

Guidelines for Signs & T-shirts

1. Signs and T-shirts must be non-partisan (may not have any political wording, pictures or logos).
2. Signs and T-shirt designs should not have anything that may make someone think your group is supporting a political party, ballot issue or candidate.
3. Avoid using blue or red for the color of the T-shirts
4. Signs need to be made so that they can be placed in the ground. Some locations do not allow us to tape signs to the walls.
5. Avoid anything that could be interpreted as offensive or discriminating (race, sex, religion, etc.)
