund and the Capital Projects Fund. Successful budget
 management in the past several years resulted in a net surplus rather than the expected
 deficit. The reserves of the General Fund continue to exceed council's goal but are
 regularly monitored for indication of trend shifts.
- Capital Projects: Beginning in 2017, all general capital projects are recorded in the Capital Projects fund. No capital projects are recorded in the general funds 2022 Budget. However, capital project needs not funded through debt issuances or grants are funded through General Fund Transfers.
- **Debt Service:** Debt service recorded in the general fund is related to capital projects purchased prior to 2017. All new capital debt is recorded in the capital projects fund, which was established in 2017. The debt service of the capital projects fund is paid for through transfer out of the general fund to the Capital Projects fund.

Major revenue sources in the General Fund consist of real estate taxes, earned income taxes, transfers, intergovernmental revenue, fund balance, and local services tax all of which are detailed below. Bond proceeds were shown in the General Fund through 2016 but this practice was discontinued when the Capital Projects Fund was established in 2017 resulting in all new governmental capital debt being budgeted and recorded in that fund.

| Major Revenue Sources | | | | | |

1. Real Estate Taxes

Real estate taxes are a major source of revenue for Carlisle's general fund. The basic formula to determine the municipality's real estate taxes is calculated in the three step calculation outlined below:

| Budget Real Estate Tax Revenue Calculation | | | | | |
|--------------------------------------------|-------------------------------------------|--|--|--|--|
| | Market Value of Real Property in Carlisle | | | | |
| x | Assessment Ratio | | | | |
| = | Assessed Value | | | | |
| | Assessed Value | | | | |
| x | Tax Rate | | | | |
| = | Taxes Collectible | | | | |
| | Taxes Collectible | | | | |
| x | Collection Factor | | | | |
| = | Real Estate Taxes Budgeted | | | | |

In Pennsylvania, counties manage real estate assessments. Each class of county is subject to a special assessment law. In each county, a board is established to supervise, equalize and revise assessments, and to hear appeals. As a third class county, Cumberland

County's supervisory body is the board of assessment appeals, composed of three members appointed by the county commissioners to four-year terms.

Market Value of Real Property

In arriving at a proper valuation of real estate for tax purposes, there is a two-step procedure involved:

- 1. The market value of a property must be established.
- 2. The established, predetermined ratio must then be applied to determine the property's assessed value.

Fact!

All real estate property in Cumberland County is assessed at 100% of the 2010 base year value.

For the purpose of real estate taxation, assessment consists of placing a valuation on real property and then applying the assessment ratio. The assessment laws call for the valuing of properties at full or market value, at the rates and prices for which the properties would separately sell in a bona fide transaction. To establish actual value the county may use current year market values or it may adopt a base year for market values. The base year can be the year of the most recent countywide reappraisal or it can be another designated prior year. All real property values must be equalized in terms of base year values if current year market values are not used. In arriving at actual value, the county may use all three accepted assessment methods: cost (reproduction or replacement, as applicable less depreciation and all forms of obsolescence); comparable sales; and income.

> Assessment Ratio

Once the property is valued the county applies its established predetermined ratio to calculate the assessment. The established predetermined ratio is the ratio of assessed to actual value set by the board of county commissioners. Cumberland County's ratio is 100 percent. The county may change the predetermined ratio without reevaluating all the properties, retaining the same base year for market values. Such a change constitutes a countywide revision of assessments requiring a notice to all property owners.

Assessment laws provide for the establishment of a predetermined ratio of assessed to market value not to exceed 100 percent for first through eighth class counties. All

properties within the taxing district must be uniformly assessed at a similar ratio in order to satisfy the requirements of Article VIII, Section I of the Pennsylvania Constitution which provides that all taxes must be uniform on the same class of subjects within the territorial limits of the authority levying the tax. The controlling principle in matters of valuation is that no one taxpayer should pay any more or less than their proportionate share of the cost of government. Equalization may require periodic reappraisals of all parcels within the county, initiated at the discretion of the county commissioners.

When the county assessment board receives the assessment roll, revisions may be made for the sake of equalizing valuations from property to property or from local unit to local unit. The county then prepares a master duplicate of all real estate assessments in the county by district, showing the name of the property owner, address, property location and assessed valuation. The assessment rolls are open to public inspection.

Counties are required to furnish assessment rolls to local taxing districts for purposes of taxing real estate and occupations. Final delivery date of this information is November 15 of the previous year. Each taxing authority prepares its own duplicate, calculating the amount of tax due on each property and person on the basis of assessed valuations of real estate and occupations determined by the proper assessing authority.

> Tax Rates

The Home Rule Charter of Carlisle requires the Borough to levy real estate taxes pursuant to the limitations established by the Pennsylvania Borough Code. Therefore, Borough Council has the authority to annually levy and collect a real estate tax, not exceeding thirty mills (\$30.00/\$1,000 of assessed value) for general borough purposes. Borough Council may also levy real estate taxes for any of the following purposes:

- **Debt Service** annual tax sufficient to pay interest and principal on any indebtedness incurred pursuant to 53 Pa.C.S. Pt. VII Subpt. B (relating to indebtedness and borrowing) or any prior or subsequent act governing the incurrence of indebtedness of the borough
- **Pensions** provide for pensions, retirement or the purchase of annuity contracts for borough employees, not exceeding one-half mill (\$.50/\$1,000 of assessed value)
- Shade Trees defray cost and expenses of caring for shade trees, not exceeding one-tenth mill (\$.10/\$1,000 of assessed value)
- **Street Lighting** for lighting and illuminating the streets, highways and other public places, not exceeding eight mills (\$8.00/\$1,000 of assessed value)
- **Utilities** for gas, water, & electric light, not exceeding eight mills (\$8.00/\$1,000 of assessed value), such additional millage permitted only following a favorable referendum on the matter held in accordance with the election laws of Pennsylvania

- **Fire** for the purchase of fire engines, fire apparatus and fire hose for the use of the borough, or for assisting any fire company in the borough in the purchase, renewal or repair of any of its engines, fire apparatus or fire hose, for the purposes of making appropriations to fire companies both within and without the borough and of contracting with adjacent municipalities or volunteer fire companies therein for fire protection, for the training of fire personnel and payments to fire training schools and centers or for the purchase of land upon which to erect a fire house, or for the erection and maintenance of a fire house or fire training school and center of fire houses, not exceeding three mills (\$3.00/\$1,000 of assessed value)
- **Fire Facilities** for building a fire house, fire training school and center, lockup or municipal building, not exceeding two mills (\$2.00/\$1,000 of assessed value), such additional millage permitted only following a favorable referendum on the matter held in accordance with the election laws of Pennsylvania
- **Library** establish and maintain local library or to maintain or aid in the maintenance of a local library established by deed, gift or testamentary provision, for the use of the residents of the borough, in accordance with the act of June 14, 1961 (P.L.324, No. 188) known as The Library Code
- **Emergency Services** for the purpose of supporting ambulance, rescue and other emergency services serving the borough, not to exceed one-half mill (\$.50/\$1,000 of assessed value)
- Permanent Street Improvements for the purpose of creating and maintaining a
 special fund, to be used by the borough in making permanent street
 improvements, and pay by contract prices for paving and other permanent street
 improvements, prior to the collection of the cost and expense or any part thereof
 from the property owners adjoining or abutting thereon by the borough under
 existing laws, not to exceed five mills (\$5.00/\$1,000 of assessed value)

The proceeds of all taxes for which additional millage is authorized must be kept in separate funds and used only for the purposes for which they were established until the tax is abolished according to law. Currently, Carlisle only levies a fire tax from the above list in addition to real estate taxes for general purposes.

Unlike income and sales taxes, the real estate tax base does not grow unless real estate is reassessed by the county or unless there is significant development, which does not usually occur in older communities such as Carlisle. Therefore, as expenses for vital services increase or other revenues decrease, there is no way to increase revenues without increasing the real estate tax rate. Because raising the real estate tax rate is the only available option to significantly raising revenues, increases to the rate are disproportionate in relation to increases in expenditures.

The dramatic impact that real estate taxes have in relation to increases in operating expenditures can be illustrated by the following example: Assume general fund expenditures in a year are approximately \$10,000,000 and the real estate taxes are approximately \$4,600,000 in that year. If general fund expenditures increase by 3% (or \$300,000) and all other revenue sources remain flat, real estate taxes must be increased by 7% to fund a 3% increase in expenses.

While a 7% tax increase may seem excessive for a single year, this would be the only alternative to increase revenues in order to fund a reasonable increase of 3% in expenses when other revenues remain flat or decline.

Carlisle's tax rate for general purposes tax is 3.058 mills (\$3.058/\$1,000 of assessed value). As mentioned previously the maximum tax rate allowed by the Pennsylvania Borough Code for general purposes is 30 mills (\$30.00/\$1,000 of assessed value). Carlisle's tax rate for the fire tax is .437 mills (\$.437/\$1,000 of assessed value). The maximum tax rate allowed by the Pennsylvania Borough Code for the fire tax is 3 mills (\$3.00/\$1,000 of assessed value).

The total combined real estate tax rate is 3.495 mills (\$3.495/\$1,000 of assessed value). A taxpayer owning real property assessed at \$100,000 would pay the Borough \$349.50 in real estate taxes each year in addition to real estate taxes paid to the county and school district.

> Tax Rate Change Consideration

Each year the Borough evaluates the revenue needs of the General Fund going forward as well as its historical performance. The General Fund has a structural deficit which has been shown as a drawdown of fund balance reserves over the last several years. The Borough has made significant efforts to reduce the budget deficit without raising taxes and has successfully ended the prior two years with a net surplus. This requires the diligent monitoring of expenditures and eliminating costs where able.

Given the availability of fund balance reserves above council's goals and the successful management of costs over the last several years, we are not proposing a tax increase in the 2022 budget and are instead choosing to balance the budget with available fund balance reserves.

Collection Factor

For purposes of calculating the appropriate amount of real estate tax to include in the budget, the Borough assumes a collection factor of 97.0%. The collection factor is based on historical performance.

> Summary

Cumberland County releases certified assessments in the November prior to the tax/budget year. The preliminary current assessed value as determined by Cumberland County is \$1,495,929,900.

| | 2022 Budget Real Estate Tax Revenue Calculation | | | | |
|---|-------------------------------------------------|-------------|----------------------------------------------------|--|--|
| | \$ 1, | 495,929,900 | Market Value of Real Property in Carlisle | | |
| x | | 100% | Assessment Ratio | | |
| = | \$ 1, | 495,929,900 | Assessed Value | | |
| | \$ 1, | 495,929,900 | Assessed Value | | |
| x | | 3.495 | Tax Rate (3.058 general purposes and .437 fire tax | | |
| = | \$ | 5,228,275 | Taxes Collectible | | |
| | \$ | 5,228,275 | Taxes Collectible | | |
| x | | 97% | Collection Factor | | |
| = | \$ | 5,071,427 | Current Real Estate Taxes Budgeted | | |

As shown above the budget current real estate taxes are \$5,071,427. The Cumberland County Tax Claims Bureau pursues all real estate taxes that are not collected during the year in which they are assessed which results in additional real estate tax revenue collected each year. Based on historical collection rates, the Boroughs 2022 budget includes \$137,292 in anticipated delinquent real estate tax revenue resulting in a total real estate tax budget of \$5,208,719.

Real estate taxes for general purpose are estimated to be \$4,558,331 for 2022 and are used for all programs and activities in the general fund including, but not limited to, general administration, police, public works, and parks and recreation. Real estate taxes from the fire tax are estimated to be \$650,388 and are used to partially fund the Borough's two volunteer fire companies.

For 2022, approximately 37.37% of the Borough's general fund operating expenditures will be funded by real estate taxes.

2. Earned Income Taxes

The Local Tax Enabling Act (Act 511 of 1965) authorizes municipalities and school districts to levy taxes on earned income. The tax is levied on the wages, salaries, commissions, net profits or other compensation of persons subject to the jurisdiction of the taxing body. Municipalities and school districts levying earned income taxes may exempt persons whose income from all sources is less than \$5,000 per year from the earned income tax. The exemption must be adopted as part of an amendment to the tax-levying ordinance or resolution. Local taxing bodies have the authority to adopt regulations for processing exemption claims.

Earned income taxes are a significant source of revenue for Carlisle's general fund. For 2022 the Borough will receive approximately \$2,187,970 in taxes on one half percent (.5%) of residents earned income and one percent (1%) of non-residents earned income.

For 2022, approximately 15.70% of the Borough's general fund operating expenditures will be funded by earned income taxes.

In general, all jurisdictions taxing earned income taxes under Act 511 are limited to one percent (1%). Where both a municipality and its school district levy the tax, the one percent limit must be shared on a 50/50 basis unless otherwise agreed to by the taxing bodies.

In 2008 Pennsylvania passed Act 32 dramatically altering the collection of local earned income taxes. Act 32 established state-wide uniformity in tax rules, procedures, and forms and required that there can only be one earned income tax collector per county. Prior to Act 32 there were approximately 569 earned income tax collectors in Pennsylvania; currently, there are approximately 70. Cumberland County Tax Bureau serves as the Borough's earned income tax collector.

In addition to reducing the number of tax collectors, Act 32 also improved accountability with the collection and distribution of income taxes using the following provisions:

- tax officers must keep records of every dollar received and distributed and submit monthly reports accounting for each dollar
- annual audit required to reconcile monthly reports and the receipt and disbursement of all taxes, as well as, findings of noncompliance if applicable
- bonding for the tax officer is required in compliance with established regulations
- fines and penalties are provided in cases where the tax officer fails to comply
- tax collection committees are required to appoint an appeals board to hear appeals of tax officer determinations
- tax officers will continue to use existing enforcement provisions and be provided with new tools to pursue claims against those that fail to comply
- The Pennsylvania Department of Revenue is required to enter into an agreement with each tax collection district for the exchange of tax information on a yearly basis
- If the tax officer fails to comply with Acts 511 and 32, increased fines and penalties are provided for, including possible jail time

3. Local Services Tax

Another Act 511 tax is the local services tax. The Borough receives approximately \$725,000 per year from the local service tax. This annual tax of \$52 is assessed on any individual who is employed in a municipality. In other words, the local services tax is determined by where a taxpayer <u>works</u> not by where a taxpayer <u>lives</u>. The local services tax provides direct funding to Pennsylvania municipalities for police, fire, and other

municipal services. Cumberland County Tax Bureau collects the tax from employers then remits the appropriate amount to the Borough.

For 2022, approximately \$713,043 or 5.12% of the Borough's general fund operating expenditures will be funded by Local Services Tax.

4. Intergovernmental Revenue

From time-to-time the Borough receives revenue from the state government and the federal government. This revenue can be in the form of *categorical* funds for annually

recurring purposes or *discretionary* funds for specially identified projects or activities. Recurring categorical funds are discussed below. Beginning in 2017 most discretionary intergovernmental revenue are shown in the capital projects fund.

> State Funding

Recurring categorical funding provided by the state includes contributions to Borough pension funds, and firemen's relief funds.

• Contribution to Borough Pension Plans – The Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984) requires Pennsylvania municipalities participating in the general municipal pension system state aid program to certify certain information to the state auditor general each year. This information includes the total number and earnings of full-time police officers, paid firefighters, and non-uniformed employees who are members of a municipal pension plan. Funds are allocated to municipalities based on the number of personnel employed by the municipality. A unit value is established by the state each year to determine funding amounts available. Uniformed police officers receive twice as much unit value as a non-uniformed employee, primarily due to the higher cost of a uniformed employee's pension as compared to a non-uniform employee's pension.

Approximately \$652,430 is estimated to be received in 2022.

• **Firefighter's Relief** – Act 205 of 1984 requires municipalities wanting to receive a distribution of the foreign fire insurance tax to certify whether its fire protection service is provided solely by paid or by volunteer firefighters, or if provided by both, the percentage of actual fire protection service provided by each type of firefighter.

Approximately \$95,242 is estimated to be received in 2022.

> Federal Funding

Community Development Block Grant

The Borough qualifies for participation in the federal Community Development Block Grant (CDBG) program. As part of the CDBG 2021 program year award, a total of \$371,330, the Borough allocates approximately \$107,850 to reimburse itself for program related costs. The remainder of the CDBG program award is not directly budgeted in this document and is instead managed and tracked by the Cumberland County Housing and Redevelopment Authority on behalf of the Borough.

The Borough also budgeted approximately \$15,000 in CDBG-CV program awards to reimburse the Borough for eligible program related costs in the general fund. A share of CDBG-CV funds will also be used in the parking fund totaling \$25,000 for fiscal year 2022.

o Coronavirus State and Local Fiscal Recovery Funds (American Rescue Plan)

The Borough of Carlisle is a recipient of the federal Coronavirus State and Local Fiscal Recovery Funds issued under the American Rescue Plan. The Borough was awarded a total of \$9,186,671 in federal funding which was split into two tranches. The Borough received the first tranche in 2021 totaling \$4,593,335.50. A second tranche of the same amount is anticipated in the summer of 2022.

Borough Council will be meeting in early 2022 for their biennial goal planning session where they will determine what projects to fund with this grant allocation. The Borough is eligible to allocate \$4,567,387 of the federal funding received for revenue loss replacement to fund general government services.

By the end of 2021, the Borough anticipates allocating nearly \$620,000 of this revenue loss replacement funding to general government services to assist the Borough in costs related to the tax increment financing project. The need for this funding resulted from slow development and a downturn in the economy resulting in a need for additional revenue sources.

The Borough also allocated nearly \$730,516 in the 2022 Budget as follows:

| Coronavirus State and Local Fiscal Recovery Funds (American Rescue Plan) | | | | | |
|--------------------------------------------------------------------------|----------------------------------------------------------------|----|---------|--|--|
| Fund | Description | | | | |
| General Fund | Improvements to Cybersecurity | \$ | 31,000 | | |
| General Fund | Co-Responder Pilot Program | | 100,000 | | |
| Capital Projects Fund | Record Management Program (part of Co-Responder Pilot Program) | | 99,516 | | |
| Stormwater Fund | Capital: Bedford and E Street Transportation Improvements | | 500,000 | | |
| | | | | | |
| | Total used in 2022 Budget: | \$ | 730,516 | | |

5. Transfers

Several Borough departments provide administrative services to multiple funds, but the expenses for these departments are paid from the general fund. So that Borough ratepayers and taxpayers will be charged equitably for these services, the Borough allocates a portion of these department expenses to other funds. The other funds then reimburse the general fund for each fund's respective portion of the administrative expense.

For example, expenses related to Borough Council oversight are paid 100% from the general fund. However, Borough Council provides oversight of the Borough's water, stormwater, sewer, parking, and solid waste funds in addition to the general fund. In order to ensure that each fund pays its appropriate share, the Borough allocates expenses related to Borough Council oversight as follows: general fund, 25%; water fund, 24%; stormwater 25% sewer fund, 24%; parking fund, 1%; and solid waste fund, 1%.

Programs and activities included in the transfer calculation include Borough Council, the manager's office, the department of finance, legal services, human resources and risk management, information technologies, borough hall maintenance, and public works administration. Expenses included in the calculation are wages, benefits (medical, dental, vision, supplemental insurances, retirement), and operating expenses.

For 2022, the amount to be transferred by other funds to the general fund as repayment for administrative expenses is estimated at \$1,875,328.

6. Fund Balances

From time-to-time and in accordance with GASB statements Borough Council designates certain balances in the general fund as either assigned or committed for specific purposes. In addition, certain balances in the general fund are designated as "restricted" by law or other enforceable constraints.

For 2022, it is anticipated that the General Fund will utilize fund balance as a source for funding the Capital Projects Fund and certain debt service related costs of the General Fund shown in the table below. While debt service is an operating cost and would normally not be funded through reserves, it was determined that in the 2022 Budget reserves were a suitable source of funding given the availability of fund balance reserves

beyond councils established goals and due to the surplus in reserves achieved over the past several years.

| Fund Balance Use Breakout | | | | | | |
|-----------------------------------------|----|--------------|-----------|--|--|--|
| | | | | | | |
| General Fund: | | 2022 | 2021 | | | |
| Fund Balance Use | \$ | 914,308 \$ | 630,113 | | | |
| Allocation: | | | | | | |
| One-Time Funding - Capital Projects | \$ | (340,391) \$ | - | | | |
| One-Time Funding - Carlisle Seal Change | | (50,000) | - | | | |
| Operation Funding - Debt Service | | (523,917) | (630,113) | | | |

Water Fund Summary

Fund Description:

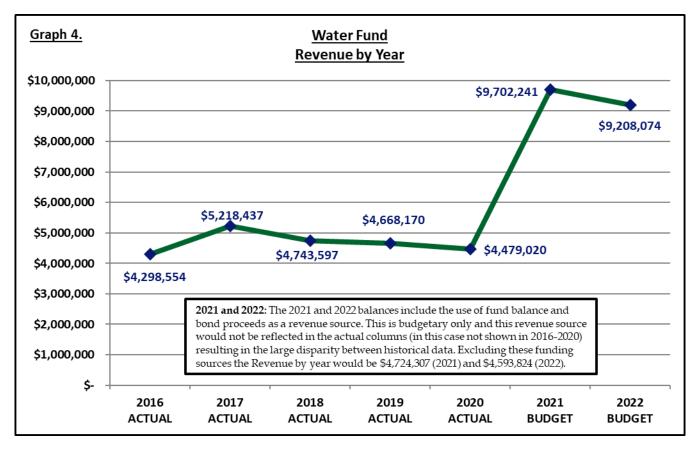

The Water Fund is used to account for the financing of water and related services, including water treatment, conveyance of potable water to customers, and laboratory services, to the Borough, its residents, business establishments and various customers within the proximity of the Borough. Departments included in this fund include Administration, Finance, and Public Works.

FUND HIGHLIGHTS

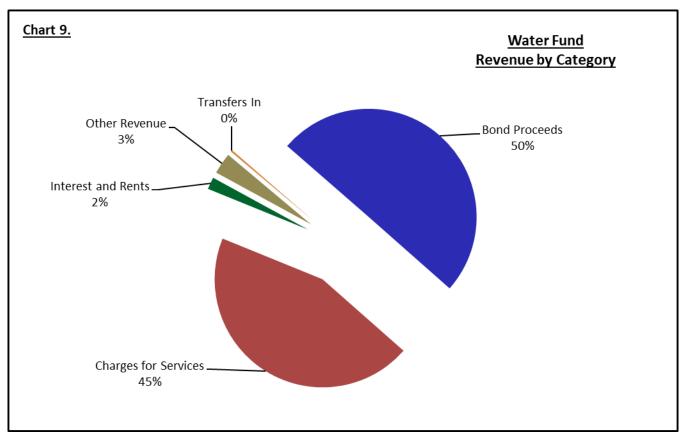

- **Revenues:** The 2022 water fund budget anticipates that revenues will decrease by approximately \$130,483 or 2.76% (net of fund balance and bond proceeds) which can be attributed to a decline in water usage over the last few years and the 2022 Budget reflecting this usage decline.
- Water Rate: The water rate is proposed to increase 3.48% in 2022 a change per 100 cubic feet of \$5.75 to \$5.95.
- **Expenditures:** The 2022 water fund operating budget anticipates that expenditures will increase by approximately \$49,241 or 1.18% which is primarily attributed to rising costs of health care (a 6.6% premium increase in 2022) shown in the "Salaries, Wages, & Benefits" line items.
- **Budget Surplus:** The water fund includes an anticipated budget surplus of \$54,603.
- Capital Projects: The 2022 water fund budget includes an anticipated increase of \$598,011 in capital projects. The primary changes are related to increased costs related to rebuilding the aging water distribution system.
- **Debt Service:** No new debt issuances are budgeted to occur in 2022 and use of bond proceeds will be solely from available proceeds of past issuances.

| | | | | | | | | | |

MAJOR REVENUE SOURCES

Major revenue sources in the water fund consist of charges for services and bond proceeds which are detailed below.

| Major Revenue Sources | | | | | | | |
|--------------------------|-----|-----------|------------|--|--|--|--|
| | | | Percentage | | | | |
| Revenue Source | 202 | 22 Budget | of Revenue | | | | |
| Charges for Services | \$ | 4,110,737 | 44.64% | | | | |
| Bond Proceeds | | 4,614,250 | 50.11% | | | | |
| Total Major Revenues | \$ | 8,724,987 | 94.75% | | | | |
| | | | | | | | |
| Total Water Fund Revenue | \$ | 9,208,074 | | | | | |

1. Charges for Services

The primary source of revenue for the Borough's water fund is water sales shown as charges for services. In 2022, slightly more than \$4.1 million is estimated to come from metered sales. Metered sales pay for approximately 45% of total fund expenditures.

The Borough reads the water meter for each of its more than 6,600 accounts quarterly. Ratepayers are billed based on actual water usage.

> Rate Change Consideration

Water usage is billed on a per 100 cubic feet basis which translates to roughly 748 gallons of water for \$5.75 in 2021. The cost to customers for safe drinking water is less than 1¢ per gallon.

In 2018, the Borough hired the consulting firm Gannett Fleming to perform a water and sewer rate study. In the scope of this study, Gannett Fleming considered both the rate structure and billing practices. The conclusion of the study called for rate increases as follows:

| Year | Proposed Increase |
|------|-------------------|
| 2019 | 0% |
| 2020 | 3.54% |
| 2021 | 3.42% |
| 2022 | 3.48% |

Each year during the budget, the Borough reviews the data provided by Gannet Fleming to determine the reasonableness of the assumptions made and evaluate the reasonableness of a rate increase. It was determined during the 2022 budget preparation that a rate increase would be appropriate to propose given the significant costs facing this fund due to the aging infrastructure and the costs associated with the rehabilitation of the water lines.

For 2022, a proposed rate increase of 3.48% is included in the budget. This would change the billing rate from \$5.75 per 100 cubic feet to \$5.95 per 100 cubic. According to the EPA, a typical person uses approximately 7,920 gallons per quarter (1100 billable cubic feet). Using this information a single user in 2021 would see a typical bill of \$63 and a family of four would have seen a bill of \$253. In 2022, the single user could expect to see a \$65 quarterly bill (\$2 increase) and the family of four could expect a quarterly bill of \$262 (\$9 increase).

2. Bond Proceeds

The Borough of Carlisle regularly evaluates its capital improvement plan to determine upcoming capital needs. In conjunction with this evaluation, the Borough also considers how these projects will be funded. Proceeds from bond issues account for the capital projects paid for with debt proceeds included in the budget. The amount varies from year to year based on the capital projects planned for the Borough.

