## **EARLY HISTORY OF BOONE COUNTY**

**Compiled by Bessie C. Bowley**  
**First Published in the 1950 Yearbook**

What is now Boone County with its population of more than 28,000 people was once a part of the Northwest Territory. In 1800 this was divided into the territories of Ohio and Indiana, the latter comprising the present states of Indiana, Illinois, Wisconsin and Michigan. From this, in 1809, the Territory of Illinois was formed, including Wisconsin and Peninsular Michigan, but in 1818 the State of Illinois with its present boundaries became a member of the Union.

McHenry, Winnebago, Kane and Whiteside counties were organized in 1836, Boone being at that time a part of Winnebago. By an act of legislature, approved March 4, 1837, the reorganization of Winnebago was provided for with the creation of Stephenson and Boone. Boone County, as organized at that time, comprised an area eleven miles wide and twenty-four long. For six years there was much controversy concerning a mile strip of land on the east side of Winnebago. In 1843 the Legislature consented that this strip be transferred to Boone County subject to the approval of its residents. Voting took place at Newburg in the home of Samuel Keith, when ninety-five votes were cast with a majority of seven in favor of Boone, increasing our county to twelve miles in width.

### **Settlement**

Before its settlement by white men this area was the home of the Potawatomi Indians, a "Friendly and superior race" under the leadership of the famous chieftain Big Thunder.

First permanent white citizens were John M. Towner, Erastus Nixon and Cornelius Cline who traveled to Illinois from

New York in 1835 and following the trail made a few years earlier by the army of General Winfield Scott in his campaign against the Black Hawk Indians, eventually arrived at the banks of the Kishwaukee River. A descendent of Mr. Towner later became Governor of Puerto Rico. "Little Boone" seems to have been fortunate in the quality of its pioneers. Many emigrated from Norway and Scotland to settle mostly in the northern part while Belvidere has many families of English, Irish and German descent.

Railroads influenced greatly the localization of the towns. Newburg was once a thriving community with a school, a sawmill, grist mill and two-story tavern known as the Half-Way House; but when, in 1848, the Chicago and Galena railroad failed to pass that way "the town's hope of prosperity was ended." Early plans for Belvidere located the city on the north side of the Kishwaukee River but after the vent of the railroad, the town moved rapidly southward. For one hundred years the Chicago and Northwestern railroad has served our country and it was with regret that Belvidere saw its last passenger train removed on April 14, 1950.

### **Names**

Boone County was named in honor of Colonel Daniel Boone, first settler of Kentucky and leader in protecting the frontier against Indian attacks. Many of our town and township names have changed from the originals. Bonus was once "Deerfield," LeRoy was originally named "Lambertson," for a pioneer family. Caledonia was named in memory of their old home by its many Scottish settlers, Flora was once "Fairfield" than "Benton" Herbert was "Will" Spring was known as "Ohio Territory," later "Concord," Poplar Grove was once "Shermantown" and Capron, "Halgisaw."

### **The County is Organized**

In May 1837, Milton S. Mason, Cornelius Cline and John Q.A. Rollins met to organize a County Commissioner's Court of Boone County, Illinois. By recent election Simon P. Doty had been chosen sheriff; John Handy, coroner; Seth S. Whitman, recorder and S.P. Hyde, surveyor. In the same year the County Commissioners established the "Permanent Seal of Justice" at the present location of our county grounds. There they planned a building to be used both as a courthouse and jail. "By the then existing laws the county officers were to be kept within one-fourth mile of this point. When in 1838 it was discovered that the county clerk maintained his office outside this limit, the Commissioners declared the office vacant and appointed a new clerk."

On June 3, 1850, came the first Board of Supervisors, its members being Nathaniel Crosby, Frederick P. Low, Hiram C. Miller, Isaac D. Miller, Henry Jencks, William Raymond, Charles Libby and Charles B. Lord.

In 1854 began the erection of the Court Building as it now stands and in 1870 a "fire-proof building for the safe-keeping of all county records" - our present Record Building - was completed, also steps were placed in front of both the Record Building and the Court house "to aid old and infirm persons to get out of and into their vehicles."

During the year 1882, one hundred and fifty trees had been set out in the county grounds. For many years this park was known only as the City Park but in 1940 a request was made by the Historical Society for a name to distinguish it from Belvidere Park. Judge R. V. Carpenter supplied the name "Big Thunder" as it was on the Court House hill that the great chieftain was buried. A sheriff's residence and jail was completed by March 1898.

### **Churches, Schools and Industries**

Among the early schools of Belvidere was Newton academy. By chance it was visited by Margaret Fuller, noted authoress, friend of Emerson and member of the "Concord Group". The school so impressed her that she "immediately made arrangements to buy it for her brother, Arthur B. Fuller, who later conducted the Academy".

The year 1844 seems to have been a particularly active time in the religious life of the county. In that year the first Catholic Mass was held, the Bergen Evangelical Lutheran church of Manchester established, also the Lutheran church at Capron and the Willow Creek Presbyterian church at Argyle. Long before this, however, religious services had been held wherever the settlers made their homes - the first by the Baptist congregation of Belvidere in 1836.

