Michigan Relay is a communications system that allows hearing persons and deaf, hard of hearing, or speech-impaired persons to communicate by telephone. Users may reach Michigan Relay by dialing 7-1-1 and then connection with Zoom conference number above. There is no additional charge to use this service. Please contact clerk@grossepointepark.org with any other requests for accommodations.

How to Submit Public Comment

There will be two options for how to submit a public comment for this meeting: attending the Zoom meeting or written comment. There will be two public comment periods: one before agenda items at the beginning of the meeting and one at the end of the meeting for new/old business. Spoken comments will be limited to three minutes. Written comments will be limited to 250 words.

Members of the public wishing to make a comment via Zoom will need to either join the meeting through the app on their computer/tablet/mobile phone and/or dial in to the phone number listed on the public notice. All spoken comments through the Zoom app or the phone will be limited to three minutes. The provided meeting guidelines outline the process for teleconferencing comments that will be followed during the meeting.

Written comments can be submitted directly to clerk@grossepointepark.org. **If you are submitting a written comment, please type Public Comment Agenda Items.** Written submissions need to be 250 words or less and be submitted by 5pm on Sunday, December 5th.

Guidelines for Public Participants

1. All virtual meetings will be conducted via Zoom with a dial-in option. If you join the meeting utilizing the Zoom app on your computer/tablet/phone, you will be able to listen, see the Board members, and make a public comment if you desire to do so. **We are not allowing the public to utilize a webcam during the meeting.** If you join the meeting with your webcam on, it will be disabled by the host.
2. All meeting materials and meeting information is available on the City website at www.grossepointepark.org
3. The meeting will start promptly at the time listed on the meeting notice. **Public participants will be permitted to join the meeting five minutes before the meeting is scheduled to start.**
4. When you are ready to join the meeting, please make sure your line is muted to decrease background noise. Public participant lines have to remain muted until the public comment portion of the meeting. **Also make sure your webcam is disabled before you join.** If you join the meeting with your webcam on, it will be disabled by the host.

5. If you decide you want to make a public comment, please utilize the raise hand function in the Zoom app or on the phone **during the agenda item before the appropriate public comment period.** To raise your hand on the phone, press *9. Staff will add you to the public comment queue list for the next public comment period. **Please note that all public participants are only allowed one three-minute public comment per public comment period.**
6. **When each public comment period begins,** the Chair will call on a Staff member to read any public comments that were submitted via written statement. When those are completed, the Chair will call for any spoken public comment. A staff member will call on public participants by either the last four digits of your phone number or your participant name listed in the Zoom app. Public participants will be called in the order they were added to the queue list. Public participants who do not respond within ten seconds of their phone number or screen name being called will be skipped and the next person in line will be called on. This method will continue until all public participants have had the opportunity to comment. **All public comments shall not exceed three minutes and a timer will be displayed on the screen.**
7. Once the public comment period is done, the Chair will either continue with the next agenda item or end the meeting.

Hosts will have the ability to and will remove participants from the meeting if they breach the peace in such a way that disrupts or interferes with the meeting.

City of Grosse Pointe Park Board and Commission Application

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

(See Attached)

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

First and foremost, I bring an extensive creative background forged through years working in marketing advertising, public relations and journalism. A career that afforded me the opportunity to work with people and problem solve with creative ideas solely developed to build brands. Looking at our city as a brand, I can help concoct and develop unique ways of making Grosse Pointe Park stand out amongst Detroit's suburbs. Moreover, my ability to problem solve could provide new perspectives and new thinking in the development of programs built to improve the lives of our citizens. Meanwhile, my writing and journalism background provide me with a researcher's growth mindset. Open to diverse thoughts and a willingness to look for answers to the difficult situations that may face the community and the board itself.