For 2022, the Borough does not anticipate issuing any new bonds but instead will allocate existing available bond proceeds currently held in fund balance (approximately \$4,614,250) to cover the capital needs of this fund.

The debt section of this budget goes into further detail on the debt needs of this fund but it is anticipated that future debt needs will be as follows:

| Year | New Borrowing Needs |
|------|---------------------|
| 2023 | \$1,643,732 |
| 2025 | \$3,220,000 |

The current total principal balance of outstanding debt in the water fund is \$11,453,690.

Stormwater Fund Summary

Fund Description:

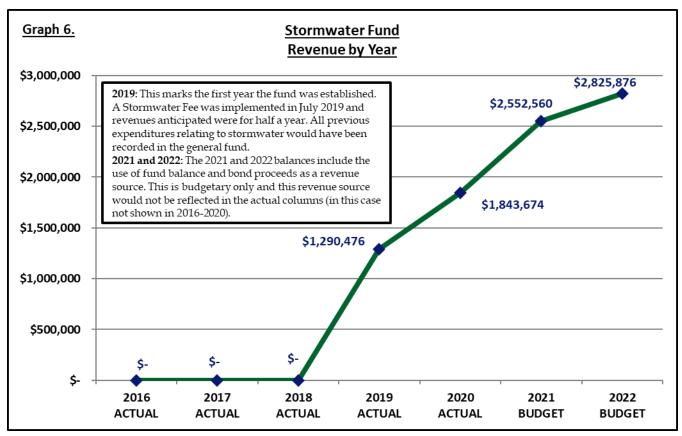

The Stormwater Fund is used to account for the financing of stormwater management and related services as they relate to the Borough, its residents, business establishments and various customers within the proximity of the Borough. This fund was first established in 2019. Departments included in this fund are Finance and Public Works.

FUND HIGHLIGHTS

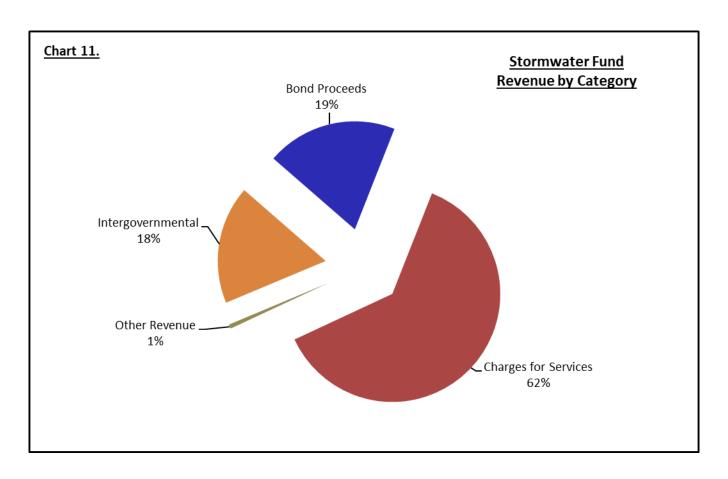

- **Revenue:** The Stormwater fee will see increases in revenue only as it relates to capital project funding through federal grant dollars and use of existing bond funds.
- **Stormwater Fee:** No changes are being proposed for the Stormwater Fee in the 2022 budget.
- **Expenditures:** Operating expenditures are anticipated to decrease in 2022 by approximately \$134,421 or 8.66% due to better than anticipated debt service rates achieved in the 2021 debt issuance.
- **Budget Surplus:** The stormwater fund includes an anticipated budget surplus of \$346,885.
- Capital Projects: The 2022 stormwater fund budget includes an anticipated increase of \$209,963 in capital projects. The primary changes are related to increased costs related to rebuilding the aging stormwater collection system.
- **Debt Service:** No new debt issuances are budgeted to occur in 2022 and use of bond proceeds will be solely from available proceeds of past issuances.

MAJOR REVENUE SOURCES

Major revenue sources in the stormwater fund consist of charges for services, bond proceeds, and intergovernmental revenues which are detailed below.

| Major Revenue Sources | | | | | | | |
|-------------------------------|----|-----------|------------|--|--|--|--|
| | | | Percentage | | | | |
| Revenue Source | 20 | 22 Budget | of Revenue | | | | |
| Charges for Services | \$ | 1,754,216 | 62.08% | | | | |
| Bond Proceeds | | 553,750 | 19.60% | | | | |
| Intergovernmental | | 500,000 | 17.69% | | | | |
| Total Major Revenues | \$ | 2,807,966 | 99.37% | | | | |
| | | | | | | | |
| Total Stormwater Fund Revenue | \$ | 2,825,876 | | | | | |

1. Charges for Services

The primary source of revenue for the Borough's stormwater fund is the implementation of the stormwater utility fee shown as charges for services. In 2022, it is estimated that

\$1,754,216 will come from stormwater utility fees. Stormwater fees pay for approximately 70.76% of total fund expenditures.

The Borough had a stormwater fee study performed in 2018 that was used to measure impervious surface in the Borough and establish a fee to be imposed on property owners based on the amount of impervious surface they have within the Borough. The fee was established in July 2019 and has not been modified from the original implementation amount.

A property's stormwater fee is based on the amount of impervious surface area on the property. Rooftops, walkways, patio areas, driveways, parking lots, sheds, and other hard surfaces are considered impervious surfaces. Each billing unit is set per 2,410 Square feet of impervious area.

Single Family Residential Properties are billed on a tiered basis.

Tier 1 Property: Less than 1,800 square feet of impervious area; \$10.50 per quarter **Tier 2 Property:** 1,800 to 3,600 square feet of impervious area; \$21.00 per quarter **Tier 3 Property:** Greater than 3,600 Square feet of impervious area; \$31.50 per quarter

Non-single Family Residential Properties will be charged quarterly \$21.00 for each 2,410 square feet of impervious area.

2. Bond Proceeds

The Borough of Carlisle regularly evaluates its capital improvement plan to determine upcoming capital needs. In conjunction with this evaluation, the Borough also considers how these projects will be funded. Proceeds from bond issues account for the capital projects paid for with debt proceeds included in the budget. The amount varies from year to year based on the capital projects planned for the Borough.

For 2022, the Borough does not anticipate issuing any new bonds but instead will allocate existing available bond proceeds currently held in fund balance (approximately \$553,750) to cover the capital needs of this fund.

The debt section of this budget goes into further detail on the debt needs of this fund but we anticipate that future debt needs will be as follows:

| Year | New Borrowing Needs |
|------|---------------------|
| 2023 | \$871,750 |
| 2025 | \$420,000 |

The current total principal balance of outstanding debt in the stormwater fund is \$1,304,259.

3. Intergovernmental Revenue

From time-to-time the Borough receives revenue from the state government and the federal government. Most recently, the Borough was a recipient of federal grant dollars under the American Rescue Plan Act, which are eligible to be used towards stormwater infrastructure improvements. The 2022 Budget incorporates an anticipated use of these funds towards capital needs totaling \$500,000.

Sewer Fund Summary

Fund Description:

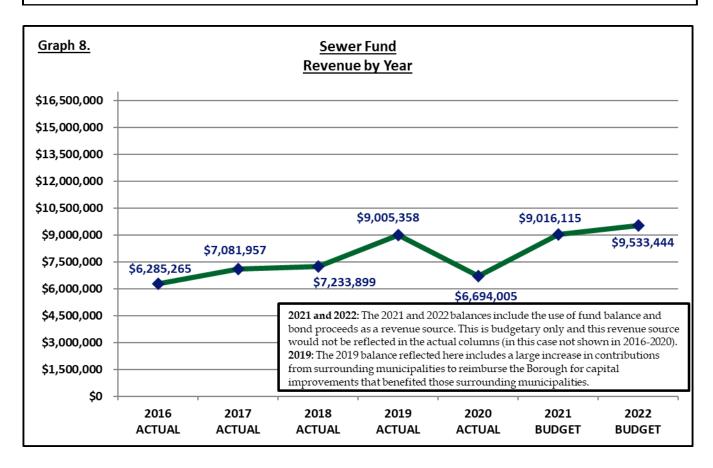

The Sewer Fund is used to account for the financing of wastewater collection, conveyance, and treatment services, including laboratory analysis, for the Borough, its residents, business establishments and various customers within the proximity of the Borough. Departments included in this fund are Administration, Finance, and Public Works.

FUND HIGHLIGHTS

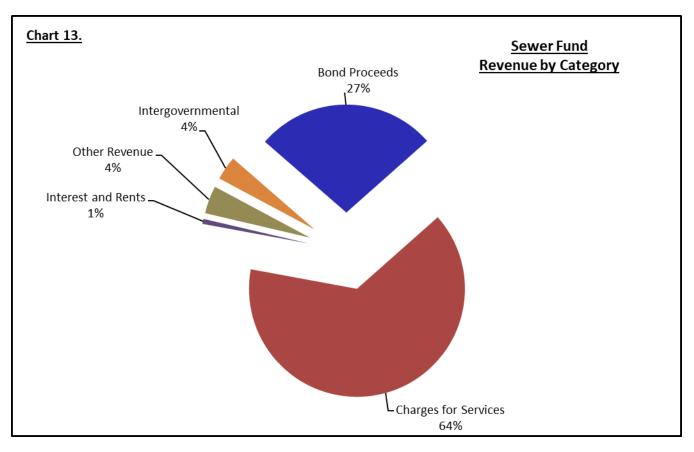

- **Revenues:** The 2022 sewer fund budget anticipates that revenues will increase by approximately \$91,679 or 1.34% (net of fund balance and bond proceeds) which can be attributed to an increase in anticipated contributions from partners in the Borough's inter-municipal agreement to pay for capital costs. The inter-municipal partners only pay towards the capital that can be attributed to their share of the service line.
- **Sewer Usage Rate:** The sewer rate is proposed to increase 3.37% in 2022 a change per 100 cubic feet of water consumption at \$7.41 to \$7.66.
- **Expenditures:** The 2022 sewer fund operating budget anticipates that expenditures will decrease by approximately \$110,823 or 1.94% (net of capital expenditures). This can primarily be attributed to savings achieved during the 2021 debt issuance that reduced overall debt service requirements.
- **Budget Surplus:** The sewer fund includes an anticipated budget surplus of \$361,814.
- Capital Projects: The 2022 sewer fund budget includes an anticipated increase of \$855,000 in capital projects. The primary changes are related to increased costs related to rebuilding the aging sewer collection and conveyance system.
- **Debt Service:** No new debt issuances are budgeted to occur in 2022 and use of bond proceeds will be solely from available proceeds of past issuances.

MAJOR REVENUE SOURCES

Major revenue sources in the sewer fund consist of charges for services, intergovernmental, and bond proceeds all of which are detailed below.

| Major Revenue Sources | | | | | | | |
|--------------------------|-----|-----------|------------|--|--|--|--|
| | | | Percentage | | | | |
| Revenue Source | 202 | 22 Budget | of Revenue | | | | |
| Charges for Services | \$ | 6,144,290 | 64.45% | | | | |
| Bond Proceeds | | 2,580,376 | 27.07% | | | | |
| Intergovernmental | | 341,131 | 3.58% | | | | |
| Total Major Revenues | \$ | 9,065,797 | 95.09% | | | | |
| | | | | | | | |
| Total Sewer Fund Revenue | \$ | 9,533,444 | | | | | |

1. Charges for Services

The primary source of revenue for the Borough's sewer fund is based on metered water usage. Approximately \$6.1 million is estimated to be received in 2022 from this revenue source. This pays for approximately 66.99% of the fund's total expenditures. Budget estimates are calculated using historical information.

The Borough reads the water meter for each of its more than 6,600 accounts quarterly. Ratepayers are billed based on water usage which assumes that water usage correlates directly to sewer usage.

> Rate Change Consideration

Sewer usage is billed on a per 100 cubic feet of water consumption which translates to roughly 748 gallons for \$7.41 in 2021.

In 2018, the Borough hired the consulting firm Gannett Fleming to perform a water and sewer rate study. In the scope of this study, Gannett Fleming considered both the rate structure and billing practices. The conclusion of the study called for rate increases as follows:

| Year | Proposed Increase |
|------|-------------------|
| 2019 | 3.02% |
| 2020 | 3.35% |
| 2021 | 3.37% |
| 2022 | 0.00% |

Each year during the budget, the Borough reviews the data provided by Gannet Fleming to determine the reasonableness of the assumptions made and evaluate the reasonableness of a rate increase. It was determined during the 2021 budget preparation that the recommended increase of 3.37% not occur. As a result, it is was determined during the 2022 budget preparation that a rate increase would be appropriate to propose given the significant costs facing this fund due to the aging infrastructure and the costs associated with the rehabilitation of the sewer lines.

For 2022, a proposed rate increase of 3.37% is included in the budget. This would change the billing rate from \$7.41 per 100 cubic feet to \$7.66 per 100 cubic. According to the EPA, a typical person uses approximately 7,920 gallons per quarter (1100 billable cubic feet). Using this information a single user in 2021 would see a typical sewer bill of \$82 and a family of four would have seen a bill of \$326. In 2022, the single user could expect to see an \$84 quarterly bill (\$2 increase) and the family of four could expect a quarterly bill of \$337 (\$11 increase).

2. Intergovernmental

The Borough's wastewater treatment plant is a regional plant serving not only the Borough, but also the surrounding municipalities of Middlesex Township, South Middleton Township, and North Middleton Township. An inter-municipal agreement determines the operating and capital costs for the Borough and townships based on each municipality's share of capacity as follows: Borough of Carlisle, 58.4%; Middlesex Township, 22.8%; South Middleton Township, 14.4%; and North Middleton Township, 4.4%.

The Borough will receive approximately \$341,131 from the surrounding townships for their respective share of wastewater treatment plant expenses. Budget estimates are calculated using historical information and planned capital projects.

3. Bond Proceeds

The Borough of Carlisle regularly evaluates its capital improvement plan to determine upcoming capital needs. In conjunction with this evaluation, the Borough also considers how these projects will be funded. Proceeds from bond issues account for the capital projects paid for with debt proceeds included in the budget. The amount varies from year to year based on the capital projects planned for the Borough.

For 2022, the Borough does not anticipate issuing any new bonds but instead will allocate existing available bond proceeds currently held in fund balance (approximately \$2,580,376) to cover the capital needs of this fund.

The debt section of this budget goes into further detail on the debt needs of this fund but it is anticipated that future debt needs will be as follows:

| Year | New Borrowing Needs |
|------|---------------------|
| 2023 | \$10,932,057 |
| 2025 | \$5,567,644 |

The current total principal balance of outstanding debt in the sewer fund is \$18,067,579.

Solid Waste Fund Summary

Fund Description:

The Solid Waste Fund is used to account for the financing of services related to solid waste collection and recycling for the Borough, its residents, and commercial establishments throughout Carlisle. Departments included in this fund are Finance and Public Works.

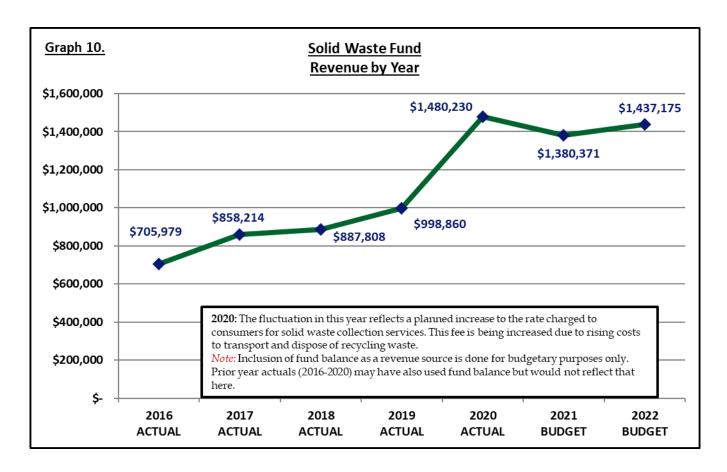

FUND HIGHLIGHTS

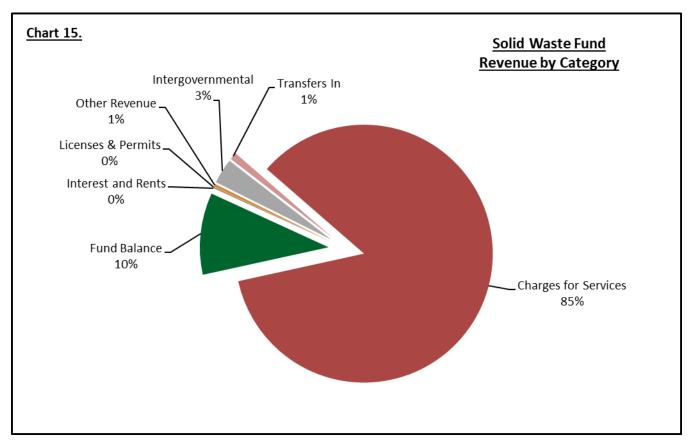

- Revenues: The 2022 solid waste fund budget anticipates that revenues will decrease
 approximately \$3,026 or .23%, which is a result of a decrease in interest revenues
 anticipated in 2022.
- **Trash Bag Rate:** The trash bag rate is not proposed to change in 2022 and will remain at \$5.85.
- **Expenditures:** The 2022 solid waste fund budget anticipates that expenditures will increase by approximately 4.12% (net of capital expenditures) which is attributable to the increase in contracted cost for solid waste and recycling collection.
- **Budget Deficit:** The 2022 solid waste budget includes a budget deficit of \$147,424.
- Capital Projects: There are no planned capital expenditures planned for 2022.
- Debt Service: No new debt issuances are budgeted to occur in 2022.

Major revenue sources in the solid waste fund consist of charges for services and intergovernmental detailed below.

| Major Revenue Sources | | | | | | | |
|--------------------------------|-----|-----------|------------|--|--|--|--|
| | | | Percentage | | | | |
| Revenue Source | 202 | 22 Budget | of Revenue | | | | |
| Charges for Services | \$ | 1,224,250 | 85.18% | | | | |
| Fund Balance | | 147,424 | 10.26% | | | | |
| Intergovernmental | | 45,000 | 3.13% | | | | |
| Total Major Revenues | \$ | 1,416,674 | 98.57% | | | | |
| | | | | | | | |
| Total Solid Waste Fund Revenue | \$ | 1,437,175 | | | | | |

1. Charges for Services

➤ Bag Sales

In 2022, the Borough will receive approximately \$1,199,250 from the sale of approximately 205,000 trash bags.

> Trash Bag Price Consideration

When Borough residents purchase trash bags at a cost of \$5.85 per bag (no change to the rate is proposed in 2022), they are receiving a contracted trash service. The Borough periodically bids for the trash bags used for this program and for waste disposal. In 2022, the Borough will pay \$0.31 per bag no change to the 2021 rate. The cost of the contracted solid waste collection will be \$6.03 per bag in 2022 (in increase from the 2021 rate of \$5.85).

A rate of \$6.00 per bag would be needed to maintain a reserve balance of \$100,000 in 2022 and a rate of \$7.30 would be needed to achieve councils 25% fund balance reserve goal.

For the convenience of its residents, the Borough has the following locations selling trash bags for \$5.85 per bag: the Borough office; Giant Food Stores; Wal-Mart; Weis Markets; Karns Food #1; CVS Stores; Carlisle Food Mart; Go Minute Stop; Carlisle Super 7; One Stop Food Mart; Quick Stop Deli; and Proud-To-Serve Mini Mart.

2. Intergovernmental

> Recycling

Residents are able to recycle by purchasing recycling bins at a cost of \$66.00 per bin as part of the trash collection program. To offset part of recycling program costs, the Borough receives approximately \$45,000 annually from a state recycling grant. The grant

is administered by the state's Department of Environmental Protection, Bureau of Waste Management, Division of Waste Minimization and Planning. The grant is based on a funding rate per ton of recyclable materials. The Borough recycles approximately 7,000 tons annually.

Historically, the solid waste fund has been able to build reserves to meet councils goal of 25% and to have sufficient funding available to smooth costs to the solid waste and recycling

program. In 2020, the Borough began utilizing fund balance to aid in the smoothing of the costs and will again propose to utilize available fund balance to close the 2022 funding gap. For 2022, the budget proposes utilizing fund balance reserves totaling \$147,424.

An evaluation will occur during 2022 that may enable the Borough to modify its program to cut costs. Council's goal is 25%. To maintain a \$100,000 reserve balance the reserves would need to be at 6.96% or a revenue increase/expense decrease of \$29,054.

2021

Parking Fund Summary

Fund Description:

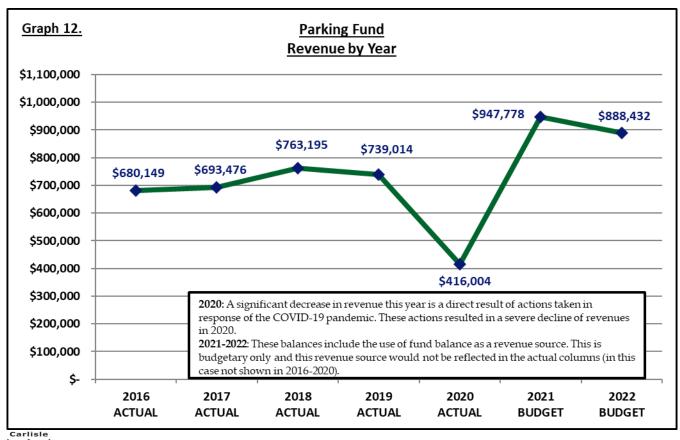

The Parking Fund is used to account for the financing of services to the general public related to regulation and control of vehicle parking in a garage, various parking lots, and parking meters throughout the Borough. Departments included in this fund include Administration and Finance.

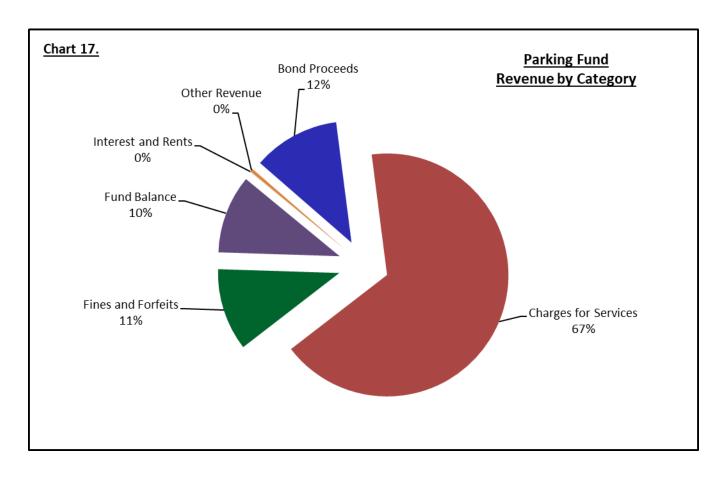

FUND HIGHLIGHTS

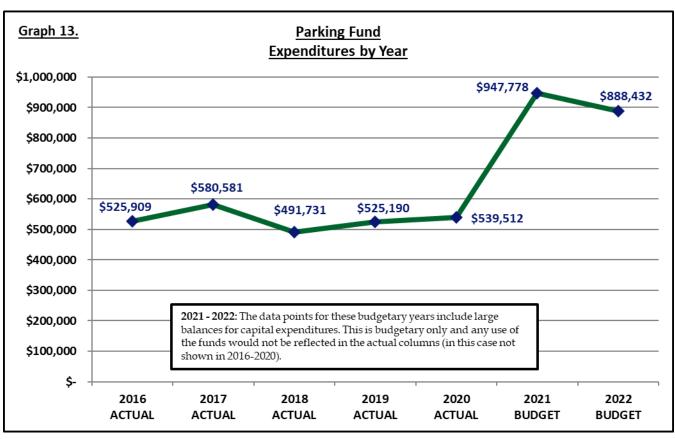

- **Revenues:** The 2022 parking fund budget anticipates that revenues will decrease by approximately \$27,847 or 3.83% (net of fund balance and bond proceeds) which can be attributed to a projected decrease in interest and rents as well as a planned decrease in county subsidy related to the parking garage.
- Parking Rates: No adjustment to parking rates are planned for 2022.
- **Expenditures:** The 2022 parking fund budget anticipates that operating expenditures will increase by approximately \$55,217 or 8.75% which is primarily attributed to the addition of a newly created position that will be partially funded out of parking.
- **Budget Deficit:** The 2022 parking fund budget anticipates a budget deficit of \$90,143.
- **Capital Projects:** The primary capital costs anticipated for 2022 include improvements to parking lots and the Borough Parking Garage.
- **Debt Service:** No new debt issuances are budgeted to occur in 2022, however \$100,000 in bond proceeds are being designated from available bond proceeds from a previous issuances.

MAJOR REVENUE SOURCES

Major revenue sources in the parking fund consist primarily of charges for services, bond proceeds, and fund balance detailed below.

| Major Revenue Sources | | | | | |
|----------------------------|-----|----------|------------|--|--|
| | | | Percentage | | |
| Revenue Source | 202 | 2 Budget | of Revenue | | |
| Charges for Services | \$ | 574,897 | 64.71% | | |
| Fund Balance | | 90,143 | 10.15% | | |
| Bond Funds | | 100,000 | 11.26% | | |
| Total Major Revenues | \$ | 765,040 | 86.11% | | |
| | | | | | |
| Total Parking Fund Revenue | \$ | 888,432 | | | |

1. Charges for Services

➤ Meters

The Borough receives approximately \$380,000 annually from the parking meters, including overtime parking revenue. A total of 783 meters are strategically placed within a 2-block radius of the intersection of Hanover and High streets, also known as the Square.

The Borough has established meter zones, which are listed in the Code of the Borough of Carlisle. Those zones are Short-term parking meter zones and Long-term parking meter zones.

- Short-term zone 508 short-term meters are available on-street and 114 short-term meters are located in parking lots for public use. These meters are silver in color. Depending on how much time is needed, the public may insert the following cash denominations: \$.05 for 4 minutes; \$.10 for 8 minutes; \$.35 for 28 minutes, and \$.75 for 1 hour. A credit card option is available for a minimum of 1 hour at a rate of \$1.15 per hour.
- <u>Long-term zone</u> 161 long-term meters are available on-street for public use. These meters are gold in color. The public may insert the following cash denominations: \$.25 for 60 minutes, with two-hour minimum increments.

Short-term and long-term meters also offer an initial 15 minutes without charge.

Handicap meters offer an initial 30 minute period without charge.

