Land Development Code

Section 9

CITY OF GUNNISON

DEVELOPMENT ASSISTANCE PACKET

This Development Assistance Packet has been prepared for your convenience and assistance in processing land use applications in the City of Gunnison. You should note that this Development Assistance Packet contains excerpts from the *City of Gunnison Land Development Code (LDC)*. Please be advised that the *LDC* is amended from time to time and such amendments may not be included within the Development Assistance Packet. It is your responsibility to review the entire *LDC* and all amendments thereto, which are maintained in the office of the City Clerk, to determine if you have all of the current ordinances related to the *City of Gunnison Development Code* and what effect, if any, the *LDC* has on your property, project, or application.

Prepared by the City of Gunnison
Community Development Department
(970) 641-8090

December 2021

Land Use Development Application
City of Gunnison Land Development Code
Minimum Application Contents
In accordance with §6.5 C.

City of Gunnison
P.O. Box 239
Gunnison, CO 81230

SAMPLE SITE PLAN

NEW YORK AVENUE

1 SITE PLAN
1" = 10'-0"

APPLICANT NAME: _____

SITE ADDRESS: _____

11 X 17 SITE PLAN

Dimensional Standards:

Dimension Required Actual
Provide total parcel size and lot frontage

Provide the applicable percentage of coverage for structures (foot print) and parking and access based on zone district of site.

Provide the applicable percentage of coverage for landscaping based on zone district of site.

Landscaping Requirements:

Illustrate existing and proposed landscaping based on zone district requirements.

Parking Requirements:

Specify number of off-street parking spaces based on use of the site.

Identify snow storage area on the site plan and show calculations of snow storage of 15% of parking and access.

Notes:

Show all structures, parking areas, snow storage and landscaping on site plan along with labeled dimensions. Adjacent streets and alleys should be identified. Indicated utility locations if applicable.

Snow Storage Area (% of parking and access coverage)	15	15	N/A	15
¹ Storage is required for multi-family dwellings) (§3.3D) ² Uses adjacent to residential zone districts shall comply with Zone District Buffer Standards (§4.6 3). ³ Parking not allowed within front setback area in B-1 Zone District ⁴ Frontage area must be designed to engage the sidewalk / street frontage (windows, outdoor seating, etc.) in the B-1, C and CBD zone districts. ⁵ <u>Buildings with a height greater than 35 feet to a maximum of 50 feet in the B-1 zone district shall be set back a minimum of 40 feet on side and/or rear lot lines from any residential zone district property line.</u>				

Section 9. Development Standard Waivers

§9.1 GENERAL

- A. Purpose.** This Section defines the procedures and required showing to obtain waivers from the standards established in Section 4, General Development Standards, and Section 5, Natural Resource Protection Standards. Waivers are authorizations to differ from the literal terms of established standards that would not be contrary to the public interest in cases, where the literal application from the standards are warranted by site factors, or where alternative designs are proposed that meet the purposes of this *LDC*.

- B. Applicability.** Waivers may be granted pursuant to Table 9-1 Decision-Making for Waivers. Waivers shall not be authorized for standards that are subject to a Variance review. Where a standard is determined that is not contained in the list, the Community Development Director may make an administrative determination or at the Director's discretion forward the Waiver application to the Commission. Waivers are a discretionary act by the City and shall not be construed to be a land use right of a property owner.

- C. Decision Making Body and Development Review.** The decision-making body for Waivers of specific standards is assigned in Table 9-1 and pursuant to the following guidelines.
 - 1. City Council Waivers.** Waivers assigned for City Council consideration are related to major and minor subdivision reviews and will be considered as part of the subdivision review process. Waivers from subdivision-related standards must be submitted at the time of Preliminary Plan application pursuant to §9.3. Waivers for subdivision-related standards are subject to Final Plat approval.

 - 2. Planning and Zoning Commission Waivers.** Waivers that are determined administratively by staff are related to Site Development Applications. Waivers determined by the Commission and/or recommended to City Council by the Commission, are acted upon as a public hearing agenda item at a scheduled meeting. The administrative review follows all of the procedures set forth in §9.3 with the exception of item D, Public Notice. Waivers may be approved in conjunction with processing site development applications, land use development applications, including subdivision applications, as defined in §6.2.A of this *LDC* (Ordinance #3, Series 2015)(Ordinance #3, Series 2016).