As a lifelong resident of Grosse Pointe Park, I have seen plenty of change happen in my fifty or so years here. I believe that the intention of much of that change has been to improve our way of life in Grosse Pointe Park. When it's all said and done, this is a big city suburb with a small town feel. A place where neighbors look out for each other and where common sense generally trumps special interest. A place where our dedicated local police and government officials are guided by the knowledge that our town is special...and by what makes it so special--the residents themselves. I believe people choose to live here because we have established an ideal environment in which residents can truly enjoy the beauty of our region and feel relatively safe, secure and happy. Where they can be surrounded by like-minded residents who only wish to retain the beauty, the energy, the integrity and the family atmosphere that has defined this community for years.

I am very interested in serving our community on the Board because I believe that I can provide unique, creative ideas that can help GPP become an even more desirable place to live in the years to come. I want to serve the community because I deeply care about my neighbors and the town in which I grew up, and I'd like to help influence the positive changes of which future citizens can benefit. I want to continue to see GPP flourish and I believe that I can help provide an energetic spark that can help us uphold our moral obligation to make common sense decisions that do not interfere in our citizen's rights to thrive here. All while keeping this community as lovely, as prosperous, as neighborly and as sacred as it has been to me my entire life.

City of Grosse Pointe Park Board and Commission Application

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

BEING BORN and raised in Grosse Pointe has given me insight into what a unique and beautiful community it is. My wife and I moved from GPF to GPP in 2015 and I was delighted to discover that the Park is also a diverse and growing community, a quickly rising star in the Metro Detroit suburban area. I'm committed to helping the Park continue to grow as a place for young people and their families to put down roots and make new histories here. Like all cities, the Park faces challenges that need qualified, dynamic and loyal resident servants to address and solve. Given the events of last summer, a robust approach needs to be employed to fix our water/sewage short-comings and continue to address the painful flooding that has impacted our families and property values. We also need to continue the positive work that has been done in our downtown and other commercial districts.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

I have long experience (see attached resume) in business management and finance in the for-profit and not-for-profit arenas. I'm adept at building business case analyses for the study and selection of capital projects and competing needs for funding. I've worked locally at both Beaumont Grosse Pointe Harbour Club which gives me added insight into the specific needs of Grosse Pointers and their families. I'm skilled with self-motivation, dead-line management and consensus building.

Beaumont Controller Goes Above And Beyond In Supporting Extraordinary Care

He may not wear a cape and his super powers may not allow him to see through walls, but the staff and patients at Beaumont Hospital, Wayne and the City of Wayne all consider Jay Bonnell a hero.

Jay is the point person on all things financial at Beaumont Hospital, Wayne. He began his Beaumont career as manager of surgical services at Beaumont's Grosse Pointe location in 2010, and has been serving as controller for Wayne since 2013.

Jay sees the personal side of things. He works with physicians, patients, family members and staff each day. Because of that, Jay has a unique perspective on the impact of charity and philanthropy and he feels strongly about giving where he works. As a humble and quiet donor to the Oakwood Foundation, he has made it a point to support programs and services that influence patient care.

Jay's generosity has given clinicians at the Beaumont, Wayne Breast Care Center the tools they need to detect breast cancer at earlier stages. His investment in the Beaumont, Wayne Summer Speech Therapy Program has helped children with communication barriers say some of their first words. His gift to the scholarship program helped two employees further their education in 2016.

His commitment does not stop there. Jay works to inspire others to give, structuring a challenge grant that matched Spirit of Giving employee campaign contributions. Bonnell has also made arrangements through his estate plan to make a significant gift to support patient care in the future.

Extending his reach beyond the hospital walls, he also has invested

Eric W. Widner and Jay Bonnell

"Jay has made a tremendous impact on the programs and services we provide at Beaumont, Wayne." — Michelle Anderson

in the City of Wayne, supporting initiatives that promote safety and enhance the community spirit.

"Jay has made a tremendous impact on the programs and services we provide at Beaumont, Wayne," said Michelle Anderson, executive director of the Oakwood Foundation. "And he has done this in the most humble and unassuming manner."

When asked how he'd like to be recognized for these gifts, it was no surprise to those who know him that he opted instead to defer that recognition to others.