Parking Garage

The Pomfret Street Parking Garage has been in operation since the fall of 1999. Currently, the Borough takes in approximately \$200,000 annually from the parking garage. It features a total of 224 spaces that are available for a mix of general public and private uses:

- <u>Leased Spaces</u>. 111 spaces are available for lease on a month-to-month renewal basis. Spaces rent from \$50 per month with a discounted rate available to 35 County employees.
- <u>Hotel Guests</u>. Parking in the garage is offered to hotel guests during their stay in Downtown Carlisle. The hotel incorporates a \$4.65 per day parking fee into its daily rate. The revenue collected by the hotel is paid to the Borough on a monthly basis.

- <u>Jurors</u>. Parking in the garage is offered to those individuals who have been called for jury selection or to serve jury duty. The rate for jurors is \$4.50 per day. The revenue collected by the Cumberland County and paid to the Borough on a monthly basis.
- General Public. Daily rates are \$.75 for 1 hour or \$1.50 pre-pay after 5:00 p.m., with a maximum daily rate of \$6.

The garage is open 24 hours per day, 7 days a week.

Borough Owned Parking Lots

The Borough receives approximately \$100,000 annually from the Borough's 6 parking lots situated in the Downtown:

- Pomfret Street Parking Lot Located ½ block from the Pomfret Street Parking Garage with 58 designated leased spaces, the spaces rent for \$45 per month with a discounted six-month advance pay option available. The Pomfret Street lot also offers 16 silver (short term) parking meters for general public use. This lot is free to the public from 4:30 p.m. Friday to 7:00 a.m. Monday.
- <u>Liberty Avenue Parking Lot</u> Located behind the Courthouse Commons and Employment Skills Center with 28 designated leased spaces, the spaces rent for \$45 per month with a discounted six-month advance pay option available. This lot is free to the public Monday through Friday from 4:30 p.m. to 7:00 a.m. and all day Saturday and Sunday.
- East Louther Street South Parking Lot Located to the rear of Bedford Street Antiques with 28 designated leased spaces, the spaces rent for \$45 per month with a discounted six-month advance pay option available. The East Louther Street South lot also offers 23 silver (short term) parking meters for general public use. This lot is free to the public Monday through Friday from 4:30 p.m. to 7:00 a.m. and all day Saturday and Sunday.
- East Louther Street North Parking Lot Located to the rear of the old "Farmers Market" Building with 40 designated leased spaces, the spaces rent for \$35 per month with a discounted six-month and twelve-month advance pay option available. The East Louther Street North lot also offers 13 silver (short term) parking meters for general public use. This lot is free to the public Monday through Friday from 4:30 p.m. to 7:00 a.m. and all day Saturday and Sunday.
- <u>Locust Avenue Parking Lot</u> Located to the rear of Union Fire Company with 63 designated leased spaces, the spaces rent for \$25 per month with a discounted six-

month advance pay option available. This lot is free to the public Monday through Friday from 4:30 p.m. to 7:00 a.m. and all day Saturday and Sunday.

2. Bond Proceeds

The Borough of Carlisle regularly evaluates its capital improvement plan to determine upcoming capital needs. In conjunction with this evaluation, the Borough also considers how these projects will be funded. Proceeds from bond issues account for the capital projects paid for with debt proceeds included in the budget. The amount varies from year to year based on the capital projects planned for the Borough.

For 2022, the Borough does not anticipate issuing any new bonds but instead will allocate existing available bond proceeds currently held in fund balance (approximately \$100,000) to cover the capital needs of this fund.

The debt section of this budget goes into further detail on the debt needs of this fund but in short, no additional debt needs are anticipated through 2026.

The current total principal balance of outstanding debt in the parking fund is \$524,296.

3. Fund Balance

Over the past several years, the Borough has built reserves in fund balance in excess of council's established goal of 50%, which are anticipated to assist with future capital costs. In 2022, it is anticipated that approximately \$90,143 will be used from fund balance reserves as pay-go to finance capital projects in our capital improvement plan.

Additionally, in 2021 the Borough set aside \$50,000 related to economic development for the downtown. This funding received an internal designation for that purpose and will continue to be evaluated in 2022 to determine how best to appropriate that funding.

2021

Capital Projects Fund Summary

Fund Description:

The Capital Projects Fund is a governmental fund used to account for financing capital outlays other than those from special assessment and proprietary funds. Departments included in this fund are Administration, Finance, Police, Public Works, and Parks & Recreation.

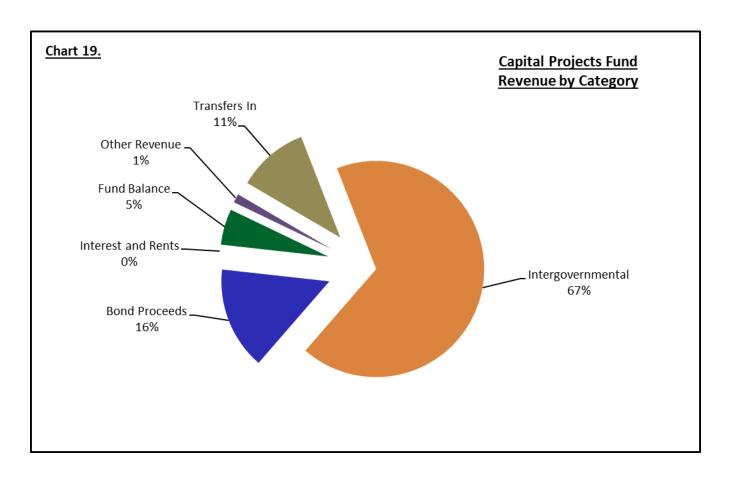

FUND HIGHLIGHTS

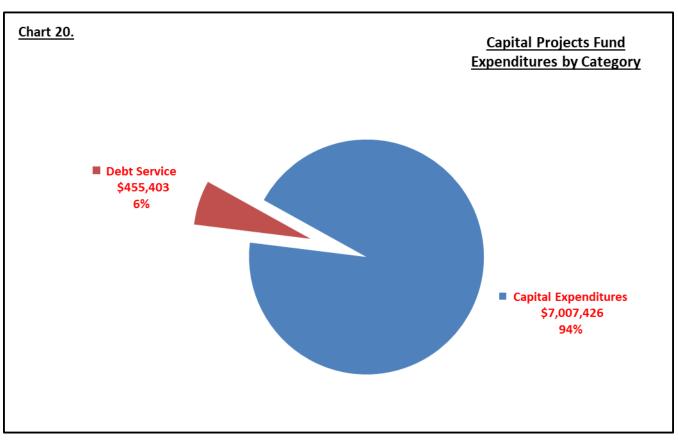

- Overall: The Capital Projects fund is a non-operating fund and as such does not generate
 revenues (with exception to a small amount of interest). All funding sources exactly offset
 the expenditures of the fund with any variance between the two being financed by the
 General Fund. The Capital Assets and Debt section of this budget goes into greater detail
 of anticipated costs in this fund.
- **Debt:** No new debt issuances are budgeted to occur in 2022 and use of bond proceeds will be solely from available proceeds of past issuances. A decrease in debt service from year to year reflects the refinancing of a short-term note in 2021.

| Transfers In | \$ | 795,794 | 10.66% | | |
| Total Major Revenues | \$ | 6,964,478 | 93.32% | | |
| | | | | | |
| Total Capital Projects Fund Revenue | \$ | 7,462,829 | | | |

1. Intergovernmental

From time-to-time the Borough receives revenue from the state and federal government.

> State Funding

The Borough was awarded several state grants related to its capital program.

• Harrisburg Area Transportation Study - Regional Transportation Plan Grant – The Borough was awarded \$1,000,000 in state funding related to the Boroughs Carlisle Connectivity Project.

Approximately \$300,000 is budgeted to be drawn down in 2022.

• Pennsylvania Department of Transportation - Multimodal Transportation Fund Grant - The Borough was awarded a total of \$3,867,059 in state funding related to the Boroughs Carlisle Connectivity Project.

Approximately \$1,056,000 is budgeted to be drawn down in 2022.

• Commonwealth Financing Authority - Multimodal Transporation Fund Grants - The Borough was awarded a total of \$1,000,000 in state funding related to the the Boroughs Carlisle Connectivity Project.

Approximately \$381,000 is budgeted to be drawn down in 2022.

> Federal Funding

The Borough was awarded two federal grants related to its capital program.

• US Department of Transportation - FY 2016 TIGER Discretionary Grant - The Borough was awarded a total of \$5 million in federal funding to be used towards the Boroughs Carlisle Connectivity Project.

Approximately \$2,680,740 is budgeted to be drawn down in 2022.

• US Department of the Treasury - Coronavirus State and Local Fiscal Recovery Funds - The Borough was awarded a total of \$9,186,671 in federal funding related to the American Rescue Plan.

Approximately \$99,516 is budgeted to be drawn down in 2022 in this fund.

Pennsylvania Department of Transportation - Transportation Alternatives
 Program - The Borough was awarded a total of \$380,000 in federal funding related to the Boroughs Carlisle Connectivity Project.

Approximately \$205,000 is budgeted to be drawn down in 2022.

2. Bond Proceeds

The Borough of Carlisle regularly evaluates its capital improvement plan to determine upcoming capital needs. In conjunction with this evaluation, the Borough also considers how these projects will be funded. Proceeds from bond issues account for the capital projects paid for with debt proceeds included in the budget. The amount varies from year to year based on the capital projects planned for the Borough.

For 2022, the Borough does not anticipate issuing any new bonds but instead will allocate existing available bond proceeds currently held in fund balance (approximately \$1,146,428) to cover the capital needs of this fund.

The debt section of this budget goes into further detail on the debt needs of this fund but it is anticipated that future debt needs will be as follows:

| Year | New Borrowing Needs |
|------|---------------------|
| 2023 | \$1,038,300 |
| 2025 | \$400,000 |

The current total principal balance of outstanding debt in the water fund is \$7,313,986.

3. Transfers In

The Capital Projects Fund was established in 2017 and is used to account for all activity related to the General Funds capital activities. For any projects that require sources not already identified a Transfer In is required from the general fund.

In 2022, a transfer of \$795,794 is anticipated to be transferred in from the general fund to help cover costs not already financed by other sources.

2021

Highway Aid Fund Summary

Fund Description:

The Highway Aid Fund is used to account for state liquid fuels tax revenue and expenditures that are restricted to be used for building, improving, and maintaining local roads and bridges. The only department in this fund is Public Works.

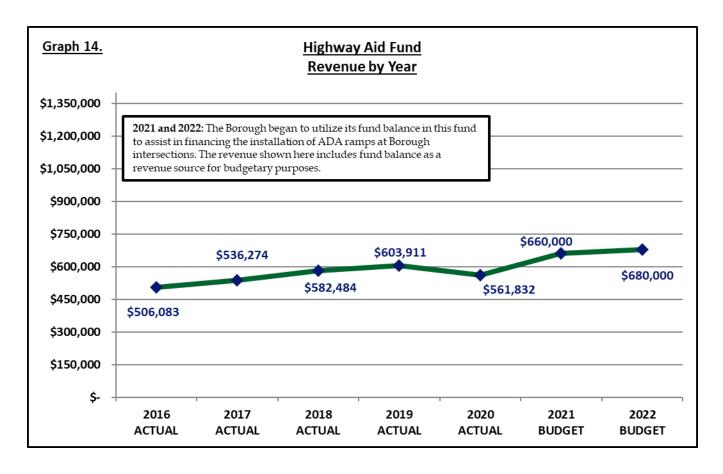

FUND HIGHLIGHTS

 Overall: The Highway Aid Projects fund is a non-operating fund and as such does not generate revenues (with exception to a small amount of interest). The primary funding source is a yearly Liquid Fuels Grant allocation which for 2022 is anticipated to be \$504,286.

FINANCIAL SUMMARIES

MAJOR REVENUE SOURCES

The primary revenue source in the Highway Aid fund is intergovernmental revenue, which is detailed below.

| Major Revenue Sources | | | | | |
|--------------------------------|------|---------|------------|--|--|
| | | | Percentage | | |
| Revenue Source | 2022 | Budget | of Revenue | | |
| Intergovernmental | \$ | 504,286 | 74.16% | | |
| Total Major Revenues | \$ | 504,286 | 74.16% | | |
| | | | | | |
| Total Highway Aid Fund Revenue | \$ | 680,000 | | | |

1. Intergovernmental

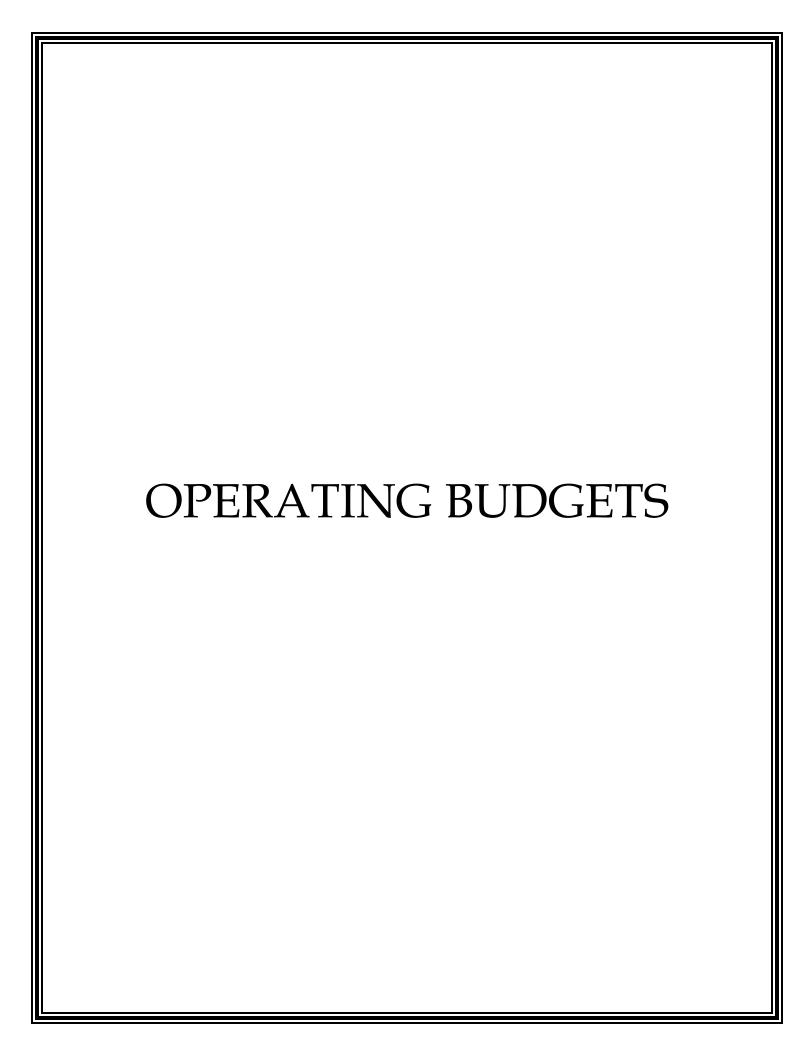

The Borough has regularly received state Highway Aid Funding.

> State Funding

The Borough was anticipates being awarded 2022 Highway Aid funds.

• **Highway Aid** – Funds are allocated to Pennsylvania municipalities based on a formula that takes into account population and street mileage. The use of highway aid funds is strictly governed by Pennsylvania Act 665. Permitted uses include: maintenance, repair, construction, or reconstruction of public streets, bridges, culverts, and drainage structures; acquisition, maintenance, repair, and operation of street signs, traffic signs, traffic signal control systems, and street lighting; and acquisition of equipment to maintain streets, bridges, culverts, and drainage structures. Approximately \$504,286 will be received from the state in 2022. Funds may be held in reserve based on calculations determined by the state. The Borough maintains a cash balance in excess of \$1 million in this fund. By state law, highway aid funds may not be comingled with any other funds.

2021

Department of Administration

DEPARTMENT OVERVIEW

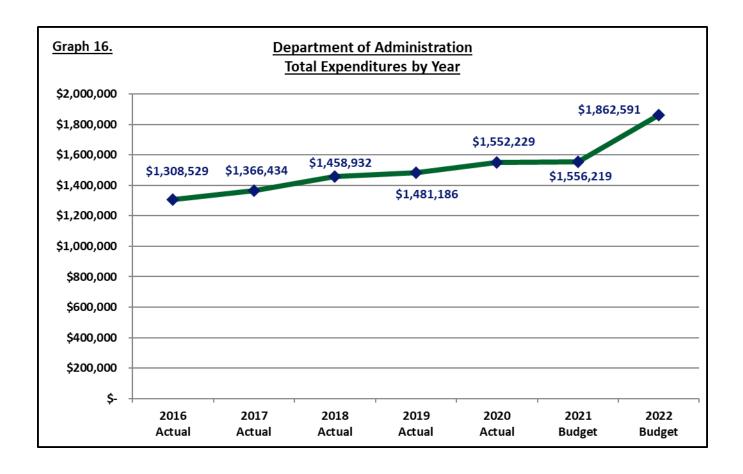

The department of administration is responsible for the oversight of all operations of the borough. All other departments report to the Borough Manager as shown above in the departmental organization chart. As a home rule municipality, the borough operates under the council/manager form of government, the citizens vote into office each member of council. Borough Council, the primary policy-making body of the borough, appoints the Borough Manager who is charged with ensuring the implementation of councils adopted policies and goals.

During the May 2015 Primary Election, Carlisle Borough voters approved a referendum to change Carlisle Borough to a Home Rule form of government. The Home Rule Charter became effective on January 1, 2016.

The Charter dictates that a seven-member Council shall govern Carlisle Borough. The Council consists of six

| Function Snapshot | | | | |
|--------------------|----------------|--|--|--|
| Department | Administration | | | |
| Applicable Funds | General | | | |
| Budget In Total | \$316,169 | | | |
| Operating Budget | \$316,169 | | | |
| Capital Budget | \$ - | | | |
| Members of Council | 7 | | | |

Council Members, elected at large to staggered four-year terms, and a Mayor who is elected at large to a four-year term. All Council Members and the Mayor are Carlisle Borough residents and registered voters. They are also required to reside within Borough limits for at least one (1) year immediately prior to assuming office. The Mayor presides over Council, participates in actions by Council, and has one vote. The Mayor does not have veto power. Term limits are set at two complete terms for Mayor and Council Members. Council Members who reach the term limit are required to wait at least two years, until the next municipal election, to run for a Council seat. The Pennsylvania Borough Code limits salaries of Mayor and Council Members.

The Council is responsible for setting policy and appointing a professional manager to carry out the day-to-day operations of the Borough. The Borough's seven department heads report to the borough manager. In contrast to the former form of government, the police chief is considered a department head and reports to the borough manager under the adopted Home Rule Charter.

The Council organizes on the first Monday of January of each even-numbered year unless that day is a legal holiday at which time organization takes place the next day. During the biennial meeting, Council elects one Council Member to serve as Deputy Mayor. The Deputy Mayor

chairs meetings of Council when the Mayor is absent and may exercise the authority of the Mayor as described in the Charter during a temporary absence of the Mayor. The Council also elects among themselves a chairperson and vice-chair for the following committees: Budget and Finance, Community Planning & Smart Growth, Economic Development, Employee Relations/Citizen Participation, Parks and Recreation, Public Works and Public Safety.

The primary duties of Borough Council include:

- review and approve the annual budget
- establish short and long-term goals
- establish municipal tax rates
- enter into legal contracts
- borrow funds
- pass ordinances and resolutions

Borough Council

Sean Shultz, Sean Crampsie, Jeff Stuby, Joel Hicks

Deborah Fulham-Winston, Timothy Scott, Brenda Landis

SERVICES PERFORMED

- protect and promote the rights of Borough residents
- appoint qualified citizens to boards, commissions, authorities or other agencies
- attend Council/special community meetings
- approve the annual general fund and proprietary fund budgets
- represent the welfare of the community
- generate policy for implementation by the Borough Manager
- represent the Borough of Carlisle at official functions

2021 ACCOMPLISHMENTS:

- 2021 Recipient of All-American City issued by the National Civic League
- 20th consecutive year recognized as Tree City USA
- Created the Truth and Reconciliation Commission
- Amended Subdivision & Land Development Ordinance
- Approved Cable Franchise Agreement that will provide residents with another telecommunications option
- Continued the implementation of the Carlisle Urban Redevelopment Plan (CURP)
 - TIGER Project infrastructure advanced
 - Northside Village land development plan approvals
 - Carlisle Connectivity Project 1 RTP Grant application authorization

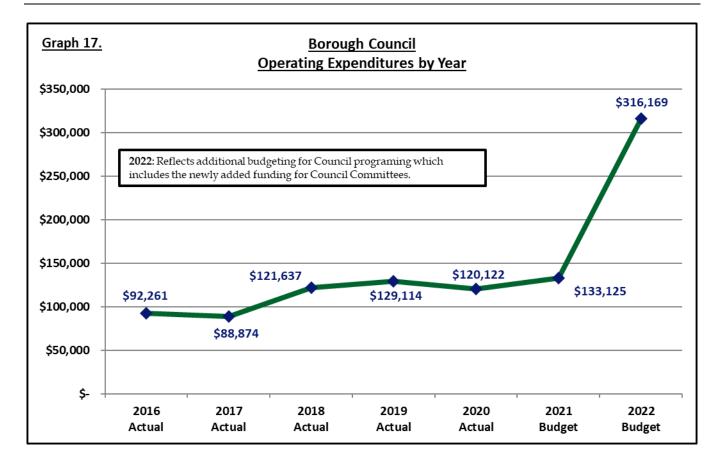

- Advanced public engagement and transparency through implementation of CitizenLab, an online citizen engagement platform
- Adopted continuance of open sidewalk cases on adjoining properties and consumption of alcoholic beverages by open containers in the C-1 Business District

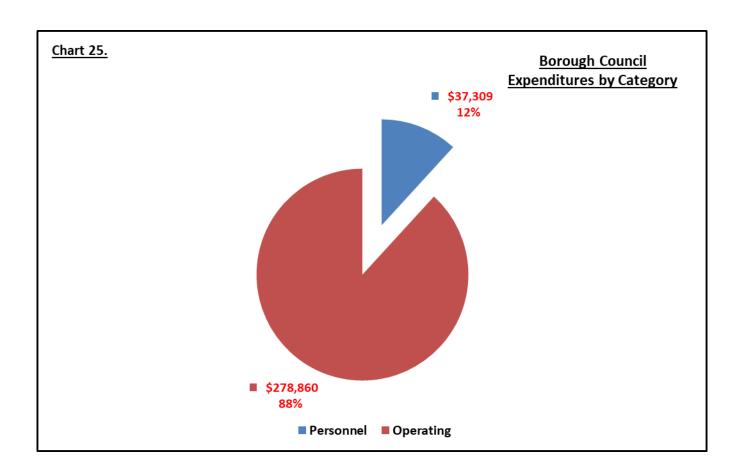

2022 GOALS

- Advance community engagement and transparency efforts
- Work collaboratively with community stakeholders to enable economic sustainability and recovery from COVID-19
- Analyze zoning reforms that may encourage economic development, sustainability, and building repurposing or renovations
- Evaluate options to assist in mitigation of stormwater runoff
- Evaluate operations to determine most cost effective strategies to reduce structural budget deficit
- Advance the Borough of Carlisle's Climate Action Plan
- Advance the Borough's Rental Housing Ordinance
- Continue to explore and advance inter-municipal partnerships

FINANCIAL SUMMARIES

The Borough of Carlisle operates under a Home Rule form of government. Under the Home Rule Charter, Borough Council appoints a full-time professional manager who is the chief administrative officer responsible for the administration and management of all municipal affairs placed in his/her charge by Council. Examples of assigned duties include among other things: full responsibility for all personnel

| Function Snapshot | | | | | |

matters; enforcement of Borough ordinances and regulations; supervision of the administration of all Borough departments and those offices and agencies under the Manager's purview; policy recommendations to Council concerning the affairs of the Borough; development and delivery of an annual budget to Council; submission of reports to Council regarding municipal departments' operations and those offices and agencies under the Manager's direction and supervision; preparation of the monthly Council Meeting agenda in consultation with the Mayor; preservation of municipal records and certification of their accuracy and completeness; execution of all municipal documents; recordation of all ordinances; and, other duties as deemed appropriate by Council and as set forth in the Administrative Code.

This Office also directly oversees Human Resources, Information Technology, Public Information, the implementation of the Carlisle Urban Redevelopment Plan and the Community Development Block Grant Program (CDBG).