§9.2 APPLICATION CONTENTS

Formal requests for Waiver from the standards, policies or submittal requirements of these criteria shall be submitted with appropriate documentation. In addition to the minimum contents for all applications specified in §6.5 C, Minimum Application Contents, the application shall contain:

- A.** a site plan of the subject property, showing existing and proposed features, buildings, etc., which are relevant to the review of the waiver application;

- B.** citation of the specific section and subsection containing the standards for which the waiver is being requested, including the specific language of the related standard;

- C.** citation of the reasons, site conditions or issues with the required standard and how an alternative design meets the purposes of the *LDC*; and,

- D. definition of alternative(s) being proposed for the waiver, if applicable, and any supporting documentation, including mapping, technical literature, necessary calculations, engineering or site plan design data that graphically or analytically depict the alternative standards to be applied, and provides justification for the Waiver request; and
- E. any other pertinent information that the Community Development Director determines is necessary to enable the decision-making body to make an informed decision on the waiver request.

§9.3 PROCEDURES AND PROCESS

- A. **Development Review.** An applicant requesting a waiver shall follow the stages of the City of Gunnison land development process as described in §6.3.
- B. **Submit Application.** The applicant shall submit a complete application to the Community Development Director containing those materials listed in §6.5 C, Minimum Application Contents, and in §9.2.
- C. **Staff Review.** The Community Development Director shall review the application to determine whether it is complete, as specified in §6.6 A., Completeness Review. The Community Development Director shall forward a report which summarizes the application's compliance with the conditions outlined in §9.4 to the decision-making authority. The Community Development Director may solicit the assistance of other agencies and organizations in drafting the report.
- D. **Public Notice.** Any waiver request that comes before the City Council and/or Commission shall require public notice for a hearing to consider the application for a waiver as specified in §6.7, Stage 4: Provision of Public Notice.
- E. **Action by Decision-Making Authority.** The Commission or other decision-making authority may approve, approve with conditions, deny the application or remand it to the applicant with instructions for modification or additional information or action.
- F. **Actions Following Approval.** The applicant may apply for a development permit following approval of the waiver and the filing and, if applicable, recordation of any documents required by the waiver approval.

§9.4 REVIEW CRITERIA

All waiver application approvals shall be found to be in compliance with the following General Criteria (A) and the criteria established for the relevant code sections applicable to the waiver request (B through N, below).

A. General Criteria

1. consistent with the *City of Gunnison Comprehensive Plan*;
2. approval of the waiver will not jeopardize the community's health safety and welfare;
3. there are special circumstances or conditions which are peculiar to the land or building for which the Waiver is sought that is more suitable, functional, or is a better site design;
4. no Waiver shall result in a detriment to City services in terms of service function, general maintenance restrictions, and increased City costs for service and maintenance;

5. the developer is responsible for all development costs unless shared costs are determined by City Council;
6. no Waiver shall be approved that is in conflict with any prevailing State or Federal law or regulation;
7. the granting of the Waiver will not be injurious to the neighborhood surrounding the land where the waiver is proposed, and is otherwise not detrimental to the public welfare or the environment;
8. no Waiver will negatively affect the promulgation of any other development standard of this *LDC*.

B. Adequate Public Facilities (§4.1)

1. The design, materials, and construction methods are equal or superior to existing standards.
2. The long term City maintenance restrictions or costs, and the facility design-life will not be diminished by approval of the Waiver.
3. The level of service provided by the Waiver is consistent with existing standards.

C. Road Construction Standards (§4.2)

1. The design, materials, and construction methods are equal or superior to existing standards.
2. Long term City maintenance restrictions, maintenance costs, and the utility/facility design-life will not be diminished by approval of the Waiver.
3. The level of service provided by the Waiver is consistent with existing standards.
4. Adequate rights-of-way and easements are established for the installation and maintenance of public utilities and services.
5. Transportation system functions will be efficient and safe.
6. The resulting streetscape will provide adequate light, air and area for landscaping and buffers.
7. The development of non-motorized circulation facilities will not be diminished by approval of the Waiver.

D. General Site Access (§4.3)

1. Waivers from general site access standards shall not create an unsafe design for the ingress or egress of vehicles and non-motorized transportation functions.
2. Long-term City maintenance restrictions, maintenance costs, and the utility/facility design-life will not be diminished by approval of the Waiver.
3. Waivers for properties fronting highways will not be granted if a State Highway Access Permit is

required, unless they are in conjunction with a CDOT permit approval.

4. Waivers shall not be approved if the result requires vehicles to back onto streets.
5. Waivers will not diminish the function of sidewalks, accessways or multi-use trails.
6. Waivers will not result in a situation that precludes access to an adjacent property.

