Fiscal Year 2025-2026 Budget Document Introduction and Budget Message

DATE: June 16, 2025
FROM: Amy Nilsen, City Manager
SUBJECT: Fiscal Year 2025-2026 Annual Budget Message

The Annual Budget for the City of Fortuna represents the collective work of staff and the direction and approval provided by the City Council during public workshop study sessions and formal Public Hearings. The materials were shared, discussed, and established in cooperation with the City Council on three separate occasions including two public budget workshops and one regular City Council meeting. The General Fund, Enterprise Funds, and Special Revenue Funds Budgets were adopted on June 16, 2025.

BUDGET MESSAGE FOR THE CITY OF FORTUNA

2024-2025 BUDGET REVIEW

The City's conservative approach to the budget that included cautious revenue projections and reducing expenditures, where feasible, allowed the City to maintain a balanced budget. Unfortunately, with inflation cooling consumer spending locally and interest rate hikes chilling spending further, revenue growth has slowed throughout the year.

Over the past year, we have seen:

- ❖ **Flattening sales tax revenues**, sales tax receipts are expected to come in \$100,000 below FY 21-22 revenue levels.
- ❖ **Intensifying personnel turnover**, with turnover rate expected to hit over 30% by the end of the fiscal year for full-time employees.
- ❖ **Rising project delivery costs**, including increases in the cost of construction materials, insurance, utilities, and labor.
- ❖ **Ongoing inflationary pressure**, which continue to influence consumer spending behavior, project costs, and labor market dynamics.

As a result of what we have seen in the current year a revenue generation ad hoc committee comprised of the Mayor, Mayor Pro-Tem, City Manager, Finance Director, and representatives from the Fortuna Police Employees Association, Fortuna Employees Association and Unrepresented employees was created. This ad hoc committee was tasked with reviewing a number of potential revenue generation options and/or service cuts. The committee made their first presentation to the City Council on May 19 and will continue to meet and make presentations and recommendations to the City Council over the coming year.

2025-2026 BUDGET APPROACH

As the city developed this budget, inflation and the tight labor market were at the forefront of the decision-making process. The budget includes employee stipends that were necessary to retain employees and higher estimates for expenditures such as fuel, utilities, and other consumable goods. Inflation in March 2022 was the largest 12-month advance since December 1981 and while it has cooled as of late the effects are continuing to play out. Additionally, the impact of recent tariff increases on the cost of goods has yet to fully present themselves within the economy. These inflationary increases continue to result in higher expense budgets across nearly all the city's fund categories. The pressure from these increases was tempered by the City's ability to adhere to already frugal budgets and the moderate revenue increases.

Challenges that the City will need to continue to identify a long-term strategy to address include the following:

- ❖ Rising costs for goods and services continue to outpace tax revenue and will necessitate the need to reduce the budget and/or seek new sources of funding.
- ❖ The State legislated minimum wage is estimated to increase to \$17.00 an hour on January 1, 2026 and will make it more difficult to attract skilled employees without increasing wages.
- ❖ The Public Employees Retirement System mandated payments for the City of Fortuna are expected to increase by approximately \$100,000 per year until fiscal year 2032/2033 and will continue to reduce the discretionary spending on projects in the General Fund. Finding ways to make additional payments now to reduce peak, and level-off projected payments will reduce the need for deeper cuts in the future and provide the City the ability to fund more discretionary projects.
- ❖ Creating a community that attracts and retains businesses is highly competitive and will be key to keeping pace with expenditures. Focusing on economic growth and business support will be as important in the near future as it ever has been in the City. Fortuna is well positioned for economic growth with available developable land and vacancies that can accommodate new homes and businesses.
- ❖ State mandated housing policies continue to be a focus in the State and the City will have to continue to put an emphasis on creating more housing to meet housing goals. This will require an investment in planning and infrastructure more than what is available from the State. The City will have to be creative in its approach to meet required housing goals and maintain the character of the City.
- ❖ State requirements for water quality are necessitating a major improvement project to the City's wastewater treatment and collection system. Identifying an efficient project that will serve the City for the long term will ultimately result in keeping rates low for our citizens.

The FY 2025-26 budget will continue to be based on policies and principles that govern the stewardship of public funds. Key principals that shaped the development of the budget include:

- ❖ Current services be preserved at existing levels to the highest degree possible.
- ❖ Comply with State Constitution, City Charter and Municipal Code Provisions.