SERVICES PERFORMED:

- council goals implementation
- council agendas and meeting minutes
- human resources
- community liaison
- employee benefits
- strategic planning
- website oversight
- performance management

- IT oversight
- economic development
- risk management
- community planning
- union negotiations
- wellness program
- liaisons with key community stakeholders

BUDGETARY ACTIVITIES

- Manager's Office (401)
- Legal Services (404)
- Information Technology (407)
- Outside Agencies (467)

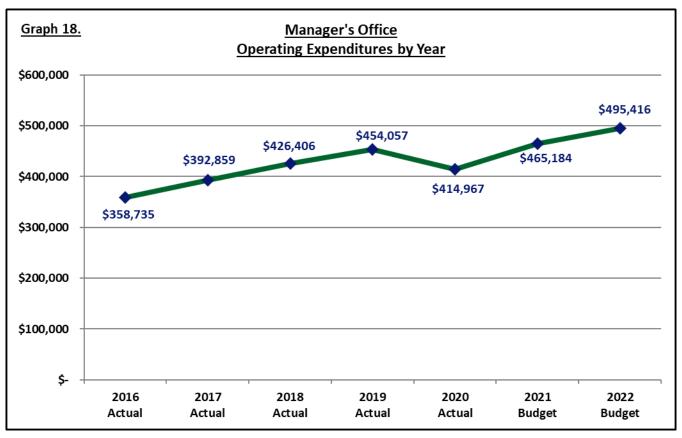

2021 ACCOMPLISHMENTS

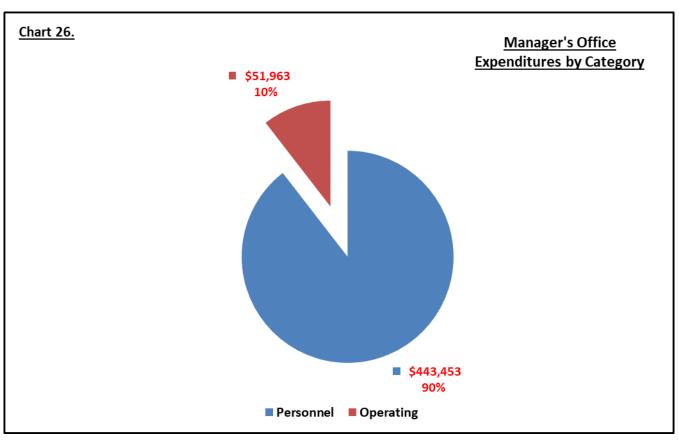

- Restructuring organization to improve service delivery to residents
 - ✓ Public Works
 - ✓ Human Resources
 - ✓ Community Development
 - ✓ Boards and Commissions
- Upgraded technology in Town Hall to improve virtual meeting capabilities
- Improved security at facilities
- Increased social media presence on Facebook and regular activity on LinkedIn

2022 GOALS

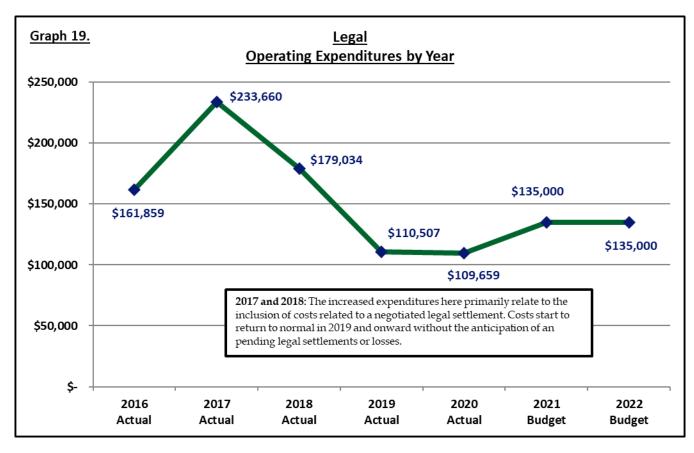

- Continue to provide training to Borough employees in technical areas as well as organizational and diversity, equity, and inclusion
- Provide a 2022 balanced budget to Borough Council
- Continue implementation of the Carlisle Urban Redevelopment Plan including the TIF
- Review and update Personnel & IT policies and advance the Borough's Wellness Program
- Continue a multi-year review to identify potential opportunities and problems the organization faces to ensure that the Borough remains financial stable in the short and long term
- Continue the repair, rehabilitation, and replacement of Borough infrastructure that includes a public education component
- Facilitate government advocacy
- Seek creative solutions to build the Borough's tax base and improve revenue sources
- Continue to pursue sustainable/renewable energy options that can benefit the community
- Review and recommend potential modifications regarding stormwater mitigation
- Continue to advance Borough Hall renovations
- Explore potential restructuring select departments for better efficiency and effectiveness in the delivery of services
- Explore additional downtown revitalization strategies that have the ability to capitalize on existing assets, as well as address public perceptions

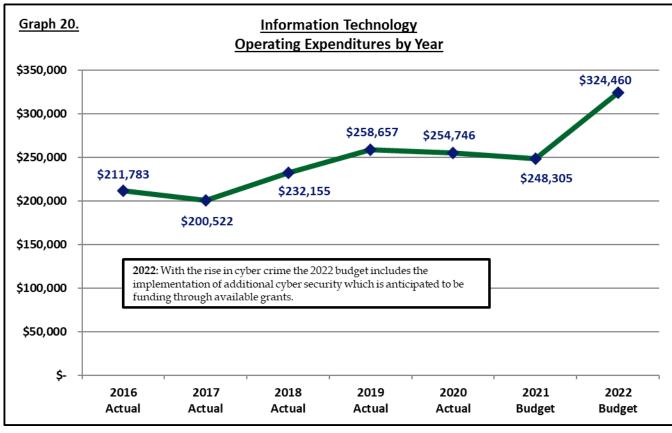

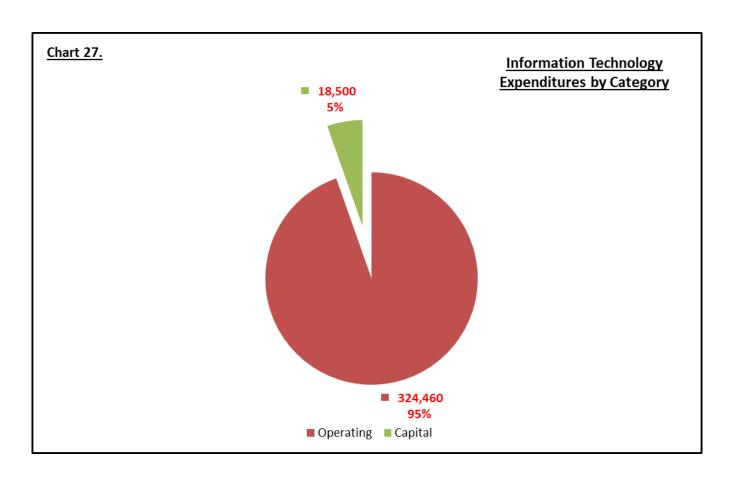

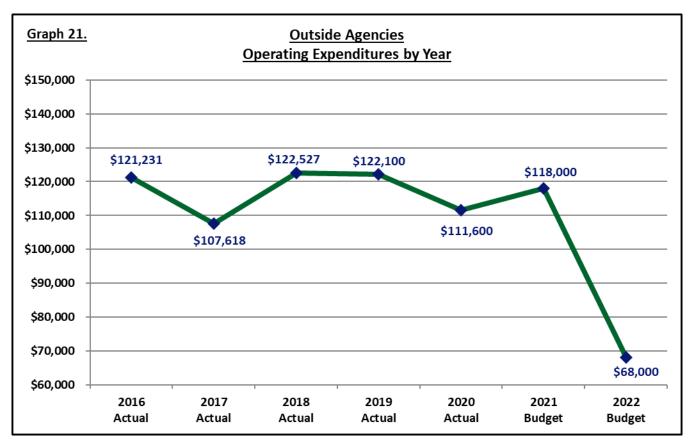

Human resources/risk management involves the development and implementation of policies, programs, standards, and systems for effective utilization, development, and management of the human resources environment. To accomplish the overall mission of the Borough, services provided by the human resource/risk manager include recruitment and retention of competent employees for all Borough positions, maintenance of the pay

Department of Finance

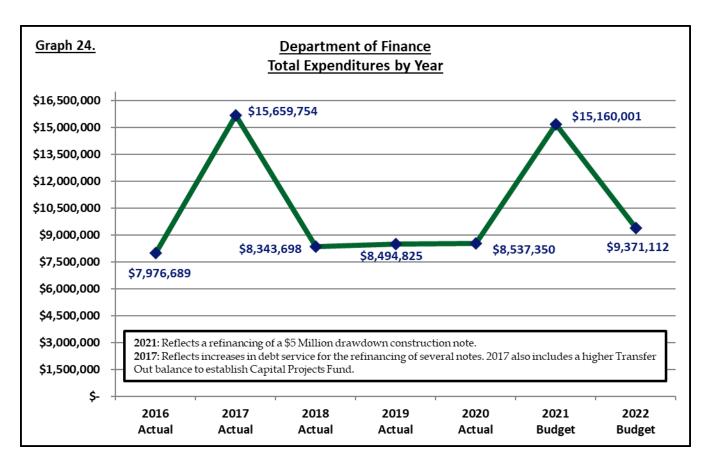

DEPARTMENT OVERVIEW

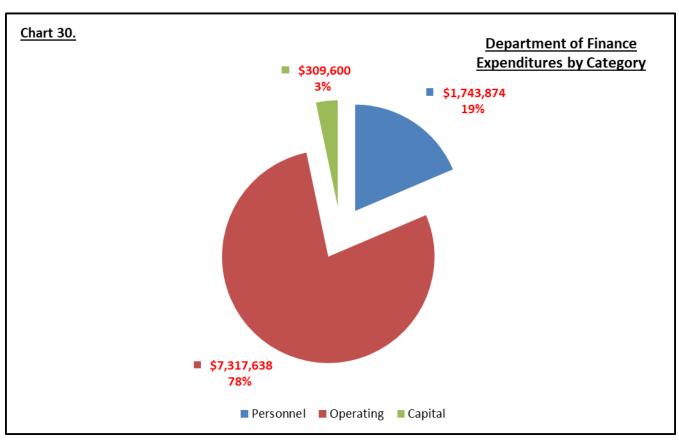

This department serves both internal and external customers. It is responsible for managing the financial accounting of all Borough activities including payroll, cash receipts, accounts payable, and billings. This department encompasses utility billing for our water, sewer, and stormwater customers. It also includes parking operations and management, tax collection, and budget management.

| Departmen | Department Financial Summary | | |

Fire Department

DEPARTMENT OVERVIEW

The Carlisle Fire Department's primary purpose is to provide firefighting, rescue, and assist with emergency medical services to minimize the loss of life and property when fire, sudden illness, or acts of nature or accidents occur within the Borough of Carlisle. There are two volunteer firefighter companies located in the Borough

| Department Snapshot | | | | | |
|---------------------|-------------|--|--|--|--|
| Applicable Funds | General | | | | |
| Budget In Total | \$1,118,216 | | | | |
| Operating Budget | \$1,118,216 | | | | |
| Capital Budget | \$ - | | | | |
| Full-Time Employees | - | | | | |

of Carlisle: Carlisle Fire and Rescue and Union Fire Company. The Borough's Part-Time Fire Chief oversees the operations of the two departments to ensure the Borough's fire service is

performed properly. There are approximately 30 active volunteer firefighters.

SERVICES PERFORMED

- Fire suppression
- Fire prevention
- Rescue
- Emergency medical service
- Training

2021 ACCOMPLISHMENTS

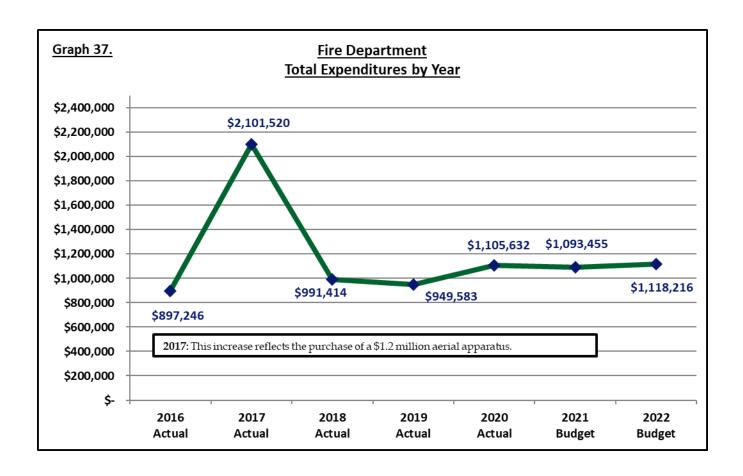

- Provided fire safety and prevention programs to the citizens, educational facilities, and commercial occupancies.
- Developed a Smoke Detector distribution program within the elementary schools, to provide a smoke detector to those that do not have.
- Offered the school district on line fire safety education training that can be used by teachers throughout the school year.
- Assist Carlisle Fire and Rescue with Carlisle School Districts, Co-op Emergency Services Program
- Offered mutual aid training with our mutual aid partners.
- Emergency management of the Coronavirus Pandemic, assisted with the location of a mass vaccination center within the region.

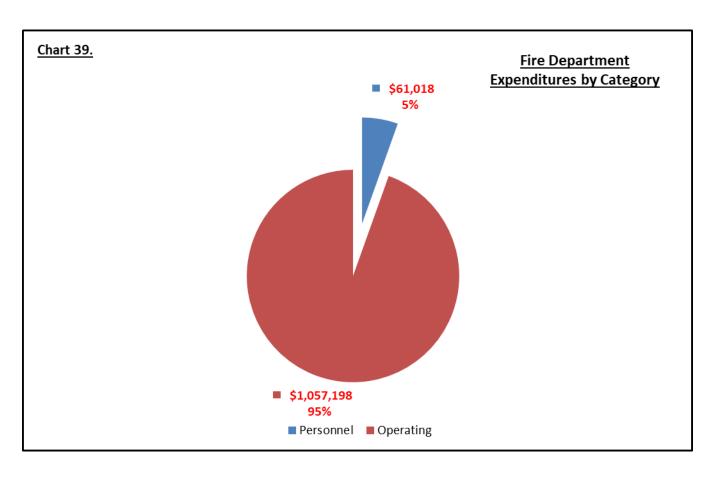

2022 GOALS

- Continue to maintain high customer satisfaction with Borough residents
- Continue to delivery fire safety and prevention programs to citizens, educational facilities, and commercial occupancies.
- Continue to develop and implement joint training, to maximize company efficiency
- research additional grant opportunities to support department services
- Continue to find ways to recruit new members and maintain current staff, with an ever growing decrease of volunteers within the region.
- Develop and deliver Emergency Operations training to Borough staff and emergency responders.

and sidewalk program, solid waste and recycling program, record keeping, construction inspection, Geographic Information Systems (GIS) and other necessary property and public information records.

SERVICES PERFORMED

- engineering design, survey, contract management
- administers solid waste contract
- coordinates Borough's emergency plan
- performs fields surveys in advance of design work
- performs property research and deed investigation
- manages construction activity within the Borough
- Establish and manage plans for maintaining Borough infrastructure
- establishes property addresses and street names
- administers curb and sidewalk inspection program
- maintains GIS, building, and property record files
- reviews subdivision & land development plans

BUDGETARY ACTIVITIES

• Public Works Administration (408)

2021 ACCOMPLISHMENTS

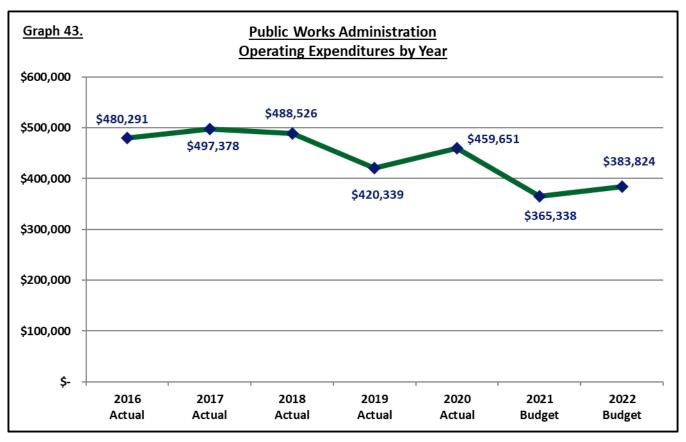

| 2021 Goal | Actions Completed During 2021 |
|--------------------------------------|----------------------------------------|
| Manage construction on Carlisle | Continued construction on TIGER |
| Connectivity Project and secure | component of Carlisle Connectivity |
| additional grant funding for Project | Project, managed TIGER grant |
| | requirements and secured additional |
| | grant funding for Project 1 component |
| Upgrade pedestrian curb ramps in | Completed all 34 curb ramp upgrades |
| conjunction with roadwork | required for 2021 road paving program, |

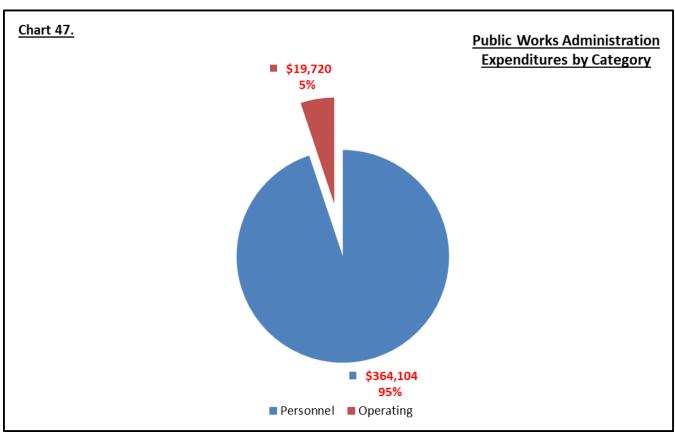

| Undertake road maintenance program | Milled and repaved 1.4 miles of streets and |
|---------------------------------------|---------------------------------------------|
| consistent with 2016 road condition | applied 1.14 miles of ultra-thin bonded |
| assessment | wearing course, consistent with |
| | maintenance program, and using State |
| | Liquid Fuel grant funds. |
| Continue sewer system rehabilitation | Undertook two Sanitary Sewer Lining |
| program, with special emphasis on | projects upstream of Pumping Station |
| reducing peak flows within Pumping | No.1, reducing Station peak flows. |
| Station No.1 service area. | |
| Develop model of stormwater system as | Provided support to engineering firm by |
| first step in developing overall | collecting GPS data on stormwater |
| stormwater system rehabilitation and | infrastructure needed to develop |
| flooding mitigation program | hydraulic module of system |
| Implement projects identified in | Constructed infiltration trench in E. |
| approved Chesapeake Bay Pollutant | Pomfret Street parking lot during lot |
| Reduction Plan | repaving and rain gardens along |
| | |
| | Fairground Avenue and B Street as part of |

- Provide consistent public works services and operations
- Provide engineering professionalism
- Provide efficient citizen support and response
- Support Climate Action Committee with development and implementation of a Climate Action Plan.
- Complete Stormwater System Master Plan for rehabilitation and flooding mitigation program
- Implement projects identified in approved Chesapeake Bay Pollutant Reduction Plan as required by MS-4 Permit
- Provide engineering services to assess and improve traffic management and safety
- Continue sewer system rehabilitation program, with special emphasis on reducing peak flows within Pumping Station Nos.1 and 2 service areas
- Continue water system rehabilitation program by placing greater emphasis on replacement of nonfunctional water valves
- Continue to upgrade handicapped pedestrian ramps in conjunction with roadwork by completing a majority of the upgrades using in-house resources
- Complete TIGER component of Carlisle Connectivity Project and initiate and manage construction of Project 1 component along Carlisle Spring Road and North Hanover Street transportation corridors
- Coordinate Borough infrastructure rehabilitation projects so all infrastructure within a project area is appropriately addressed

This budget item funds costs associated with operation and maintenance of the municipal building commonly known as Borough Hall. A cleaning service, whose duties are split between the Stuart Community Center and Borough Hall, performs daily cleaning of the buildings while the departments of public works and park and recreation share responsibility for routine building

| Function Snapshot | | | | | |
|----------------------------|------------------|--|--|--|--|
| Department | Public Works | | | | |
| Applicable Eunde | General; | | | | |
| Applicable Funds | Capital Projects | | | | |
| Budget In Total | \$181,264 | | | | |
| Operating Budget | \$127,514 | | | | |
| Capital Budget | \$53,750 | | | | |
| Full-Time Employees | - | | | | |

maintenance. Major maintenance costs are covered through maintenance contracts with private contractors.

SERVICES PERFORMED

- minor HVAC maintenance
- window washing
- plumbing repair
- painting
- snow and ice control

BUDGETARY ACTIVITIES

Borough Hall Maintenance (409)

2021 ACCOMPLISHMENTS

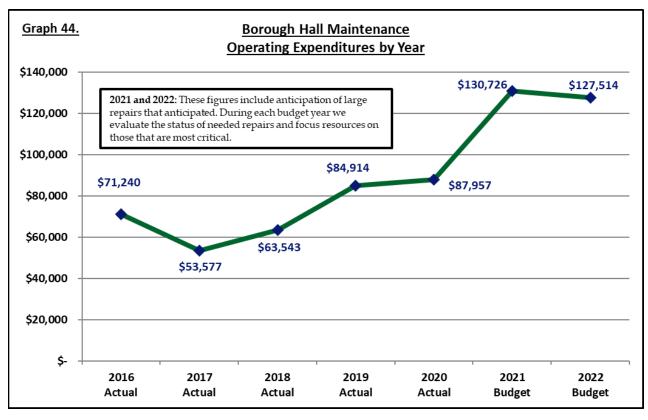

- upgraded town hall by installing enhanced camera, sound, video display system and desk space for administrative staff
- installed two new employee offices on second floor within unused storage space to provide separate offices for each employee assigned to second floor.
- Remodeled Human Resource Department Office
- Replaced damaged sections of concrete sidewalk concrete along exterior of building
- repaired chimney on west side of building
- Painted front entrance patio and support columns

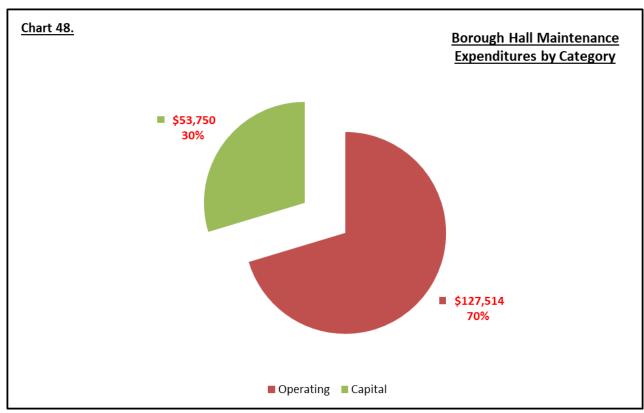

- install keyless entry remote (key fob) locking system on all exterior doors
- replace handrails down to DCA and repaint all other handrails
- repair and repaint dormers and exterior trim

• construct covered entrance over east side access ramp

FINANCIAL SUMMARIES

The field operations division is responsible for the daily direction, planning, coordination, and supervision of utility services including water distribution, sewer collection, and storm water management and the maintenance of parking meters and water meters. Staff also participates with Public Works Field Operations on implementing snow and ice control measures during winter storm events. This budget provides funding for the operation,

| Function Snapshot | |
|------------------------|--------------|
| Department | Public Works |
| | Water, |
| Applicable Funds | Stormwater, |
| | Sewer |
| Budget In Total | \$8,411,766 |
| Operating Budget | \$1,640,516 |
| Capital Budget | \$6,771,250 |
| Full-Time Employees | 12.94 |

maintenance, and capital improvements for each of the water distribution systems and the sewer and storm sewer collection, conveyance, and management systems, with revenues generated through water, sewer, and stormwater utility fees. The Borough operates the water, sanitary sewer, and stormwater systems under separate permits issued by the Pennsylvania Department of Environmental Protection. The permits place extensive monitoring, reporting, and control responsibilities on the Borough.

SERVICES PERFORMED

- repair and maintenance of:
 - water mains and valves
 - water meters
 - o sewer mains
 - force mains
 - stormwater inlets and mains
- replace water service laterals from mains to service connections
- install new water service taps
- install new fire hydrant and mainline installation
- fire hydrant flushing
- water distribution system leak detection
- television inspection of sanitary and storm sewer mains
- replacement of manholes
- sewer system rehabilitation program
- right-of-way maintenance
- Water distribution system rehabilitation
- planning and design for system improvements
- keeping stormwater inlets cleaned

- implementing best management practices (BMPs) to minimize or eliminate negative impacts of stormwater runoff to the maximum extent practicable
- undertaking system improvements to reduce the frequency and duration of flooding
- flushing storm sewers to keep them free flowing
- Implementing the Chesapeake Bay Pollutant Reduction Plan

BUDGETARY ACTIVITIES

- Sewer Collection System (425)
- Stormwater (447)
- Water Lines Maintenance (449)
- Water Meter Maintenance (450)

2021 ACCOMPLISHMENTS

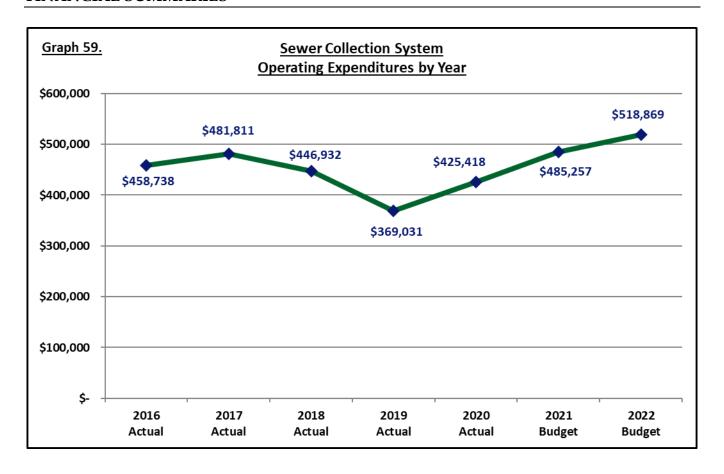

| Actions Completed During 2021 |
|-----------------------------------------------------------|
| Flushed and televised 12,495 feet of sanitary |
| sewer main, inspected 55 manholes, and flushed |
| additional 39,440 feet of sewer line on trouble |
| sewer list and mains |
| inspected 55 storm inlets and repaired, rebuilt or |
| replaced 8 storm inlets |
| Performed semi-annual fire hydrant flushing |
| program and repaired 5 broken hydrants |
| Completed two sanitary sewer lining projects |
| focused in Pumping Station No.1 service area |
| and replaced 28 feet of gravity sanitary sewer |
| lines identified as needing repairs as part of |
| sewer system investigations |
| Completed leak detection for entire system and |
| undertook repairs on all detected leaks. |
| Repaired 2 residential water service leaks, |
| removed 4 abandoned water services, repaired |
| 10 water main breaks, and replaced 2 leaking or |
| nonfunctional water valves |
| Submitted annual permit compliance report to |
| DEP by deadline. |
| Conducted GPS survey of stormwater system in |
| support of consultant developing hydraulic |
| model of stormwater system. Expect to |
| complete model by end of 2021 and masterplan in mid 2022. |
| Secured GPS equipment to field locate Borough |
| utilities and continued mapping Borough |
| stormwater mains. |
| |