As at the present time, Boone County seems to have divided its early activities between agriculture and manufacturing. Early grist-mills did a thriving business. Baltic Mill - boyhood home of former county clerk William Bowley and now the site of Belvidere Park - was the first established and served the farmers for miles around. It also served the Indians who made this their favorite resting place and council ground on their journeys because of its fair surroundings and the welcome always given them by the owners of the mill. Two of the stones used for grinding grain may still be seen at Belvidere Park.

Carrying on this tradition in a larger way, Boone County farms now supply the Rock Valley Canning Company with

other types of produce to be shipped from there to all parts of the globe. Dairying also is one of the major industries.

Among early manufactories the National seems most representative, having been for years the second largest sewing machine company in the world. It was established in Belvidere in 1886.

### **Wars**

When in 1861 President Lincoln called for volunteers a meeting was held in Belvidere at which a young man Stephen A. Hurlbut "made one of the most ringing and soul-stirring speeches that ever electrified an audience." Under his direction a company was formed and taken to Freeport to join the 15th Regiment of Illinois Volunteers. Before the Civil War ended, Stephen A. Hurlbut had become a Major General in the Grand Army of the Republic. According to history he "has the credit of forming the best line of - battle and saving the day to the Union Army at the battle of Shiloh." In later life he was sent as United States Minister to Columbia, also served two terms in Congress. Other notable veterans of the same war were adjutant General Allen C. Fuller, Colonel L. O. Gilman, Major R. E. Osgood and Major C. B. Loop. It is not possible to tell here of the heroic service given at that time by other men and women of the county.

Thirty-one men represented Boone County in the Spanish-American War, though only eighteen are listed in the state registry. Two of them were casualties from tropical fever.

Of the two World Wars, it is difficult to speak. They are so bitterly close to our hearts that they can be remembered only with mingled pride and regret. In World War I, 629 Boone County men were in service with 22 casualties, 9 in action. World War II, men in service, 1800; casualties, 52.

## **COURTHOUSE HISTORY**

**Data Compiled by LeRoy M. Schroeder**  
**First Published in the 2003 Yearbook**

On May 3rd, 1837, Milton S. Mason, Cornelius Cline and John Quincy Adams Rollins, the first County Commissioners, met at the home of Simon P. Doty and organized the County Commissioners Court of Boone County. Prior to this time, Boone County had been part of Winnebago County. They appointed Daniel H. Whitney as Clerk of their Court and John K. Towner, the County Treasurer. On the next day they met and reviewed the returns of an election and declared the following elected: Simon P. Doty, Sheriff; John P. Handy, Coroner; Seth S. Whitman, Recorder; S.P. Hyde, County Surveyor; Daniel H. Whitney, Clerk and Benjamin Sweet, School Commissioner.

The county was divided into two precincts: Belvidere, Bonus, Flora, Spring, and that part of the town of Boone south of the Piscasaw constituted Belvidere precinct: the rest of the county was Lambertsburg precinct.

The original public square was laid out to include one large plot of land not divided by Main Street as it is today. The Belvidere Company, a group of local investors, agreed to donate the public square (or Mound as it was known) provided the courthouse would be erected on that hill. The location of the courthouse was decided upon by James H. Woodworth and John M. Wilson on October 31, 1837 but the building wasn't erected until 1843. In November of 1837, the commissioners designated the "Permanent Seat of Justice" at its present location, on the mound.

In April of 1839, Mr. Doty completed a jail where the courthouse now stands. This was removed in 1843 when they built the first courthouse. They planned the construction of the courthouse, 40 feet by 30 feet with a basement of stone, the basement to be finished one half for a jail and the other half as a family room. The first story would have three offices and a corridor and one room for a family's occupancy. The second story would be finished with a courtroom and two jury rooms. In the meantime, S.P. Doty's building was to be used for a jail. In April of 1839, the jail was completed and the keys delivered to H.C. Walker, Sheriff. Then in July of 1840, they discovered that the jail had been built on the site selected for the courthouse; the jail was ordered removed to the correct site. Within a few years, the courthouse was built and survived until a new larger one was started in 1845 and completed in 1855. The following story appeared in the Belvidere Standard on September 25, 1855: "Now that the painting has been completed and the beautiful walls are dry, it really presents an elegant appearance - the walls of the court room of the size of about 36 feet by 50, are ornamented by a splendid cornice, and considerable molding and scroll-work which are all very neat and beautifully designed and executed. The judges' bench is oak grained, and neatly done." The cornice, scroll work and moldings were found intact and are restored in the renovated portion of the courthouse. This courthouse, completed in 1855 stands today, and is part of this dedication. It is the second oldest surviving Courthouse in the State of Illinois. The cost to build the original courthouse was about \$14,000. In 1879 the Records building to the south was built, and this building also is part of this dedication. 1898 saw the completion of the sheriff's residence, including the jail, erected to the north of the courthouse. This was demolished in 1975 when the new Belvidere-Boone County Public Safety building was erected to the rear of the courthouse. This brick-faced, low profile building blends in well with the surrounding neighborhood. It contains office space for the Belvidere Police Department and the Boone County Sheriff's Department. The modern security area has bright colored walls to make it more cheerful. There is a joint records room and unified communications system for police, sheriff, and fire departments.