- ❖ Develop department budgets that reflect the best estimates possible for the true cost of operations.
- ❖ Strive to balance recurring expenditures with recurring revenues.
- ❖ A commitment to continue investing in the City's future by improving and repairing essential water and sewer infrastructure projects. Among other things this includes the planning and permitting for required upgrades to the City's wastewater treatment plant, installation of new water wells to provide reliable water, the replacement and improvement of water transmission mains and the maintenance of water storage tanks.
- ❖ The City Council's commitment to maintaining the General Fund Reserve Policy for FY 2025-26. This policy clarifies the continuing philosophy of conservative fiscal management followed by the City of Fortuna for many years. By maintaining General Fund reserves, the City is ensuring that critical City services are maintained during difficult economic periods or following a catastrophic event such as an earthquake or fire.

SALES TAX REVENUES

- ❖ The most recent sales tax data for the City, Quarter 4 2024, showed signs of a slowdown in buying activity. City sales tax revenue decreased 3.2% quarter over quarter. For comparison the State was down 1.1% and the County was up 1.3%.
- ❖ Projecting forward the City anticipates sales tax revenues for FY 2025-26 to stabilize after the annual declines the City has seen over the last two years. As the Fed continued to hike interest rates it negatively affected consumer spending choices. As the Fed starts to decrease interest rates which is anticipated during the end of calendar year 2025 there is optimism that consumer spending choices will again start to increase.

GENERAL FUND REVENUE AND EXPENDITURES

- ❖ The General Fund net annual activity revenues are projected to be \$7,174,275 with non-recurring receipts estimated at \$290,468. The operational expenditures including debt service are budgeted at \$8,545,464; this corresponds to expenditures exceeding revenues by \$1,080,721. However, the Measure E Committee recommended \$700,000 of Measure E funds be put towards the ongoing General Fund deficit. This results in the General Fund having a budgeted deficit of \$380,721. The deficit will be paid for with reserves and is for one-time employee stipends as approved by the City Council to try and attract and retain qualified staff.
- ❖ The General Fund's unaudited unencumbered fund balance at the beginning of the 2025-26 fiscal year is estimated to be \$7.4 million. The proposed General Fund Budget has a projected ending unreserved fund balance of \$7.0 million after reserves are used as stated above.

MEASURE E REVENUE AND EXPENDITURES

- ❖ The Measure E Committee made recommendations to the City Council on expenditure priorities for Measure E funds. These recommendations were adopted in conjunction with the budget and include funding for both personnel and services/projects.

- ❖ Measure E total revenues are projected at \$1.88 million. Total expenditures, including \$700,000 that is being transferred to cover the general fund deficit, are projected at \$3.41 million.
- ❖ Measure E will continue to fund the staffing of two (2) Police Officer positions. These positions will be placed in specialized positions, the first being a Problem-Oriented Policing Officer (“POP”) and the second being a Detective position. Measure E will also continue to fund a full-time Community Services Officer (CSO), Police Records Clerk, Recreation Program Supervisor, and the Parks and Recreation Director positions.
- ❖ Public Works secured critical funds for Street Maintenance and Storm Drain Maintenance projects.
- ❖ The Parks Department was able to secure funding for specific projects such as for staining the River Lodge, Bartow field renovation, and nonspecific funds to acquire additional parkland and/or enhance the City’s current Parks.

CITY OF FORTUNA AUTHORIZED STAFFING LEVELS

- ❖ Included in the FY 2025-26 Annual Budget is a listing of both full-time and part-time employees shown in the table entitled “**City-wide Staffing/Full-time Equivalents**”. The proposed Budget includes 82 full-time employees, and 13.58 full time equivalent part-time employees.

CONCLUSION AND ACKNOWLEDGEMENTS

The development of the Fiscal Year 2025-26 Operating and Capital Budget was made possible through the cooperation of the City's employees, input and support from our community, and direction of the City Council. It is a product of cautious optimism and pragmatic stewardship. It does not solve every challenge, but we continue to prioritize what is important for the City and to allocate available resources to those programs and services deemed to be critical to improving our community. Our ability to manage scarce resources is a key reason the City of Fortuna remains a vibrant and desirable place to live and visit.

The development of this budget was made possible through the knowledge and contributions of many individuals on staff. I wish to thank everyone who participated in the budget process this year including the Measure E Committee, City Council, and members of the Executive Team. Finally, I would like to recognize the Finance Department, under the direction of Aaron Felmlee, for their dedication and hard work that went into coordinating, developing, and publishing this budget document.

Respectfully submitted,

Amy Nilsen

Measure E

Measure E Fund
Multiple Departments

Purpose

On November 8, 2016, the voters of the City of Fortuna adopted a local transactions and use tax through an affirmative vote on a local measure known as Measure E. This measure is a transactions and sales tax measure at a rate of three-quarter percent per dollar. Measure E was set to terminate on March 31, 2025 from the passage of Measure E. However, on November 3, 2020 the voters of the City approved Measure G. Measure G extended Measure E 8 additional years. Measure E is now set to terminate on March 31st, 2033. In the interest of transparency and accountability for expenditure of funds derived from this local sales tax a new fund (101) was set up. This allows the citizens and the City to see the benefit Measure E is adding to the community.