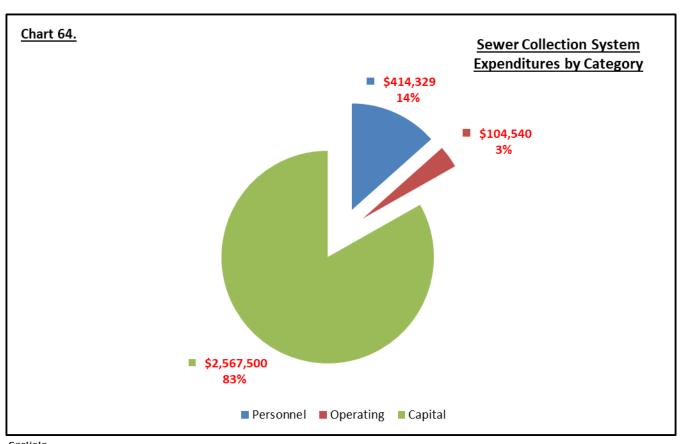

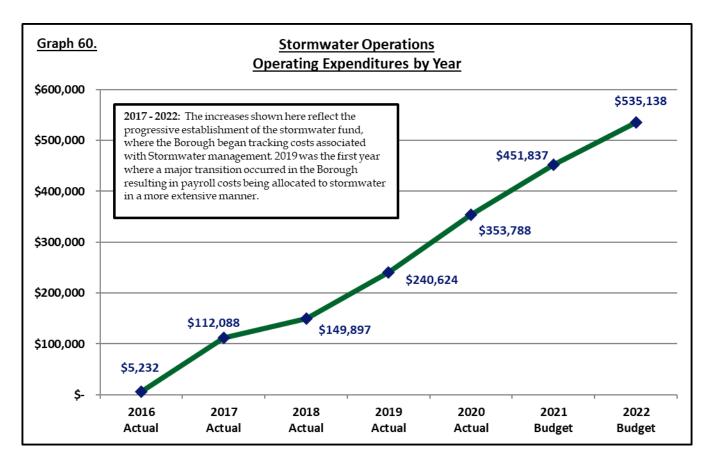

| Partner with ALLARM for public | ALLARM continued "adopt a storm drain," rain |
|--------------------------------------|---------------------------------------------------|
| education, outreach, and public | barrel workshop, stormwater newsletter, and |
| involvement and participation in | LeTort monitoring programs |
| compliance with MS4 permit | |
| Complete Water Meter Remote | Continued installation of radio transmission |
| Communication Equipment Installation | units on water meters. Installed approximately |
| Program | 5,200 units. Also replaced older water meters |
| | not compatible with radio transmitters. |
| | Replaced 104 old water meters with new meters |
| | and resealed 98 meters. Expect to complete |
| | program in 2022. |
| Be responsive to customer complaints | responded to the following resident inquiries: 6 |
| | low water pressure calls, 15 requests to turn off |
| | water, 9 high water bill complaints, and |
| | repaired/moved 23 touch pads |

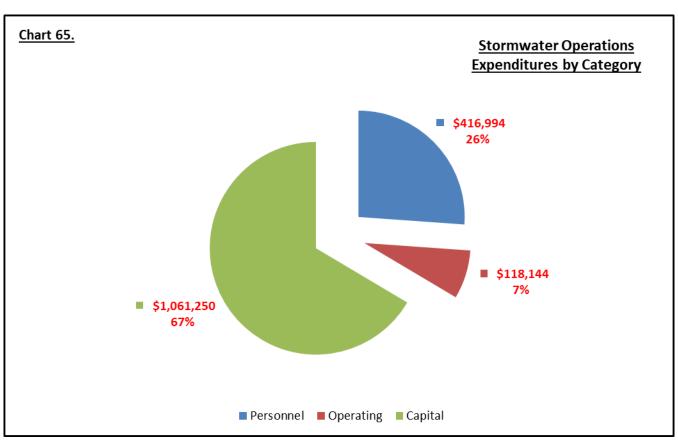

- improve and maintain Borough infrastructure at highest possible level
- ensure timely completion of infrastructure repair
- ensure projects minimize service disruption to customers
- expand use of electronic work orders and incorporate into GIS based mapping database
- Exercise water valves within system and support water system rehabilitation program through mainline and valve replacement and subsurface utility investigations
- implement MS4 control measures at field operations yard at public works garage to address runoff from material storage areas and at compost facility
- support sewer system rehabilitation program through cleaning, televising, and repairs within established priority sewer service areas
- develop comprehensive infrastructure rehabilitation mapping and scheduling system that incorporates sewer, water, storm sewer, road, and outside utility projects as mapping layers
- Develop master plan for upgrade and rehabilitation of Borough stormwater management system that includes hydraulic model of stormwater system
- Continue to partner with ALLARM for public education, outreach, and public involvement and participation in compliance with MS4 permit
- Participate with Dickinson College in evaluation and design of stormwater improvements to address flooding at intersection of High and West Streets
- Seek funding for Fairground Avenue Stormwater Park
- Continue implementation of 5-year Chesapeake Bay Pollutant Reduction Plan
- Submit annual MS4 progress report to Pennsylvania DEP by regulatory deadline
- Work with Carlisle Area School District to identify potential stormwater BMPs that can
 be installed on District property to address localized flooding and provide reductions in
 nutrient loadings that help address some of the Borough's Chesapeake Bay Pollutant
 Reduction Plan commitments

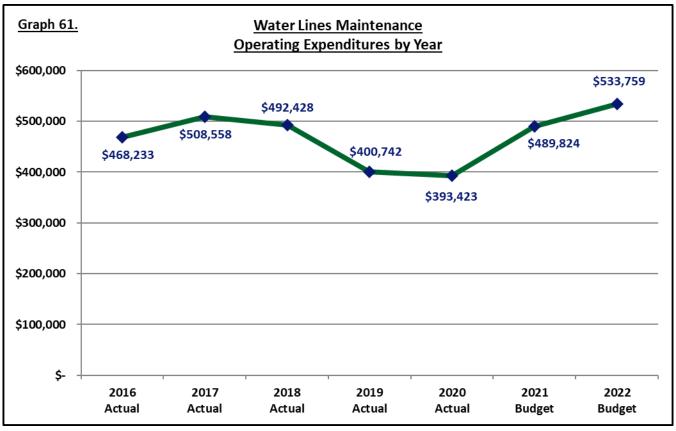

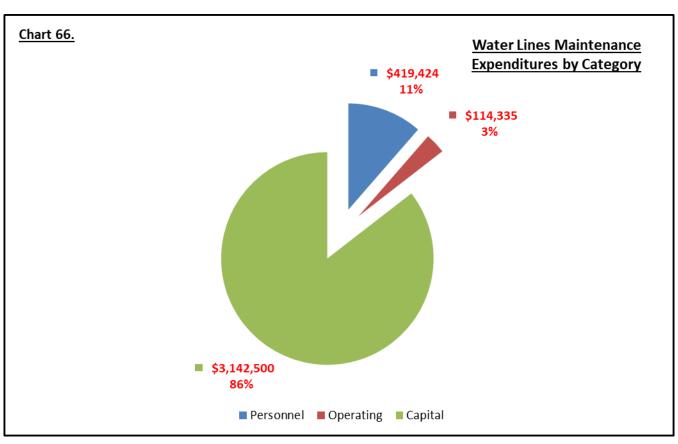

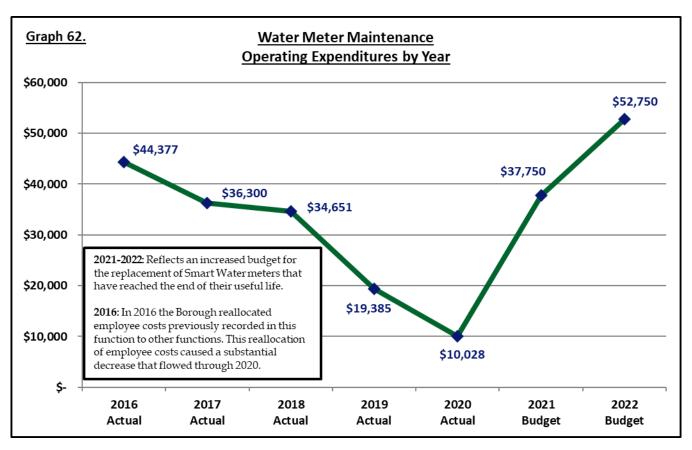

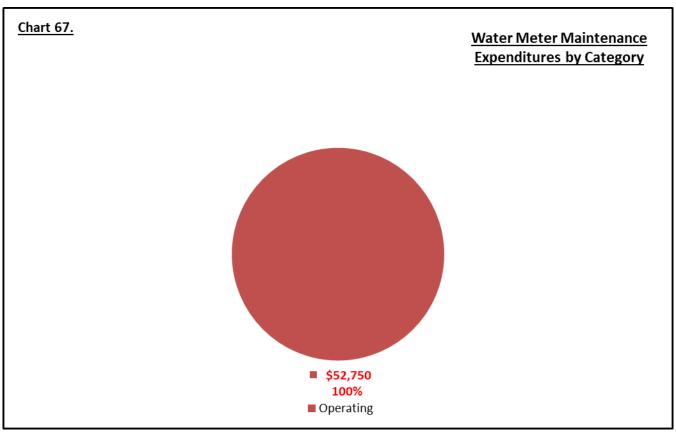

The primary responsibility of the solid waste division is to manage the compost facility located on Post Road. Additionally, this division coordinates the semi-annual brush collection, yearly leaf collection, and holiday tree collection programs. Leaf and processing equipment used at the compost site is rented from Cumberland County.

| Function Snapshot | |
|---------------------|--------------|
| Department | Public Works |
| Applicable Funds | Solid Waste |
| Budget In Total | \$1,405,090 |
| Operating Budget | \$1,405,090 |
| Capital Budget | \$ - |
| Full-Time Employees | 0.43 |

SERVICES PERFORMED

- operation of a public compost facility
- provide a spring and fall brush collection service
- provide an annual leaf collection service
- provide an annual holiday tree collection

BUDGETARY ACTIVITIES

• Solid Waste Collection & Collection (427)

2021 ACCOMPLISHMENTS

- Serviced over 8,000 visits to the compost site from opening on March 31st through the end of September
- loaded leaf mulch and tanbark for residents at compost facility for no fee
- hauled residual trash screened from compost product to landfill
- delivered trash bags to local retailers for sale
- picked up litter at various locations in the Borough
- continued biodegradable paper bags only use for curb leaf pickup
- Awarded \$220,700 Section 902 recycling grant from DCNR for purchase of leaf collection equipment and executed grant agreement.
- placed fill at compost facility to level up area
- Operated County grinder and screen for 83 hours to produce mulch for residential use
- turned leaves monthly for composting using county's new leaf turning equipment
- installed new material storage bins in the front of the compost site for resident pick up

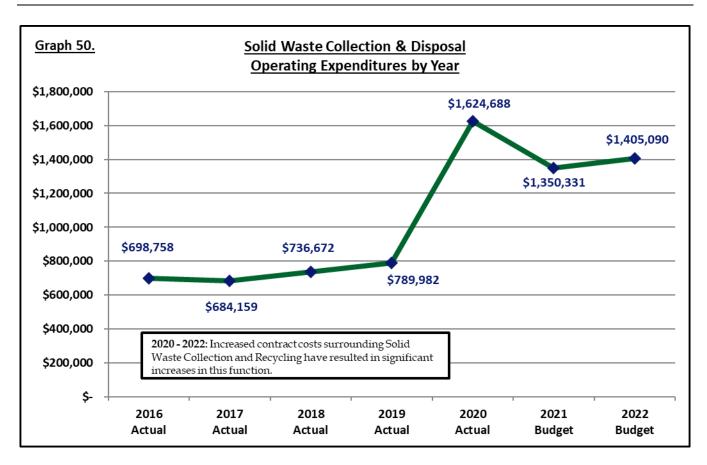

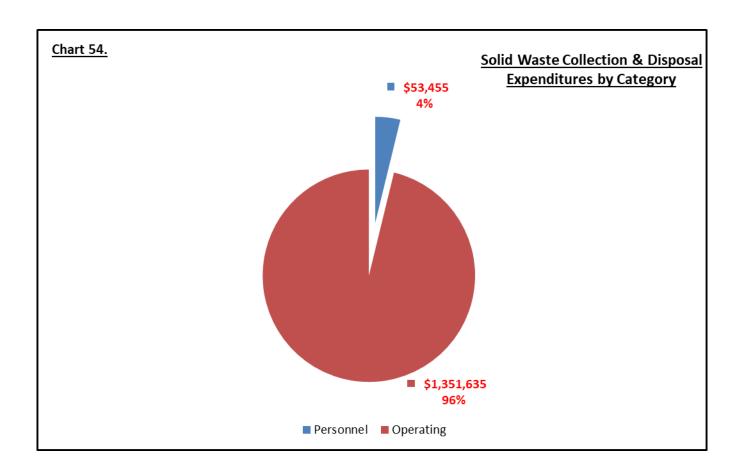

2022 GOALS

- provide a spring and fall curbside brush collection
- provide fall curbside leaf collection
- provide annual holiday tree collection curbside
- process all leaf and tree debris
- continue leveling of compost site
- establish new relationships with contractor to repurpose old mulch and grindings
- Implement new fall leaf collection program utilizing leaf vacuum equipment purchased using Section 902 recycling grant
- Prepare bid package for solids waste and recycling services and enter into new service agreement starting January 1, 2023
- evaluate methods to lower operating cost
- consider offering topsoil to residents

FINANCIAL SUMMARIES

The primary function of the Wastewater Plant Laboratory is to ensure that all discharges from the Treatment Plant meet all applicable Federal and State standards. Daily analysis of samples allows the lab to make recommendations to ensure proper operational control at the plant. This division also permits, inspects, and samples significant industrial

| Function Snapshot | |
|----------------------------|--------------|
| Department | Public Works |
| Applicable Funds | Sewer |
| Budget In Total | \$605,180 |
| Operating Budget | \$591,680 |
| Capital Budget | \$13,500 |
| Full-Time Employees | 5.25 |

users of the sewer system to ascertain that the wastewater discharge meets local discharge pretreatment limits. These limits and their enforcement protect the treatment process; increase worker safety; maintain agricultural utilization of the sewage sludge or biosolids; and protect the quality of LeTort Spring Run, Conodoguinet Creek, and other downstream waterways. Enforcement efforts may include notices of violation, administrative orders, and the issuance of surcharges and even penalties for discharging high strength wastes. Monetary surcharges for higher levels of common pollutants such as biochemical oxygen demand, solids, phosphorus, ammonia, and oil and grease direct the treatment costs to users that are actually discharging the higher strength waste thus helping to keep sewer bills lower for residential customers. Additional revenue is generated through wastewater testing for other permitted dischargers throughout the local area.

SERVICES PERFORMED

- Wastewater analysis & regulatory reporting for Carlisle and other local treatment plants.
- Assist with operational control of plant to maintain cost effective environmental compliance.
- Main regulatory liaison with DEP Clean Water Program.
- Monitor and inspect local significant industrial user dischargers and enforce local industrial discharge pretreatment limits.

BUDGETARY ACTIVITIES

Sewer Lab (42L)

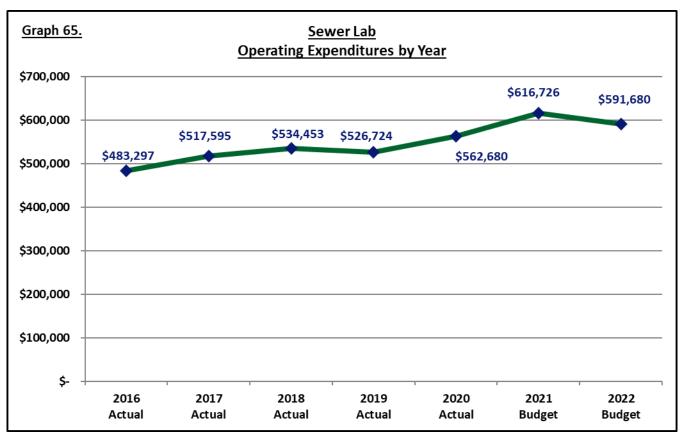

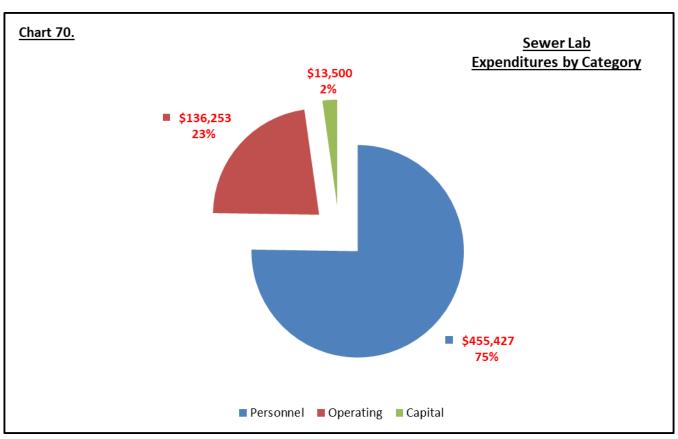

2021 ACCOMPLISHMENTS

- Preserved the health and safety of lab staff and maintained our mission during the COVID-19 pandemic with creative scheduling and a significant increase in ongoing lab disinfection procedures.
- Continued compliance with ongoing effluent standards for nitrogen and phosphorus in a cost effective manner.
- Successfully completed all annual proficiency testing requirements to maintain certification for drinking water microbiology, wastewater chemistry and microbiology and biosolids.
- Revised EPA approved industrial pretreatment local limits into individual Significant Industrial User discharge permits as needed to maintain environmental protection while maintaining a favorable regulatory climate for local industries.
- Replaced 100% of lab building lighting with more energy efficient LED ceiling fixtures utilizing a PPL rebate program to keep costs to a minimum.
- Key contact for wastewater treatment and pollution prevention public education and outreach.
- Lab supervisor involved in community outreach as a voting member of the Dickinson College Institutional Biosafety Committee.
- Retained certification as an accredited environmental testing laboratory after a successful
 3-year lab audit conducted by PA DEP Bureau of Laboratories.
- Hired and initiated training of the new Laboratory Supervisor to replace the long term Laboratory Supervisor retiring September 30, 2021.

- Maintain certification as accredited environmental testing laboratory.
- Enhance physical and employee security measures at the treatment plant and lab while maintaining efficient operation and a high level of customer service.
- Assist with finalizing a biosolids treatment upgrade final recommendation to assure future viable biosolids disposal options
- Renew NPDES permit for the next 5-year cycle.
- Review and demo Laboratory Information Management Systems (LIMS) to modernize data collection and state reporting in the lab
- Welcome new lab supervisor.

This budget provides funding for the operation and maintenance of the Borough's five lift stations. The five lift stations collect wastewater from low-lying areas and then transports the collected wastewater to an elevation or location outside the drainage area. From this point, the wastewater flows by gravity to either the treatment plant or another lift station.

| Function Snapshot | |
|------------------------|--------------|
| Department | Public Works |
| Applicable Funds | Sewer |
| Budget In Total | \$228,768 |
| Operating Budget | \$208,768 |
| Capital Budget | \$20,000 |
| Full-Time Employees | 1 |

The wastewater collection system lift stations include Lift Station #1 (Waggoneers Gap), Lift Station #2 (Ridge Street), Lift Station #3 (South Spring Garden Street), Lift Station #4 (Shearer Drive) and Lift Station #5 (Greystone Manor). The alarm and flow monitoring devices at each lift station utilize a cellular system for alarm call-outs and a customized web site for device programming, reporting and monitoring.

All lift stations are equipped with back-up high water alarm and pump control systems.

Lift stations are routinely checked and maintained by Wastewater Treatment Plant mechanics to ensure proper operation.

SERVICES PERFORMED

- Pump flow through force mains to higher elevation
- Addition of hydrogen peroxide to prevent hydrogen sulfide
- Transport flow from the collection system to the treatment plant

BUDGETARY ACTIVITIES

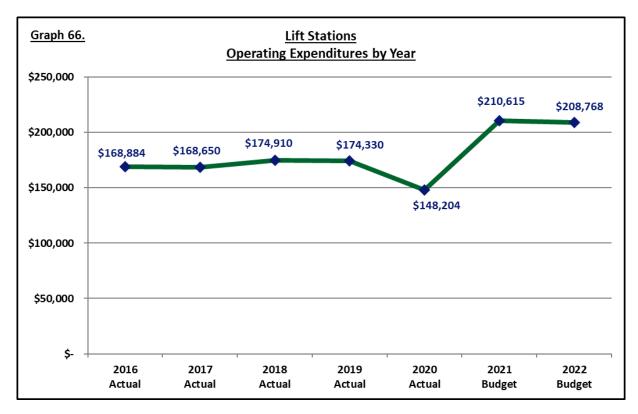

• Lift Stations (42M)

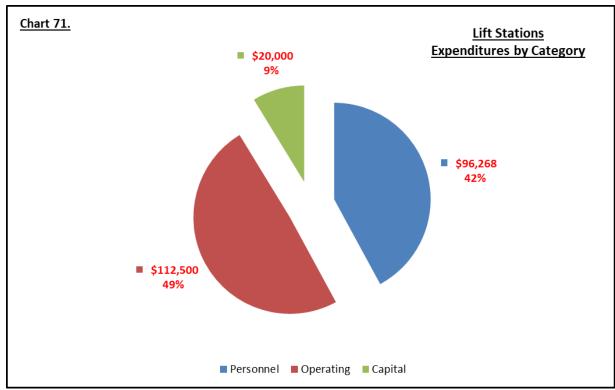

- Replacement of flow meter remote converters at Lift Stations #1 (Waggoners Gap) and #2 (Ridge Street).
- Replaced the automatic transfer switch at Lift Station #5 (Chesterfield).
- Replaced the flat roof at Lift Station #2 (Ridge Street) with a peaked roof.

• Replace the flat roof at Lift Station #3(South Spring Garden Street) with a peaked roof.

FINANCIAL SUMMARIES

The Wastewater Treatment Plant budget is responsible for the funding of the operation and maintenance of all sewage treatment processes, equipment, grounds and buildings at the Carlisle Regional Water Pollution Control Facility. The primary function of the wastewater plant is for the treatment of wastewater received from the regional

| Function Snapshot | |
|---------------------|--------------|
| Department | Public Works |
| Applicable Funds | Sewer |
| Budget In Total | \$1,871,375 |
| Operating Budget | \$1,246,375 |
| Capital Budget | \$625,000 |
| Full-Time Employees | 8 |

collection system. Wastewater received at the plant is subjected to a three-stage treatment process which includes: (1) the settlement of solid matter, (2) the degradation of organic impurities through biological and chemical processes and (3) filtration and disinfection through chlorination. The treated wastewater is discharged into the Conodoguinet Creek while solid matter is condensed into a bio-solids that is stabilized through the addition of lime. Once stabilized, the bio-solids are trucked to permitted farm sites and either surface applied or injected into the soil as a fertilizer and soil conditioner. Under regulations of the Pennsylvania State Department of Environmental Protection and the Federal Environmental Protection Agency, all treatment processes are continuously monitored to ensure that discharged substances meet established pollutant concentration standards.

SERVICES PERFORMED

- Measure and record influent and effluent flows ultrasonically
- Screening and grit removal of wastewater
- Process wastewater using quiescent circular tanks
- Phosphorus reduction using anoxic, anaerobic and aerobic zones
- Process wastewater through filters
- Chlorine disinfection of wastewater
- Lime treatment of biosolids

BUDGETARY ACTIVITIES

• Wastewater Treatment Plant (42P)

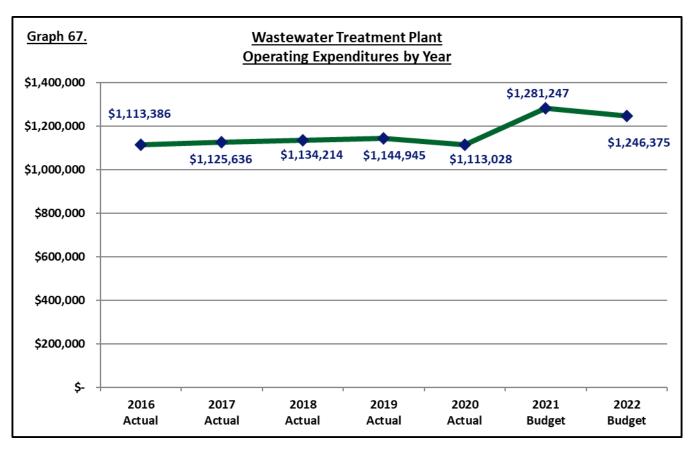

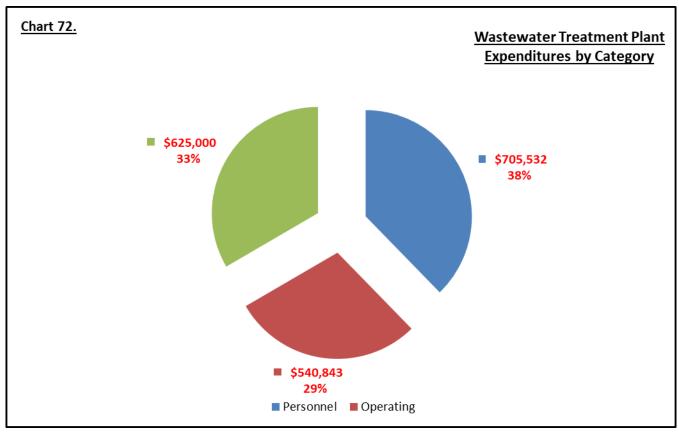

- Replaced the John Deere zero turn mower
- Rebuilt one digester mixer motor
- Cleaned accumulated debris in wet well
- Replaced the Main Control Building gas detection system
- Replaced the BNR dissolved oxygen probes
- Purchased one half of the filter unit panels
- Replaced two valve actuators
- Replaced the wet well exhaust fan

| Function Statistics | | | |
|-------------------------------------------|-----------|------------------|-----------|
| | 2022 | 2021 | 2020 |
| | Budgeted | Estimated | Actual |
| Wastewater Treated (billion gallons) | 1.200 | 1.024 | 1.023 |
| Average Gallons Per Day Treated | 3,287,671 | 2,805,863 | 2,794,148 |
| Chemical Costs Per Million Gallons | \$138.08 | \$125.53 | \$133.89 |
| (The chemical cost per million gallons is | | | |
| based on the lime, alum, chlorine, | | | |
| hydrogen peroxide, odor control agents | | | |
| and bio-augmentation liquid used in the | | | |
| treatment process.) | | | |

- Cleaning, removal and disposal of the accumulated wet well debris.
- The replacement of the John Deere tractor/loader.
- The purchase of spare VFDs for various plant equipment (if needed).
- The purchase of valve actuator parts for rebuilding other units (if needed).
- The replacement of indoor lights with new LED lights.
- The replacement of one filter feed pump.
- The purchase of a new steam power washer.
- The replacement of the remaining filter unit panels.
- The replacement of six (6) valve actuators.

The Biosolids Program's primary responsibility is to produce and land apply biosolids that meet Class B quality criteria for pathogen reduction and inorganic metals content as established by state and federal agencies. This allows for the beneficial and environmental recycling of biosolids on Pennsylvania Department of Environmental

| Function Snapshot | |
|---------------------|--------------|
| Department | Public Works |
| Applicable Funds | Sewer |
| Budget In Total | \$908,919 |

| Full-Time Employees | 3.50 |

Protection (DEP) approved farmland. The Borough currently has 30 permitted farms in its program with 2,838 DEP approved acres for biosolids applications throughout Cumberland County.