E. Off-Street Parking and Loading (§4.4)

1. Any Waiver requesting a reduction of the number of parking spaces shall be based on established demand factors from the Institute of Traffic Engineers or reliable data collected from uses or combination of uses that are comparable with the proposed development.
2. Waivers shall not be approved that reduce the minimum requirements for disabled accessibility.
3. Waivers that affect the location of parking and reduce the required buffer width shall only be allowed if an alternative landscape design provides adequate buffering, or the use of the property is significantly diminished without a Waiver.
4. Waivers will not diminish the function of sidewalks, accessways or multi-use trails.

F. Pedestrian Circulation Facilities (§4.5)

1. The Waiver is needed because the physical characteristics of the property or other circumstances including but not limited to topography, protecting wetlands and/or critical habitat.
2. Alternative design, specifications and layout provide safe, efficient and functional pedestrian circulation.
3. The Waiver does not preclude the extension of major sidewalk systems and multi-use trails designed in the *City of Gunnison Non-Motorized Transportation Plan*.
4. The Waiver is not contrary to requirements established by the Americans with Disabilities Act.

G. Landscaping, Buffer and Screening (§4.6)

1. Alternative design, specifications and layout are set forth in a detailed landscape plan that satisfies the purpose and intent of the landscape, buffering and screening standards.
2. Reductions from the required buffer setbacks shall only be allowed if an alternative landscape design provides adequate buffering, or the use of the property is significantly diminished without a waiver due to rights-of-way width, road section constraints or lot dimensions.
3. Waivers from buffer dimensional standards that protect residential property from non-residential property are not permitted unless it is found that the denial of the Waiver would render the property undevelopable.
4. The Waiver is necessary for the placement of public utilities, public ditches, or stormwater

- facilities, and in which case an alternative buffer/landscape plan is proposed that fulfills the requirements to the maximum extent feasible.
5. Waiver from plant species types do not permit or create situations causing the proliferation of noxious weeds.
 6. Waivers that preclude required site restoration or revegetation of disturbed areas shall not be granted.
 7. Waivers from fences and walls shall not interfere with street or driveway site distance requirements required by the *LDC*.
 8. Fence and wall Waivers shall not result in the use of plywood or sheet metal.
 9. Waivers from service area screening shall not create a visual detriment to adjacent residential uses or from view of any public street.

H. Outdoor Storage and Display (§4.7)

1. Waivers shall not impede ingress, egress or access for fire and emergency response personnel.
2. Waivers shall not impede access and circulation or reduce the required number of parking spaces.
3. Outdoor displays on the required landscape areas shall not result in the damage of vegetation.
4. Waivers shall not interfere with intersection site distance requirements established in the *LDC*.
5. Waivers shall not permit the display or storage of any feature in the public rights-of-way.
6. Waiver of outdoor storage and display within the front yard setback shall not permit the display or storage of any feature exceeding 15 feet in height.

I. Outdoor Lighting (§4.9)

1. Waivers shall not be granted if it will result in an illumination that interferes with the use or enjoyment of any lot in a residential zone district.
2. The maximum light trespass shall be 0.5 foot-candles of light at a point 25 feet from the property line of any residential zone district.
3. Unique security or public safety may warrant approval of a Waiver, but mitigating impact to any adjacent residential lots must be provided.

J. Large Scale Retail (§4.10)

1. Any Waiver associated with a single building site development plan shall meet the intent statements found in §4.10C of the *LDC*.
2. Any Waiver associated with multiple building site development plan shall meet the intent statement found in §4.10 E of the *LDC*.