River Lodge & Monday Club**

Purpose

The River Lodge Conference Center was built in 1998 in response to a need for a regional facility that could be used for conferences, seminars, community activities, weddings and other events. The facility is located next to several hotels and restaurants that benefit from these events, which result in increased sales taxes and transient occupancy taxes for the City of Fortuna.

The Monday Club was built circa 1930 by a local women's group called "The Monday Club". It was later purchased by the Fortuna Concert Series which donated it to the City in 1999. The facility is used by the Fortuna Concert Series and other small groups for events, meetings, and gatherings.

Responsibilities

- Manage the daily and ongoing operations of the River Lodge and Monday Club, including promotion and advertising, event coordination and maintenance and upkeep of the facilities and equipment
- Carry out annual events including the Bridal Faire and Holiday Craft Faire
- Liaison with the Fortuna Chamber of Commerce and Tourism & Marketing Committee to promote events that will involve the use of River Lodge, promote tourism, and benefit the community
- Provide excellent customer service by assisting facility users as needed
- Maintain a state of the art facility with appropriate equipment to satisfy a variety of clientele

Debt Service

Debt Administration

Purpose

Debt administration centralizes the City of Fortuna's long term debt obligations to allow for sound financial management and transparency in monitoring and reporting City debt that is used to fund large projects. Debt financing is used when paying for projects, maintenance or upgrades related to City services that cannot be financed by current revenues or would be impractical to do so. Debt service payments are budgeted and expected to be covered by current revenues each fiscal year.

Debt financing not only provides cash for City projects, but spreads the cost of a project over time thereby sharing the cost burden for the project with both current and future taxpayers who will benefit from the project. Financing through debt is most appropriate for long-term investments, and allows the City to maintain its assets while building for the future. Many factors influence the cost of financing, such as the amount of current outstanding debt, the opportunity cost of borrowing and the cost of credit in the financial market. The following describes the different types of financing the City utilizes:

Revenue Bonds

Revenue Bonds can be used to finance capital projects where there is a pledge to pay the debt from a stream of revenue accruing to the City. This form of debt is used to finance facilities and improvements from lease or enterprise fund activities which generate ongoing revenues from services provided to the community.

Assessment District Bonds

Assessment District Bonds can be used to finance infrastructure for a limited area of the City. This particular type of debt (special assessments or special taxes) are levied against the property owners in a defined district who directly benefit from the infrastructure improvement. The City of Fortuna has used this type of debt to finance infrastructure for specific services approved by the property owners within the assessment districts.

Capital Leases

Capital leasing can be used to acquire tangible assets where there is a pledge to pay the debt from current annual receipts and where the acquired assets can be placed under a lien until the debt obligation is paid off. The City of Fortuna has used capital leasing to acquire equipment that is necessary for efficient operations of City Business.

Appropriations Limit FY 2025-26

Article XIII B of the California Constitution, adopted by Proposition 4 in 1980, and amended in 1990 by Proposition 111, imposes restrictions on the amount of revenues that can be received and appropriated in a fiscal year. Only revenues defined to as “proceeds of taxes” are restricted by the limit. Generally, revenues restricted as to use, enterprise fund revenues, redevelopment agency revenues, and charges for services not exceeding the cost of providing the service are not considered proceeds of taxes. Also, certain expenditures are considered exempt from the limit. During any fiscal year, a city may not appropriate any proceeds of taxes they receive in excess of their Limit.

The appropriations limit is based on actual appropriations during the base year of 1978-79, and is adjusted each year using the growth in population and inflation. The limit, cost of living factor, and population change factor must be adopted each year by resolution of the City Council.

Appropriations Limit FY 2025-26

Reviewing the City's appropriations limit calculations over the past years indicates the City should remain well within its legal limit for many years to come. During the ten year period between fiscal years 2015-16 to 2025-26 the calculated appropriations limit has increased by 95% from \$12,036,224 to \$23,413,284. During this same time period appropriations subject to this limitation have increased 91% from \$4,026,837 to \$7,689,900. In spite of slow population growth, and a high inflation rate, tax revenues are growing at a similar rate as the appropriations limit.

The City of Fortuna's adopted appropriations should remain well below the appropriations limit as prescribed in Article XIII B of the California Constitution and adopted by Proposition 4 in 1980 for the foreseeable future.
