Annual Boat Launch Sticker Information

This sticker is ONLY valid at the Kort Street Boat Landing.

Thank you for purchasing an annual boat launch permit. Your payment has been received and your annual sticker is enclosed. The following information may answer some questions you have about the boat launch fee program.

Attaching the Boat Launch Sticker:

The annual sticker must be attached by its own adhesive. Taping or any other temporary attachment is not permitted.

Placement of the Boat Launch Sticker:

The annual sticker must be attached to the outer left-hand side of the trailer tongue being used to launch the boat or other watercraft from the public boat launching facility.

If you purchase a trailer with a current sticker you will have to purchase a new sticker.

A replacement sticker can be purchased for an additional \$5.00 if you lose the sticker before it's attached.

Boat launch stickers are valid only for the calendar year printed on the sticker.

Call the Village of Rothschild Clerk's Office at 715/359-3660 during regular business hours with any questions.