Bonnell took the naming opportunity he was offered and honored the entire workforce at Beaumont, Wayne, creating the "Hero Hall." Named in honor of site

president Eric W. Widner, the hall showcases staff and physicians who provide exceptional care to patients.

The Hero Hall, which is prominently located behind the hospital's main lobby, includes photos of hospital employees who have gone above and beyond to impact the lives of patients.

Widner said even though Jay chose to honor him with the naming of the Hero Hall, it really is Jay's spirit that is reverberating through the corridor.

"This hallway celebrates heroes on our team, but it really demonstrates Jay's commitment to excellent patient care. We are fortunate to have him as a partner, a colleague and as an investor in our efforts," Widner said.

See typed written pages

Why do I want to serve on this board?

To lend my administrative, health care and legal skills, expertise and time to support and further the City of Grosse Pointe Park's mission statement, strategic plan and vision so it will sustain to the next generation.

To advocate for property owners and tenants to ensure that both rights are met and consistent with City of Grosse Pointe Park's ordinances and state and federal laws.

To problem solve infrastructure challenges demonstrated by the two Summer floods of 2021 and all the floods in the past, which have exposed neglect at all levels and work towards creative solutions to be implemented within federal, state, city and individual property owner control and responsibility.

To support the spiritual needs of the community by integrating the services offered by each parish/unit regardless of denomination to meet housing, food, medical and other needs of all the residents.

To advocate on behalf of businesses by supporting their individual visions and mission statements working in concert with that of the City of Grosse Pointe Park.

To support the health and safety of City of Grosse Pointe Park residents by working in concert with the two hospital systems within Grosse Pointe's borders to identify risk factors by age, gender and ethnicity parameters that require attention and solution to maintain a well and robust community.

To identify grants and other funding sources and prepare responses so that funds may be allocated to the City of Grosse Pointe Park to further its vision and mission statements and strategic plan.

Provide a brief summary of my expertise.

Attached is my curriculum vitae which details my education and work experience.

I am currently a Staff Attorney at Lakeshore Legal Aid and work in the 36th District Court on the Landlord/Tenant docket. I work with defendant tenants everyday who have been harmed by the COVID pandemic through loss of job and income and the results of the Summer 2021 floods. I work to advocate on behalf of my client (Defendant) and work with opposing counsel/opposing party to problem solve solutions that will benefit both parties. I have excellent organizational skills that allow effectively managing a large workload. I am direct and believe only in fact and truth. I would bring these same assets to the Council appointment.

Why do you want to serve on this board and/or commission?

As a lifelong resident and dedicated observer of council over the last two years, I have grown concerned regarding divisiveness on our council, it's impedance to completing projects, and it's spillage over into our community. I would like to serve on council as a voice of simple logic and reason. Not beholden to any ideology or preconceived notions. Simply making decisions, doing my part to direct our agendas, and prioritizing based on what will have the most positive impact for our community. A 40+ year resident, I don't recall another time when our needs were so clear and overwhelming. Our time for distraction so slight. I would like to provide a voice on council focused on aggressive goal setting and achievement.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

Running a successful small business requires daily triage and prioritization of the work to be done. This skill is equally important for our local elected officials and administration. Currently in Grosse Pointe Park we have an overwhelming "to-do" list. The ability to effectively prioritize our time and resources towards the most immediate and achievable goals is required to map our most efficient path to success. This is precisely what I do every day. Furthermore, identifying our wisest path to success is a collaborative effort. The ability to listen to and work well with others is another prerequisite to maximizing our accomplishments for the community. It is likewise a prerequisite for proficiency in the controlled chaos of a professional kitchen. Also, as a small business owner the ability to effectively communicate with clientele is of tremendous importance. In our current times of misleading information and social media speculation, it has never been more crucial that city government communicate clear, honest, and factual information to our residents and do so in a timely fashion.

