(5) "Certain appliances" means conversion burners, floor furnaces, central heating plants, vented wall furnaces, water heaters, and boilers.

12-602. Purpose and scope. The purpose of the gas code is to provide minimum standards, provisions, and requirements for safe installation of consumer's gas piping and gas appliances. All gas piping and gas appliances installed, replaced, maintained, or repaired within the corporate limits shall conform to the requirements of this chapter and to the International Fuel Gas Code, 2018 edition, which is hereby incorporated by reference along with the fuel gas code amendments (Attachment G, which is available in the office of the recorder), and made a part of this chapter as if fully set forth herein. One (1) copy of the fuel gas code shall be kept on file in the office of the city recorder for the use and inspection of the public.

12-603. Amendments. Amendments to the International Fuel Gas Code (Attachment G) are available in the office of the recorder.

12-604. Use of existing piping and appliances. Notwithstanding any provision in the gas code to the contrary, consumer's piping installed prior to the adoption of the gas code or piping installed to supply other than natural gas maybe converted to natural gas if the inspector finds, upon inspection and proper tests, that such piping will render reasonably satisfactory gas service to the consumer and will not in any way endanger life or property; otherwise, such piping shall be altered or replaced, in whole or in part, to conform with the requirements of the gas code.

12-605. Bond and license. (1) No person shall engage in or work at the installation, extension, or alteration of consumer's gas piping or certain gas appliances, until such person shall have secured a license as hereinafter provided, and shall have executed and delivered to the city recorder a good and sufficient bond in the penal sum of ten thousand dollars (\$10,000.00), with corporate surety, conditioned for the faithful performance of all such work, entered upon or contracted for, in strict accordance and compliance with the provisions of the gas code. Approval by the city recorder, and thereafter on the first day of January of each year a new bond, in form and substance as herein required, shall be given by such person to cover all such work as shall be done during such year.

(2) Upon approval of said bond, the person desiring to do such work shall secure from the city recorder a nontransferable license which shall run until the first day of January next succeeding its issuance, unless sooner revoked. The person obtaining a license shall pay any applicable license fees to the city recorder.

(3) Nothing herein contained shall be construed as prohibiting an individual from installing or repairing his own appliances or installing, extending, replacing, altering, or repairing consumer's piping on his own premises, or as requiring a license or a bond from an individual doing such work on his own premises; provided, however, all such work must be done in conformity with all other provisions of the gas code, including those relating to permits, inspections, and fees.

The inspector, and such assistants as may be necessary in the proper performance of the duties of the office, shall be appointed or designated by the city council.

Upon presentation of proper credentials, he may enter any building or premises at reasonable times for the purpose of making inspections or preventing violations of the gas code.

(2) The inspector is authorized to disconnect any gas piping or fixture or appliance for which a certificate of approval is required but has not been issued with respect to same, or which, upon inspection, shall be found defective or in such condition as to endanger life or property. In all cases where such a disconnection is made, a notice shall be attached to the piping, fixture, or appliance disconnected by the inspector, which notice shall state that the same has been disconnected by the inspector, together with the reason or reasons therefor, and it shall be unlawful for any person to remove said notice or reconnect said gas piping or fixture or appliance without authorization by the inspector, and such gas piping or fixture or appliance shall not be put in service or used until the inspector has attached his certificate of approval in lieu of his prior disconnection notice.

(3) It shall be the duty of the inspector to confer from time to time with representatives of the local health department, the local fire department, and the gas company, and otherwise obtain from proper sources all helpful information and advice, presenting same to the appropriate officials from time to time for their consideration.

(1) No person shall install a gas conversion burner, floor furnace, central heating plant, vented wall furnace, water heater, boiler, consumer's gas piping, or convert existing piping to utilize natural gas without first obtaining a permit to do such work from the city recorder; however, permits will not be required for setting or connecting other gas appliances, or for the repair of leaks in house piping.