SERVICES PERFORMED

- Operate and maintain biosolids application trucks and equipment.
- Operate and maintain Belt Filter Press used for production of dewatered biosolids.
- Hauling and application of liquid biosolids and dewatered biosolids.
- Regulatory reporting to EPA and PA DEP on biosolids applications.
- Calculate and maintain all agronomic loading and pollutant loading records for each field receiving biosolids.

BUDGETARY ACTIVITIES

• Bio-Solids Removal (42S)

2022 GOALS

- Haul and land apply 7,500,000 gallons of biosolids.
- Haul and land apply 1,000 tons of dewatered biosolids.
- Replace tractor Truck #56.
- Maintain perfect compliance record with PA DEP and EPA biosolids regulations.
- Complete evaluation to establish approach to achieve Class A Biosolids quality criteria.

FINANCIAL SUMMARIES

The field operations division is responsible for the direction, planning, coordination, daily supervision of numerous and essential transportation and public works services in various areas including street and parking lot maintenance, and storm damage cleanup. This division is also responsible for fleet and facility maintenance. Public Works staff take the lead in cooperation with Water Resources Field Operations on implementing snow and ice control measures during winter storm events.

| Function Snapshot | | |

| Operating Budget | \$476,740 | |
| Capital Budget | \$832,500 | |
| Full-Time Employees | 4.96 | |

SERVICES PERFORMED

- repair and maintenance of borough roadways and avenues
- pothole patching
- utility repair/black top patching
- new curb blacktop patching
- emergency response
- sinkhole repair
- snow & ice control
- posting for Carlisle Car Show events
- maintenance and repair of borough vehicles
- upgrade and reconstruction of pedestrian curb ramps

BUDGETARY ACTIVITIES

Public Works Field Operations (430)

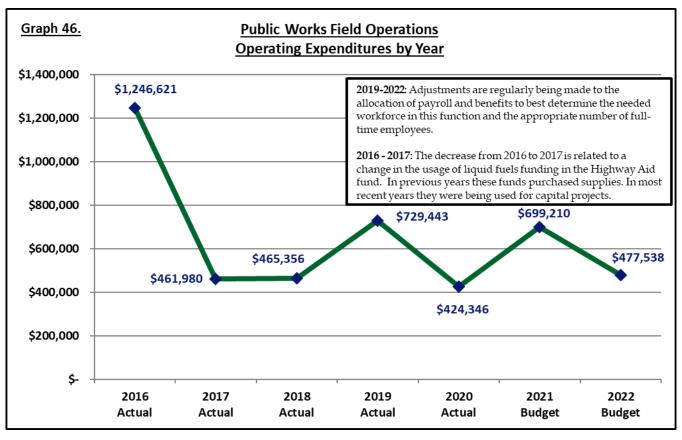

- repaired potholes throughout Borough
- Performed base restoration and wearing surface repairs on older borough utility street cuts, reducing the number of outstanding street cuts requiring restoration by more than 90 percent
- Performed street patching adjacent to completed curb repairs
- Performed brush pick up
- Performed leaf pick up

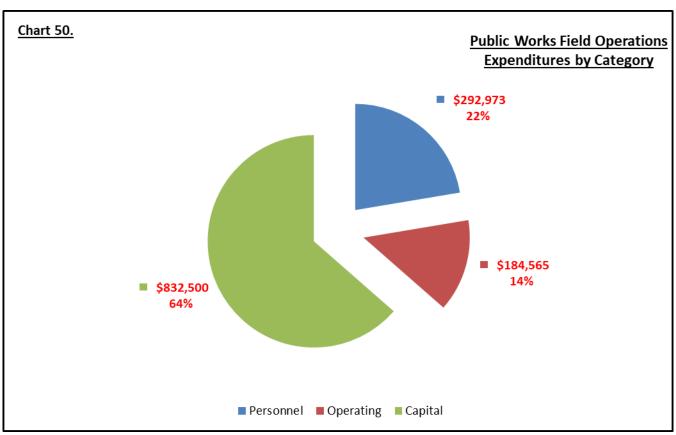

- Assisted with 2021 street milling & paving program and completed needed base repairs and crack sealing prior to ultra-thin wearing course application by contractor
- Completed construction of two new offices on second floor of Borough hall and renovations to Town hall meeting room and HR Department office
- Managed vehicle and equipment maintenance services with contract maintenance garages.
- Performed upgrade to entrance gate and tied new gate into emergency generator electrical supply line
- Oversaw installation of security upgrades at field operations garage site

- Evaluate need for structural repairs at borough garage
- Perform roadway assessment and prioritization for next 5-year roadway CIP in cooperation with borough engineering staff
- Train maintainers on equipment usage
- Explore procedural changes to boost efficiency, including expanded use of electronic work orders and incorporation into GIS based mapping database
- Explore new equipment options
- Calibrate and repair as needed road salt application equipment to reduce overdosing of salt for snow and ice control
- Maintain street restoration backlog for borough utilities to less than 6 months
- Increase the percentage of pedestrian curb ramp upgrades completed by Borough staff compared to those completed by an outside contractor
- Resume annual curb painting program

The primary responsibility of the street cleaning division is to maintain the durability of road surfaces, slow roadway deterioration and add to a clean and safe community environment. Weekly street cleaning operations consist of sweeping the downtown area three days a week. All other roadways are swept according to posted signage

| Function Snapshot | | |

Monday through Thursday, with the exception of residential developments, which are swept once a month, usually on Friday. The seven municipal parking lots are also cleaned once a week and the parking garage is cleaned once a month.

SERVICES PERFORMED

- Regularly clean Borough's:
 - o 57.6 miles of local streets
 - 12.46 miles of state highways
 - o seven municipal parking lots
 - parking garage

BUDGETARY ACTIVITIES

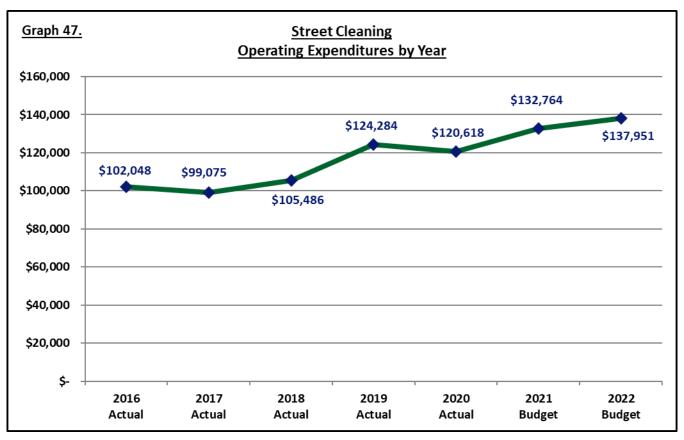

Street Cleaning (431)

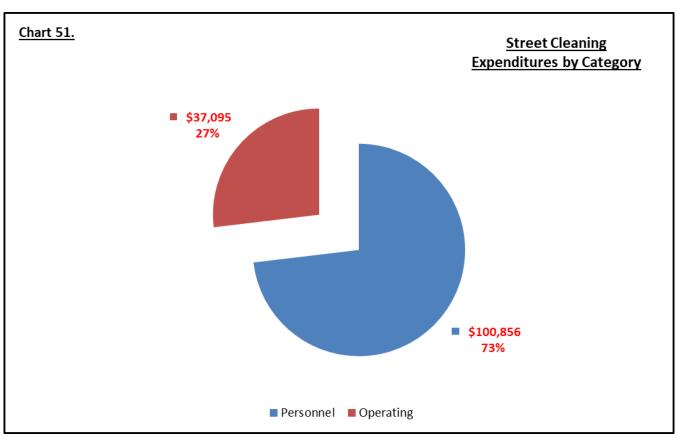

2021 ACCOMPLISHMENTS

- swept Borough road surfaces as weather allowed
- disposed of street sweeping debris in accordance with MS4 Permit requirements
- conducted additional sweeping after downtown events
- Modified sweeping schedule to continue operations during COVID-19 and adjustments to on-street parking restrictions

- complete street cleaning operations based on existing ordinance and schedule
- provide weekly surface cleaning for the Boroughs seven parking lots
- provide monthly parking garage cleaning
- evaluate sweeping schedule to maximize route efficiency

The traffic control division's responsibilities are to perform minor repairs to the Borough's 43 traffic signals and maintain regulatory street signs and pavement markings to ensure that the users of Borough's roadways enjoy a safe and efficient transportation system.

| Function Snapshot | | |
|------------------------------|------------------|--|
| Department Public Wor | | |
| Applicable Funds | General; | |

| Budget In Total | \$551,524 | |
| Operating Budget | \$301,524 | |
| Capital Budget | \$250,000 | |
| Full-Time Employees | 1.60 | |

SERVICES PERFORMED

- routine maintenance of signs and traffic signals
- installation of signs and traffic delineation devices
- painting crosswalk, curbs, center lines, school markings, and other pavement markings
- maintain 15 police security cameras
- establish roadway detour signing for special events and roadway emergencies as needed

BUDGETARY ACTIVITIES

• Traffic Control (433)

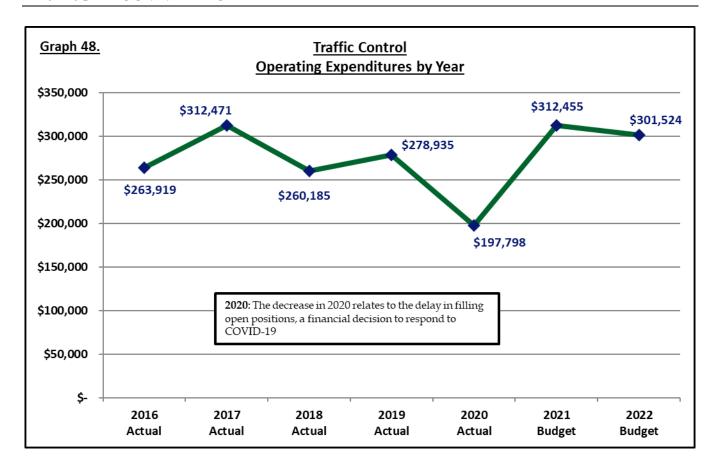

- painted all private and public handicapped parking spaces
- coordinated traffic control with the police department and DCA for downtown events
- completed signal maintenance in accordance with PennDOT permits through use of an outside contractor and Borough staff
- established all school zones (signage/painting)
- installed audible crosswalk controls at signalized intersections around Dickinson College campus
- maintain "Welcome to Carlisle" signs
- secured Green Light Go grant funding for the upgrade of the adaptive traffic controllers along the Hanover and High Street corridors to include infrared detection instead of older camera technology
- replaced warned out road diet thermoplastic markings with new thermoplastic marking

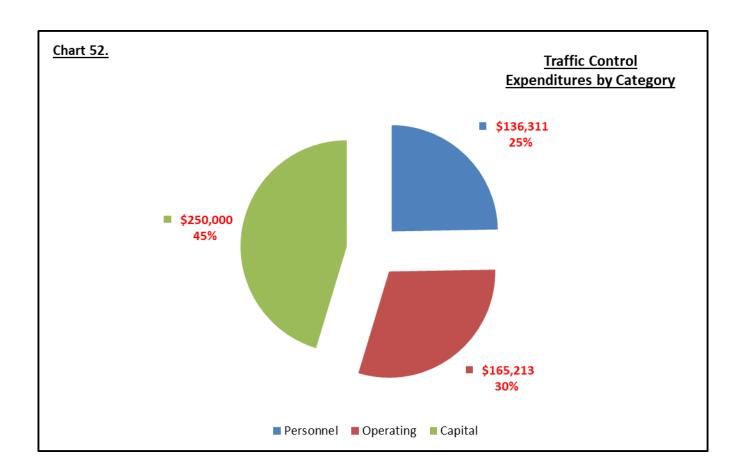

- complete the painting of all pavement markings
- continue sign inventory
- complete signal maintenance in accordance with Penn DOT permits
- ensure all pedestrian crossing signals are functional
- complete upgrade to traffic signal system at intersection of W. High and Pitt Street
- replace traffic signal cameras along High and Hanover Street corridors with infrared detection
- replace outdated equipment at one signalized intersection per year
- explore purchasing thermoplastic machine to reduce the cost/maintenance of current crosswalk line painting

FINANCIAL SUMMARIES

The primary responsibility of the street lighting division is to maintain 317 Borough-owned street lights located mainly throughout downtown and at all signalized intersections. Street light lamps are either high-pressure sodium or LED, which increase light output enhancing nighttime safety while deterring crime and providing residents with an improved nighttime environment. PPL maintains

approximately 1,183 additional streetlights throughout the Borough. The Borough pays PPL a monthly energy and maintenance fee for each light for the service.

SERVICES PERFORMED

perform maintenance and repair for all Borough-owned street lighting fixtures

BUDGETARY ACTIVITIES

• Street Lighting (434)

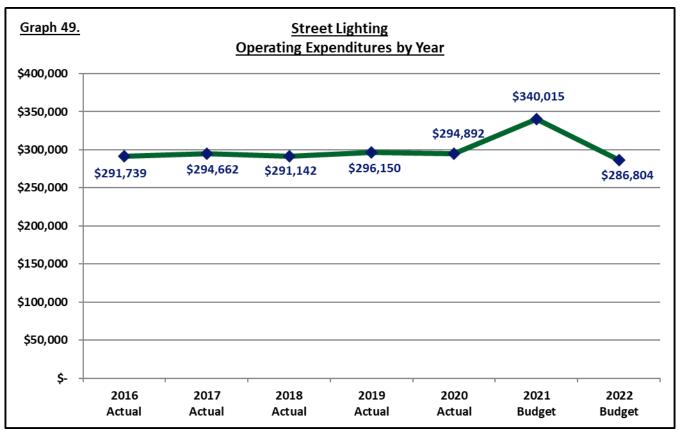

2021 ACCOMPLISHMENTS

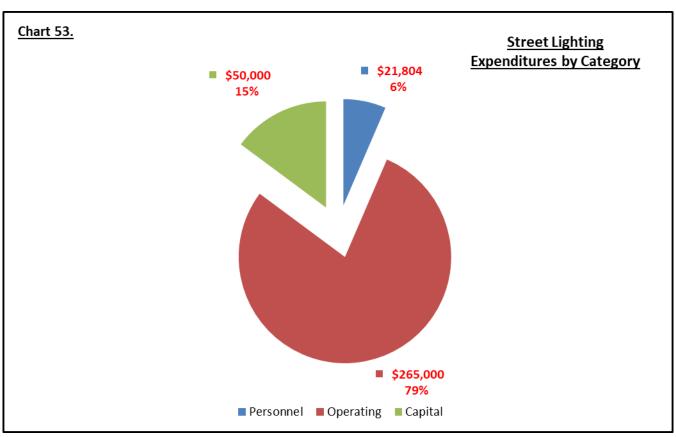

- inspected quarterly borough-owned and PPL lights
- assisted other departments with electrical issues
- worked with PPL to complete 2nd phase of PPL owned street lights from HPS to LED light fixtures
- worked on replacement of underground wiring on N. Hanover Street

- complete replacement all underground wiring for the Borough-owned candlestick street lights located along High and Hanover streets
- complete maintenance and repair for all Borough-owned street lighting fixtures
- complete program to convert all Borough owned street lights to LED light fixtures for energy savings
- continue to work with PPL on cobra head replacement from HPS fixtures to LED

The Water Lab Division's primary responsibility is to ensure that water produced at the Water Treatment Plant meets or exceeds established federal and state standards for quality and potability to protect public Microbiological and inorganic chemical health. analyses are performed regularly on water treated at the plant and in the distribution system to ensure a

| Full-Time Employees | .75 | |

safe water supply. The lab also provides certified drinking water and wastewater testing on a fee basis for a number of other public water supplies and dischargers throughout central Pennsylvania. The lab prepares and distributes annual water quality reports to not only our 6600 water customers but also to other potential users of the water; such as industries, schools, Dickinson College, nursing homes, and other community institutions, etc. Private well testing services for a number of drinking water contaminants are provided for the public of Cumberland and neighboring counties, on a fee basis which provides a revenue source to offset operational costs.

SERVICES PERFORMED

- Provide potable water for the Borough of Carlisle and small portions of North Middleton, South Middleton, and Middlesex Townships.
- Maintain regulatory compliance with all aspects of the Safe Drinking Water Act
- Prepare, publish and distribute the annual Water Quality Report that contains information on the source of our water, its constituents, and the health risks associated with any contaminants.
- Respond to customer inquiries related to water quality within 24 hours
- Lab testing to assure potable water throughout the water distribution system
- Bacteria and chlorine monitoring of drinking water
- Disinfection of new water lines

BUDGETARY ACTIVITIES

Water Lab (44L)

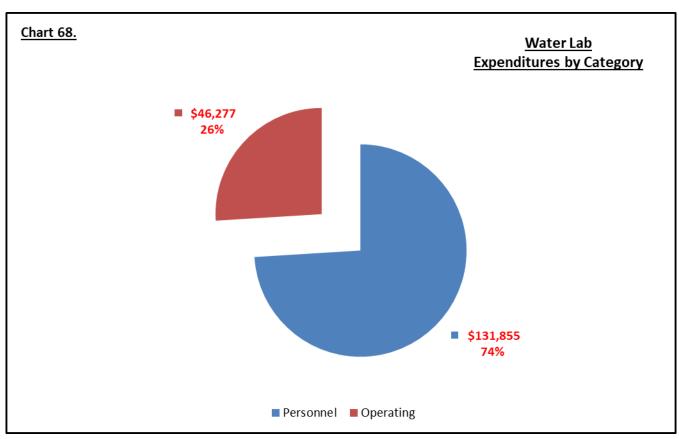

2021 ACCOMPLISHMENTS

- Met all monitoring requirements of the Safe Drinking Water Act.
- Preserved the health and safety of lab staff and maintained our mission during the COVID-19 pandemic with creative scheduling and a significant increase in ongoing lab disinfection procedures.
- Maintained a viable inventory of drinking water sampling locations during the COVID-19 pandemic when access to a number of locations throughout the service area was limited.
- Continued to provide a local source for monthly-certified microbiological drinking water testing for existing clients, specifically other Public Water Supplies, during the COVID-19 pandemic.
- Successfully completed all annual proficiency testing requirements to maintain certification for drinking water microbiology and wastewater chemistry, microbiology and biosolids.
- The water system has maintained compliance with the new more stringent minimum chlorine residual requirement of 0.2 mg/L at all approved sample locations during the second full year of the more rigorous disinfection requirements.
- Retained certification as an accredited environmental testing laboratory after a successful
 3-year lab audit conducted by PA DEP Bureau of Laboratories.
- Hired and initiated training of the new Laboratory Supervisor to replace the long term Laboratory Supervisor retiring September 30, 2021.

- Meet all state and federal regulations for the water supply.
- Continue to maintain the pool of outside testing clients by providing high levels of external customer service to assure a continuing outside testing revenue stream during the continuing pandemic.
- Maintain certification as an accredited environmental testing laboratory.
- Begin planning for EPA Lead and Copper Rule Revisions, Lead Service Line inventory, etc.
- Continue to successfully comply with Disinfection Requirements Rule mandate while keeping customer taste and odor drinking water complaints to a minimum.
- Enhance physical and employee security measures at the treatment plant and lab while maintaining efficient operation and a high level of customer service.
- Review and demo Laboratory Information Management Systems (LIMS) to modernize data collection and state reporting in the lab.

The Carlisle Water Treatment System's primary responsibility is to ensure drinking water is safely and efficiently produced at a higher quality than the minimum state and federal regulations. Pennsylvania's Department of Environmental Protection is the primary entity responsible for regulating the plant. The treatment plant, pump

station, and water tanks are operated for optimal daily results and maintained for preservation of long term water supply reliability.

SERVICES PERFORMED

- Maintain governmental compliance through a monthly reporting process
- Provide continuous water service, 24 hours per day / 365 days per year
- Meet internal filtration and disinfection goals as adopted from the Partnership for Safe Water optimization program
- Zero loss-time work related injuries by prioritizing safety
- Completion of continuing education training by 100% of certified personnel

BUDGETARY ACTIVITIES

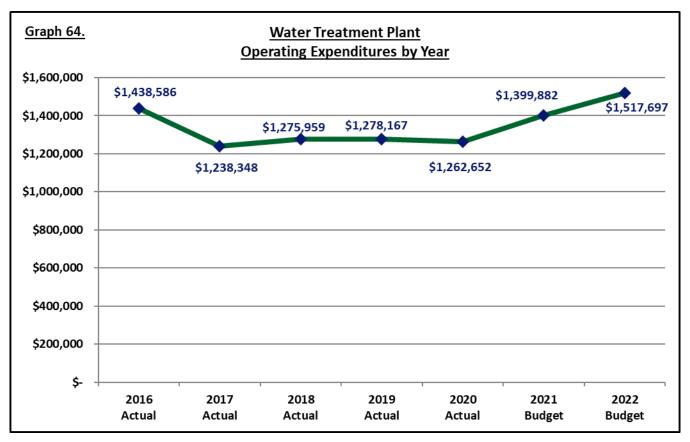

• Water Treatment Plant (44P)

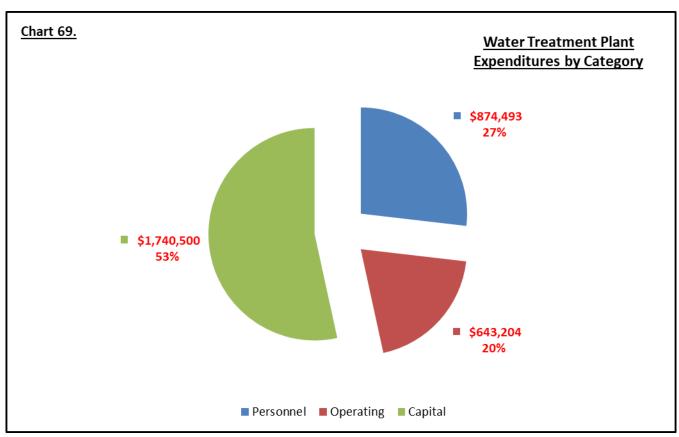

2021 ACCOMPLISHMENTS

- Maintained complete regulatory compliance
- Installed security cameras at key locations around facilities
- Repaired and stabilized creek bank adjacent to headrace facility
- Installed new chemical containment wall and replaced chemical feed pumps

- Meet all state and federal regulations for the water supply
- Optimize treatment to meet Partnership for Safe Water benchmarks
- Provide a safe working environment with no work related injuries
- Keep all equipment in good working order and maintain Operator Certified workforce
- Repaint Ridge Street Water Storage Tank
- Complete upgrades to sludge transfer station/replace old infrastructure

Department of Community Planning & Economic Sustainability

DEPARTMENT OVERVIEW

The Borough of Carlisle Community Planning & Economic Sustainability Department works to create a healthy, safe, and sustainable community of choice through leadership, education, partnerships, and stewardship of resources and assets.

| Department Snapshot | | | |
|----------------------------|------------------|--|--|
| Applicable Funds | General; | | |
| | Capital Projects | | |
| Budget In Total | \$5,922,455 | | |
| Operating Budget | \$604,455 | | |
| Capital Budget | \$5,318,000 | | |
| Full-Time Employees | 5.17 | | |

The department has several areas of focus including land use, planning, and zoning, the investment of federal, state, and local grant funds into neighborhoods, historic preservation, economic development, rental housing and building inspections, and the enforcement of codes and ordinances.

Staff members are responsible for innovative economic development, community planning, and sustainable growth strategies and activities which cultivate and revitalize the businesses and neighborhoods in the Borough of Carlisle that ultimately lead to making the Borough a better place to live, work, and learn with an emphasis on planning, decision-making, and resource allocation that support socially equitable and inclusive policies, programs, and opportunities.

SERVICES PERFORMED

- Administer the zoning ordinance
- Administer the land development & subdivision ordinance
- Administer the building, electrical, plumbing and property maintenance codes.

BUDGETARY ACTIVITIES

Code Enforcement (413)

2021 ACCOMPLISHMENTS

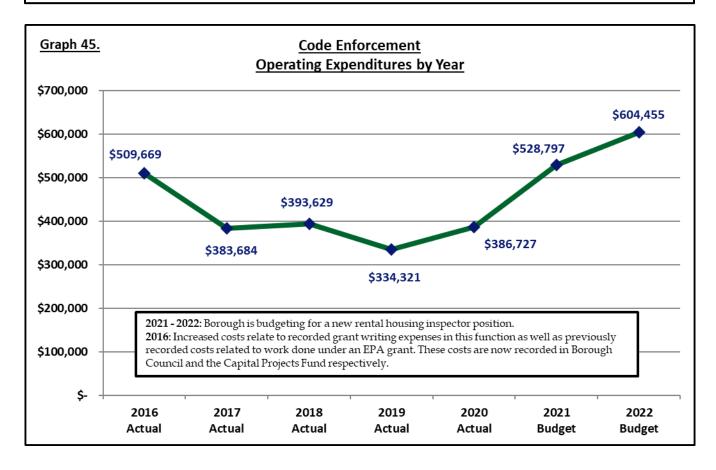

- Increased training and utilization of existing software to improve operational efficiency
- Researched and provided support on a Zoning Map Amendment on West St.