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

My wife and I have lived in the Park, in the same house, since May of 1988. We raised both our children, sent them to schools here in Grosse Pointe, and are now retired in the same residence. I believe this longevity brings with an understanding of the evolution of the Park over 35+ years. The Park has evolved into the best small City in the country. In order to stay the best, the Park must continue to evolve. But evolving does not require, as a prerequisite, tearing down all that has been done by prior administrations.

I am a retired CPA/ tax attorney who worked for General Motors, retired early in 2009 and then went to work for smaller Fortune 500 companies in Louisiana and Texas. My work required understanding complex business issues and working creatively towards solutions that were accepted by various stakeholders. I believe this skill set will be of benefit to the Council as it works on the issues before it; such as flood remediation and prevention, GP Park business revival after the Covid lockdowns and balancing the budget.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

Having worked in tax controversy - successfully representing my employer before the Internal Revenue Service, I understand the importance of working to resolve business issues so that all stakeholders see success in the outcome.

CPA - expertise in balancing budgets

Setting policy for broad guidance of operations

Hiring and evaluating professional firms and department heads

City of Grosse Pointe Park Board and Commission Application

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

I bring a perspective not reflected on the current Council, being that of a senior citizen.

My parents moved to the Park when I was 5 years old. It was 1953.

I started with Kindergarten at Tremblay, then on to Pierce, then Grosse Pointe High School (class of 1966).

My wife, Susan Artinian, a volunteer "teacher" at Dejeu, and I raised our daughter here. She graduated from Grosse Pointe South in 2007.

When I first moved to the Park, the area now known as Patterson Park was a U.S. Army base, known locally as the "Army Camp."

For nearly 70 years I have seen and participated in the growth of the Park, & I would like to further contribute in that regard.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

In 1973, I graduated from law school and joined the Detroit law firm of Dykema Gossett. I practiced labor and employment law there until my retirement in 2014.

A considerable portion of my practice pertained to representing public entities with respect to public sector labor law issues. Over the many years I represented, *inter alia*, the cities of Dearborn, Rochester, Plymouth, and Huntington Woods; various townships; the Community Health Center of Branch County; and Washtenaw Community College.

I was also certified by the State to serve as an Act 312 Arbitrator.

Finally, I was a frequent speaker and lecturer at employer-orientated conferences, including the Michigan Public Employer Labor Relations Association.

City of Grosse Pointe Park Board and Commission Application

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

I would like to serve the city of GPP as I have lived here for many years, in various intervals. When I first graduated from college in 1998, I moved to a flat in GPP and lived there until my wife and I bought a bungalow in GPW in 2008. After living there for several years, we were able to find an amazing home in an excellent location in GPP. The community is very special, and I would like to support and work with city leaders to continually improve our wonderful city.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

As I have volunteered since 1999 with a charter elementary and middle school in Detroit (located on Alder, near St. Ambrose), I have developed the ability to network and connect with administrators and parents to ensure we meet their children's needs. This experience has broadened my scope of working with a cohesive team as a strategic thinker who has significant experience in business. As I have done product development, technical sales, global product management and leading those teams, my expertise would enhance the current board with an experienced, seasoned resident who understands and relates to everyone.

DIGITAL PRODUCT MANAGER

PRODUCT MANAGER | BUSINESS STRATEGIST | THOUGHT LEADER

SUMMARY OF QUALIFICATIONS

- **RESULTS-ORIENTED PRODUCT DEVELOPMENT MANAGER** with more than 20 years of technical experience inventing product lines, managing full product lifecycles on an international level and leading initiatives to boost sales and propel growth
- **INGENIOUS BUSINESS STRATEGIST** who is adept in understanding complex challenges from business and customer perspectives and devising strategies to enhance the customer experience and add bottom-line value
- **CLEAR COMMUNICATOR AND ENTHUSIASTIC THOUGHT LEADER** who guides and motivates cross-functional teams of developers and engineers through each phase of product development from ideation to distribution