(2) When only temporary use of gas is desired, the recorder may issue a permit for such use, for a period of not to exceed sixty (60) days, provided the consumer's gas piping to be used is given a test equal to that required for a final piping inspection.

(3) Except when work in a public street or other public way is involved the gas company shall not be required to obtain permits to set meters, or to extend, relocate, remove, or repair its service lines, mains, or other facilities, or for work having to do with its own gas system.

12-609. Inspections. (1) A rough piping inspection shall be made after all new piping authorized by the permit has been installed, and before any such piping has been covered or concealed or any fixtures or gas appliances have been attached thereto.

A mercury column gauge shall be used for the test. All tools, apparatus, labor, and assistance necessary for the test shall be furnished by the installer of such piping.

12-610. Certificates. The inspector shall issue a certificate of approval at the completion of the work for which a permit for consumer piping has been issued if after inspection it is found that such work complies with the provisions of the gas code. A duplicate of each certificate issued covering consumer's gas piping shall be delivered to the gas company and used as its authority to render gas service.

12-611. Fees. The permit fee schedule (as adopted by ordinance) is available in recorder's office.

12-612. Violations and penalty. Any person who shall violate or fail to comply with any of the provisions of the gas code shall be subject to a penalty of up to fifty dollars (\$50.00) for each offense, or the license of such person may be revoked, or both fine and revocation of license may be imposed.

The inspector shall file a certified copy of all rules and regulations which he may adopt in the office of the city recorder. Such rules and regulations shall have the same force and effect as the provisions of this code and the penalty for a violation thereof shall be the same as the penalty for a violation of the provisions of this code. (1976 Code, § 4-516)

12-917. Emergency powers. The inspector is hereby granted certain emergency powers. Whenever the inspector finds that a condition exists which requires immediate action to protect the public health or safety, he may, without notice or hearing, issue an order reciting the existence of such an emergency and requiring that such action be taken as he deems necessary to meet the emergency. Notwithstanding the other provisions of this housing code, such order shall be effective immediately. Any person on whom such an order is directed

shall comply therewith immediately, but upon a petition shall be afforded a hearing by the board of housing appeals as soon as possible. After such hearing, depending upon the findings as to whether the provisions of this code have been complied with, the board shall continue such order in effect, or modify it, or revoke it. (1976 Code, § 4-517)

12-918. Service of notices and orders. Whenever at least five (5) residents of the city charge that any dwelling is unfit for human habitation, or whenever the inspector determines that there has been a violation, or that there are reasonable grounds to believe that there has been a violation of any provision of this housing code or of any rule or regulation adopted pursuant hereto, he shall give notice to the person or persons responsible therefor. A copy such complaint or order shall be posted in a conspicuous place on premises affected by the notice or order. A copy of such notice or order shall also be filed for record in the register's office of the county in which the dwelling is located, and such filing of notice or order shall have the same force and effect as other are pendens notices provided by law. (1976 Code, § 4-518)

12-919. Board of housing appeals.

(1) There is hereby created and established a board of housing appeals, hereinafter referred to as the board, which shall consist of the inspector and five members appointed by the mayor and approved by a majority vote of the city council. All appointed members shall be registered voters of the city and they shall not receive any remuneration for their services. Two members shall be appointed initially for two-year terms, and three for three-year terms, and they

may be reappointed at the expiration of their terms. All future appointments shall be for two-year terms. The appointed members shall not be candidates for public office at the time of their appointment and if later they become such they must retire from the board. A vacancy shall be filled by the mayor for the unexpired term of the member whose term becomes vacant. The members shall be removable for cause by the appointing authority upon written charges and after a public hearing.