- Staff will be assisting with the Climate Change Initiative, which may include reviewing LEED permitting incentives, best management practices for dealing with potential reductions to off-street parking, and limiting impervious coverage and stormwater runoff.
- If adopted, implement rental housing ordinance
- Determine best structure of department
- Continuing to explore ways to improve processes using existing software

SERVICES PERFORMED

- Management of:
 - Park maintenance
 - Recreation programs and events
 - Municipal Swimming Pool
 - o Park planning, development and grant writing
 - o Community Center
 - Shade Tree Ordinance

BUDGETARY ACTIVITIES

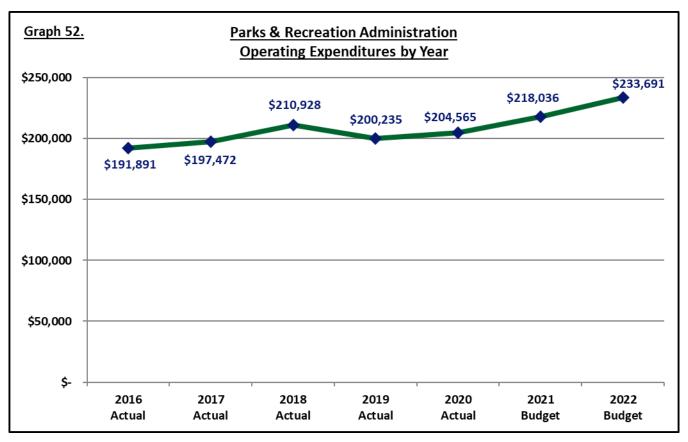

Parks & Recreation Admin. (451)

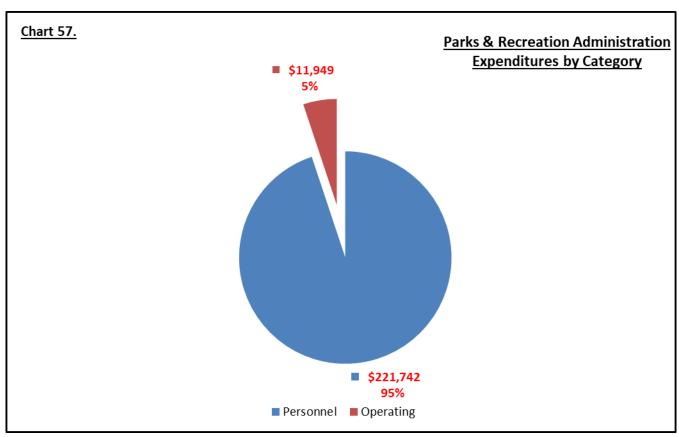

2021 ACCOMPLISHMENTS

- Continued with COVID-19 response and recovery efforts.
- Implemented and updated facility management reservation software.
- Engaged with the community on the design features of the Fairground Avenue Linear Park by utilizing the Engage Carlisle social media platform and other outreach methods including door-to-door visits and community meetings.

- Complete final design work, monitor construction and grant funding for the Fairground Avenue Linear Park.
- Investigate and recommend a method to pass on credit card user fees.

The Recreation Services primary responsibility is to provide a wide range of programs in order to meet the culturally diverse needs of the Borough. Each year, old and new programs are offered to the community that provide safe, fun activities to meet the interests of all ages. A fee schedule is used so Borough residents may enjoy a reduced rate for recreation opportunities.

| Function Snapshot | | | | |

| Full-Time Employees | 1.90 | | | |

SERVICES PERFORMED

- Recreation opportunities:
 - o Pre-School programs such as Tumbling Tots, Ballet Bunnies, Tots Yoga, etc.
 - Youth programs such as Summer Day Camp, Soccer Shots, Tumbling, Kids Yoga, etc.
 - Adult programs such as POUND, etc.
 - Multi-Age/Family programs such as Fencing, etc.
 - Sports such as Lacrosse, Youth Tennis Lessons, Youth Basketball, Co-Ed Youth Volleyball, Adult and Youth Co-Ed Soccer, Pickleball Clinics and Open Gyms, Soccer Shots, etc.
 - Leagues including Co-Ed Softball, Co-Ed Sand Volleyball, Indoor Volleyball for Men and Women, and Men's Softball
 - Special events including the Summer Artist Series, the Carlisle Halloween Parade, and Santa's Workshop

BUDGETARY ACTIVITIES

Recreation Services (452)

- Over ten new program instructors and league coordinators were recruited this year with updated marketing efforts on the benefits of being a contracted instructor.
- Program offerings expanded and close to twenty new programs were offered this year such as Walk with a Doc, Baton Twirling,

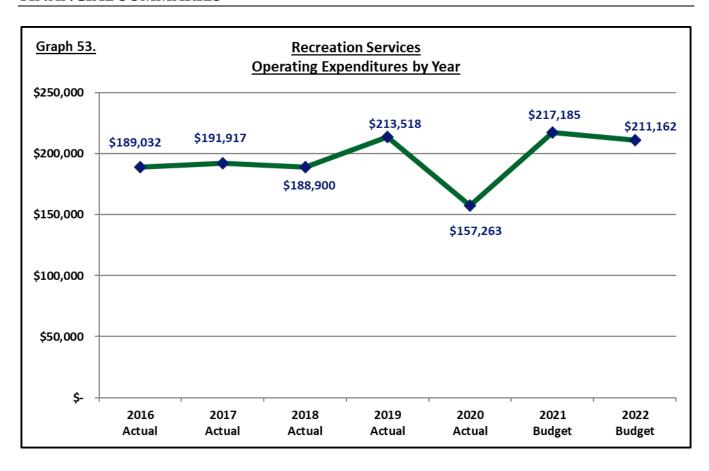

- Beginner Yoga, Speechcraft, Drawing Foundations, Basketball Clinics, Track and Field, Santa's Workshop and a Sand Volleyball Tournament just to name a few.
- Marketing efforts continued to increase with a stronger presence on the internet with improving content on the website, as well as on Facebook and Instagram.

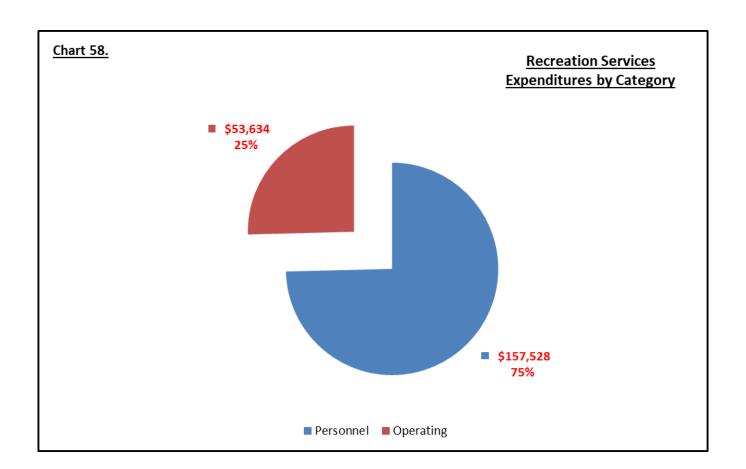

2022 GOALS

- Expand rec program offerings based on the needs of the community, specifically in underserved areas of the Carlisle Borough.
- Continue to provide a diverse schedule of programs to the community with safety as the top priority.

FINANCIAL SUMMARIES

FUNCTION OVERVIEW

The Carlisle Community Pool is a public outdoor swimming pool available to both residents of the Carlisle Borough and non-residents alike. The revenues from season passes, daily admissions, private and public pool parties, and concessions make up approximately 56% of the pool's operating budget, excluding any capital expenses. A fee schedule is used so Borough residents may enjoy a reduced rate for programs and services at the pool.

| Function Snapshot | | | | | |

| Capital Budget | \$31,000 | | | | |
| Full-Time Employees | 0.10 | | | | |

SERVICES PERFORMED

- Daily public swimming from Memorial Day weekend though Labor Day weekend (excluding days when Carlisle Area Schools are in session)
- Maintain clean and healthy water in the large main and smaller wading pools
- Maintain a clean and functioning bathhouse with restrooms, changing rooms, showers and staff areas
- Available daily lap swimming, climbing wall, diving board and giant twisting water slide
- Rec area includes a basketball court, grass volleyball court, three shuffle board courts and a pavilion
- Daily operation for season pass holders, daily admissions, and groups
- Pavilion rentals, and pool parties
- Pool banner sponsorship program to help offset operating expenses and support local businesses

BUDGETARY ACTIVITIES

Swimming Pool (453)

2021 ACCOMPLISHMENTS:

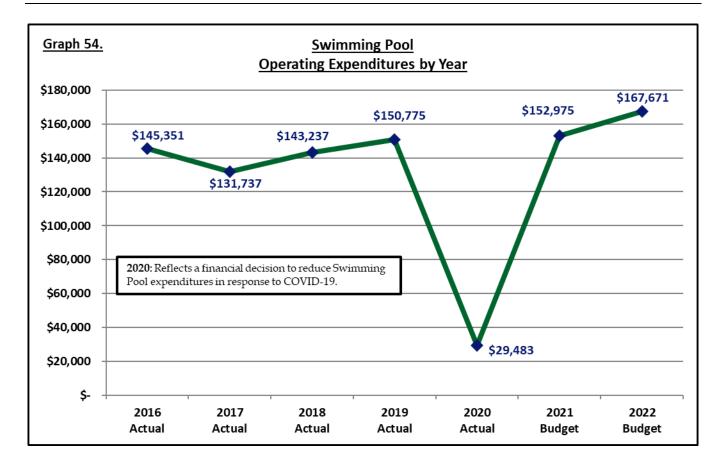

- Provided services for 870 season pass holders
- Patch repaired cracks in the basketball court and macadam walkways in the rec area
- Replaced the wading pool feature pump and rebuilt the main pump in the wading pool
- · Performed twenty-one successful water recues and provided first aid over fifteen times

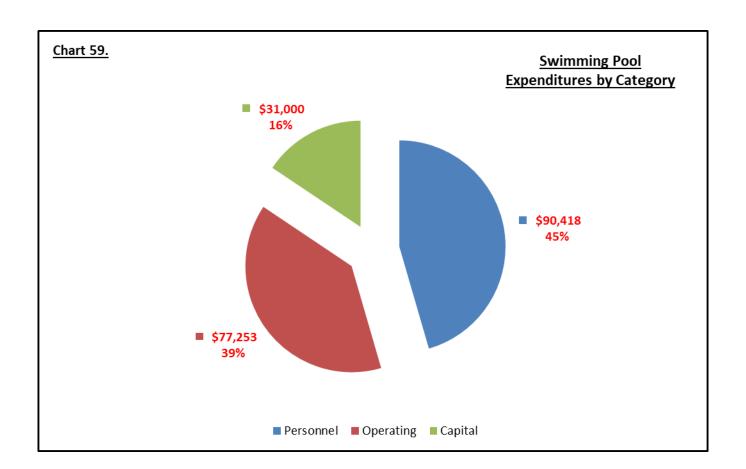

2022 GOALS

- Manage maintenance projects including slide pump replacement, main pool repaint, wading pool gunite repair and others
- Secure funding to purchase playground equipment for rec area
- Offer more competitive wages and incentives for hiring pool staff, especially Lifeguards

FINANCIAL SUMMARIES

FUNCTION OVERVIEW

The Parks Maintenance Function's primary responsibility is to provide the community with beautiful and safe parks and facilities. This function also supports the recreation programming division by preparing facilities for various activities.

| Function Snapshot | | | | | |
|----------------------------|--------------|--|--|--|--|

SERVICES PERFORMED

- Parks maintenance
- Land maintenance
- Building maintenance
- Facility preparation
- Park rehabilitation and development

BUDGETARY ACTIVITIES

Parks Maintenance (454)

2021 ACCOMPLISHMENTS

- Groomed parks and provided year -round park cleanup for fourteen parks, Community Center, pool, a rental property, amphitheater and cabin.
- Mulched all landscaped areas.
- Working with the Borough's insurance company, had a playground safety audit for all nine playgrounds within the park system.
- Installed new lighting fixtures at the LeTort Tennis/Pickleball courts, utilizing CDBG funds.
- Replaced the main door and classroom door at Hope Station, utilizing CDBG funds.
- One Park Maintainer became a certified pesticide applicator through the PA Department of Agriculture in category 10 (rights-of-way) and category 24 (swimming pools).

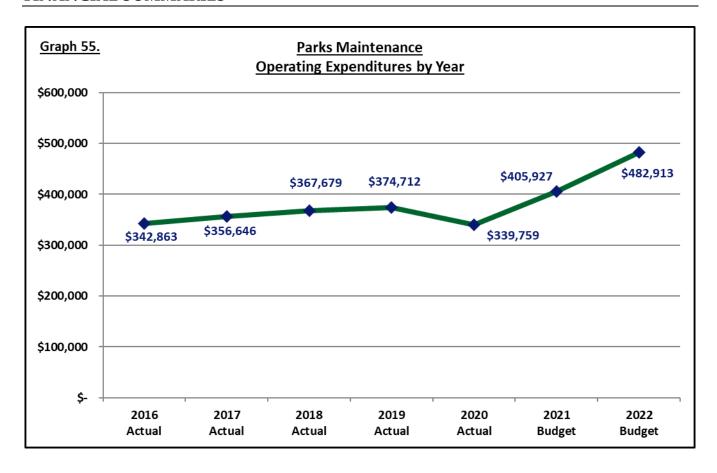

2022 GOALS

- Provide clean and ready to use parks and facilities.
- Paint exterior siding and repair of gutters and awning on the Parks Maintenance Garage.

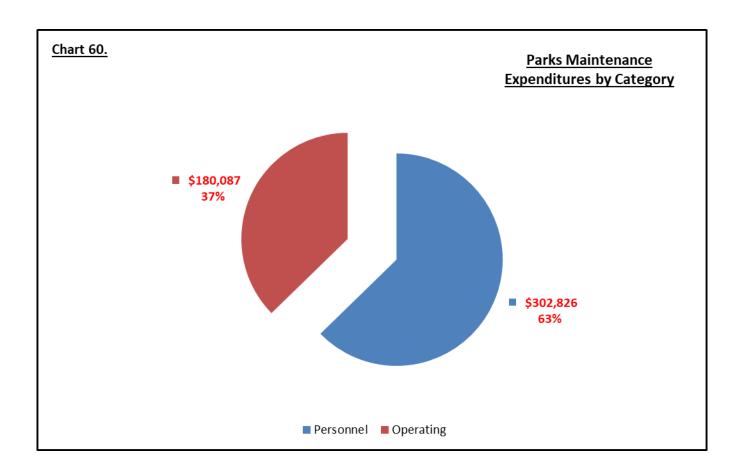

• Provide opportunity for a second Parks Maintainer to become certified by the PA Department of Agriculture in category 10 and 24, and certify two Park Maintainers in category 23 (schools and parks).

FINANCIAL SUMMARIES

FUNCTION OVERVIEW

The primary responsibility of the shade tree commission is to plant, remove, maintain, and protect shade trees along public streets and highways in the Borough. Members of the Carlisle parks and recreation board serve as the shade tree commission. The chairperson of the shade tree commission appoints a separate "shade tree

Shade Trees (455)

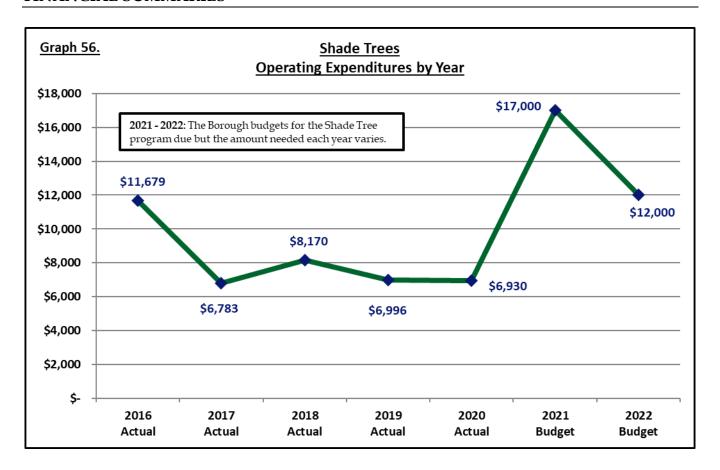

2021 ACCOMPLISHMENTS

- Shade Tree Committee members completed the 2020 Shade Tree Survey
- Held and organized a memorial tree planting for former Shade Tree Committee Chairperson, Jimmie George at Lindner Park on Friday, April 30, 2021.
- Held an educational pruning and planting workshop for the community in March 2021. The program was free of charge.

2022 GOALS

- Complete 2021 Shade Tree Survey
- Implement a spring and free fall street tree planting program for Borough residents.
- Work with other Borough departments to create a street tree/sidewalk program.

FUNCTION OVERVIEW

The primary purpose of the Borough's community center is to provide the community with a gymnasium facility and multi-purpose rooms. The gymnasium and rooms are available to rent for a variety of uses. Certain areas of the Community Center are also available for long-term lease.

| Function Snapshot | | | | | |
|------------------------|------------------|--|--|--|--|

| Applicable Funds | General; | | | | |
| | Capital Projects | | | | |
| Budget In Total | \$113,936 | | | | |
| Operating Budget | \$113,936 | | | | |
| Capital Budget | \$ - | | | | |
| Full-Time Employees | - | | | | |

SERVICES PERFORMED

- Community rentals
- Athletic Activities
- Recreation Programs
- Baby and Bridal Showers, Socials, Birthday Parties
- Community Meetings

BUDGETARY ACTIVITIES

• Community Center (458)

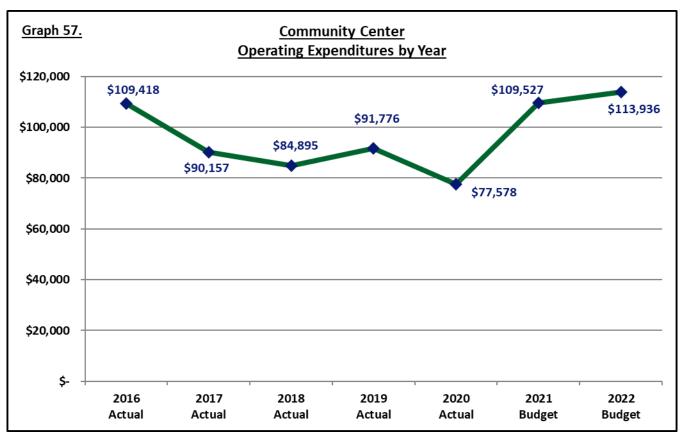

2021 ACCOMPLISHMENTS

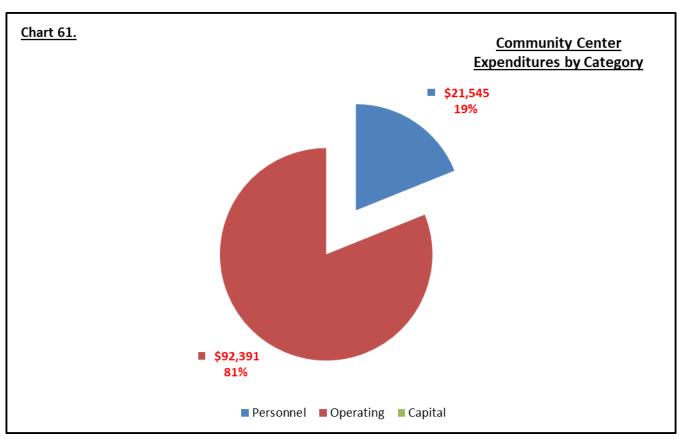

- Increased long-term lease agreements at the Community Center from three to four entities.
- Resealed gymnasium floor.
- Reserved the gym and multi-purpose rooms 1,380 times from August 2020 to August 2021.

2022 GOALS

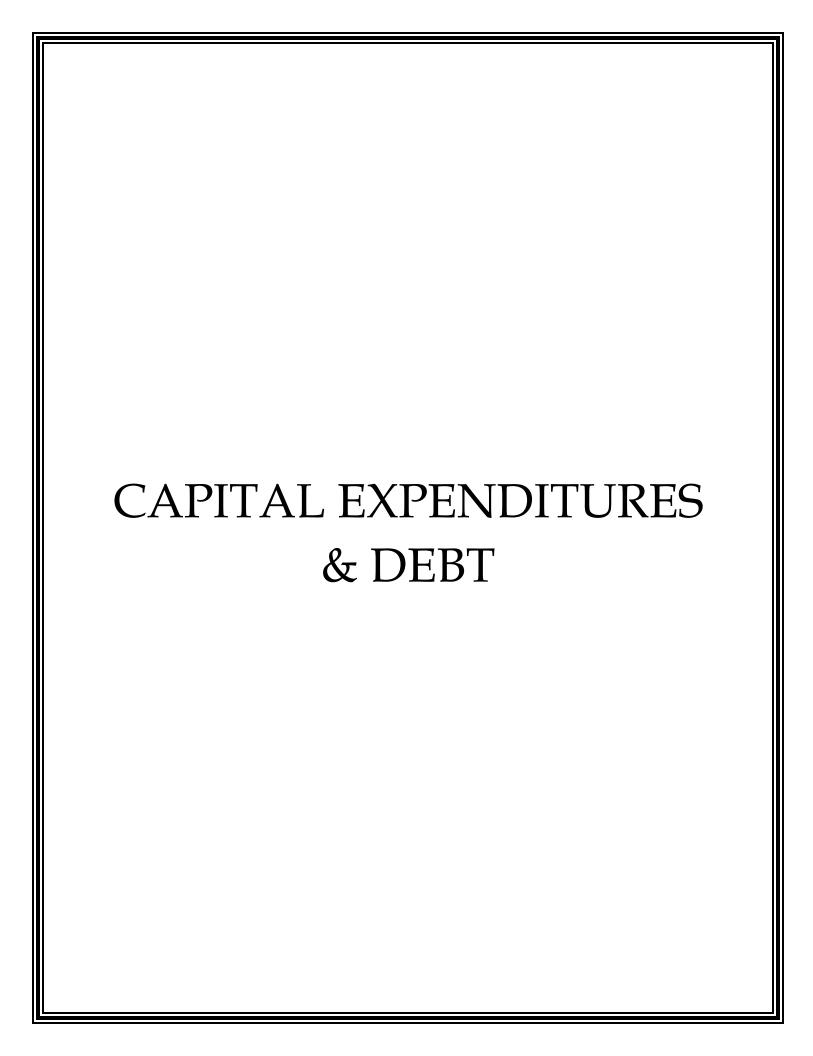

- Provide a clean and updated facility for users.
- Investigate and begin to address roof leakages in the building.

2021

Capital Expenditures

CAPITAL ASSETS OVERVIEW

Capital expenditures are the amounts spent for the acquisition, maintenance, or improving of capital assets. Capital assets are assets that are intended to be held greater than a single reporting period, in the case of this budget that represents one fiscal year. Capital assets include land, improvements to land, easements, buildings, building improvements, vehicles, machinery and equipment, works of art and historical treasurers, infrastructure, and all other tangible or intangible assets that are used in operations. The Borough maintains a capitalization threshold of \$5,000.

General capital assets are assets not related to activities reported in the proprietary funds and generally result from expenditures in the governmental funds. In the Annual Report, these assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. All infrastructure acquired after January 1, 1980 for governmental activities is reported on the government-wide statements.

"The Borough maintains a Capitalization threshold of \$5,000."

Infrastructure includes roads, bridges, traffic signals, storm sewers and drains. Capital assets utilized by the proprietary funds are reported both in the business-type column of the government-wide statement of net position and in the respective proprietary fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and the financials are updated for additions and retirements/disposals during the year. Donated capital assets are recorded at their fair values as of the date received. Improvements are capitalized while the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed in the Annual Report using the straight-line method over the following useful lives:

- land improvements, 50 years
- infrastructure, 20-40 years
- buildings, 30 years
- equipment, 10 years
- vehicles, 5 years

CAPITAL BUDGET

The capital budget for 2022 totals \$17,452,276 over six funds: capital projects (\$7,007,426), highway aid (\$680,000), water (\$4,936,750), stormwater (\$1,061,250), sewer (\$3,564,750), solid waste (\$ -), and parking (\$202,100). Prior to 2017, capital expenditures for the capital projects fund and the highway aid fund were reported in the general fund.

The 69 capital projects, in addition to being reported by fund, are further presented as activities within the seven borough departments: Administration (\$18,500), Finance (\$202,100), Fire (\$ -), Police (\$471,576), Public works (\$10,749,000), Community Planning & Economic Sustainability (\$5,318,000), and Parks & Recreation (\$693,100).

Significant Project Overview:

Fourteen of the 69 capital projects constitute nearly \$13.8 million (79.2%) of the 2022 capital budget. Those projects (numbers in parenthesis reference "Table 31") are identified and briefly discussed below:

1. Carlisle Urban Redevelopment Plan (TIF) (124 - 125) : \$5,303,000

The Carlisle Urban Redevelopment Plan (CURP) is a two-part project that includes both the Carlisle Town Homes (not included in this year's capital budget) and the Tax Increment Financing Plan (TIF).

The TIF is a public/private partnership between and among the Borough of Carlisle, Cumberland County, Carlisle Area School District, the Cumberland County Industrial Development Authority, and Carlisle Auto Industries, Inc.

The TIF district is comprised of 46.4 acres in the Borough adjacent to the downtown with necessary public improvements including transportation infrastructure, sewer and water infrastructure which will be financed by a variety of state and federal grants, bond proceeds from the tax increment financing district, and other local Borough funding.

This project is broken into two parts known as the TIGER project, named for the portion of the project primarily financed by the federal grant of the same name, and Project 1. Together these projects include the following public improvements: intersection improvements; street retrofitting; street construction; railroad at-grade consolidation and realignment; sharrows (bike lane markings), multi-use trails, and other walk/bike-ability enhancements; streetscape enhancements; green infrastructure improvements; public parks; storm water enhancements; sewer system upgrades; water system upgrades; and electric and other utility site access upgrades. The cost of public improvements, contingencies, debt service reserves, and costs of issuance will be funded through a combination of TIF bonds issued by the Cumberland County Industrial Development Authority and federal and state grant funds.

Additional details are highlighted in the "Community Profile" section of this budget.

2. Street & Highway Improvements (103, 108-112): \$ 930,000

The Borough is committed to performing regular maintenance and improvements on its roadways and as a result includes these items every year in its five-year capital improvement plan. These projects include street paving, curb ramp upgrades, crack sealing, micro-surfacing, and dry milling (108, 109, 110, 111, 112) which are currently being funded by our state's liquid fuels tax grant. The Borough also incorporates into its five-year capital improvement program the replacement of one of its traffic signals (103) each year.

3. Fairground Avenue Linear Park (137): \$600,000

In correlation with the Carlisle Urban Redevelopment Plan (TIF) above, Carlisle Auto Industries, Inc. conveyed parcels to the Borough for the completion of a park known as the Fairground Avenue Linear Park. The project design is not finalized but initial designs consider a small inclusive park area that is tied to a new skate park. This project is being funded in part by a grant with a 50% matching requirement.

4. Sewer System Rehabilitation (64): \$ 2,532,000

The Borough is in the stages of rebuilding its aging sewer collection system known as the Sewer System Rehabilitation project (64). This is multi-year project that is anticipated to continue in perpetuity with a yearly goal of rehabilitating between 1 – 2 miles of infrastructure each year. The next five years of the project are anticipated to cost approximately \$14.5 million and will be funded in part by Borough ratepayers and surrounding townships, who are municipal customers of the Borough's sewer system.