KEY ACHIEVEMENTS

- Directed two companies with 25+ product lines manufactured in three states and multiple facilities globally (US, China, EU) at Stanley Engineered Fastening; both companies realized consistent and sustained growth between 2016 and 2019
- Identified a multimillion-dollar merger and acquisition opportunity to grow market share and collaborated with the Stanley Engineered Fastening leadership team to acquire the proposed target for \$1.5B in February 2020
- Spearheaded a new, innovative product line using existing technology to solve a void at Spiralock; developed, manufactured, qualified performance and function, and generated new business for a product that continues to be a top seller
- Co-created the world's first ammonia sensor in 2005 – 2006 with Delphi and acquired patents for the technical and manufacturing process; in 2011, the sensor became commercially available to regulate SCR diesel truck emissions

PROFESSIONAL EXPERIENCE

Digital Product Manager-Clear HOI
Nexsys Technologies | Detroit, MI

July 2021 – Present

As part of the Rocket Mortgage Family of Companies, Nexsys Technologies is a technology based company that specializes in the development of software and solutions to transform, digitize and automate lending and insurance processes within the mortgage and automotive market segment.

- Collaborate with Engineering, Design, Finance/Accounting, Operations, Marketing and Sales to align objectives and optimize organizational efficiency
- Develop industry expertise through the execution of market research and focus groups to drive well-informed, product-related opportunities and decisions
- Build and manage product life cycle strategies from start to finish while launching calendars and a comprehensive product portfolio

Senior Product Manager, Global Sales

March 2016 – August 2020

Stanley Engineered Fastening | Chesterfield & Troy, MI

Oversaw two multistate, multimillion-dollar companies with 25+ engineered mechanical product lines at a division of Stanley Black & Decker, a Fortune 500 world-leading American manufacturer of industrial tools, commercial electronic security, and fastening systems. Managed four direct reports, including two business development managers, a marketing manager, and a product manager.

- Performed financial reporting, sales and operations planning, forecasting-to-production, and North American supply and demand coordination to Stanley senior leadership teams; combined global sales totaled \$60M in 2019
- Direct B2B established relationships pertaining to technical sales and product presentations with global (US, China and EU) OEMs and Tier suppliers in automotive, aerospace/military, electronics and industrial markets
- Partnered with leadership at Fortune 500 companies across diversified industries, including Ford, GM, Tesla, FCA, Apple, Boeing, Pratt Whitney, Cummins, CAT, and L3Harris, to introduce new products, discover targeted entry opportunities and support business development while solidifying strengthening relationships
- Managed the complete life cycle of projects, organizing product launches, developing new product concepts, creating patents, producing timelines and trackers, conducting external testing and validation, supporting innovation incubation, curating content with marketing and media/advertising dialogue, while targeting prospective customers
- Led digital innovation projects for SaaS, a new e-commerce business channel, and i4.0/factory automation, directing go-to-market strategy development and content creation for a new business services offering

Strategic Applications Manager, Sales

January 2014 – March 2016

Stanley Engineered Fastening | Chesterfield, MI

Supported 20 North American technical business development managers and territory managers toward identifying and targeting new sales opportunities. Led a business unit that sold fastening components to global customers and distributors in auto, aero, electronics, and industrial markets, accounting for over \$45M in sales.

- Established a comprehensive strategic roadmap matrix that captured the global customer market base and assisted sales teams in targeting new opportunities, ultimately growing the business by ~\$10M in new applications and sales
- Delivered presentations with sales teams to wide-ranging audiences of executive leaders, engineers, SCMs and buyers; formed collaborative partnerships with OEMs and suppliers through the diversified industrial roadmap
- Directed supply chain improvement initiatives and implemented inventory management systems, streamlining bottlenecks to alleviate supply chain issues related to production constraints due to limited suppliers base

Business Development Manager, Sales

September 2010 – January 2014

Spiralock Corporation | Madison Heights, MI

Collaborated with automotive, aerospace/defense, electronics and medical colleagues, managed original equipment manufacturer and supplier accounts, developed customer-focused strategies, and travelled globally, presenting technical content about specialized thread form, safety critical systems, and mechanical systems.

