The Village of Eagle Nest, in partnership with the New Mexico Energy, Minerals and Natural Resources Department, State Parks Division, is pursuing funding from the Clean Water State Revolving Fund for the decommissioning, removal and remediation of two retired sewage evaporation lagoons, located approximately 1,300 feet south of U.S. Highway 64.

The design team is hosting a virtual public hearing on Zoom Webinar to gather input from the public and other stakeholders. The hearing may be accessed online or by phone. The purpose of the public hearing is to present the draft engineering report and environmental information document, seek public comment, identify issues of concern, and present the range of alternatives considered.

The hearing will begin with a brief presentation at 6:00 PM, followed by a Q&A session.

Register in advance for this meeting: https://us02web.zoom.us/meeting/register/tZMpdu-orzosGNLcGKvWbwVZRJ86BJ3sPzl

After registering, you will receive a confirmation email containing information about joining the hearing.

To request a translator, or ADA accommodations for the hearing, please contact Mary Berglund by December 9th at: 575-377-2486.

AVISO A LAS PERSONAS CON DOMINIO LIMITADO DEL INGLÉS: si se requieren servicios de intérprete para participar en esta reunión pública, comuníquese con la persona antes mencionada por lo menos tres días antes de la reunión para que se puedan hacer los arreglos necesarios.