(2) The board shall meet within ten days after its appointment and shall elect a chairman from among its membership. The elected member shall be chairman until the expiration of his term. A vice-chairman shall also be elected. His duties are to assume the responsibility of the chairman in the latter's absence. The duties of the chairman are to preside over the hearings and to question the petitioners. The chairman may vote on all matters. The rules of evidence prevailing in courts of law and equity shall not be controlling on hearings. The inspector shall serve as the permanent secretary of the board, but he shall not vote on any matter. The board shall adopt such rules and regulations as it may deem necessary to carry into effect the provisions of this chapter.

(3) The inspector shall call meetings and shall notify board members. The board shall hear appeals in open meetings. The presence of three members shall constitute a quorum and the concurring vote of three members shall be necessary to reverse or modify any order or notice of the inspector. The proceedings of such hearings, including the findings and decisions of the board shall be summarized, reduced to writing, and entered as a matter of public record in the office of the city recorder.

(4) Any person affected by any notice which has been issued in connection with the enforcement of any provision of this chapter, or of any rule or regulation adopted pursuant hereto, may request and shall be granted a hearing on the matter before the board; provided that such person shall file in the office of the city recorder a written petition requesting such hearing and setting forth a statement of the grounds therefor within twenty (20) days after the date the notice was served. Within ten (10) days after receipt of the petition the inspector shall set a time and place for such hearing and shall give the petitioner written notice thereof. At such hearing the petitioner shall be given an opportunity to be heard and to show cause why such notice should be modified or withdrawn. The hearing before the board shall be commenced not later than thirty (30) days after the date on which the petition was filed; provided that, upon written application of the petitioner to the board, the date of the hearing may be postponed beyond the thirty (30) day period if the petitioner shows good and sufficient reason why it should be postponed. Any notice served automatically becomes an order if a written petition for hearing is not filed in the office of the city clerk within twenty (20) days after the notice is served. (1976 Code, § 4-519)

12-920. Hearings. After such hearings, the board shall sustain, modify, or withdraw the notice, depending upon its findings as to whether the provisions of this chapter and of the rules and regulations adopted pursuant hereto have been complied with. The board may also modify any notice so as to authorize a variance from the provisions of this housing code when, because of special conditions, a literal enforcement of the provisions hereof will result in practical difficulty or unnecessary hardship; provided, that the spirit of this housing code will be observed, public health and welfare secured, and substantial justice done. The board may also extend the time specified for compliance if the case warrants. If the board sustains or modifies such notice, it shall be deemed to be an order and the violator shall comply with the decisions of such order within the afore specified length of time. (1976 Code, § 4-520)

12-921. Appeal to court. Any person or persons, jointly or severally, aggrieved by the decision of the board, or any taxpayer, or any officer, department, board or bureau of the municipality, may seek relief therefrom in any court of competent jurisdiction as provided by the laws of the state. (1976 Code, § 4-521)

12-922. Violations. If a person upon whom a notice has been served does not (1) within the specified period after the notice was served, commence compliance with the directives thereof, or (2) within the specified time, petition the board, or (3) after the board's hearing, does not comply with the decision thereof, such person shall be guilty of a misdemeanor. (1976 Code, § 4-522)

12-923. Separation of clauses; partial invalidity. If any section, subsection, sentence, clause or phrase of this housing code or any rule or regulation which may be adopted pursuant hereto, is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portion of this code shall not be affected thereby, it being the intent in adopting this code that no portion thereof or provisions or regulations contained therein shall become inoperative or fail by reason of the unconstitutionality or invalidity of any other portion or provision or regulation. (1976 Code, § 4-523)

12-924. Conflict with other provisions. In any case where a provision of this housing code is found to be in conflict with any other provision in this code of ordinances, the provision which establishes the higher standard for the promotion and protection of the health and safety of the people shall prevail. (1976 Code, § 4-524)

12-925. Effective date. This housing code shall be effective from and after the effective date of the Loudon Municipal Code, 1965 (June 16, 1965). (1976 Code, § 4-525)

Such procedures shall be made known to all parties of a given charge of discrimination. The Loudon Housing Board of Appeals shall sit as the hearing board.