3. Any Waiver associated with building design shall meet the intent statement found in §4.10 J of the *LDC*.
4. All Waiver requests shall comply with §14.6 Design Review Standard Objectives.
5. Waivers will be considered based on compliance with the following criteria:
 - a. **Boundaries, Easement, or Title Constraints.** If an easement or a legal or physical hardship would prevent the building of a structure pursuant to site development standards, a Waiver may be approved; provided, that the approved Waiver is the minimum necessary to accommodate the hardship.
 - b. **Public Outdoor Space Development.** In order to form an outdoor space such as a plaza, courtyard, patio, or garden between a building and the sidewalk, a Waiver may be approved; provided, that the street yard area shall have landscaping, low walls, a tree canopy or other similar site improvements along the sidewalk designed for pedestrian interest, comfort, and visual continuity.
 - c. **Number and Design of Parking Spaces.** A Waiver of the required number and/or design of parking spaces may be approved; provided, that the need for existing and future parking is addressed; and the configuration provides for the safety of pedestrians and vehicles.
 - d. **Orientation.** A Waiver may be approved where it is shown that the change in orientation will not adversely affect the overall appearance of the development.
 - e. **Water, Air Quality, and Energy Conservation.** A Waiver may be approved where it is shown that water, air quality, and/or energy conservation will be enhanced. However, a water conservation Waiver shall not be used to limit or eliminate vegetation cover.
 - f. **Vehicular Transportation and Circulation.** A Waiver may be approved where it is consistent with the approved transportation impact study.
 - g. **Landscaping, Screening, and Buffering.** A Waiver may be approved where the change from design review standards will mitigate adverse impacts to adjoining uses.
 - h. **Building Design Standards.** A Waiver may be approved for §4.10 J.2, Ground Floor Façades; §4.10 J.3, Articulation, and §4.10 M., Materials and Colors. The request must include a description of the alternative elements that will be used to break up larger building mass and emphasize pedestrian scale, show an obvious contrast in building wall planes and justify the preference for alternative materials and colors.

K. Stormwater Management (§5.1)

1. There is adequate area for construction and long-term maintenance of stormwater management facilities.
2. The Waiver results in a system of facilities that adequately reduce runoff volumes, slows runoff velocity and provides water quality treatment meeting State and Federal water quality standards.

3. The Waiver will not jeopardize channel stabilization.
4. The Waiver does not violate State or Federal laws.
5. The Waiver is the minimum necessary and does not jeopardize the community's health, safety or welfare.

L. Slope Protection Standards (§5.2)

1. The development conforms to the other development, site design and environmental standards set forth in the *LDC*.

M. Grading and Erosion Control (§5.3)

1. Waivers that increase the limit of natural grade change shall not create unstable slopes or slopes prone to excessive erosion.
2. Waivers that increase the limit of natural grade change shall only occur if it is determined that adequate emergency access is provided.
3. Waivers that increase the limit of natural grade change shall not be in conflict with slope protection standards unless application of grading standards renders the site undevelopable.
4. Waiver from erosion control standards shall only be allowed if alternative construction best management practices are proposed that mitigate erosion and stormwater runoff impacts to the maximum extent feasible.
5. Waivers from the Limits of Disturbance shall include a program for the complete restoration of the disturbed area in a timely manner.

N. Wetland and Stream Corridor Protection (§5.4)

1. Waivers from wetland and stream corridor protection standards shall not be in conflict with wetland protection regulations promulgated by the Army Corps of Engineers and Floodplain Protections Standards adopted by the City.
2. Waivers from ditch setbacks are subject to written approval of all ditch owners.
3. Waivers from buffer and setback areas shall only be approved if it is determined that application of a buffer/setback standard renders the site undevelopable.

§9.5 DECISION-MAKING AUTHORITY

The decision-making authority has no obligation to approve a Waiver, and may impose restrictions and conditions on approvals, as determined required to prevent or minimize adverse effects from the proposed Waivers on neighboring land and on the general health, safety and welfare of the City. All conditions shall be set forth in the granting of such waiver. A written copy of all administrative waivers will be forwarded to the Commission and City Council.

§9.6 EXPIRATION OF APPROVED WAIVER

- A. Time Limit.** All Waivers shall expire 12 months from the date of issuance if no site development permit has been issued. If the Waiver does not require a development permit, site improvements associated with the Waiver shall be complete and in operation within the allotted time. Such time period shall not be altered by transfer of ownership.
- B. Notification.** Written notice of expiration will be given to the owner of record no less than 30 days from the expiration date.
- C. Extension.** Upon written request, the decision-making body may grant an extension of the Waiver for a period not to exceed six months given reasonable justification. No request for an extension shall be considered unless a written application requesting the extension is submitted to the Community Development Director prior to the date the Waiver is to expire. The Waiver shall be deemed extended until the decision-making authority has acted upon the request for extension. Failure to submit an application for an extension within the time limits established by this Section shall render the Waiver null and void.

§9.7 APPEALS

- A.** Waivers that are determined administratively by the Community Development Director or staff may be appealed by the applicant to the Commission.
- B.** The appeal shall be in the form of a written letter of appeal submitted to the Community Development Director within 30 days of the date the waiver decision was made. The Commission may affirm, modify, reverse or remand the application with specific directions.
- C.** The Planning and Zoning Commission decisions are final with no appeal.
