(a) The people's right to know the process of government decision-making and the documents and statistics leading to determinations is basic to our society. Access to such information should not be thwarted by shrouding it with the cloak of secrecy of confidentiality.

(b) These regulations provide information concerning the procedures by which records may be obtained.

(c) Personnel shall furnish to the public the information and records required by the Freedom of Information Law, as well as records otherwise available by law.

(d) Any conflicts among laws governing public access to records shall be construed in favor of the widest possible availability of public records.

Section 2 Designation of records access officer.

(a) The Franklin County Legislature is responsible for insuring compliance with the regulations herein, and designates the following persons as records access officers.

The head of each county department is designated records access officer for his/her department.

(b) The records access officer is responsible for insuring appropriate department response to public requests for access to records. The designation of a records access officer shall not be construed to prohibit officials who have in the past been authorized to make such records or information available to the public from continuing to do so.

The records access officer shall insure that department personnel:

(1) Maintain an up-to-date subject matter list.

(2) Assist persons seeking records to identify the records sought, if necessary, and when appropriate, indicate the manner in which the records are filed, retrieved or generated to assist persons in reasonably describing records.

(3) Contact persons seeking records when a request is voluminous or when locating the records involves substantial efforts, so that personnel may ascertain the nature of records of primary interest and attempt to reasonably reduce the volume of records requested.

(4) Upon locating the records, take one of the following actions:

(i) Make records available for inspection; or

(ii) Deny access to the record in whole or in part and explain in writing the reasons therefore.

(5) Upon request for copies of records:

(i) Make a copy available upon payment or offer to pay established fees, if any, in accordance with Section 8; or

(ii) Permit the requestor to copy those records.

(6) Upon request, certify that a record is a true copy; and

(7) Upon failure to locate records, certify that;

(i) Your department or the county is not the custodian for such records, or

(ii) The records of which your department is custodian cannot be found after a diligent search, or

(iii) The records of which your department is custodian have been destroyed in accordance with applicable retention schedules prescribed by state law.

Section 3 Location

Records shall be available for public inspection and copying at:

- (i) the department of the county having custody of the records.

Section 5 Requests for public access to records

(e) A response shall be given within five business days of receipt of a request by:

(1) informing a person requesting records that the request or portion of the request does not reasonably describe the records sought, including direction, to the extent possible, that would enable that person to request records reasonably described;

(e) granting or denying access to records in whole or in part;

(f) acknowledging the receipt of the request in writing, including an approximate date when the request will be granted or denied in whole or in part, which shall be reasonable under the circumstances of the request and shall not be more than twenty business days after the date of the acknowledgement, or if it is known that circumstances prevent disclosure within twenty business days from the date of such acknowledgment, providing a statement in writing indicating the reason for inability to grant request within that time and a date certain, within a reasonable period under the circumstances of the request when the request will be granted in whole or in part; or

(4) if the receipt of request was acknowledged in writing and included an approximate date when the request would be granted in whole or in part within twenty business days of such acknowledgement, but circumstances prevent disclosure within that time, providing a statement in writing within twenty business days of such acknowledgment specifying the reason for the inability to do so and a date certain, within a reasonable period under the circumstances of the request, when the request will be granted in whole or in part.

(b) In determining a reasonable time for granting or denying a request under the circumstances of a request, personnel shall consider the volume of the request, the ease or difficulty in locating, retrieving or generating records, the complexity of the request, the need to review records to determine the extent to which they must be disclosed, the number of requests received by the agency, and similar factors that bear on the ability to grant access to records promptly and within a reasonable time.

(c) A failure to comply with the time limitations described herein shall constitute a denial of a request that may be appealed. Such failure shall include situations in which an officer or employee:

(1) fails to grant access to the records sought, deny access in writing or acknowledge the receipt of a request within five business days of receipt of a request;

(2) acknowledges the receipt of a request within five business days but fails to furnish an approximate date when the request will be granted or denied in whole or in part;

(5) determines to grant a request in whole or in part within twenty business days of the acknowledgement of the receipt of a request, but fails to do so, unless the department provides the reason for its inability to do so in writing and a date certain within which the request will be granted in whole or in part;

(6) does not grant the request in whole or in part within twenty business days of the acknowledgement of the receipt of a request and fails to provide a reason in writing explaining the inability to do so and a date certain by which the request will be granted in whole or in part;

(7) responds to the request, stating that more than twenty business days is needed to grant or deny the request in whole or in part and provides a date certain within which that will be accomplished, but such date is unreasonable under the circumstances of the request.
