Riverton City News

September 2015

Mayor Bill's Message

Jeanne and I have enjoyed the different city celebrations and events in our main park this summer. We are looking forward to the next major event, What's Up In Riverton: "A Celebration of Community." This event will be at the Riverton City Park on Saturday, September 19, from 11:00 am until 2:00 pm. Everything is free: free hot dogs, free games and activities, and free gifts from our local businesses. Please be sure to drop by the Mayor's tent and say hello when you attend! I will have the latest information

"I am excited about live audio streaming of our City Council and Planning Commission meetings, becoming available soon."

on the Redwood Road widening project and the UTA transit study. It will also be a time to discuss any other city issues you that are important to you.

I am excited about live audio streaming of our City Council and Planning Commission meetings becoming available soon. Hopefully we will have all the beta testing done and be ready to stream the September 15 City Council meeting. We will start with audio streaming, and when future revenues become available, we will talk with the Council about video streaming. Increasing transparency among Riverton City staff and elected officials is nothing new. When I moved to

Riverton with my very young family, the staff and elected officials were always trying to provide more information to the public. I attended many City Council meetings as a new resident and learned a lot about city government. As the years went by, my schedule became busier and my attendance at City Council meetings decreased considerably. The staff and elected officials continued to try many different approaches to improve attendance. Sometimes those new approaches worked and sometimes they didn't.

During the last year we have started a Riverton City Facebook page, a Riverton City Twitter account, placed all the City Council agenda packets on the internet before the Council meeting, and made available unedited recordings of the Council meetings online.

A fundamental ingredient of a vibrant democracy is that citizens are informed. Many of us get the majority of our information from social media, which can be very helpful in keeping us informed. However when time permits, the best approach to receiving information is to hear it directly from the source. That is what we are trying to do by adding live, real time communication of the proceedings of both City Council and Planning Commission meetings.

How are we doing on improving public communication? Please email me at bapplegarth@rivertoncity.com, or call me on my cell at 801-520-9947, with any suggestions you may have on how to continue improving communication and transparency.

Sincerely,

Mayor Bill

Riverton City presents
MOVIES
at
park

It's the final Movie in the Park of the season!

Gather at the Riverton City Park for food, fun and the movie "Chitty Chitty Bang Bang."

Friday, Sept 18 at 6:00 pm
Food Trucks
Movie begins at dusk.

Water News: In-Home Pressure Reducing Valves

Is it time for a replacement?
All homes constructed after 1970 will have a pressure reducing valve (PRV). The purpose for this valve is to lower the pressure from the City system to the homeowner's system inside the home. Appliances within your home like washing machines, ice makers, and dishwashers are not designed for high pressure. Most pressure reducing valves come factory set at 50 psi. The PRV in most cases is located in your basement directly above the in-home shut off valve. The PRV has a 10 to 12 year lifespan and will need to be maintained or replaced.

Homeowners should consult a plumber for replacement or maintenance. One easy way to know if your PRV is bad is if, after slow-filling your washing machine or after flushing toilets, you observe lower pressure in other areas of your home.

Calling All Quilters

If you have a quilt already made or are ready to create something new, submit your work for display during the Riverton City & Nuttall's Inc. Quilt Show, October 5 – 30, at The Old Dome Meeting Hall. As part of the show Nuttall's, Inc. is giving away a Bernina sewing machine, valued at \$1,500!

Pick up applications for the Quilt Show at the Parks & Recreation counter in City Hall, The Old Dome Meeting Hall, Nuttalls, Inc. at 12538 S. 1960 W., or online at rivertoncity.com.

Everyone can submit an entry to the Bernina sewing machine drawing, from now until October 12 at Nuttalls, Inc.

Learn more at rivertoncity.com or on our Facebook event page at /RivertonCityUtah.

Riverton City Active Transportation Study. We want your feedback!

Riverton City is conducting an Active Transportation Study through a grant provided by Wasatch Front Regional Council and Salt Lake City to help design a network of bike and pedestrian routes throughout the City. The goal of the study is to evaluate the current infrastructure and provide additional routes that will produce a complete system, connecting citizens to shopping centers, schools, city buildings, parks, venues, commercial districts, neighboring cities and Riverton's downtown. This will allow for a safer, healthier alternative transportation method throughout the community and help reduce the amount of single-occupant drivers on the road. Help us make Riverton City an even better place to live! Please take a moment to participate in a survey that will provide valuable feedback for the study.

Learn more online at rivertoncity.com. To take the survey, go to <https://www.surveymonkey.com/r/RivertonWalkBike>

Attention Riverton Citizens Riverton City now Votes by Mail

A ballot will be mailed to you for each election that pertains to your voting precinct each year.
