August 2020

To all Parents/Guardians of Students in Grade 9,

As part of our Long Range Technology Plan, we are providing Chromebooks for all students in grade 9 during the 2020-21 school year. Students in grade 9 will use the devices at school and will be able to take them home each day.

As a parent/guardian of a 9th grade student, we are asking you to review the attached documents, go over the expectations with your student(s) and have them return the signed agreement to their English teacher by September 11th. These guidelines will also be reviewed in school. English teachers will discuss responsible and ethical use of technology in at least one lesson in class.

Attached to this letter please find:

- Lakeland's Acceptable Use Policy Sign Off Form
- Contract and Consent Form for Chromebook Program
- Fees for Repair and Replacement of Chromebooks

We are looking forward to the opportunities that these laptops will provide for students as they make their journey in 21st century learning.

Sincerely,

Christopher Cummings

Christopher Cummings, Principal, Lakeland High School