- Created sales concepts and trained upon negotiation skills to initiate new technical and product launches, growing annual sales by 125% in four years through direct customer and distributor engagement
- Developed key relationships with new customers in automotive, aerospace/defense and electronics industries to accelerate sales growth, demonstrating consistent fresh applications (RFQs/RFPs) with future and existing clients

City of Grosse Pointe Park Board and Commission Application

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

My why has been on display for many years, and was demonstrated publicly and openly during my candidacy for Grosse Pointe Park City Council. In simple terms, want to play a large role in furthering community engagement and contribute as part of the team representing our neighbors. Together, we can preserve all that has made and continues to make Grosse Pointe Park a Pointe of Distinction, while at the same time, working towards progress and driving Grosse Pointe Park forward.

The biggest why, outside of raising my young family in Grosse Pointe Park, is to provide a voice for not only the 1,900 plus voters who filled in the box next to my name on November 2, but to build the inclusive environment that brings all of us back to being neighbors. Neighbors who all want our community to thrive, and I know that together, this is within our reach.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

As noted above, my areas of expertise were displayed widely and shared publicly throughout my campaign. I am a demonstrated leader in organizational change and restructuring through innovation, collaboration, and engagement with various stakeholders. Focused on a high-level execution of strategies through a leadership approach of cultivating and coordinating actions at every level of an organization or agency. Proven, immediate results for clients during a 14-year management consulting career which focused on compliance and ethics matters, process improvement strategies, and performing investigations.

In my current role with the State of Michigan, it has been well documented the role I play in preserving integrity and proudly representing our fellow Michigan residents and businesses. Have been recognized by the Department of Labor as well as the National Association of State Workforce Agencies for my work on integrity initiatives, workforce development, and economic development strategies and efforts. My financial acumen and project oversight responsibilities would be the most critical and needed areas of expertise that I would bring to City Council.

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

Grosse Pointe Park is an incredible place. I have lived here for almost sixty years and it is time to give back to the community. Finances are a much more important part of the equation today. I have been a Finance manager for many years. I want to provide that knowledge and experience to the city I have been part of for most of my life. I have the passion and energy and time to spend now. I really want to help rebuild the foundation of the city for the next 60 years so others can enjoy and experience everything I was able to do. We have a great opportunity to make things better and I would like to help with it.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

- Forty years of Financial Mgt. Experience.
- Working in the construction and insurance industries. Certified Mgt. Accountant and MBA.
- Entrepreneur - bought and led a machining business for past 23 years.

City of Grosse Pointe Park Board and Commission Application

Why do you want to serve on this board and/or commission? (Please attach an additional page if more space is needed)

I have been on a mission to serve my entire adult life as evidenced by my volunteer experience outlined below. I was lucky to be one of my family's 17 children to grow up here in Grosse Pointe Park ("GPP"). My wife and I raised our 3 children here and I have served this community in numerous volunteer capacities since the 1980's. As a member of the GPP Recreation Commission for the past 6 years, I understand the value of community engagement and the importance of maintaining the quality of our GPP amenities. Our Lakepointe and Korte home has experienced 4 major floods since we moved there 25 years ago so I understand very personally the frustration with the GPP sewer system infrastructure. As president of the GPP Little League for more than 20 years, I have worked closely with hundreds of GPP resident volunteers, the City Manager's office, the sitting Mayor, and the GP school administration to show thousands of our youth the value of teamwork and to instill a sense of pride in their GPP home. My commitment and service to GPP's St. Clare of Montefalco church and school has given me the opportunity to lead a number of community outreach activities and strategic planning initiatives all in service to our community. My commitment and pride in the GPP community has led me to volunteer for this position. I believe that I can be an asset to the City Council.

Please provide a brief summary of the areas of expertise you would bring to the board and/or commission:

I am a proven civic leader with expertise in listening to the community. I listen, discuss, research, and then make decision recommendations to move things along. I know how to engage community members to achieve a common goal.