In 1985, the Boone County Board authorized the restoration of the existing courthouse and the existing records building, with a new addition to be built in the center and connecting the two existing buildings, at a cost of about \$3,000,000. Now once again, for the first time in many years, all county government units are housed in one building. The lower level contains the Boone County Health Department, the Boone

County Assessor's office, and the Boone County Planning and Building Departments. The first floor contains the Boone County Clerk's office, the Boone County Treasurer's office, the Boone County Administrator's office and the Boone County Board Room. The second floor contains three courtrooms, jury rooms, witness rooms, Judges' chambers, as well as the Boone County Circuit Clerk's office, the Boone County States' Attorney's office and the Boone County Probation office. The second floor also contains detention rooms to hold prisoners waiting court appearances. The courthouse building is connected to the jail area by a secure underground tunnel, and a prisoner elevator exists to move prisoners from the jail to the courtrooms for trials. Due to the lay of the land, and the different elevations of the existing courthouse and the existing records building, six different floor elevations exist and the passenger elevator has door openings on 2 different sides to accommodate the different floor elevations. It is ironic to note that the original courthouse was dedicated on September 28th, 1855 and it was almost 130 years to the date that the new structure was dedicated, September 20, 1987.

In November, 1997, the County purchased the building at 1204 Logan Avenue which now houses the Boone County Health Department. In April of 1999, a referendum was successfully passed to institute a public safety tax to be used for public safety purposes. In June of 1999 the County sold bonds in the amount of \$9,300,000 to begin construction of a new jail - east of the present jail. The public safety tax pays the annual fees on the bonds. The Sheriff started moving in to the new facility in April 2003.

**Additional Information Provided by  
Ken Terrinoni, Boone County Administrator  
First Published in the 2014 Yearbook**

In December 2009 the County completed a remodel of the Courthouse property and added a jury courtroom, jury assembly room, and office space for the State's Attorney, Circuit Clerk's, and Probation Departments. Additional parking was also added to the Courthouse property. The Logan Avenue location was expanded to accommodate the Administration, County Clerk, Building, and Treasurer's Departments. This remodel/expansion served to add courtroom and justice related functions to the Courthouse, and have non-court departments at one campus to better serve the public.

## **THE HISTORY OF THE BOONE COUNTY FAIR ASSOCIATION**

**First Published in the 1998 Yearbook**

The First Annual Fair of the Boone County Agricultural Society was held October 26-27, 1855, near the grounds now known as Big Thunder Park, by the Court House. Some of the exhibits were of mares and colts, farm teams, Durham Bulls, oxen, garden vegetables, butter and cheese articles. According to organizer, Allen C. Fuller, this was a fine exhibition of products of the county, exceeding all expectations with approximately 5,000 people attending. Also at the first Fair was a competition of Lady Equestrians judged on the best evidence of good riding and Horsemanship. First prize was a Gold Bracelet worth \$12.

The Boone County Fair would have qualified as one of the oldest Fairs in Illinois, but it was discontinued during the Civil War.

In 1867, The Fair Association sold the land at Big Thunder Park and purchased the property which is now Spencer Park. Here, along the Kishwaukee River, permanent buildings were erected along with a Grandstand and a Racetrack. In the infield were displays of the latest in farm machinery of all kinds.

In 1955 the Boone County Fair had barely enough people attending to pack down the grass in the carnival area. Several members of the Boone County Pomona Grange were attending a concert of the Belvidere High School Band when the Master of Ceremonies asked for a show of hands of all the people there from Boone County, those from Wisconsin and etc. Surprisingly, there were more people there from Wisconsin than from Boone County. After much discussion it was decided that the Grange would take over the operation of the Fair. The new officers found it was very difficult to take an almost dead Fair and breathe new life into it. The Boone County Pomona sponsored the Fair at Spencer Park from 1957 to 1962 when the Grange voted to drop their sponsorship. However, in the Winter of 1962 the present Fairgrounds became available sparking new interest from the Pomona Grange. Through perseverance and several dedicated Grange members, signing their farms as collateral, the land was purchased. With the help of campaigns by the local 4-H clubs, buildings were started. Also through the help of the Livestock Feeders, Pork Producers and other civic organizations, other improvements were made until the Boone County Fair was built into one of the "Top 7" Expositions in the State of Illinois and one of the "Best Shows" in the Midwest with over 180,000 people visiting each year.

The Boone County Fair is constantly expanding and outgrowing its original 84 acres, each year improving its exhibits. Through the help and dedication of the Grange, the Fair will service for many more generations.