5. Bedford E Street Transportation Improvements (61): \$500,000

The Borough has identified areas where traffic-calming measures are needed within the Borough and one such place is Bedford and E Street. The Borough anticipates using grant funding available to install traffic calming measures that incorporate stormwater management features to ease the flow of stormwater in that area.

6. Water Distribution System and Water Meter Replacement (40, 41, 50): \$3,955,500

The Borough is in the stages of rebuilding its aging water distribution system known as the Water System Rehabilitation Project (41). The Borough anticipates replacing approximately 1-2 miles of the 77-mile system each year in perpetuity. The Borough also plans to perform a Transmission Line Replacement (50) which ensures successful transport of the Borough's water supply and upgrade the Borough customer base with Smart Water Meters that will incorporate the ability for a radio read feature, an improvement that will allow Borough staff to assist with leak detection (40).

2022-2026 CAPITAL IMPROVEMENT PLAN

Carlisle's five-year capital improvements plan (CIP) totals over \$66.3 million and involves 209 project-years over the five-year period. A project-year is defined as a specific project in each year, i.e., spending money each year over five years for street paving counts as five project-years. The 69 projects in 2022 constituting the \$17.5 million capital budget (the first year of the 2022-2026 CIP) count as 69 project-years in the CIP.

More than \$37.8 million of CIP expenditures (57.1%) will be funded by bond proceeds. Water, stormwater, and sewer fund projects account for \$45.9 million (69.2%) of the total five-year CIP. The following summarizes the CIP on a department-by-department basis.

• <u>Administration</u> - The department of administration plans to spend \$167,000 in CIP funds. All 7 project-years are related to information technology purchases such as servers (\$58,000), phone systems (\$50,000), and copiers (\$21,000).

- <u>Finance</u> The department of finance has 22 project-years totaling \$997,682 in the CIP. Twelve of those project-years involve paving and landscaping parking lots (\$240,582), and major parking garage maintenance and repairs (\$360,000) paid through the parking enterprise fund.
- <u>Fire Department</u> The fire department plans to spend \$1,092,000 in CIP funds. The 3 projects include the replacement of the Fire Chief Vehicle (\$60,000), P25 radio system upgrade for the fire departments (\$282,000), and the purchase of a fire engine (\$750,000).
- <u>Police Department</u> The police department has 13 project-years totaling \$1,065,776 in the CIP. This includes on-going police vehicle purchases (\$530,000), P25 radio system upgrade for the police department (\$148,000), Record Management Software (\$99,516), and an HVAC upgrade for police headquarters (\$220,000).
- <u>Public Works</u> The department of water resources has 143 project-years totaling \$51,887,200 in the CIP. The major cost-drivers are the Sewer System Rehabilitation (\$14,532,000), Water System Rehabilitation Project (\$11,000,000), and a \$9.5 million auto thermal thermophilic aerobic digestion (ATAD) project. ATAD is a method designed to produce a pasteurized class-A bio-solids removal product at the wastewater treatment plant. The following is a summary by type of asset:
 - ➤ <u>Equipment</u> 48 project-years totaling \$5,540,700 including purchases ranging in price from a traffic signal upgrades (\$250,000) to thickener drive mechanism replacement (\$500,000)
 - ➤ <u>Infrastructure Improvements</u> 77 project-years totaling over \$44.6 million. Projects consist of street improvements including milling, paving, crack sealing, micro-surfacing, and curb ramp upgrades (\$3.6 million).
 - ➤ <u>Vehicles</u> 10 vehicles totaling nearly \$1,068,000 will be purchased over the five-year CIP. The purchases include various pickups and a dump truck.
 - ➤ <u>Building</u> 8 project-years totaling \$635,000. This includes improvements both structurally and related to security for Borough Hall and the Public Works garage.
- <u>Community Planning & Economic Sustainability</u> The department of community planning & economic sustainability has 7 project years totaling over \$10 million. Included in that is 3 project-years totaling over \$9.9 million. The tax increment financing project, also known as the urban redevelopment plan, is a multi-year project and is projected to cost nearly \$14.3 million when completed. This project is discussed further in the capital budget section preceding this section.
- <u>Parks & Recreation</u> The department of parks and recreation has 14 project-years totaling \$1,040,582 in the five-year CIP. This includes the completion of a Fairground

Avenue Linear park in the amount of \$600,000 in addition to various smaller equipment purchases (\$75,910), building improvements (\$202,400), and improvements (\$162,272).

Debt

OVERVIEW

The Borough issues debt to finance significant capital projects having a useful life of at least the term of the debt issued. Typically, the Borough evaluates the capital improvement plan to determine projects to be included in any borrowing. Debt is issued to include projects in the capital projects fund and enterprise funds and is a general obligation of the Borough pledging the full-faith, credit and taxing power of the Borough for the payment of principal and of interest on the debt. All taxable real property in the Borough is subject to ad valorem taxation without limitation as to rate or amount to pay debt service.

Under state law, the Borough's debt is exempt from personal property taxes in the state. Interest on the debt is also exempt from state corporate net income taxes and from personal income taxation by the state or by any of its political subdivisions.

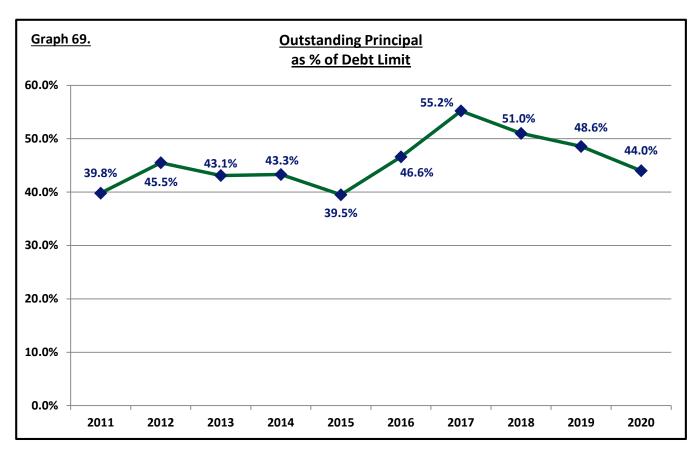

Debt issued by the Borough complies with the state's Local Government Unit Debt Act (53 Pa. C.S. § 8001 *et. seq.*). Included in the act are limitations on incurring debt unless that debt is approved by the voters of the municipality. Municipalities are prohibited from incurring any new non-electoral debt if the aggregate net principal amount of the new non-electoral debt, together with all other net non-electoral debt outstanding, would cause the total non-electoral debt to exceed 250% of the municipalities borrowing base. The borrowing base is the arithmetic average of total revenues received for the three preceding fiscal years. Below is the debt limit calculation for 2020, the last year calculated by an independent auditor during the annual financial audit of the Borough's financial statements.

| | Debt Limit Calculation | | | | | | | | | |
|---|----------------------------------------------|-----------------------------------------------------------------------|--|--|--|--|--|--|--|--|
| | Average Borrowing Base Revenue | | | | | | | | | |
| | \$ 24,495,254 | 2018 Revenue | | | | | | | | |
| | \$ 27,786,657 | 2019 Revenue | | | | | | | | |
| + | \$ 25,185,407 | 2020 Revenue | | | | | | | | |
| | \$ 77,467,318 | 3-Year Revenue Total | | | | | | | | |
| ÷ | 3 | Number of Years | | | | | | | | |
| | \$ 25,822,439 Average Borrowing Base Revenue | | | | | | | | | |
| | \$ 25,822,439 | Average Borrowing Base Revenue | | | | | | | | |
| | \$ 25,822,439 | Average Borrowing Base Revenue | | | | | | | | |
| _ | | Average Borrowing Base Revenue Legal Debt Limit | | | | | | | | |
| _ | 1 | | | | | | | | | |
| x | \$ 25,822,439 | Legal Debt Limit | | | | | | | | |
| x | \$ 25,822,439 | Legal Debt Limit Average Borrowing Base Revenue Debt Limit Percentage | | | | | | | | |
| x | \$ 25,822,439 250.0% \$ 64,556,098 | Legal Debt Limit Average Borrowing Base Revenue Debt Limit Percentage | | | | | | | | |

Debt capacity is the total amount of debt applicable to the legal debt limit as a percentage of the legal debt limit as defined above. In other words, debt capacity illustrates the amount of debt a municipality has outstanding in relation to the legal limit allowed by state law. The Borough's total debt service will likely increase over the next several years as a result of financing major capital projects particularly water and sewer projects.

Moody's Investor Services upgraded the Borough's bond rating from Aa2 to Aa1 in early 2016, but the rating was withdrawn later that year when the Borough refinanced its only outstanding bond issue with a bank note. Most recently, Moody's reinstated the rating when the Borough issued new bonds during 2021. The Aa1 rating is recognized as a very strong rating, one level below the highest Aaa rating.

The anticipated principal balance outstanding by fund for each debt issuance as of December 31, 2021 is included in the table below.

Below are descriptions of the Borough's outstanding debt:

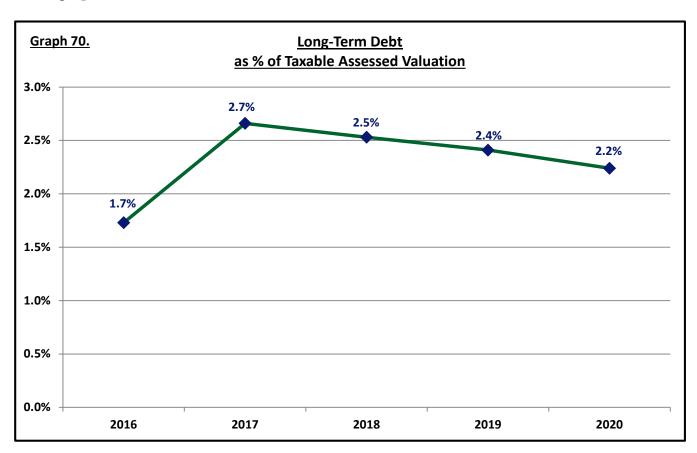

- **General Obligation Bond Series of 2017A** On December 8, 2017 the Borough authorized a general obligation bond in the principal amount of \$9,775,000 to finance Borough projects in the capital improvement plan. Annual debt service payments varying from \$442,900 to \$616,779 are due beginning April 15, 2018 through October 15, 2042. The interest rate range is between 2% and 5%.
- **General Obligation Bond Series of 2017B -** On December 8, 2017 the Borough authorized a general obligation bond in the principal amount of \$14,885,000 to refinance

the general obligation notes of 2012, 2013, and 2014. Annual debt service payments varying from \$270,400 and \$2,079,300 are due beginning April 15, 2018 through October 15, 2029. The interest rate range is between 2% and 5%. Refinancing the prior debt issuance will save taxpayers approximately \$407,000 over the course of the loan.

• **General Obligation Bond Series of 2021 -** On July 16, 2021 the Borough authorized a general obligation bond in the principal amount of \$24,435,000 to refinance the general obligation notes of 2015, 2016, and 2018 in addition to providing funding to finance Borough projects in the capital improvement plan. Annual debt service payments varying from \$756,650 and \$1,506,781 are due beginning January 15, 2022 through July 15, 2046. The interest rate range is between 2.25% and 5%.

Long-term debt as a percentage of real property assessed valuation is a ratio used by many municipalities to evaluate debt levels. In recent years, the Borough's percentage has been increasing due to significant expenditures needed to finance improvements to the water and sewer systems and very slow growth in real property assessed valuation. This ratio is illustrated in the graph below:

Full-Time Employee Changes:

In 2022, the Borough added one new position titled "Water Senior Plant Operator". This is a full time position put in place to aid in the management of the Water Treatment Plant. Additionally, while it does not impact the employee position count, the Borough also created a new director position called "Director of Community Planning & Economic Sustainability". This new director position is in place of the former "Planning/Zoning/Codes Manager", a position which no longer exists.

Budget Adoption Legislation

| RESOLUTION NO. |
|----------------|
|----------------|

A RESOLUTION OF THE BOROUGH OF CARLISLE ADOPTING THE 2022 BUDGET AND MAKING APPROPRIATIONS FROM REVENUE AND OTHER SOURCES ESTIMATED TO BE AVAILABLE TO THE SEVERAL DEPARTMENTS OF THE BOROUGH FROM THE GENERAL, CAPITAL PROJECTS, HIGHWAY AID, WATER, STORMWATER, SEWER, SOLID WASTE, AND PARKING FUNDS

- **WHEREAS**, pursuant to Article V of the Home Rule Charter of the Borough of Carlisle the Borough Manager has submitted to the Borough Council a proposed budget and accompanying message for the ensuing fiscal year; and
- WHEREAS, the budget provides a complete financial plan for Borough funds and activities for the ensuing fiscal year; and
- WHEREAS, the Borough has published a general summary of the budget and a notice stating the times and places where copies of the budget and budget message were available for inspection; and
- WHEREAS, a public hearing was held on the budget; and
- **WHEREAS**, following a public hearing and after due consideration Borough Council may adopt the budget with or without amendment, provided the budget is balanced;

NOW, THEREFORE BE IT RESOLVED AS FOLLOWS:

- **SECTION 1.** The budget of the Borough of Carlisle for the fiscal year beginning January 1, 2022 is hereby adopted and money appropriated from revenue and other sources estimated to be available to the several departments from the general, capital projects, highway aid, water, stormwater, sewer, solid waste, and parking funds as noted on the attachment made part of this Resolution.
- **SECTION 2.** One hundred (100) percent of fire tax revenues received in calendar year 2022 is dedicated to fire services and one hundred (100) percent of local services tax revenue received in calendar year 2022 is dedicated to fire, police, and emergency services;
- **SECTION 3.** The Borough maintains balances in each of the several funds that may be further appropriated during the fiscal year for supplemental or emergency purposes if the need arises.

RESOLVED this day of December 2021.

Tax Rate & Appropriation

BOROUGH OF CARLISLE

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE MILL RATE UPON BOROUGH PROPERTY AND THE FIRE SERVICE APPROPRIATIONS TAX FOR THE CALENDAR YEAR 2022 AND SUCCEEDING YEARS UNTIL ALTERED BY BOROUGH COUNCIL

IT IS HEREBY ENACTED AND ORDAINED by the Borough Council of the Borough of Carlisle, Cumberland County, Pennsylvania, as follows:

SECTION 1: A tax is hereby levied for general Borough purposes for the calendar year 2022, and succeeding years until altered by Borough Council, at the rate of 3.058 mills on each dollar of assessed valuation of real estate.

SECTION 2: The rate of the fire service appropriations tax set forth in Article VIII, Chapter 231, Taxation, of the Code of the Borough of Carlisle shall be .437 mills on each dollar of assessed valuation for the year 2022, and succeeding years until altered by Borough Council.

SECTION 3: All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

BOROUGH OF CARLISLE

|--|

AN ORDINANCE AMENDING THE CODE OF THE BOROUGH OF CARLISLE TO MODIFY WATER RATES

IT IS HEREBY ENACTED AND ORDAINED by the Borough Council of the Borough of Carlisle, Cumberland County, Pennsylvania, as follows:

SECTION 1: Clause (1) of Paragraph A [Metered Rates] of Section 251-1 [Water Rates] of Article I [Water Rates and Charges] of Chapter 251 [Water] of the Code of the Borough of Carlisle is hereby amended to state in its entirety as follows:

(1) For water billed and charged on and after May 1, 2022, for consumption on and after January 1, 2022, until altered by Borough Council, the metered rate schedule shall be as set forth herein. For prior periods, the rates shall be collected as heretofore ordained:

Metered Rate Schedule Minimum Charges

| Size of Water Meter (Inches) | Monthly Charge |
|------------------------------|----------------|
| 5/8 | \$17.85 |
| 1 | 29.75 |
| 11/4 | 35.70 |
| 1½ | 41.65 |
| 2 | 59.50 |
| 3 | 119.00 |
| 4 | 178.50 |
| 6 | 357.00 |
| 8 | 535.50 |

Consumption Charges per 100 Cubic Feet

Per 100 Cubic Feet (All Consumers) \$5.95

(The customer will pay the greater of the consumption charge under the scheduled titled "Consumption Charges Per 100 Cubic Feet," or the minimum charge for the meter size being used under the schedule titled "Minimum Charges.")

Sewer Rate Amendment

BOROUGH OF CARLISLE

ORDINANCE NO.

AN ORDINANCE AMENDING THE CODE OF THE BOROUGH OF CARLISLE TO MODIFY SANITARY SEWER RATES.

IT IS HEREBY ENACTED AND ORDAINED by the Borough Council of the Borough of Carlisle, Cumberland County, Pennsylvania, as follows:

SECTION 1: Clause (3) of Paragraph A [Basis for charges] of Section 197–14 [Computation of rental and charges] of Article II [Sewer Rentals] of Chapter 197 [Sewers] of the Code of the Borough of Carlisle is hereby amended to state in its entirety as follows:

(3) In either of the foregoing cases, and subject to the minimum provided in this Article, such sewer rentals and charges for all discharges subsequent to May 1, 2022, shall be computed in accordance with the following Metered Rate Schedule. For prior periods, the rates shall be as previously established.

Metered Rate Schedule Minimum Charges

(Volume of Water Usage or Discharge of Sanitary Sewage and Industrial Wastes into the Sewer System, as Applicable, in Cubic Feet Per Minute)

Size of Water Meter (inches) Monthly Charge

| 5/8 | \$15.32 |
|------|---------|
| 1 | 22.98 |
| 11/4 | 30.64 |
| 1½ | 30.64 |
| 2 | 53.62 |
| 3 | 107.24 |
| 4 | 176.18 |
| 6 | 367.68 |
| 8 | 689.40 |
| | |

Consumption Charges per 100 Cubic Feet

Per 100 Cubic Feet (All Consumers) \$7.66

(The customer will pay the greater of the consumption charge under the scheduled titled "Consumption Charges Per 100 Cubic Feet," or the minimum charge for the meter size being used under the schedule titled "Minimum Charges.")

SECTION 2: In all other respects, Chapter 197 [Sewers] of the Code of the Borough of
Carlisle shall remain as heretofore enacted, ordained and amended, which said Chapter, as amended, is
hereby re-enacted in its entirety herein.

SECTION 3: All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

ENACTED AND ORDAINED this ____ day of December 2021.

Accreditation: A progressive and time-proven way of helping institutions evaluate and improve their overall performance.

Ad Valorem: A tax imposed at a rate or percentage of the value of a particular good.

Amortization: An accounting technique used to periodically lower the book value of a loan or intangible asset over a set period of time.

Appropriation: A legal authorization made by the governing body which permits the Borough to incur obligations and to make expenditures for specific purposes.

Audit: An objective examination and evaluation of the financial statements to make sure that the financial records are a fair and accurate representation of the transactions they claim to represent.

Assessed Valuation: A valuation on real estate or other tangible property set by a government as a basis for levying taxes.

Balanced Budget: A budget where revenues at least equal expenditures or a budget where revenues in combination with appropriated fund balance equal expenditures.

Bonds: A bond is a fixed income instrument that represents a loan made by an investor to a borrower (typically corporate or governmental).

Budget Adjustment: A legal procedure utilized by the Borough's governing body to revise the adopted budget.

Budget Calendar: A listing of key dates that guide the budget process from inception to adoption.

Budget Message: An introduction to the budget which provides the Borough Council and the public with a general summary of the most important aspects of the budget, changes from current and previous fiscal years, and the views and recommendations of the Borough Manager.

Business Incubator: A program designed to support the successful development of entrepreneurial companies through an array of business support resources and services, developed and orchestrated by incubator management, and offered both in the incubator and through its network of contacts.

Capital Asset: Assets that are intended to be held greater than a single reporting period and include land, improvements to land, easements, buildings, building improvements, vehicles, machinery and equipment, works of art and historical treasurers, infrastructure, and all other tangible or intangible assets that are used in operations. The Borough maintains a capitalization threshold of \$5,000.

Capital Expenditures/Outlay: The amounts spent for the acquisition, maintenance, or improving of capital assets.

Code of the Borough of Carlisle: The official publication of rules and regulations of general and permanent nature enacted by the Borough Council, including revisions or amendments to existing legislation deemed necessary by the Borough Council in the course of the codification.

Cumberland Valley Visitors Bureau (CVVB): A non-profit organization that markets Cumberland Valley, PA as a travel destination and assists area businesses with tourism development by providing training seminars, cooperative advertising, and grant and loan opportunities.

Debt: All long-term credit obligations of the government and its agencies whether backed by a government's full faith and credit or non-guaranteed, and all interest-bearing short-term credit obligations.

Depreciation: Depreciation is an accounting method of allocating the cost of a tangible or physical asset over its useful life or life expectancy.

Designated Revenues: Funds that are received and intended for a specific purpose.

Capital Expenditure: Funds used to acquire or upgrade physical assets such as property, buildings, or equipment.

Community Development Brock Grant Program (CDBG): A federally funded program that provides communities with resources to address a wide range of unique community development needs. The program works to ensure decent affordable housing, to provide services to the most vulnerable in our communities, and to create jobs through the expansion and retention of businesses.

Comprehensive Annual Financial Report (Annual Report): A report that provides a detailed explanation of the Borough's financial condition.

Cubic Feet: A unit of measurement defined as the volume of a cube with sides of one foot in length.

Debt Proceeds: Funds that a lender is providing to a debtor, normally for the purchase of capital assets.

Debt Service Funds: Debt service funds account for payment of principal and interest of general long-term debt.

Downtown Carlisle Association: An organization whose mission and programs are solely crafted and dedicated to the implementation of the Borough of Carlisle's Comprehensive Plan and the observed needs of downtown business owners and stakeholders.

Enterprise Zones: An area in which policies to encourage economic growth and development are implemented.

Expenditures: All amounts of money paid out, net of recoveries and other correcting transactions, other than for retirement of debt, investment in securities, extension of credit, or as agency transactions.

Full Accrual Basis of Accounting: Method of accounting that recognizes the financial effect of transactions, events, and interfund activity when they occur, regardless of the timing of related cash flows.

Full-Time Equivalent: A metric that measures the total number of full-time employees you have based on hours worked rather than the exact number of employees.

Fund: A separate accounting entity that consists of group of related accounts used to maintain control over resources that have been segregated for specific activities or objectives.

Fund Balance: the measurement of available financial resources of a fund (i.e. dollars available to spend).

Fund Financial Statements: A separate set of self-balancing accounts that comprise assets, liabilities, fund balance, revenue, and expenditures for each fund.

General Fund: The general operating fund of the Borough, used to account for all financial transactions except those required to be accounted for in another fund.

Government Finance Officers Association (GFOA): The professional association of state/provincial and local finance officers in the United States and Canada whose purpose is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and best practices and promoting their use through education, training, facilitation of member networking, and leadership.

Governmental Funds: Governmental Funds are those through which most governmental functions of the Borough are financed. Governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year.

Intergovernmental: Occurring between two or more governments .

Liquid Fuels/Highway Aid Program: State liquid fuels tax revenue disbursed to municipalities to support construction, reconstruction, maintenance and repair of public roads or streets.

Local Economic Revitalization Tax Assistance (LERTA): A program designed to enable local taxing authorities to reduce taxes for a period of time to spur redevelopment.

Local Government Unit Debt Act (LGUDA): Administered by DCED, the act provides the procedure for Pennsylvania's local governments to issue debt and tax anticipation notes. The act also provides borrowing limits for the local governments.

Major Category: A group of accounts similar in nature.

Major Fund: Funds are considered major funds if they are significantly large with respect to the whole government.

Modified Accrual Basis of Accounting: Basis of accounting that modifies the full accrual basis of accounting in two ways: 1) revenues are not recognized until they are measurable and available and 2) expenditures are recognized in the period when the related liability is liquidated rather than when the liability is first incurred (if earlier).

National Main Street® **Accreditation:** The Main Street® program accreditation process evaluates local Main Street® programs according to 10 performance standards and provides national recognition to programs meeting those standards.

National Pollutant Discharge Elimination System Program (NPDES): Authorized by the Clean Water Act, it is a permit program that controls water pollution by regulating point sources that discharge pollutants into waters of the United States.

Non-major Fund: Funds are considered non-major funds if they are less than 10% of Borough assets, liabilities, revenues and expenditures.

Operating Expenditure: Expenses such as wages, materials, utilities, etc. incurred in providing daily operations.

Outside Agencies: Non-profit and/or civic organizations in the local area.

Pennsylvania Department of Environmental Protection (DEP): Established on July 1, 1995, it is the state agency responsible for protecting and preserving land, air, water, and energy resources through enforcement of the State's environmental laws. The Department also fosters community development, environmental education, and encourages public involvement in environmental policy.

Pennsylvania Law Enforcement Accreditation Program: An accreditation program designed and developed by professional law enforcement executives to provide a reasonable and cost effective plan for the professionalization of law enforcement agencies within the Commonwealth.

Proprietary Funds: Funds used to account for the financing of services to the general public where all or most of the costs involved are paid in the form of charges to the users of such services. The focus of proprietary funds is on the determination of net earnings and capital maintenance.

Rental Housing Registration Program: On January 12, 2012, Carlisle Borough passed Ordinance 2158 whereby incorporating a new chapter (193) entitled, "Rental Housing" for the purpose of regulating residential rental dwelling units within Borough limits.

Retail Market Data and Analysis Project: A compilation of market data used to assist in the community's downtown retail recruitment and retention program.

Revenue: Money received as income from taxation, fees, fines, inter-governmental grants or transfers, sale, etc.

Single Audit: Also known as the OMB A-133 audit, is a rigorous, organization-wide audit or examination of an entity that annually expends \$750,000 or more of federal assistance received for its operations. The objective is to provide assurance to the federal government as to the management and use of such funds by recipients. The audit is typically performed by an independent certified public accountant and encompasses both financial and compliance components.

Special Revenue Funds: Funds accounting for proceeds of specific revenue sources used to finance specific activities as required by law or administrative regulation.

Structural Deficit: A deficit that exists regardless of the point in the business cycle due to an underlying imbalance in government revenues and expenditures. Structural deficit issues can only be addressed by explicit and direct government policies, primarily involving reducing government spending, increasing taxation, or both.

TreeVitalize: A public-private partnership to help restore tree cover, educate residents about planting trees as an act of caring for our environment, and to build capacity among local governments to understand, protect and restore their urban trees.

Uniform Construction Code (UCC): Pennsylvania's statewide building code established by Act 106 of 2008.

Unmodified Audit Opinion: An opinion without qualification stating that the financial statements present a fair and accurate picture of the entity in accordance with Government Auditing Standards. Also known as a "clean" opinion.
